AGENDA
TOWN OF JUPITER
TOWN COUNCIL MEETING
TOWN COUNCIL CHAMBERS
TUESDAY, JANUARY 6, 2026
7:00 PM

Call To Order

Invocation; Moment of Silence; and Pledge of Allegiance

Roll Call:

Mayor Jim Kuretski
Vice-Mayor Ron Delaney
Councilor Phyllis Choy
Councilor Dan Guisinger
Councilor Malise Sundstrom
Town Manager Frank Kitzerow
Town Attorney Thomas J. Baird

If you would like to speak on any item, please submit a Comment Card.

PRESENTATION

1. E-bike Safety Update

CITIZEN COMMENTS

All Non-agenda items are limited to three (3) minutes. Anyone wishing to speak is asked to state his/her name and address for the record prior to addressing the Town Council. Council will not discuss these items this evening. **Any issues will be referred to Staff for investigation; a report will be forwarded to Council; and citizens will be contacted.**

MINUTES

2. December 16, 2025, Town Council Meeting Minutes.

CONSENT AGENDA

All items listed in this portion of the agenda are considered routine by the Town Council and will be enacted by one motion. There will be no separate discussion of these items unless a Councilor or citizen so requests; in which event, the item will be removed and considered at the beginning of the regular agenda.

PUBLIC HEARING

3. **Ordinance 20-25**, **Second Reading**, (*Quasi-Judicial)* - Harbourside - Rezoning from IOZ US 1 to US1 ICW WCE subdistrict.

PUBLIC BUSINESS

4. Approval of piggyback of State Term Contract No. 15100000-25-STC for the purchase of fuel with Pro Energy, LLC, for a 3-year term through December 30, 2028.

5. Approval of Three (3) Year Microsoft Enterprise License Agreement in the amount of $688,162.02 to Software House International

6. Approving the purchase of seven Utilities Department vehicles in the amount of $486,743

7. **Resolution 1-26,** Approving a Contract to Hinterland Group, LLC for Stormwater Trenchless Services (S2611) for an amount of $775,000 for the initial 1-year term.

8. **Resolution 17-26,** Approving the Interlocal Agreement for Fire/Rescue Dispatch Between the Town of Jupiter and the City of Palm Beach Gardens.

REGULAR AGENDA

PUBLIC BUSINESS

9. **Approval of Contract & Memorandum of Agreement with Palm Beach County Police Benevolent Association (PBA)**

   A. Resolution 15-26, Approving a Contract with the PBA, Representing Officers and Sergeants, Effective October 1, 2025, through September 30, 2028.

   B. Resolution 16-26, Approving a Memorandum of Agreement with the PBA, regarding proposed changes to the Police Retirement Fund.

REPORTS

TOWN ATTORNEY

TOWN MANAGER

TOWN COUNCIL – LIAISON REPORTS AND COMMENTS

ADJOURNMENT

Town Council Future Meetings:
Tuesday, January 20, 2026, 7:00 p.m. — Town Council Chambers.
Tuesday, February 3, 2026, 7:00 p.m. — Town Council Chambers.

Section 2-64; Decorum, disturbing meeting:
While the Town Council is in session, the members thereof and the public present in the Council chambers shall not, by conversation or otherwise, delay or interrupt the proceeding or the peace of the Council. It shall be unlawful for any person to disturb or disrupt a meeting of the Town Council or to refuse to obey the orders of the presiding officer in the conduct of the meeting and such person shall be subject to being summarily ejected from the meeting.

Notices:
*Town Council and CRA Meetings are now webcast in real-time and viewable on your computer or mobile device - www.jupiter.fl.us/Live. Backup materials for the Town Council Meetings are available online one (1) week before the regular meetings.

*# means no backup materials are attached — revisions may occur

*Persons are advised that if they wish to appeal any decision made at this meeting, they will need a record of the proceedings and, for such purpose, they may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based, per Section 286.0105, F.S.

**Persons with disabilities requiring accommodations in order to participate in the meeting should contact the Town Clerk's office at TownClerk@jupiter.fl.us or 561-741-2752 at least 48 hours in advance to request accommodations.*

POLICE DEPARTMENT

E-Bike Safety Update

Overview

- Education/Enforcement Update
- Community Outreach Initiatives
- Community Training Program
- Ordinance Evaluation
- Next Steps

Education/Enforcement Since March 2025

- Enforcement and education efforts
  - 145 traffic stops
  - 178 citations and warnings
- Crashes involving e-Bikes
  - 7 e-Bike crashes
  - 8 e-Bike related injuries
- Community Outreach Events
  - 5 Stand-alone e-Bike safety events
  - Ongoing integration with regular Town events

Community Outreach Initiatives

- Social Media Messaging
  - 41 posts across all Town platforms
  - Total Reach: Over 200,000 views
- E-Bike website content
  - 2,538 views of the JPD e-bike website
- Public Engagement
  - Traffic contacts/Calls for Service
  - Collaboration with School Police at school campuses

Community Training Program

- Internet-based e-Bike training program
  - Curriculum includes:
    - E-Bike Classification
    - E-Bike Care and Maintenance
    - Rules of the Road
    - E-Bike Laws
    - Crash Avoidance
  - Examination
  - Proof of Completion

Ordinance Evaluation

- SB 462 (July 1, 2025)
  - Minimum Age Restrictions
  - Government Issued Identification Requirements
- Monitoring of other municipalities
- Considerations
  - Age Limitations
  - Process for Citation Issuance
  - Jurisdictional Factors (Town-owned vs County/State Roads)
  - Integration of Training Program into Ordinance

Next Steps

- Evaluation of Municipal Ordinance options
- Completion and Implementation of Training Program
- Monitoring of HB 243 (Pending)
  - Modification of e-Bikes
  - License requirements for Class 3 e-Bikes
  - Inclusion of e-Bike content in Driver's education
- Continued Engagement with other municipalities

Key Takeaways

- JPD continues education and enforcement efforts
- Creation of e-Bike safety training program will reinforce e-bike safety laws and practices
- Efforts to evaluate potential municipal solutions will continue between staff and the Town Attorney's office
- Staff will continue to monitor State and Local legislative updates for opportunities
- Best solution for Jupiter

FINAL MINUTES AND AGENDA
TOWN OF JUPITER
TOWN COUNCIL MEETING
TOWN COUNCIL CHAMBERS
TUESDAY, DECEMBER 16, 2025

Mayor Kuretski called the meeting to order at 7:00 P.M.

Roll Call: Mayor Jim Kuretski; Vice-Mayor Ron Delaney; Councilor Phyllis Choy; Councilor Dan Guisinger; Councilor Malise Sundstrom; Town Manager Frank Kitzerow; Town Attorney Thomas J. Baird and Town Clerk Merriane Lahmeur.

PRESENTATION

1. Jupiter Fire Rescue Department (JFRD) Update.

Fire Chief Darrel Donatto provided an update on the Jupiter Fire Rescue Department (JFRD), covering the implementation timeline, self-contained breathing apparatus (SCBA) equipment (including a demonstration), recruiting and hiring efforts, and the Abacoa temporary fire station. Fire Chief Donatto confirmed that JFRD remains on schedule and on budget.

Councilor Guisinger inquired whether applicants for the Captain and Lieutenant positions would be required to have prior experience. Fire Chief Donatto confirmed that the positions require previous experience.

Mayor Kuretski asked about the weight of the SCBA equipment. Fire Chief Donatto deferred to Division Chief of Logistics Kevin Martin, who confirmed the equipment weighs approximately 64 pounds.

Councilor Choy asked whether priority is given to military or veteran applicants. Fire Chief Donatto noted that there are very strict standards and laws concerning the issue, and noted that the Human Resources Department (HR) manages all hiring requirements. He expressed appreciation for the HR team's work.

Councilor Choy also asked if JFRD would be able to stay within budget with the hiring and onboarding of the employees. Fire Chief Donatto confirmed it would.

Vice-Mayor Delaney asked whether applicants must currently hold the rank for the position they are applying for. Fire Chief Donatto explained that applicants must have a required number of years of experience and must have served in the rank either in an acting or promoted capacity.

Mayor Kuretski shared his personal experience regarding a temporary fire station located in a Publix plaza in Orlando, which has remained in operation for 18 years.

CITIZEN COMMENTS

Mr. Joe Spano, a resident of Kingsley Road, discussed his concerns regarding development in the Town. He also suggested that the Council purchase Suni Sands and convert it into a public park.

Ms. Christie Pinello, a resident of Tequesta Drive, explained the history of her family-owned business, Jupiter Inlet Boat Rentals, and the hurdles the business was currently facing due to increased rent and the lack of commercially available public docks, as well as the impact this could have on tourism within the Town.

Mr. Peter Leo, resident of Harbor Road, asked Council to consider a resolution of support for an affordable Town marina and dock.

MINUTES

2. December 2, 2025, Town Council Meeting Minutes.

Councilor Sundstrom moved to approve the December 2, 2025, Town Council Meeting Minutes, as amended; seconded by Councilor Choy; motion passed.

Kuretski	Delaney	Choy	Guisinger	Sundstrom
Yes	Yes	Yes	Yes	Yes

CONSENT AGENDA

All items listed in this portion of the agenda are considered routine by the Town Council and will be enacted by one motion. There will be no separate discussion of these items unless a Councilor or citizen so requests; in which event, the item will be removed and considered at the beginning of the regular agenda.

- Prior to the vote on the Consent Agenda, Items 3 and 4 were taken up and voted on individually.

PUBLIC HEARING

3. **Ordinance 17-25, Second Reading** - Zoning Text Amendment to create Recreation Zoning District.

Title for Ordinance 17-25 was read by Mr. Baird.

Councilor Guisinger moved to approve Ordinance 17-25, Second Reading; seconded by Councilor Sundstrom; motion passed.

Kuretski	Delaney	Choy	Guisinger	Sundstrom
Yes	Yes	Yes	Yes	Yes

4. **Ordinance 20-25, First Reading**, *Quasi-Judicial* - 100 & 102 N Coastal Way - Rezoning. (Second Reading 1/20/2026)

Title for Ordinance 20-25 was read by Mr. Baird.

Councilor Sundstrom moved to approve Ordinance 20-25, First Reading; seconded by Councilor Guisinger; motion passed.

Kuretski	Delaney	Choy	Guisinger	Sundstrom
Yes	Yes	Yes	Yes	Yes

Councilor Guisinger moved to approve the Consent Agenda, as amended; seconded by Vice-Mayor Delaney; motion passed.

Kuretski	Delaney	Choy	Guisinger	Sundstrom
Yes	Yes	Yes	Yes	Yes

PUBLIC BUSINESS

5. Approving a Purchase of Self-Contained Breathing Apparatuses (SCBA), Accessories, and Required Maintenance and Testing Tools for JFRD Emergency Apparatus from Ten-8 Fire & Safety LLC in the amount of $507,312.67, Piggybacking on the Lake County Contract.

6. **Resolution 134-25**, Approving the Dedication of Perpetual Easement to Florida Power and Light Company at the Public Works Maintenance Facility.

END OF CONSENT AGENDA

REGULAR AGENDA

PUBLIC HEARING

7. **Resolution 121-25**, *Quasi-Judicial* – Abacoa Temporary Fire Station – Special Exception and Site Plan amendment applications.

Ex Parte Communication:

- Mayor Kuretski had spoken with staff.
- Councilor Sundstrom had spoken with staff and visited the site.
- Councilor Guisinger had visited the site.

The Town Clerk swore in three individuals.

Fire Chief Donatto provided a presentation on the proposed temporary fire station, which included background information, a description of the subject property and the site plan. Fire Chief Donatto explained the necessity of the temporary fire station for the continuity of services and rapid response times to Jupiter's residents and businesses. He noted the significant community outreach that had taken place to keep everyone informed and to answer questions.

Mr. Garrett Watson, Principal Planner, presented details regarding the site plan, landscaping for beatification and compliance with the Town Code, and the special exception and site plan criteria. Mr. Watson noted there were two conditions included in the resolution presented, which were that the temporary fire station be removed within 60 days of a certificate of completion for renovations of the existing

fire station, and secondly, a routine condition regarding water connection fees. He stated that the proposed temporary station is consistent with the Comprehensive Plan and the Town Code, and that it was compatible with the character of the surrounding area that it serves.

Councilor Sundstrom asked where the fire apparatus would be relocated to during school pick-up and drop-off times. Fire Chief Donatto stated the plan was to utilize the current Abacoa Fire Station site for positioning of the apparatus and vehicles to run calls.

Councilor Sundstrom asked whether the shed and associated structures were rated to withstand a Category 5 hurricane. Fire Chief Donatto stated he was not aware whether the shed and structures were rated for a Category 5 hurricane, but confirmed that the temporary fire station was.

Councilor Sundstrom asked what percentage of the parking was utilized by teachers. Fire Chief Donatto stated they use approximately 30% of the parking that is in that area, and noted that JFRD would continue to work closely with them and they could continue to use empty spaces if needed.

Councilor Sundstrom noted that the Fire Department had spoken with her neighborhood and asked what other neighborhoods or stakeholders had been contacted regarding the project. Fire Chief Donatto stated they had communicated with the Heights, Valencia, Antigua, Tuscany, Independent Middle School's principal, Roger Dean Stadium, and the Jupiter Tequesta Athletic Association (JTAA).

Councilor Guisinger asked if parents had been notified that pick-up and drop-off would not be permitted in the parking lot. Fire Chief Donatto replied that the Police Department and Community Relations had been working on outreach efforts, but they were waiting for Council approval before notifying parents.

Councilor Guisinger noted the presence of many trees in the area where the temporary station will be located, and asked whether the trees would be preserved. Fire Chief Donatto stated that the team had confirmed the station could be relocated without removal of the trees.

Mayor Kuretski shared his personal experience regarding pick-up and drop-off in the parking lot.

Councilor Guisinger moved to approve Resolution 121-25; seconded by Councilor Choy; motion passed.

Kuretski	Delaney	Choy	Guisinger	Sundstrom
Yes	Yes	Yes	Yes	Yes

PUBLIC BUSINESS

8. **Resolution 104-25,** Approving a contract to Lawrence Lee Construction Services, Inc. for Deep Injection Well (DIW) Phase II Improvements (W2313F) for an amount of $8,769,000.

Ms. Amanda Barnes, Director of Utilities, provided a presentation on Resolution 104-25, requesting approval to award a construction contract for Phase II of the Deep Injection Well System Project. She explained that the project was adopted as part of the Community Investment Program (CIP) in 2022, with modifications made in subsequent years, most recently during the FY 2026 CIP. Ms. Barnes summarized numerous milestones that had been achieved, including contracting with JLA Geosciences, completion of design and permitting, and receiving proposals for both Phases. She noted that Phase I included site preparation and drilling of the deep injection well and dual zone monitoring well, while Phase II, which was the contract before the Council, included installation of the final wellheads, site piping, pump stations, and functional testing. She stated that approval of the Phase II construction contract would allow the Town to place the wells into service and further comply with the Florida Department of Environmental Protection (FDEP) order. She noted that if the item was approved, Phase II improvements would be completed by May of 2027.

Ms. Barnes explained why the FDEP permit had a completion date of December of 2026, and that a minor modification would be requested for an extension. She noted FDEP has been supportive as long as progress is being made. Ms. Barnes further explained that when the deep injection well and dual monitoring well are placed into service, they will remain under the construction permit for a year, and then the Town will transition the permit to an operating permit with FDEP. She continued her presentation reviewing the Phase II improvements.

Next, Mr. Scott Reynolds, Director of Finance, discussed funding for the Phase II construction contract. He stated that the Town issued a Request for Proposals and received two submissions, which were evaluated by a Selection Committee. The Committee ranked Lawrence Lee Construction Services as the most qualified contractor. He noted that the Best Value Procurement process was utilized for this project, and he provided an explanation of the process.

Mr. Reynolds explained that a budget amendment of $3.2 million was being requested due to the proposal that had been received. He explained that the increase would be covered by Renewal and Replacement (R&R) funds from FY 2025. He noted that the original CIP project budget was approximately $30 million, with approximately $24 million spent to date, and that the proposed Phase II construction contract with Lawrence Lee Construction Services totaled approximately $8.7 million, including contingency funds.

Ms. Barnes explained that the project budget was last updated in May 2025 during the FY 2026 CIP process, at which time the design was complete and the design engineer provided an opinion of probable construction cost based off the current

market conditions. She provided a detailed explanation on how construction pricing had increased significantly within five months due to higher costs for stainless steel pipe and valves, pumps, electrical materials, labor, tariffs, and the complexity of working within congested utility corridors.

Ms. Barnes shared that some of the feedback received from contractors who did not bid on the project were that the project was either too large for them, too small for them, or too complex for them at this time.

Ms. Barnes further explained that a survey of other utilities in Florida constructing deep injection wells, revealed construction costs ranging from $20.2 million in 2023 to $48 million. She noted the Town's total project costs would be around $33 million. She also explained the measures taken to review the construction costs. Ms. Barnes stated that rebidding the project would likely result in higher costs and further delays.

Councilor Choy and Ms. Barnes discussed the procurement method and the number of bidders who submitted bids. Five invitees attended the mandatory pre-bid meeting, and only two submitted proposals.

Vice-Mayor Delaney inquired about the life expectancy of the system, and possible future upgrades that might be needed. Ms. Barnes explained that the deep injection well itself has a service life of 50 years, and that with proper maintenance the stainless-steel pipe and equipment could last just as long.

Councilor Sundstrom and Ms. Barnes discussed the five percent difference between the two submitted proposals, the different procurement vehicles Ms. Barnes mentioned, including Construction Management at Risk procurement, and the benefits of using the method. Councilor Sundstrom and Ms. Barnes also discussed the inability to split Phase II into multiple projects, construction market volatility, and regulatory deadlines.

Councilor Guisinger asked for clarification on the amount of the contract award and the approved budgeted amount. Ms. Barnes explained the different components of the budgeted amount, which included the contract award, permitting costs, geotechnical testing and a construction contingency.

Councilor Guisinger also inquired about the funding being utilized and impact to other CIP projects. Mr. Reynolds explained the source of the R&R funds, and that there would be no impact to the other CIP projects in the upcoming year.

Mayor Kuretski asked for confirmation that the allowance included in the RFP for undefined conditions was effectively a contingency that the company was not entitled to. Ms. Barnes confirmed and explained that the company would have to submit a proposal to the Town and it would have to be reviewed and approved, and anything remaining in the allowance at the end of the project would be returned to the Town via a deductive change order.

Mayor Kuretski noted that he generally agreed with the contracting approach, and explained his 46 years of related experience. He expressed concerns regarding the budget increase of $3.2 million since the current CIP was adopted, and a total increase of $8 million since the 2024 CIP was adopted.

Mayor Kuretski requested that for all future requested contract awards based on the best value procurement method that Staff provide the bid proposal evaluation criteria, the bid cost proposal for all other evaluated bidders, and the proposal evaluation scoring sheets for each bid evaluation team member. He also requested that when a project requires a significant budget funding increase that additional items be provided, such as the engineering consultant's probable costs for the project work prior to the receipt of bids and the consultant's evaluation of bid pricing versus its pre-bid opinion of probably costs.

Mayor Kuretski stated that he did not support the requested budget increase of $3.2 million, and expressed his desire to see staff consider other alternative approaches to reduce project costs. Mayor Kuretski also expressed concerns on the weighting of cost in the evaluation criteria and inconsistencies between projects, and the variance between the engineering consultant's opinion of probable construction cost and the bid prices. He mentioned that he was not advocating to give it to the second bidder, but wanted to receive more bidders.

Councilor Sundstrom emphasized the complexity of the project, and public health and safety considerations. She stated that the Town's FDEP permit for the current disposal method was running out, and that there was a very tight deadline. She found that the cost difference between the two bidders was not significant, and expressed concerns about the second bidder's performance evaluation. Councilor Sundstrom also discussed the high volatility of the costs in the industry, which has been seen in multiple projects. She shared that she was satisfied with the evaluations done, and expressed her desire to see the project move forward.

Mayor Kuretski stated that he thought FDEP would understand a delay, because of the higher-than-expected bids and the complexity of the project. He felt that the Town did not receive competitive bids. He has also expressed his disappointment with the engineering consultant for the project, Kimley-Horn, and their work product.

Further discussion between the Councilors ensued about the pre-bid, bidders and information provided, and procurement methods. Ms. Barnes provided an explanation of the pre-bid process and the details provided, and the value engineering that had been conducted on the project.

Councilor Sundstrom moved to approve Resolution 104-25; seconded by Vice-Mayor Delaney; motion passed.

Kuretski	Delaney	Choy	Guisinger	Sundstrom

REPORTS
TOWN ATTORNEY

- Senate Bill 180 - Mr. Baird reported on the status of the Senate Bill 180 lawsuit and upcoming court proceedings. He explained that a preliminary injunction hearing was scheduled to occur later in the week, and that participating cities were required to identify individuals to submit declarations (affidavits) in support of the local governments' position.

  Mr. Baird stated he submitted declarations on behalf of the Town of Jupiter and the Town of Lake Park. At a hearing held earlier in the day, the judge ruled that live testimony would be required, and testimony by Zoom was not an option at this time. Mr. Baird noted that unless the judge revisits the ruling, he may need to travel to Tallahassee to provide live testimony, and he expressed the importance of the preliminary injunction hearing to the entire case.

  Mr. Baird also reemphasized the importance of the case, noting it concerned local government home rule authority, including the ability to amend comprehensive plans to address local issues. He further explained that recent pre-filed legislation intended to address Senate Bill 180 was reviewed and found to address only limited issues, and not the core home rule concerns.

  Mayor Kuretski raised a question regarding the State's assertion that local governments lack standing. Mr. Baird confirmed the State had challenged their standing, which is why declarations and potential live testimony were required. Standing must be established before the court can consider the merits of the case.

- Holiday Greetings - Mr. Baird concluded his report with Holiday well wishes.

TOWN MANAGER:

- PBA Contract – Mr. Kitzerow reported that the Officers and Sergeants of the Jupiter Police Department ratified the collective bargaining agreement negotiated with the Police Benevolent Association, with more than 85% voting in favor. He stated negotiations lasted approximately a year and thanked the Town Council for its commitment to the Police Department. Speaking as a former long-tenured Police Chief, he described the Council's support as remarkable.

  He explained that although the previous contract had expired and the Council was not required to honor its provisions, the Council authorized honoring certain significant components of the prior agreement. He reported that the Officers' clothing allowance would be released, with funds included in paychecks by Friday.

  Mr. Kitzerow also advised that the contract would be presented to the Town Council at the January 6, 2026, Town Council meeting and if approved, Officers would receive new pay rates in the first paycheck following that meeting. He further stated that retroactive pay would be issued thereafter, effective October 1.

Lastly, Mr. Kitzerow highlighted additional contract improvements, including retirement-related issues and the elimination of Tier 2, and expressed appreciation to the Officers, the PBA, and all parties involved in the process.

- Public Records Request Portal – Mr. Kitzerow announced the launch of a new public records request portal, JustFOIA, which allows individuals to submit and track requests, make secure online payments, and download requested records through the Town's website.

- Drive Sober or Get Pulled Over Campaign – Mr. Kitzerow reported that the Jupiter Police Department began its annual "Drive Sober or Get Pulled Over" campaign on December 10, 2025, which will run through January 1, 2026, and includes additional impaired driving enforcement to encourage safe driving during the Holiday season.

- Employee Service Milestones – Mr. Kitzerow recognized the following employees for service anniversaries:
    - John Sickler, Director of Planning and Zoning, and David Rotar, Public Works Superintendent – 30 years of service.
    - Kevin Albon, Public Works – 20 years of service.
    - Paul Romero and Charles Barker, Utilities Department – 5 years of service.
    - Officers Tyler Robichaud and Iris Stan, Jupiter Police Department – 5 years of service.

- Year-End Appreciation & Holiday Greetings – Mr. Kitzerow thanked the Town Council for its leadership and guidance throughout the year and expressed appreciation to Town Staff for their accomplishments across all Departments. He extended Holiday and New Year greetings to Council, Staff, and the community.

TOWN COUNCIL – LIAISON REPORTS AND COMMENTS:

COUNCILOR SUNDSTROM:

- Public Records Portal – Councilor Sundstrom asked whether residents who are not technologically inclined may continue submitting public records requests through other methods. Mr. Kitzerow confirmed the existing process remains in place and the portal is offered for convenience.

- Recognition of Long-time Employees – Councilor Sundstrom expressed gratitude for the institutional knowledge of the Planning & Zoning Director and other long-time Staff.

- Year-End Acknowledgements - Councilor Sundstrom expressed how wonderful the year has been and noted the great accomplishments that have taken place with the playgrounds and the Fire Department.

- Holiday Greetings – Councilor Sundstrom wished all the residents and Staff Happy Holidays and New Year.

- Public Marina Docks – Councilor Sundstrom thanked Ms. Pinello for coming and informing the Council on what's going on with her business and with the Inlet Village.

COUNCILOR GUISINGER:

- Service Anniversaries - Councilor Guisinger congratulated employees on their service anniversaries and thanked long-tenured staff for their institutional knowledge, dedication, and contributions to the Town.

MAYOR KURETSKI:

- PBA Contract - Mayor Kuretski expressed delight to have success with the PBA contract and is grateful to Mr. Kitzerow and Staff for their work.

- Community Events - Mayor Kuretski commended Staff and volunteers for successful community events, including Snow Place Like Jupiter, the Holiday Tree Lighting, and the JTAA Parade. He noted the events show the Town is still a family-oriented community with a small-town feel.

- Consultant Performance and Expectation - Mayor Kuretski commented about the engineering consultant performance expectations and accountability on Town projects.

- Holiday Greetings - Mayor Kuretski extended Holiday greetings and best wishes for the New Year to Town staff, residents, and the community.

VICE MAYOR DELANEY:

- PBA Contract - Vice Mayor Delaney expressed appreciation for the successful completion of the police labor contract and thanked Town Staff and all involved for their hard work throughout the process.

- Recognition of Service - Vice Mayor Delaney recognized Chief Hennessy, Chief Donato, John Sickler, and Scott Reynolds for their achievements and their expertise.

- Community Events – Vice Mayor Delaney commented that the Tree Lighting Ceremony that took place was a great event, and that the JTAA Parade was fantastic. He noted seeing comments regarding the change in the JTAA Parade route, and Councilor Sundstrom stated the route was modified due to the Brightline Train and the risks associated with children. It was also noted that the Town does not make the decision on the JTAA parade route.

COUNCILOR CHOY:

- Year-End Acknowledgements - Councilor Choy expressed that 2025 was extraordinary, and that Jupiter is a town that is family oriented and continues to grow. She expressed her appreciation to the public.

- Holiday Greetings – Councilor Choy expressed that every day is a celebration with the Holidays and that the green space looks like Disneyland. She noted that the Town has a lot to be proud of, and that she is proud to serve. She wished everyone a very Happy Holiday, and a New Year filled with only good health.

MAYOR KURETSKI:

- Lighthouse Decorations - Mayor Kuretski expressed his gratitude to the Town Staff for getting the Lighthouse decorated. He noted that the public was disappointed when the decorations were previously discontinued, and even though the Town had nothing to do with the decorations, Town Staff stepped up and was able to get it done this year. Mr. Kitzerow noted that he wanted to give Roger Held credit for getting the decorations completed.

ADJOURNMENT – 8:53 P.M.

_____

Merriane Lahmeur, Town Clerk

TOWN OF JUPITER
100 & 102 N Coastal Way Rezoning

DATE	January 6, 2026
TO	Honorable Mayor and Members of Town Council
THRU	Frank Kitzerow, Town Manager
FROM	John Sickler, Director of Planning and Zoning
SUBJECT	**Ordinance 20-25**, **Second Reading** - *Quasi-Judicial* - 100 & 102 N Coastal Way - Rezoning.

EXECUTIVE SUMMARY
Adoption of a zoning map amendment to change the zoning for two properties totaling approximately 1.19+/- acres from the Indiantown Road Overlay Zoning District, US Highway One District with underlying General Commercial (C-2) to U.S. Highway One/Intracoastal Waterway Corridor District – Waterway Commercial and Entertainment Subdistrict (US1/ICW-WCE).

The Town Attorney has reviewed the attached Ordinance and finds it to be in acceptable form.

ANALYSIS
The proposed zoning of U.S. Highway One/Intracoastal Waterway Corridor District – Waterway Commercial and Entertainment Subdistrict meets the intent of the objectives and policies of the Comprehensive Plan and is consistent with the existing Commercial future land use designation on the property and surrounding properties. The proposed zoning is necessary to implement the policies outlined in the Comprehensive Plan for the US 1/ICW Corridor and the Waterway Commercial and Entertainment Sector assigned to the subject property.

The applicant has submitted concurrent applications to amend the Harbourside Place planned unit development (PUD), site plan and special exception to construct a four-story building for retail, office and medical office with under-building structured parking. The subject property is proposed to be incorporated into the existing Harbourside PUD. These applications are under review by staff and rely on approval by the Town Council.

PLANNING AND ZONING RECOMMENDATION:
At their November 13, 2025 meeting, the Planning and Zoning Commission voted unanimously to approve (by a 7 to 0 vote) the rezoning amendment.

TOWN COUNCIL ACTION:
At their December 16, 2025, the Town Council voted unanimously to approve (by a 5 to 0 vote) the first reading of Ordinance 20-25.

STRATEGIC PRIORITY
● Manage Growth

ORDINANCE NO. 20-25

AN ORDINANCE OF THE TOWN COUNCIL OF THE TOWN OF JUPITER, FLORIDA, AMENDING THE TOWN'S OFFICIAL ZONING MAP TO REZONE 1.19± ACRES OF PROPERTY LOCATED AT 100 AND 102 N COASTAL WAY FROM THE INDIANTOWN ROAD OVERLAY ZONING DISTRICT, US HIGHWAY ONE DISTRICT WITH UNDERLYING GENERAL COMMERCIAL (C-2) TO U.S. HIGHWAY ONE/INTRACOASTAL WATERWAY CORRIDOR DISTRICT – WATERWAY COMMERCIAL AND ENTERTAINMENT SUBDISTRICT; PROVIDING FOR SEVERABILITY; PROVIDING FOR THE REPEAL OF LAWS IN CONFLICT; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, HSP II LLC and HSP III LLC are the owners (Owner) of approximately 1.19± acres, as legally described and shown in **Exhibit "A",** which is incorporated herein (the subject property).

WHEREAS, the subject property is located at 100 and 102 N Coastal Way, as shown in **Exhibit "B",** which is incorporated herein; and,

WHEREAS, the Town of Jupiter Planning and Zoning Commission has recommended that the subject property be rezoned from the "Indiantown Road Overlay Zoning District, US Highway One district with underlying General Commercial (C-2)" zoning district to the "U.S. Highway One/Intracoastal Waterway Corridor District – Waterway Commercial and Entertainment Subdistrict (US1/ICW-WCE)" zoning district; and,

WHEREAS, the Town Council has conducted a public hearing wherein it considered comments from the Owner, members of the public, and the recommendations of the Town's

Planning and Zoning Commission and its Planning and Zoning Department regarding the appropriate zoning for the subject property; and,

WHEREAS, the Town Council has determined that a rezoning of the subject property as recommended by the Planning & Zoning Commission would be consistent with the future land use designation assigned to the subject property.

NOW THEREFORE, BE IT ORDAINED BY THE TOWN COUNCIL OF THE TOWN OF JUPITER, FLORIDA:

Section 1. The whereas clauses are incorporated herein and constitute the legislative findings of the Town Council.

Section 2. The Town Council hereby rezones the 1.19 acre± Subject Property from the "Indiantown Road Overlay Zoning District, US Highway One district with underlying General Commercial (C-2)" zoning district to the "U.S. Highway One/Intracoastal Waterway Corridor District – Waterway Commercial and Entertainment Subdistrict (US1/ICW-WCE)" zoning district. The subject property is shown in **Figure "1."**

Section 3. In accordance with Section 27-473 of the Zoning Code, the Town Council hereby directs that the Town's Official Zoning Map be amended to reflect the subject property as being within the "U.S. Highway One / Intracoastal Waterway Corridor District – Waterway Commercial and Entertainment Subdistrict (US1/ICW-WCE)" zoning district.

Section 4. Severability. If any section, paragraph, sentence, clause, phrase or word of this Ordinance is for any reason held by a court to be unconstitutional, inoperative or void, such holding shall not affect the remainder of this ordinance.

Section 5. Repeal of Laws in Conflict. All ordinances or part of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

Section 6. Effective Date. The provisions of this ordinance shall become effective upon its execution.

Zoning Map Amendment for 100 & 102 N Coastal Way
TOWN MANAGER'S OFFICE

DATE: January 6, 2026

TO: Honorable Mayor and Members of Town Council

THRU: Frank J. Kitzerow, Town Manager

FROM: John Sickler, Director of Planning and Zoning

SUBJECT: **100 & 102 N Coastal Way** (quasi-judicial) **-** Zoning Map amendment from the Indiantown Road Overlay Zoning District, US Highway One district with underlying General Commercial (C-2) to U.S. Highway One/Intracoastal Waterway Corridor District – Waterway Commercial and Entertainment Subdistrict (US1/ICW-WCE) for two properties totaling 1.19± acres located at 100 and 102 N. Coastal Way.

Ordinance #20-25 (Zoning)	P&Z Commission:	11/13/25
PZ 25-6382	Town Council:	12/16/25 (1st reading)
P. Meyer	Town Council:	01/06/26 (2nd reading)

Project Information

Applicant:	HSP II LLC and HSP III LLC
Agent:	Emily O'Mahoney, 2GHO, Inc.
Property Owner:	HSP II LLC and HSP III LLC (Nicholas A. Mastroianni II, Nicholas A. Mastroianni III, Anthony J, Mastroianni, and Audrey M. Mastroianni)
Location:	100 & 102 N Coastal Way (Attachment A - Location Map)
Acreage:	1.19 +/- acres
PCN Numbers:	30434106000001010 and 30434106000001020
Existing FLUM designation:	Commercial within the U.S. Highway One/Intracoastal Waterway Corridor District / Waterway, Commercial and Entertainment Sector
Existing use of property:	Vacant
Existing Zoning:	Indiantown Overlay Zoning (IOZ) District, US Highway One district with underlying (C-2) General Commercial
Proposed Zoning:	U.S. Highway One/Intracoastal Waterway Corridor District – Waterway Commercial and Entertainment Subdistrict (US1/ICW-WCE)

Town Council Action.

At their December 16, 2025 meeting, the Town Council voted (5-0) to approve the first reading of Ordinance 20-25.

Applicant issues

The applicant has no issues.

Planning and Zoning Commission Recommendation.

At their November 13, 2025 meeting, the Planning and Zoning Commission voted unanimously to approve (by a 7 to 0 vote) the rezoning application.

Staff Compliance Review

Based upon the facts and findings contained herein, the Department of Planning and Zoning finds the proposed change in zoning **consistent** with the goals, objectives, and policies of the Comprehensive Plan.

Table 1. Surrounding land uses and designations

Location Map – Attachment A		
Location	*Existing Land Uses*	*Future Land Use Designations/ Zoning Districts*
North	Commercial (Harbourside Place)	Commercial / U.S. Highway One/Intracoastal Waterway Corridor District – Waterway Commercial and Entertainment Subdistrict (US1/ICW-WCE)
South	Indiantown Road Bridge and Events Plaza	Not Designated / Not Zoned (NZ)
East	Commercial (Harbourside Place)	Commercial / US1/ICW-WCE
West	Intracoastal Waterway and Commercial (Intracoastal Waterway and vacant)	IOZ, Parkway district with underlying C-2, and Conservation Preservation

For a comprehensive view of the above designations that surround the subject properties refer to the existing Future Land Use Map (Attachment B) and existing Zoning Map (Attachment C). The proposed Zoning designation is shown on the proposed Zoning Map (Attachment D).

Background

The subject properties are +/-1.19 acres in total and are vacant. The previous medical office building on 102 N. Coastal Way was demolished in 2025. The applicant has submitted concurrent applications to amend the Harbourside Place planned unit development (PUD), site plan and special exception to construct a four-story building for retail, office and medical office with an underbuilding structured parking. The subject property is proposed to be incorporated into the existing Harbourside PUD. These applications are under review by staff and depend on the subject application being approved by the Town Council.

Analysis.

A. Zoning Map Amendments

Criteria for Zoning Map amendments. Pursuant to Chapter 163, Florida Statutes, the zoning district for the subject property must be compatible with the designated future land use.

Four criteria in Section 27-178 are identified for changes to future land use and zoning. A discussion of these four criteria in relation to the applicant's requested zoning district is included below:

1) *The proposed map amendment shall be consistent with the goals, objectives, and policies of the Town of Jupiter Comprehensive Plan.*

   Staff Comment: The subject properties are located within the U.S. Highway One / Intracoastal Waterway Corridor and Waterway, Commercial, and Entertainment Sector. Objective 1.9 states that all properties located in the U.S. Highway One/Intracoastal Waterway Corridor must be developed consistent with the objectives and policies for the corridor, and the corresponding sectors. The proposed zoning district was established in order to implement the objectives and policies of the Comprehensive Plan and is consistent with the existing Commercial future land use designation on the property. The proposed rezoning requires that developments emphasize and enhance the proximity of the Intracoastal Waterway (Attachment F).

2) The proposed map amendment shall be consistent with the established land uses of surrounding properties or land use patterns.

   Staff Comment: The proposed zoning map amendment is consistent with the established land uses of surrounding properties. The parcel is located directly abutting to the Harbourside Place PUD to the north and east, which is also zoned with the Waterway Commercial and Entertainment Subdistrict of the US-1 / Intracoastal Waterway Corridor Zoning District designation. By assigning the proposed zoning district to the subject property, future development will be required to be consistent with the abutting properties which includes the continuation of the Riverwalk Corridor.

3) The proposed map amendment shall not create an isolated land use designation or zoning district unrelated to adjacent and nearby designations or districts.

   Staff Comment: The proposed zoning map amendment will not create an isolated zoning designation that is unrelated to the adjacent designations. As noted previously, the properties to the north and east have the same zoning designation.

4) *The application is necessary because of changed or changing conditions, including, but not limited to changing demographic trends, annexation, or public service needs.*

   Staff Comment: The proposed zoning is necessary to assign the zoning designation to implement the policies outlined in the Comprehensive Plan for the US 1/ICW Corridor and the Waterway Commercial and Entertainment Sector assigned to the subject property. The property at 102 N. Coastal Way was acquired by HSP III LLC and they have made application for development approval. The intensity of the proposed zoning is equal or less than the existing zoning since the maximum building height of the proposed zoning is an average building height of 35' with a max of 50' and the existing zoning is a maximum of 50' (60' with underbuilding parking). In addition, one of the properties had a three-story 13,000

sf building with parking on the ground floor which was demolished in 2025. Therefore, the proposed zoning will have no significant impacts on the public facilities and services.

Conclusions.

The requested Zoning Map amendment is consistent with the Comprehensive Plan and surrounding zoning, for the following reasons:

1. The proposed zoning designation is consistent with U.S. Highway One/Intracoastal corridor of the Comprehensive Plan (Objective 1.9);
2. The proposed zoning designation is consistent with the surrounding properties;
3. The request will have no significant impacts on public facilities and services;

100 and 102 Coastal Way
Zoning Map Amendment
Town of Jupiter
April 14, 2025

Request

On behalf of the Owner, HSP II, LLC, 2GHO, Inc. respectfully requests the Town of Jupiter's review and approval of a zoning map amendment for two properties located at 100 and 102 N. Coastal Way within the Town of Jupiter. More specifically, it is proposed to amend the current zoning designation of Indiantown Road Overlay Zone (US Highway 1 subdistrict) with underlying C-2; (General Commercial) to the US-1/ICW-WCE; (US-1/Intracoastal Waterway Corridor District, Waterway and Commercial Entertainment Subdistrict) for the approximately 1.19 acres.

This request aims to align the Town's visions and goals set forth by the Comprehensive Plan, zoning code, and CRA plan. The subject two parcels are key in completing the existing land use and zoning pattern, and will spur positive social, and economic benefits for the wider community.

The two subject parcels are proposed to be brought into the Harbourside PUD and will complete the physical boundary of the property as defined by the Intracoastal Waterway, US Highway One and the Indiantown Road Bridge. As this is additional land (and use) to the existing project, it is necessary that the zoning match between the two. The removal of the Indiantown Overlay District is also logical from a physical point of view. The subject property is twenty to 35 feet below Indiantown Road as it is the bridge structure. There is no access and no visibility to the ground plane of the subject property from a vehicle in the right-of-way.

Zoning Map Amendment Request

Address	PCN	Existing Zoning	Proposed Zoning *
100 N. Coastal Way	30-43-41-06-00-000-1010	IOZ w/ C-2; Gen. Comm	US-1/ICW-WCE
102 N. Coastal Way	30-43-41-06-00-000-1020	IOZ w/ C-2; Gen. Comm	US-1/ICW-WCE

*US-1/Intracoastal Waterway Corridor District, Waterway and Commercial Entertainment Subdistrict

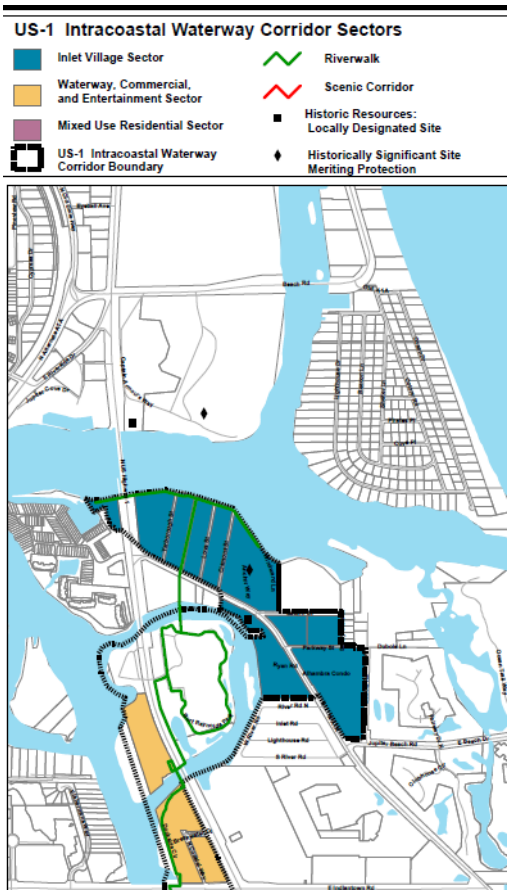
Companion Application Request

This request is a part of a multi-layered proposal which proposes amendments to the existing Harbourside Place development in effort to create a transformative project, and re-establish the development's local significance within the Town of Jupiter. While this document only addresses the zoning map amendment proposal, the entirety of the requested applications is listed below.

- **<u>Zoning Map Amendment</u> for two properties from IOZ (US Highway 1) w/underlying C-2 to US-1/ICW-WCE;**
- *<u>PUD Amendment</u>* for the existing Harbourside Development;
- *<u>Site Plan Amendment</u>* for the existing Harbourside Development;
- *<u>Special Exception Request</u>* for additional marina use;
- *<u>Special Exception Request</u> for Office Use on the Ground Floor (not to exceed 2,500 sf)*

Location

At a prominent location within the Town, the subject properties are immediately north of the Indiantown Road Bridge, and just outside of the development area of the existing Harbourside Place Development. Currently, these two parcels are the only properties that do not fall within the US-1 Intracoastal Waterway Corridor District, although they are designated as being within the US-1/Intracoastal Waterway Corridor Sector, as shown on the Town's adopted Future Land Use Map. Additionally, the two subject parcels are the only properties in this general vicinity that remain within the adopted IOZ boundary.



Justification
In accordance with Section 27-178 of the Town's code, it will be demonstrated that the Owner's proposal is consistent with the criteria for zoning map amendments, as indicated on the following pages.

1. The proposed map amendment shall be consistent with the goals, objectives and policies of the town comprehensive plan.
   Response: The subject rezoning request is consistent with the existing land use and zoning designations of the surrounding properties and will "close the gap" of the existing US 1/WCE designation enclave between these parcels and the property to the north (Harbourside) and south (Cornerstone) by allowing the continuation of the US 1/WCE designation to be applied to this Property.

   The proposed map amendment is consistent with the following Goals, Objectives, and Policies of the Comprehensive plan, as described below.

FUTURE LAND USE ELEMENT

General Commercial: Consists of a wide range of commercial goods and services serving a community-wide market. That does not mean that the entire range of all commercial goods and services must be available. A representative sample of activities includes personal services, banking and offices, retail stores, nurseries, printing and publishing, auto repair, marine facilities, and medical and dental clinics.
Response: The current land use designation of Commercial is consistent with the proposed use of these parcels. The eventual development of class A office space will serve the greater community-wide market. According to sources, vacancy rates for this type of use are as low as 4.2%, indicating strong demand.

Policy 1.1.7 Concentrations of commercial offices and tourist-related activities shall be near locations having high accessibility.
Response: *The approved rezoning of the subject two parcels will allow for a commercial office development, as well as the subsequent inclusion into the existing Harbourside PUD, fully aligning with this policy.*

Objective 1.5 The Town, through its Community Redevelopment Agency (CRA), shall provide for the redevelopment of lands within the CRA boundaries, consistent with Future Land Use Objective 1.9 (U.S. Highway One/Intracoastal Waterway [US1/ICW] Corridor) and it's implementing policies.
Response: *As the subject properties are located within the US-1/ICW corridor, per the Town's adopted land use map, it is required to be consistent with the general planning principles outlined in the Town's Comprehensive Plan. More detail on the relevant policies can be found in the Site Plan narrative.*

Policy 1.9.6 Waterway, Commercial and Entertainment sector shall emphasize a mixture of entertainment and commercial uses, linked in a north south manner by a waterfront walkway, providing public access and an integrated pathway through the properties along the Intracoastal Waterway, which is a destination activity core for the waterfront corridor, thereby, enhancing the opportunities for the citizens to obtain access and enjoy the natural resources of the region.
Response: The proposed request is needed in order to fully align with this policy.

Objective 1.16 The Town shall guide urban form and development to appropriately encourage development (infill and redevelopment) in areas with existing infrastructure and populations.
Response: *The Owner's proposal is directly consistent with the above objective, as the proposed development intends to be consistent with the existing Harbourside Place PUD, and add to the overall character established and encouraged by the US1-ICW corridor.*

CAPITAL IMPROVEMENTS ELEMENT

Policy 1.2.1 The Town shall utilize the following adopted level-of-service standards in reviewing the impacts of new and redevelopment upon the provision of public facilities and services:

Sanitary Sewer - 85 gallons per capita per day
Response: This site is an infill parcel already accounted for within the public facilities developed to service this area.

Solid Waste - 7.13 pounds per capita per day
Response: This site is an infill parcel already accounted for within the public facilities developed to service this area.

Drainage - Projects shall be designed and operated so that off-site discharges meet State water quality standards set forth in the Town's most recent Stormwater Master Plan Update (adopted by reference)
Response: This site is an infill parcel already accounted for within the public facilities developed to service this area. However, the drainage for the proposed site plan will be designed to comply accordingly. Please refer to the site plan application for more information on this.

Potable Water –
Residential Accounts - 153 gallons per day
Commercial Accounts - 100 gallons per day per 1,000 square feet
Response: This site is an infill parcel already accounted for within the public facilities developed to service this area.

Transportation Facilities - The Town, in cooperation with Palm Beach County and the Florida Department of Transportation, shall maintain an adopted level of service standard of D on all County and State maintained roads. The Town shall maintain the following adopted level-of-service standards for all Town-maintained roadways:
a) Peak-hour two-way – LOS D
b) Daily - LOS C
c) Intersection – LOS D
Response: While no Comprehensive Plan map amendment is proposed with this application, it should be noted that the traffic for the proposed development will be reviewed as a site-specific analysis within the site plan application. It is anticipated that the traffic generated from the additional use will be in conformance with Palm Beach County's Traffic Performance Standards.

2. The proposed map amendment shall be consistent with the established land uses of surrounding properties or land use patterns.
Response: The purpose of this request is to bring the two properties into the existing Harbourside development ensuring full consistency and compatibility with the surrounding area. The table below outlines the adjacent and use and zoning designations, and shows that the Owner's proposal will be consistent with the established land use pattern.

	EXISTING FLU	EXISTING ZONING	EXISTING USE
Subject Properties	Commercial	IOZ/US1 C-2; Gen Commercial	Vacant Former office bldg
North	Commercial	C-2; Gen Commercial	Harbourside Place
South	Mixed Use	ICW-WCE	Indiantown Road Bridge Cornerstone
East	Commercial	ICW-WCE	Harbourside Place
West	NA	NA	Intracoastal Waterway

3. The proposed map amendment shall not create an isolated land use designation or zoning district unrelated to adjacent and nearby designations or districts.
Response: The proposed map amendment and rezoning will not create an isolated land use designation or zoning district unrelated to surrounding designations or districts; on the contrary, the proposed requests will be consistent with the surrounding properties and land use patterns already established, and eliminate an inconsistency within the land use pattern.

4. The application is necessary because of changed or changing conditions, including, but not limited to, changing demographic trends, annexation, or public service needs.
Response: This application is necessary due to the Town's vision of this area being known as the entertainment district. As mentioned before the properties to the north are already zoned US Highway One / WCE Waterway Commercial & Entertainment and have been developed with

commercial and entertainment uses. As development started to take shape to align with the CRA's vision, zoning staff always thought that an eventual rezoning would be a logical step to "close the loop" for the properties just north of the Indiantown Road Bridge. This proposal accomplishes that goal

CONCLUSION

In closing, the Owner proposes a zoning map amendment for the two properties located at 100 and 102 Coastal Way. This request is consistent with the Comprehensive Plan, and addresses the Criteria set forth in Sec. 27-178 of the Town's zoning code. If approved, it will create a consistent land use pattern and complete the existing Intracoastal Waterway corridor versus the existing condition, which could be seen as isolated. On behalf of the applicant, 2GHO, Inc., respectfully request approval of this application. Should you have any questions on this application, please do not hesitate to contact Emily O'Mahoney, PLA, at 561-575-9557.

Objective 1.9 The Town shall continue to maintain land development regulations for the U. S. Highway One/ Intracoastal Waterway corridor to ensure that new development and any redevelopment emphasizes and enhances the proximity of the Intracoastal Waterway and the Jupiter Inlet including the provision of public access, through the components of a riverwalk corridor and a scenic corridor. All properties located in the U.S. Highway One/Intracoastal Waterway Corridor, as depicted on the Future Land Use Map, shall be developed consistent with the objectives and policies for the corridor, and the corresponding sectors.

Policy 1.9.1 The U.S. Highway One/Intracoastal Waterway Corridor shall be established, as depicted on the Future Land Use Map, with the following planning sectors and components:

a) U.S. Highway One Mixed Use Residential sector;
b) Waterway, Commercial and Entertainment sector;
c) Inlet Village sector;
d) Riverwalk Corridor Component; and,
e) Scenic Corridor Component.

Policy 1.9.3 Properties developing with a mixture of residential and commercial uses shall be permitted to develop with a Mixed Use land use designation and a Planned Unit Development, Commercial zoning classification pursuant to the Town's existing Land Development Regulations.

Policy 1.9.4 U. S. Highway One Mixed Use Residential sector shall emphasize residential and accessory activities, as well as also allow for commercial properties that are limited in nature and are deemed to be compatible with residential development. Further, all uses and properties within this sector shall be linked by the Riverwalk and Scenic Corridor components. Commercial uses are to be located where nonresidential uses have already been established by prior development approval, thereby, enhancing the opportunity for the citizens to obtain access and enjoy the natural resources of the region.

Policy 1.9.5 Maintain land development regulations for the U. S. Highway One Mixed Use Residential sector as follows:

a) where feasible, provide for a public accessible walkway along the Intracoastal Waterway, including elements of pedestrian amenities thereby, encouraging non automobile traffic in between the planning sectors;
b) provide for vistas of the Intracoastal Waterway from U. S. Highway One and from within the sectors of the development;
c) strip and auto oriented commercial uses (i.e., drive-through facilities, corner retail and gas stations, etc.) shall be prohibited;
d) the maximum density for residential uses shall be 6 units per acre as per the mixed use land use. The Town Council may grant a density bonus of up to 15 du/acre, based upon the following:
    1) Riverwalk land acreage designated above the minimum;
    2) The adequacy and enhancement of public access onto the Riverwalk;
    3) Extent of public amenities provided; and,
    4) Significant enhancements to the land area and landscape/planting materials of the buffer from non residential uses incorporated within the site design.

e) Based upon the following, existing, partially developed commercial sites may either continue the development pattern established by prior development approval or may introduce limited residential uses where there will be compatibility of land uses and potential conflicts cannot occur:
   1) all development over 5 acres may be allowed a maximum of 30% commercial uses and a minimum 50% of residential uses based on the quantity and quality of the project being developed and the "Mixed Use" land use; and,
   2) all development less than 5 acres may be allowed 100% commercial uses.
f) use of a coastal vernacular style of architecture (characterized by building design which incorporates the architectural techniques and features from the following architectural features: stick, shingle, Mediterranean, Craftsman, or Florida Cracker styles).
g) provide public open spaces and public squares within developments to encourage the orientation towards the waterways.

Policy 1.9.8 The Town shall continue to require development to be oriented toward the Intracoastal Waterway, Riverwalk, Jupiter Lighthouse, and the Jupiter Inlet including provisions allowing for: variable setbacks, landscaping, parking regulations; clustering structures to form public open space; providing opportunities for open vistas of the waterways; developing a point of interest at the terminus along the Riverwalk; providing for access and support amenities to the Riverwalk Corridor such as; screening; sign placement and type; providing for special design treatments: providing for street furniture, lighting and providing for amenities, such as: balconies, porches, and awnings; providing for a system of entry statements which identify the U. S. Highway One Corridor.

Policy 1.9.9 The Town shall maintain an incentive program of density bonuses for residential uses and intensity bonuses for commercial uses within the U. S. Highway One Corridor for those developments which provide enhanced amenities within the site design to promote pedestrian oriented plazas and encourage appropriate intensive commercial and entertainment uses at intersections along U. S. Highway One and the Intracoastal Waterway.

TOWN OF JUPITER

Approval of a Piggyback of State Contract for the Purchase of Fuel With Pro Energy, LLC

DATE	January 6, 2026
TO	Honorable Mayor and Members of Town Council
THRU	Frank Kitzerow, Town Manager
FROM	George Dzama, Engineering Director
SUBJECT	Approval of piggyback of State of Florida Term Contract No. 15100000-25-STC for the purchase of fuel for a 3-year term through December 30, 2028

EXECUTIVE SUMMARY

Town staff requests approval for the issuance of purchase orders with Pro Energy, LLC for the Town's fleet fuel and emergency standby generator fuel through December 31, 2028. The Town proposes to piggyback on State of Florida Term Contract No. 15100000-25-STC, competitively solicited by the Florida Department of Management Services (DMS), for bulk fuel purchases.

In a typical year, the Town’s fleet consumes approximately 230,000 gallons of unleaded fuel, which is delivered on a bi-weekly basis at an average of approximately 8,000 gallons per delivery. In addition, the Town uses approximately 10,000 gallons of on-road diesel annually and purchases additional bulk diesel fuel as needed to support emergency standby generators.

The proposed procurement using a piggyback of the State Contract with Pro Energy, LLC has been reviewed and approved by the Town’s Procurement Manager.

ANALYSIS

The Town has purchased fuel from Pro Energy, LLC under the previous State of Florida Term Contract No. 15100000-19-1 since September 2019. During this period, Pro Energy has provided quality products and reliable service, completing fuel deliveries in a timely manner without service interruptions, disputed claims, or contractual issues.

In November 2025, the State Term Contract No. 15100000-25-STC was competitively procured by the Florida Department of Management Services (DMS) and expressly permits use by eligible governmental entities. The contract includes a three-year term ending December 30, 2028.

The adopted operating budget for fuel purchases in FY2026 is $900,000. Purchases shall not exceed this amount. Fuel purchases in FY2027, FY2028 and FY2029 shall be subject to annual appropriation.

Upon Town Council approval, the Director of Engineering and Public Works will be authorized to issue purchase orders to Pro Energy, LLC pursuant to State of Florida Term Contract No. 15100000-25-STC in an amount not to exceed the annual appropriations.

STRATEGIC PRIORITY

● Fiscal Responsibility
● Organizational Excellence

State Term Contract

No. 15100000-25-STC
For
Bulk Fuel, Gasoline, Diesel, Marine, and Biodiesel

This State Term Contract No. 15100000-25-STC ("Term Contract") is between the **Department of Management Services** ("Department"), an agency of the State of Florida, located at 4050 Esplanade Way, Tallahassee, Florida 32399; and **Pro Energy, LLC** ("Contractor") with its principal place of business located at 9780 NW 115th Way, Medley, Florida 33178; collectively referred to herein as the "Parties."

WHEREAS, the Department issued a competitive solicitation for Bulk Fuel, Gasoline, Diesel, Marine, and Biodiesel; and

WHEREAS, the Contractor was awarded as a result of such competitive solicitation.

NOW THEREFORE, in consideration of the mutual promises contained herein, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Term and Effective Date.

The initial term of the Term Contract shall be for three years. The Term Contract will become effective on December 31, 2025 or on the date signed by all Parties, whichever is later. The Term Contract shall expire on December 30, 2028 unless terminated earlier or renewed in accordance with Exhibit B, Enterprise Standard Terms and Conditions.

2. Order of Precedence.

This contract document and the attached exhibits constitute the Term Contract and the entire understanding of the Parties. All Exhibits listed below are incorporated into this Term Contract by reference herein. In the event of a conflict, the Term Contract document and Exhibits shall have priority in the following order:

a. This contract document
b. Exhibit A, Scope of Work
c. Exhibit B, Enterprise Standard Terms and Conditions
d. Exhibit C, Markup Sheet

3. Purchases off this Term Contract.

Upon execution of this Term Contract, Customers, as defined in Exhibit B, Enterprise Standard Terms and Conditions, may purchase products and services under this Term Contract. Any entity making a purchase off of this Term Contract acknowledges and agrees to be bound by the terms and conditions of this Term Contract. The Contractor shall adhere to the terms included in any contract or purchase orders issued pursuant to this Term Contract.

4. Primary Contacts.

Department's Contract Manager:
Christopher McMullen
Division of State Purchasing
Florida Department of Management Services
4050 Esplanade Way, Suite 360
Tallahassee, Florida 32399
Telephone: (850) 922-9867
Email: christopher.mcmullen@dms.fl.gov

Contractor's Contract Manager:
CJ Cruz
Pro Energy, LLC
9780 NW 115th Way
Medley, Florida 33178
Telephone: (954) 661-6707
Email: cj@proenergy.us

Either party may notify the other by email of a change to a designated Contract Manager providing the contact information for the newly designated contact, and such notice is sufficient to effectuate this change without requiring a written amendment to the Term Contract.

IN WITNESS THEREOF, the Parties hereto have caused this Term Contract to be executed by the undersigned duly authorized officials.

EXHIBIT A
SCOPE OF WORK

1. PURPOSE

To provide Customers with Bulk Fuel on a statewide or regional basis, pursuant to the terms set forth in this Scope of Work.

2. DEFINITIONS

Definitions contained in section 287.012, Florida Statutes (F.S.); Rule 60A-1.001, Florida Administrative Code (F.A.C.); and Attachment D, Enterprise Standard Terms and Conditions; are incorporated by reference. In the event of a conflict, the definitions listed in this section supersede the incorporated definitions for the purposes of this Scope of Work. All definitions apply in both their singular and plural sense.

ASTM International (ASTM) – ASTM International, formerly known as the American Society for Testing and Materials, is a globally recognized organization that develops and publishes voluntary consensus standards for a wide range of materials, products, systems, and services.

Back Haul Charge – A fee assessed when a Customer orders more Fuel than their storage tank(s) can safely accommodate, requiring the Contractor to return the excess Fuel to Contractor's facility.

Bid – The document(s) submitted by a Bidder in response to this ITB.

Business Day – Each day during which the State and its agencies are open for business, from 8:00 a.m. to 5:00 p.m. at the Customer's location, Monday through Friday.

Cetane – The rating of diesel Fuel as a standard measure of the Fuel's ability to ignite quickly and cleanly under compression in a diesel engine. It is expressed as a number (e.g., 40, 45, 50) and indicates the Fuel's ignition quality — with higher numbers representing shorter ignition delays and more efficient combustion.

Contractor – A vendor that enters into a Term Contract with the Department as a result of this solicitation.

Customer – A State agency or Eligible User.

Data Transmission Network (DTN) FastRacks Average Price – The Fuel pricing service provided by the Data Transmission Network, an industry benchmark for pricing Fuel and other commodities.

Delay Charge – A fee assessed for each thirty-minute increment that the Contractor is delayed (beyond the initial thirty-minute period, which is not subject to a delay charge) in commencing Delivery of Fuel due solely to the Customer's failure to provide access, authorization, or other necessary conditions for Delivery.

Delivery – The act of transporting and offloading Fuel at a Customer's designated location or site.

Delivery Charge – A flat fee assessed for each completed Delivery of Fuel, regardless of the quantity delivered. This charge covers the basic costs associated with transportation, handling, equipment, and labor required to perform the Delivery.

Eligible User – As defined in Rule 60A-1.001, F.A.C.

Ethanol – A renewable, bio-based alcohol commonly used as a Fuel additive to reduce emissions and enhance Octane levels in gasoline. Ethanol used in motor Fuels must meet applicable standards such as ASTM D4806 to ensure quality, performance, and compatibility with engines.

Freight Charge – A transportation fee that may be applied to all shipments and is set by local authorities which means this fee may apply to both import or export shipments.

Fuel – Any fuel product obtained through this Term Contract. Fuel products shall consist of: Gasoline E10, Unleaded 87 Octane; Diesel Fuel, Grade No. 2-D Ultra Low Sulfur; Diesel Fuel, Red Dye Grade No. 2 Ultra Low Sulfur; Marine Grade Gasoline – Ethanol-Free (90 Octane Minimum); Marine Diesel Fuel, Grade No. 2 with Biocide Additive; and Biodiesel Blend. Fuel may also be referred to in this Scope of Work as "Bulk Fuel."

Group – A collection of Bulk Fuel that is described in this Scope of Work and Attachment C, Markup Sheet.

Markup – The Contractor's price (per gallon) to be added to the DTN FastRacks Average Price to cover all costs associated with providing Fuel to the Customer's location, except for the costs set forth in Section 3.3 of this Scope of Work. As shown on Attachment C, Markup Sheet, Markups may differ based on the Region in which Delivery of Fuel is made and actual product of Fuel ordered. Markup for Fuel shall be on a price per gallon basis. Markup may be expressed as a negative number if the Contractor is offering a discount off the DTN FastRacks Average Price. The Contractor shall assess no other fees associated with the Delivery of Fuel except as expressly provided herein.

Non-Transport Delivery – A Delivery by Tank Wagon or other means with a minimum Delivery of 250 gallons and a maximum Delivery of 5,999 gallons for all Fuel products.

Octane – The rating of gasoline as a standard measure of the Fuel's ability to resist engine knocking or pinging during combustion, caused by the air/Fuel mixture detonating prematurely in the engine. It is expressed as a number (e.g., 87, 89, 91) and indicates the Fuel's anti-knock properties.

Order – Written agreement between the Customer and Contractor which establishes the products agreed upon by the Customer and Contractor and may be used interchangeably with purchase order.

Pump Off Charge – A fee charged when Fuel must be offloaded from the Delivery truck to one or more tanks at the Customer's designated location or site using a pump, rather than relying on gravity or standard unloading methods.

Region – Service area compromised of specific Florida counties, as defined in Attachment C, Markup Sheet.

Tank Wagon – A Delivery method utilizing a smaller-capacity Fuel truck capable of servicing locations with limited access or lower volume needs. This Delivery method requires a minimum volume of 250 gallons per Delivery and a maximum volume of 5,999 gallons per Delivery.

Term Contract – The legally enforceable State Term Contract, as defined in section 287.012, F.S., between the Department and the Contractor.

Top Off Charge – To bring Fuel to the maximum tank level of 1,000 gallons or less.

Transport Delivery – A Delivery by a transport truck with a minimum Delivery of 6,000 gallons for gasoline, 6,000 gallons for diesel, and 7,500 gallons for a combination load of gasoline and diesel.

3. SCOPE OF WORK

3.1 Description of Scope

The Bulk Fuel available for purchase through this Term Contract is classified under the following Groups:

Group	Product	Description
A	Gasoline E10, Unleaded 87 Octane	The product shall meet ASTM D4814 for automotive spark-ignition engine fuel and shall comply with the standards in Rule 5J-21.001, F.A.C.
B	Diesel Fuel, Grade No. 2-D Ultra Low Sulfur	Grade no. 2-D (.0015 mass Percentage sulfur, 40 Cetane min.), for use in over the road diesel engine, per ASTM D975, complying with Rule 5J-21.001, F.A.C.
C	Diesel Fuel, Red Dye Grade No. 2 Ultra Low Sulfur	For use in off-road diesel engine, minimum Cetane number of 40 using ASTM D613, ASTM D975, Grade # 2 S15. The product shall comply with the standards in Rule 5J-21.001, F.A.C.
D	Marine Grade Gasoline – Ethanol-Free (90 Octane Minimum)	The product shall be Unleaded Gasoline, 90 Octane (Anti-Knock Index minimum) and Ethanol-free, formulated specifically for use in marine engines. Product shall meet ASTM D4814 for automotive spark-ignition engine Fuel and comply with the standards in Rule 5J-21.001, F.A.C.
E	Marine Diesel Fuel, Grade No. 2 with Biocide Additive	The product shall be Grade No. 2-D Ultra Low Sulfur Diesel Fuel (maximum 0.0015 mass percent sulfur, minimum Cetane number of 40), meeting ASTM D975. It shall be suitable for use in marine diesel engines and treated with a Fuel-compatible biocide additive to control microbial growth, biofilm formation, and Fuel degradation. The biocide additive shall meet the Environmental Protection Agency (EPA) registration requirements under Federal Insecticide, Fungicide,

		and Rodenticide Act (FIFRA) for use in diesel fuels and be compatible with engine components and fuel system materials. The final product shall comply with the standards in Rule 5J-21.001, F.A.C.
F	Biodiesel Blend	Blend of grade no. 2-D ultra-low sulfur diesel and up to 20% biodiesel, for use in over the road diesel engine, meeting the ASTM D7467 for biodiesel blends (6% – 20%). The biodiesel component shall consist of mono-alkyl esters of long chain fatty acids derived from new and used vegetable oils, designated B100, B99.9, or B99, meeting the ASTM D6751 and be certified under the BQ9000 quality program. The diesel component (grade no. 2-D ultra-low sulfur diesel) and any blends with less than 6% biodiesel shall meet ASTM D975. The final product shall comply with the standards in Rule 5J-21.001, F.A.C. **The Contractor must deliver any blend requested by the Customer.**

Upon Customer request, Contractor must provide all certificates concerning product quality of all commodities listed in this Scope of Work.

3.2 Pricing Elements for Purchase of Fuels
Prices will be calculated for each Fuel product using the following information:

3.2.1 Group A - Gasoline E10, Unleaded 87 Octane

- DTN FastRacks Average Price for Gasoline E-10 10% Ethanol.
- Contractor's Markup as determined in Attachment C, Markup Sheet for the Region in which Delivery of Fuel is made.
- All applicable Fuel taxes and/or petroleum associated fees as determined by the county in which Delivery of Fuel is made.

3.2.2 Group B - Diesel Fuel, Grade No. 2-D Ultra Low Sulfur

- DTN FastRacks Average Price for Ultra Low No. 2.
- Contractor's Markup as determined in Attachment C, Markup Sheet for the Region in which Delivery of Fuel is made.
- All applicable Fuel taxes and/or petroleum associated fees as determined by the county in which Delivery of Fuel is made

3.2.3 Group C - Diesel Fuel, Red Dye Grade No. 2 Ultra Low Sulfur

- DTN FastRacks Average Price for Ultra Low Red No. 2.
- Contractor's Markup as determined in Attachment C, Markup Sheet for the Region in which Delivery of Fuel is made.
- All applicable Fuel taxes and/or petroleum associated fees as determined by the county in which Delivery of Fuel is made.

3.2.4 Group D - Marine Grade Gasoline – Ethanol-Free (90 Octane Minimum)

- DTN FastRacks Average Price for Ethanol-Free Unleaded Gasoline (Marine Grade) or the closest available benchmark for non-Ethanol

recreational/marine gasoline as published for the terminal location nearest the Delivery point*.
- Contractor's Markup, as determined in Attachment C, Markup Sheet for the Region in which Delivery of Fuel is made.
- All applicable Fuel taxes and/or petroleum associated fees as determined by the county in which Delivery of Fuel is made.

*Note: If the DTN FastRacks Average Price report does not publish a distinct Ethanol-Free gasoline price at a nearby terminal, the Contractor shall use the nearest available non-Ethanol gasoline rack price from the closest terminal location from the approved list below, with prior approval by the Customer. Contractor must provide supporting documentation showing the benchmark source used in invoicing.

3.2.5 Group E – Marine Diesel Fuel, Grade No. 2 with Biocide Additive

- DTN FastRacks Average Price for Ultra Low Sulfur Diesel No. 2, as published for the terminal location nearest the Delivery point.
- Contractor's Markup, as determined in Attachment C, Markup Sheet for the Region in which Delivery of Fuel is made.
- All applicable Fuel taxes and/or petroleum-associated fees as determined by the county in which Delivery of Fuel is made.

3.2.6 Group F - Biodiesel Blend

- DTN FastRacks Average Price for Ultra Low No. 2. The daily price will be used to calculate the diesel portion for Biodiesel.
- The Wall Street Journal's published Monday closing price for soybean oil, as printed in the Tuesday edition under "Fats and Oils" in the "Cash Prices" column. This weekly price will be used to calculate the bio portion of the Biodiesel. This method of calculating the bio portion will be used unless the Contractor receives prior written consent from the Customer to an alternate method of getting the weekly price. If no Monday price is published in the Wall Street Journal, then the next available published price will apply (Tuesday, Wednesday, etc.).
- Contractor's Markup as determined in Attachment C, Markup Sheet for the Region in which Delivery of Fuel is made.
- All applicable Fuel taxes and/or petroleum associated fees as determined by the county in which Delivery of Fuel is made.

Sample Calculations:

B20 wholesale price = 0.80 times the price for ultra-low sulfur no. 2 diesel plus 0.20 times the price for soybean oil.

B10 wholesale price = 0.90 times the price for ultra-low sulfur no. 2 diesel plus 0.10 times the price for soybean oil.

B5 wholesale price = 0.95 times the price for ultra-low sulfur no. 2 diesel plus 0.05 times the price for soybean oil.

The Contractor is prohibited from negotiating or billing in a manner that exceeds the stated prices included in the Term Contract. The Contractor

agrees that the price charged to the Customer shall be subject to audit, and the Contractor shall make all records supporting the invoiced prices available for inspection, upon written request by the Customer.

The DTN FastRacks Average Price used above will be that of the closest appropriate terminal, on the date of Delivery to the Customer, regardless of when or where the Contractor obtained the Fuel. The Contractor must subscribe to the DTN FastRacks Averages by calling DTN's Sales Department at 1-800-475-4755 or by creating an account at https://www.dtn.com/refined-Fuels/wholesaler/fastracks/.

The following terminals are used to refer to the DTN FastRacks Average Prices:

- Pensacola, FL
- Panama City, FL
- Jacksonville, FL
- Orlando, FL
- Tampa, FL
- Miami, FL
- Bainbridge, GA

3.3 Fuel Fees, Taxes, and Other Costs

The Contractor may assess the following charges at the rates set forth in Attachment C, Markup Sheet, for the county in which Delivery of Fuel is made:

- Delivery Charge.
- Freight Charge (Transport Deliveries only).
- Pump Off Charge (Transport Deliveries only).
- Delay Charge.
- Back Haul Charge.
- Top Off Charge.
- Tank maintenance, but only in the event the Contractor receives prior written consent from the Customer agreeing to pay a tank maintenance fee and the amount thereof.
- Any applicable Fuel taxes and petroleum-associated fees as determined by the county in which Delivery of Fuel is made.

No other fees, taxes, or costs may be assessed by the Contractor unless expressly allowed by the Term Contract or by law.

3.4 Delivery to Customers

A map of the four geographical Regions (Western, Northern, Central, and Southern) can be located in Attachment C, Markup Sheet.

3.4.1 Delivery Requirements

The following replaces section 5.e., Transportation and Delivery, of the PUR 1000.

NOTE: Gallons listed below may be converted to liters.

3.4.1.1 Transport Delivery on this Term Contract shall be for a minimum of:

- 6,000 gallons for a Delivery of gasoline;
- 6,000 gallons for a Delivery of diesel; and
- 7,500 gallons for a combination load of gasoline and diesel.

3.4.1.2 Delivery options on the Term Contract for less than the Transport Delivery minimum amounts listed above may be made via Non-Transport Delivery.

3.4.1.3 In the event of an emergency, gasoline and/or diesel Deliveries can be made by a transport truck for gasoline or diesel Deliveries less than the Transport Delivery minimum amounts listed above.

3.4.1.4 Delivery shall be Free on Board (F.O.B.) destination to the Customer's location throughout the State of Florida.

3.4.1.5 Delivery shall be made available to all Customers and their locations. Imperial measurements appearing are not intended to preclude Bids for Fuel with equivalent metric measurements.

3.4.1.6 Delivery of Fuel will be delivered to the Customer's tank(s) within 48 hours after a Customer's Order is received unless specified otherwise in writing by the Customer. For new accounts, the Contractor will be allowed additional time to enter all required account information into their ordering/billing system to establish the new account. This time will be agreed upon by the Customer and the Contractor. The State prefers that vehicles equipped with meters make Delivery. If non-metered vehicles are used, the driver shall leave with the Customer a metered loading report from the terminal. If temperature corrected billing is used, the loading report shall give all pertinent information. Customer may agree to a higher Delivery Charge than that which is set forth in Attachment C, Markup Sheet, if Customer requests same day Delivery.

3.4.1.7 Before unloading of Fuel begins, Customer personnel and Contractor personnel shall measure the Customer's tank(s) to receive Fuel and shall again measure the tank(s) after Delivery.

3.5 Invoices

The Contractor shall submit timely and accurate invoices to the Customer. The Contractor shall have the ability to accept Customer Orders in writing, including electronically.

3.5.1 At a minimum the invoices are to provide the following information:

- Contractor's name, contract number, actual date of Delivery, location of Delivery, Fuel manufacturer, and Fuel quantity delivered;
- DTN FastRacks Average Price based on the actual Delivery date and named closest terminal used for price;
- Exempted taxes, fees, credits, Markup, and other charges consisting of Delivery, Freight, Pump Off, Delay, Back Haul, Top Off, or tank maintenance charge;
- Downward adjustments due to unforeseen circumstances including but not limited to erroneous orders, Fuel spills, Delivery of incorrect Fuel, and cross-fueling; and
- Total invoice price.

3.5.2 To encourage transparency, all line item costs on all invoices shall include a description of each cost sufficient for a Customer to understand and audit.

4. WARRANTY

The Contractor warrants that all Fuel delivered under this Term Contract shall conform to the specifications stated in this Scope of Work, and all applicable federal and state regulations,

including Rule 5J-21.001, F.A.C.

4.1 The Fuel shall be free from contamination, water, sediments, or other impurities that could impair vehicle or equipment performance. The Contractor shall be fully responsible for any damages, costs, or losses arising from Delivery or supplying of non-conforming or contaminated Fuel, including equipment repairs and remediation.

4.2 If any Fuel delivered under this Term Contract is found to be non-compliant, the Contractor shall, at their own expense:

4.2.1 Promptly replace the non-conforming Fuel;
4.2.2 Remove and dispose of the defective product in compliance with applicable federal and state regulations; and
4.2.3 Reimburse the Customer for any damages and reasonable expenses resulting from the Delivery, handling, or use of such Fuel.

The warranty shall extend for a period of at least 90 days from the date of each Delivery.

5. CUSTOMER SERVICE
The Contractor shall designate at least one authorized representative to serve as the primary point of contact for all matters related to this Term Contract, including ordering, Delivery coordination, billing inquiries, and quality concerns. The representative must be available by phone and email during Business Days and must respond to inquiries within one Business Day. The Contractor's representative shall maintain courteous and professional communication with the Department and Customers at all times.

6. COMPLIANCE AND COMPATIBILITY
It is the Contractor's responsibility to ensure that all Fuel supplied is compliant with the Term Contract requirements, specifications, terms, and conditions. The Contractor's acceptance of the Customer's Order shall indicate that the Contractor agrees to deliver Fuel that is fully compliant and compatible with the Customer's Order requirements, specifications, terms, and conditions.

7. PUNCHOUT CATALOG AND ELECTRONIC INVOICING
The Contractor is encouraged to provide an MFMP punchout catalog.

The punchout catalog provides an alternative mechanism for suppliers to offer the State access to products awarded under the Term Contract. The punchout catalog also allows for direct communication between the MFMP eProcurement System and a supplier's Enterprise Resource Planning (ERP) system, which can reflect real-time product inventory/availability information.

The punchout catalog enables Florida buyers to "punch out" to a supplier's website. Using the search tools on the supplier's Florida punchout catalog site, the user selects the desired products. When complete, the user exits the supplier's punchout catalog site and the shopping cart (full of products) is "brought back" to MFMP. No Orders are sent to a supplier when the user exits the supplier's punchout catalog site. Instead, the chosen Products are "brought back" to MFMP as line items in a purchase order. The user can then proceed through the normal workflow steps, which may include adding, deleting, and editing products (i.e., line items) in the purchase order. An Order is not submitted to a supplier until the user approves and submits the purchase order, at which point the supplier receives an email with the Order details.

The Contractor may supply electronic invoices in lieu of paper-based invoices for those transactions processed through MFMP. Electronic invoices may be submitted to the Customer through one of the mechanisms as listed below:

1) EDI (Electronic Data Interchange)
This standard establishes the data contents of the Invoice Transaction Set (EDI 810) for use within the context of an Electronic Data Interchange (EDI) environment. This transaction set can be used for invoicing via the Business Network (formerly known as Ariba Network) for catalog and non-catalog goods and services.

2) PO Flip via BN
This online process allows Contractors to submit invoices via the BN for catalog and non-catalog goods and services. Contractors are able to create an invoice directly from their inbox in their BN account by simply "flipping" the PO into an invoice. This option does not require any special software or technical capabilities.

The Contractor warrants and represents that it is authorized and empowered to and hereby grants the State and the third-party provider of MFMP, a State contractor, the right and license to use, reproduce, transmit, distribute, and publicly display within MFMP the information outlined above. In addition, the Contractor warrants and represents that it is authorized and empowered to and hereby grants the State and the third-party provider the right and license to reproduce and display within MFMP the Contractor's trademarks, system marks, logos, trade dress, or other branding designation that identifies the products made available by the Contractor under the Term Contract.

8. RECALLED COMMODITIES
In the event there is a recall of any commodity offered on the Term Contract, or any part or component of a, or any parts incorporated into the commodity, the Contractor shall assist the Department and Customers in developing a recall strategy and shall cooperate with the Department and the Customers in monitoring the recall operation and in preparing such reports as may be required. Each Contractor shall, at the request of the Department or any Customer, assist the Department and each Customer in locating and obtaining any recalled commodities. Each Contractor shall immediately notify and provide copies to the Department of any communications, whether relating to recalls or otherwise, with any Customer. The Contractor shall ensure recalled commodities are rectified, replaced and destroyed in compliance with all applicable laws.

9. REQUEST FOR QUOTES REQUIREMENT
Customers shall use a Request for Quotes in accordance with section 287.056(2), F.S., and Rule 60A-1.043, F.A.C., when making purchases off this State Term Contract (Term Contract). For any purchases off the Term Contract, the Contractor recognizes its responsibility for all tasks and deliverables contained in the Term Contract and any Customer Request for Quote, warrants that it has fully informed itself of all relevant factors affecting accomplishment of the tasks and deliverables and agrees to be fully accountable for the performance thereof.

10. FINANCIAL CONSEQUENCES
Failure to comply with the requirements of the Term Contract will result in the imposition of financial consequences. The following financial consequences will apply for the Contractor's failure to meet the performance metric standard and due date corresponding with the deliverables under the Term Contract. The Customer may impose additional Financial Consequences beyond those stated herein to apply to that Customer's purchase. The State of Florida reserves the right

to withhold payment or implement other appropriate remedies, such as Term Contract termination, or nonrenewal, when the Contractor has failed to comply with the provisions of the Term Contract.

The financial consequences below will be paid and received by the Department of Management Services within 30 calendar days from the due date specified by the Department. These financial consequences below are individually assessed for failures over each target period beginning with the first full month or quarter of the Term Contract performance and every month or quarter, respectively, thereafter.

Financial Consequences Chart

Deliverable	Performance Metric	Performance Due Date	Financial Consequence for Non-Performance
Contractor will timely submit complete Term Contract Quarterly Sales Reports	All Term Contract Quarterly Sales Reports will be submitted timely with the required information	Completed reports are due on or before the 30th calendar day after the close of each State fiscal quarter	$250 per day late
Contractor will timely submit complete MFMP Transaction Fee Reports	All MFMP Transaction Fee Reports will be submitted timely with the required information	Completed reports are due on or before the 15th calendar day after the close of each month	$100 per day late
Contractor will deliver Fuel in a timely manner as described in the Delivery Requirements Section	All Fuel Deliveries will be on time	All Fuel Deliveries will be made within 48 hours after Customer's Order is received	$250 per day late

No favorable action will be considered when Contractor has outstanding Term Contract Quarterly Sales Reports, MFMP Transaction Fee Reports, or any other documentation owed to the Department or Customer, to include fees / monies, that are required under this Term Contract.

EXHIBIT B

ENTERPRISE STANDARD TERMS AND CONDITIONS

These Enterprise Standard Terms and Conditions set forth the terms and conditions regarding the administration of the Term Contract, including the provision of Products to Customers. Customer specific terms for purchases off this Term Contract shall be set forth in the Customer specific agreement.

SECTION 1. DEFINITIONS

Capitalized terms used herein are defined as follows:

"Attachments" means the attachments, addenda, schedules, exhibits, and other documents, however so titled, attached hereto or incorporated by reference herein.

"Business Days" means Monday through Friday, inclusive, excluding State holidays specified in section 110.117, Florida Statutes ("F.S.").

"Contractor" means the person or entity that is a party to the Term Contract and is offering Products for purchase.

"Customer" means the agency, as defined in section 287.012, F.S., or eligible user, as defined in Rule 60A-1.001, Florida Administrative Code ("F.A.C."), that makes a purchase off the Term Contract. For the avoidance of doubt, this also includes the Department when it purchases off the Term Contract.

"Department" means the Department of Management Services, an agency as defined in section 287.012, F.S., responsible for the administration of this Term Contract.

"Enterprise Alternate Contract Source" means a contract authorized pursuant to section 287.042(16), F.S., or approved pursuant to section 287.057(3)(b), F.S., for statewide use.

"Product" means any deliverable under the Term Contract, which may include commodities and contractual services, as each is defined in section 287.012, F.S. "Product" does not include, and no State funding under the Term Contract is being provided for, promoting, advocating for, or providing training or education on "Diversity, Equity, and Inclusion" ("DEI"). DEI is any program, activity, or policy that classifies individuals on the basis of race, color, sex, national origin, gender identity, or sexual orientation and promotes differential or preferential treatment of individuals on the basis of such classification, or promotes the position that a group or an individual's action is inherently, unconsciously, or implicitly biased on the basis of such classification.

"State" means the State of Florida

"State Term Contract" means a term contract that is competitively procured by the department pursuant to section 287.057, F.S. and that is used by agencies and eligible users pursuant to section 287.056, F.S.

"Term Contract" means the legally enforceable term contract, as defined in section 287.012, F.S., between the Department and Contractor to which these Enterprise Standard Terms and Conditions apply, including all Attachments thereto**.** The Term Contract is either a State Term Contract or an Enterprise Alternate Contract Source.

SECTION 2. CONTRACT AMENDMENT

2.1 Amendment. The Term Contract contains all the terms and conditions agreed upon by the parties. Unless otherwise stated in Term Contract, the Term Contract may only be amended upon mutual written agreement signed by the parties. No oral agreements or representations will be valid or binding upon the Department or the Contractor. Unless explicitly agreed to by the Department in the Term Contract, no unilateral alteration or modification of the Term

Contract terms, including substitution of Product, will be valid or binding against the Customer.

The Department and Contractor may modify the Term Contract to alter, add to, or deduct from the Term Contract specifications, provided that such changes are within the general scope of the Term Contract. The parties may make an equitable adjustment in the Term Contract price or delivery date if the change affects the cost or time of performance.

SECTION 3. CONTRACT CONSTRUCTION AND ADMINISTRATION

3.1 Construction. Unless the context requires otherwise, (i) the words "include," "includes," and "including" are deemed to be followed by the words "without limitation;" (ii) the word "or" is not exclusive; and (iii) the words "herein," "hereof," "hereby," "hereto," and "hereunder" refer to the Term Contract as a whole, inclusive of all Attachments. Unless the context requires otherwise, references herein to (i) sections or Attachments mean the sections of, or Attachments to, the Term Contract; (ii) an agreement, instrument, or other document means such agreement, instrument, or other document as amended, supplemented, and modified from time to time to the extent permitted by the provisions thereof; and (iii) a statute, rule, or other law or regulation means such statute, rule, or other law or regulation as amended from time to time and includes any successor legislation thereto and any regulations promulgated thereunder.

Unless the context requires otherwise, whenever the masculine is used in the Term Contract, the same will include the feminine and whenever the feminine is used herein, the same will include the masculine. Unless the context requires otherwise, whenever the singular is used in the Term Contract, the same will include the plural, and whenever the plural is used herein, the same will include the singular, where appropriate. All references to "$" or "dollars" means the United States Dollar, the official and lawful currency of the United States of America.

The Term Contract will be construed without regard to any presumption or rule requiring construction or interpretation against the party drafting an instrument or causing any instrument to be drafted. The Attachments referred to herein will be construed with, and as an integral part of, the Term Contract to the same extent as if they were set forth verbatim herein.

3.2 Administration. Execution in Counterparts. The Term Contract may be executed in counterparts, each of which will be an original and all of which will constitute but one and the same instrument.

3.2.1 **Notices.** Where the term “written notice” is used to specify a notice requirement herein, said notice will be deemed to have been given (i) when personally delivered; (ii) email (with confirmation of receipt) the day immediately following the day (except if not a Business Day then the next Business Day) on which the notice or communication has been provided prepaid by the sender to a recognized overnight delivery service; or (iii) on the date actually received except where there is a date of the certification of receipt.

Unless otherwise specified, the Contractor shall deliver all notices to the Department’s Contract Manager and the Department shall deliver all notices to the Contractor’s Contract Manager.

3.2.2 **Severability.** If a court deems any non-material provision of the Term Contract void or unenforceable, all other provisions will remain in full force and effect. Upon a determination that any material provision is void or unenforceable, the parties shall negotiate in good faith to modify this Term Contract to give effect to the original intent of the parties as closely as possible in order that the transactions contemplated hereby are consummated as originally contemplated to the greatest extent possible.

3.2.3 **Waiver.** The delay or failure by the Department to exercise or enforce any of its rights under the Term Contract will not constitute or be deemed a waiver of the Department's right thereafter to enforce those rights, nor will any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right.

3.2.4 **Survivability.** The Term Contract and any and all promises, covenants, and representations made herein are binding upon the parties hereto and any and all respective heirs, assigns, and successors in interest. The respective obligations of the parties, which by their nature would continue beyond the termination or expiration of the Term Contract, including without limitation, the obligations regarding confidentiality, proprietary interests, reporting, and public records, will survive termination or expiration of the Term Contract.

3.2.5 **Third Party Beneficiaries.** The parties acknowledge and agree that the Term Contract is for the benefit of the parties hereto. The Term Contract is not intended to confer any legal rights or benefits on any other party, except such rights and benefits associated with a purchase made by a Customer off this Term Contract.

SECTION 4. CONTRACT TERM, SUSPENSION, AND TERMINATION.

4.1 **Term.** The initial term will begin on the date set forth in the Term Contract documents or on the date the Term Contract is signed by all parties, whichever is later.

Upon written agreement, the Department and the Contractor may renew the Term Contract in whole or in part only as set forth in the Term Contract documents, and in accordance with section 287.057(13), F.S. No costs may be charged for the renewals.

4.2 **Suspension of Work and Termination.**

4.2.1 **Suspension of Work.** The Department may, in its sole discretion, suspend any or all activities under the Term Contract, at any time, when it is in the best interest of the State of Florida to do so. The Department will provide the Contractor written notice outlining the particulars of the suspension. After receiving a suspension notice, the Contractor must comply with the notice and will cease the performance of the Term Contract. Suspension of work will not entitle the Contractor to any compensation for services not performed or commodities not delivered during the suspension period nor for any additional compensation.

4.2.2 **Termination for Convenience.** The Term Contract may be terminated by the Department, by written notice to the Contractor thirty (30) calendar days in advance, in whole or in part at any time, when the Department determines in its sole discretion that it is in the Department's interest to do so. The Contractor shall not furnish any Product after it receives the notice of termination, except as necessary to complete

the continued portion of the Term Contract, or a continued purchase off the Term Contract, if any. The Contractor will not be entitled to recover any cancellation charges or lost profits. If the Term Contract is terminated before performance is completed, the Contractor will be paid only for that work satisfactorily performed for which costs can be substantiated. Such payment, however, may not exceed an amount which is the same percentage of any Customer contract price as the amount of work satisfactorily performed. All work in progress will become the property of the Customer and will be turned over promptly by the Contractor.

4.2.3 **Termination for Cause.** The Department may terminate the Term Contract if the Contractor fails to (i) on multiple occasions, timely deliver Products purchased by Customers, (ii) on multiple occasions, maintain adequate progress on Customer purchases, thus endangering performance, (iii) honor any term of the Term Contract, or (iv) abide by any statutory, regulatory, or licensing requirement. The Department may, at its sole discretion, (i) immediately terminate the Term Contract, (ii) notify the Contractor of the deficiency and require that the deficiency be corrected within a specified time, otherwise the Term Contract will terminate at the end of such time, or (iii) take other action deemed appropriate by the Department. The Contractor shall continue work on any work not terminated.

Except for defaults of subcontractors at any tier, the Contractor will not be liable for any excess costs if the failure to perform arises from events completely beyond the control, and without the fault or negligence, of the Contractor. If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is completely beyond the control of both the Contractor and the subcontractor, and without the fault or negligence of either, the Contractor will not be liable for any excess costs for failure to perform, unless the subcontracted Products were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule. If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of the Department. The rights and remedies of the Department in this clause are in addition to any other rights and remedies provided by law or under the Term Contract. The Customer will notify the Department of any vendor that has met the grounds for placement of the vendor on the Department of Management Services' Suspended Vendor List, as required in section 287.1351, F.S.

4.2.4 **Termination for Non-Compliance with E-Verify.** Pursuant to section 448.095(5)(c)1., F.S., the Department shall terminate the Term Contract if it has a good faith belief that the Contractor has knowingly violated section 448.09(1), F.S. Pursuant to section 448.095(5)(c)2., F.S., if the Department has a good faith belief that a subcontractor knowingly violated section 448.09(1), F.S., the Department shall promptly notify the Contractor and order the Contractor to immediately terminate the contract with the subcontractor.

4.2.5 **Termination Related to Statutory Certifications.** At the Department's option, the Term Contract may be terminated if the Contractor is placed on any of the lists referenced in the attached PUR 7801, Vendor Certification Form, or would otherwise be prohibited from entering into or renewing the Term Contract based on the statutory provisions referenced therein.

4.2.6 **Termination for Refusing Access to Public Records.** In accordance with section 287.058, F.S., the Department may unilaterally terminate the Term Contract for refusal by the Contractor to allow public access to all documents, papers, letters, or other material made or received by the Contractor in conjunction with the Term Contract, unless the records are exempt from s. 24(a) of Art. I of the State Constitution and section 119.071(1), F.S.

SECTION 5. PURCHASES OFF THE TERM CONTRACT.

5.1 Purchases. By executing the Term Contract, the Contractor agrees to allow Customers to make purchases off the Term Contract. Purchases from Customers other than the Department are independent of the agreement between the Department and the Contractor, and the Department shall not be a party to such transaction. Customers' purchases off the Term Contract are limited to Products offered under the Term Contract, and no additional Products may be provided under a purchase off the Term Contract.

5.2 Purchase Submission. For any purchases off the Term Contract, either the contract (as defined in Rule 60A-1.001, F.A.C.) must be executed between the Customer and Contractor, or the purchase order (as defined in Rule 60A-1.001, F.A.C.) must be issued by the Customer to the Contractor, no later than the last day of the Term Contract's term to be considered timely. Contracts executed, or purchase orders issued, after the last day of the Term Contract's term shall be considered void.

5.3 Terms. The terms of the Form PUR 1000, General Contract Conditions, incorporated in Rule 60A-1.002, F.A.C.**,** and linked here http://www.flrules.org/Gateway/reference.asp?No=Ref-16731, are hereby incorporated by reference herein and will apply to all purchases made by a Customer off the Term Contract. The Customer may attach additional terms and conditions specific to its particular purchase made off the Term Contract, which are considered Special Conditions. The term "Special Conditions" does not include any Contractor-provided documents, including attachments or standard preprinted forms, service agreements, end user agreements, product literature, or "shrink wrap" terms accompanying or affixed to a Product, whether written or electronic, or terms incorporated onto the Contractor's order or fiscal forms or other documents forwarded by the Contractor for payment. Any Customer Special Conditions shall not become a part of the Term Contract.

5.3.1 **Term.** The term of the Customer purchase off the Term Contract will be as specified in the purchase, except that if renewals of the purchase are permitted, the Customer and Contractor shall not renew the purchase if the Term Contract expires prior to the effective date of the renewal. Any existing term of a purchase off the Term Contract shall not extend more than forty-eight (48) months beyond the end of the Term Contract. However, if an extended pricing plan offered in the Term Contract is agreed upon by the Customer and Contractor and extends more than forty-eight (48) months beyond the end of the Term Contract, the agreed upon extended pricing plan terms shall govern the maximum duration of the purchase. The Contractor is required to fulfill timely purchases that extend performance beyond the Term Contract term even when such extended delivery will occur after expiration of the Term Contract. For such purchases, all terms and conditions of the Term Contract shall survive the termination or expiration of the Term Contract and apply to the Contractor's continued performance.

5.3.2 **Additional Requirements.** All Customer purchases off the Term Contract shall contain the Term Contract name and number and shall be placed by the Customer. Delivery or furnishing Products shall not occur until the Customer executes their contract or transmits the purchase order**,** as defined in Rule 60A-1.001, F.A.C**.**

SECTION 6. PAYMENT AND FEES.

6.1 Pricing. The Contractor shall not exceed the pricing set forth in the Term Contract documents.

6.2 Best Pricing Offer. During the term of the Term Contract, if the Department or Customer becomes aware of better pricing offered by the Contractor for substantially the same or a smaller quantity of a Product outside the Term Contract, but upon the same or similar terms of the Term Contract, then the Department or Customer may request that the Contractor immediately reduce to the lower price.

6.3 Price Decreases. The following price decrease terms will apply to the Term Contract:

6.3.1 **Quantity Discounts.** The Contractor may offer additional discounts for one-time delivery of large single orders. The Customer should seek to negotiate additional price concessions on quantity purchases of any Products offered under the Term Contract.

6.3.2 **Sales Promotions.** In addition to decreasing prices for the balance of the Term Contract term due to a change in market conditions, the Contractor may conduct sales promotions involving price reductions for a specified lesser period. If conducting a sales promotion, the Contractor must submit documentation to the Department's Contract Manager identifying the proposed: (1) starting and ending dates of the promotion, (2) Products involved, and (3) promotional prices compared to then-authorized prices. The Contractor shall provide notice to Customers of the promotion and shall make the promotional prices available to all Customers.

6.3.3 **Equitable Adjustment.** The Department may, in its sole discretion, make an equitable adjustment in the Term Contract terms or pricing if pricing or availability of supply is affected by extreme and unforeseen volatility in the marketplace, that is, by circumstances that satisfy all the following criteria: (1) the volatility is due to causes wholly beyond the Contractor's control, (2) the volatility affects the marketplace or industry, not just the particular Term Contract source of supply, (3) the effect on pricing or availability of supply is substantial, and (4) the volatility so affects the Contractor that continued performance of the Term Contract would result in a substantial loss.

6.4 Purchase Prerequisites. The Contractor may be required to accept the State of Florida Purchasing Card and MyFloridaMarketPlace (MFMP) purchase orders. The Contractor shall not charge any fees for payments received via the State's P-Card. The Contractor must ensure that entities receiving payment directly from Customers under this Term Contract must have met the following requirements:

- Have an active registration with the Florida Department of State, Division of Corporations (www.sunbiz.org), or, if exempt from the registration requirements, provide the Department with the basis for such exemption.
- Be registered in the MFMP Vendor Information Portal (https://vendor.myfloridamarketplace.com).
- Have a current W-9 filed with the Florida Department of Financial Services (https://flvendor.myfloridacfo.com)

6.5 **Transaction Fees.** The State of Florida, through the Department of Management Services, has instituted MyFloridaMarketPlace, a statewide eProcurement system pursuant to section 287.057(24), Florida Statutes (F.S.). All payments issued by Agencies to registered vendors for purchases of Commodities or Contractual Services under Chapter 287, F.S., shall be assessed the Transaction Fee of one percent (1.0%) of the total amount of the payments received from the State or Eligible Users, as prescribed by Rule 60A-1.031, Florida Administrative Code (F.A.C.), or as may otherwise be established by law. Vendors shall pay the Transaction Fee and are subject to automatic deduction of the Transaction Fee, when automatic deduction becomes available. Vendors shall submit any monthly reports required pursuant to Rule 60A-1.031, F.A.C. All such reports and payments are subject to audit. The Agency will have grounds for declaring the vendor in default if the vendor fails to comply with the payment of the Transaction Fee or reporting of payments, which may subject the vendor to being suspended from business with the State of Florida.

6.6 **Exclusivity.** The Term Contract is not an exclusive license to provide the Products described in the Term Contract. The Department may, without limitation and without recourse by the Contractor, contract with other vendors to provide the same or similar Products.

SECTION 7. PERFORMANCE

7.1 **Warranty of Ability to Perform.** Upon the effective date of the Term Contract, and each year on the anniversary date of the Term Contract, the Contractor shall submit to the Department a completed PUR 7801, Vendor Certification Form. The Contractor warrants that, to the best of its knowledge, there is no pending or threatened action, proceeding, or investigation, or any other legal or financial condition, that would in any way prohibit, restrain, or diminish the Contractor's ability to satisfy its Term Contract obligations.

Additionally, the Contractor shall promptly notify the Department in writing if its ability to perform is compromised in any manner during the term of the Term Contract (including potential inability to renew the Term Contract due to section 287.138 or 908.111, F.S.) or if it or its suppliers, subcontractors, or consultants under the Term Contract are placed on the Suspended Vendor, Convicted Vendor, Discriminatory Vendor, Forced Labor Vendor, or Antitrust Violator Vendor Lists. The Contractor shall use commercially reasonable efforts to avoid or minimize any delays in performance and shall inform the Department of the steps the Contractor is taking or will take to do so, and the projected actual completion (or delivery) time. If the Contractor believes a delay in performance by the Department has caused or will cause the Contractor to be unable to perform its obligations on time, the Contractor shall promptly so notify the Department and use commercially reasonable efforts to perform its obligations on time notwithstanding the Department's delay.

7.2 **Further Assurances.** The parties shall, with reasonable diligence, do all things and provide all reasonable assurances as may be necessary to complete the requirements of the Term Contact, and each party shall provide such further documents or instruments requested by the other party as may be reasonably necessary or desirable to give effect to the Term Contract and to carry out its provisions. The Department is entitled at all times, upon request, to be advised as to the status of work being done by the Contractor and the details thereof.

7.3 **Assignment.** The Contractor shall not sell, assign or transfer any of its rights, duties or obligations under the Term Contract without the prior written consent of the Department. In the event of any assignment, the Contractor remains secondarily liable for performance of the Term Contract, unless the Department expressly waives such secondary liability. The Department may assign the Term Contract with prior written notice to Contractor of its intent to do so.

7.4 **Employees, Subcontractors, and Agents.**

7.4.1 **Subcontractors.** The Contractor will not subcontract any work under the Term Contract without prior written consent of the Department. The Contractor shall obtain prior written consent using the process identified on the Department's website: Subcontractor/Dealer/Reseller Forms / Vendor Resources / State Purchasing / Business Operations - Florida Department of Management Services (myflorida.com). The use of the term "subcontractor" may refer to affiliates, resellers, dealers, distributors, partners, teammates, and all other third parties utilized by the Contractor at any tier under the Term Contract. The Contractor is responsible for ensuring that its subcontractors providing commodities and performing services in furtherance of the Term Contract do so in compliance with the terms and conditions of the Term Contract. By execution of the Term Contract, the Contractor acknowledges that it will not be released of its contractual obligations to Customers because of any failure of a subcontractor. The Contractor is fully responsible for satisfactory completion of all work performed under the Term Contract. The Contractor's use of a subcontractor not approved by the Department will be considered a material breach of the Term Contract.

7.4.2 **Independent Contractor.** The Contractor and its employees, agents, representatives, and subcontractors are not employees or agents of the Department or the State and are not entitled to the benefits of Department or State employees. Neither the Customer nor the State will be bound by any acts or conduct of the Contractor or its employees, subcontractors, or agents. The Contractor shall include this provision in all of its subcontracts under the Term Contract.

7.5 **Force Majeure, Notice of Delay, and No Damages for Delay.** The Contractor will not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of the Contractor or its employees, subcontractors, or agents contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, lightning strikes, fires, floods, or other similar cause wholly beyond the Contractor's control, or for any of the foregoing that affect suppliers if no alternate source of supply is available to the Contractor.

In case of any delay the Contractor believes is excusable, the Contractor shall notify the Department in writing of the delay or potential delay and describe the cause of the delay either (i) within ten (10) calendar days after the cause that creates or will create the delay first arose, if the Contractor could reasonably foresee that a delay could occur as a result; or (ii) if a delay is not reasonably foreseeable, within five (5) calendar days after the date the Contractor first had reason to believe that a delay could result. THE FOREGOING WILL CONSTITUTE THE CONTRACTOR'S SOLE REMEDY OR EXCUSE WITH RESPECT TO ANY DELAY except if such delay is caused by the fraud, bad faith, or active interference of the Department. Providing notice in strict accordance with this paragraph is a condition precedent to such remedy, and a rebuttable presumption of prejudice will exist based on

Contractor's untimely notice. The Contractor shall not assert any claim for damages related to such delay. The Contractor will not be entitled to an increase in the Term Contract price or payment of any kind from the Department for direct, indirect, consequential, impact, or other costs, expenses, or damages, including costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever.

If performance is suspended or delayed, in whole or in part, due to any of the causes described in this subsection, the Department may unilaterally (and with no recourse on the part of the Contractor) identify and use an alternate source to complete any work under the Term Contract as the Department deems necessary, in its sole discretion. After the causes have ceased to exist, the Contractor shall perform at no increased cost, unless the Department determines, in its sole discretion, that the delay will significantly impair the value of the Contract to the Department or State, in which case the Department may (i) accept allocated performance or deliveries from the Contractor, provided that the Contractor grants preferential treatment to the Department with respect to Products subjected to allocation; or (ii) terminate the Term Contract in whole or in part.

SECTION 8. CONTRACT MANAGEMENT

8.1 Department's Contract Manager. The Department's Contract Manager for the Term Contract, who is primarily responsible for the Department's oversight of the Term Contract, will be identified in a separate writing to the Contractor upon Term Contract signing in the following format:

Department's Contract Manager Name
Department's Name
Department's Physical Address
Department's Telephone #
Department's Email Address

8.2 Contractor's Contract Manager. The Contractor's Contract Manager, who is primarily responsible for the Contractor's oversight of the Term Contract performance, will be identified in a separate writing to the Department upon Term Contract signing in the following format:

Contractor's Contract Manager Name
Contractor's Name
Contractor's Physical Address
Contractor's Telephone #
Contractor's Email Address

Either party may notify the other by email of a change to a designated contact providing the contact information for the newly designated contact, and such notice is sufficient to effectuate this change without requiring a written amendment to the Term Contract.

SECTION 9. COMPLIANCE WITH LAWS.

9.1 Conduct of Business. The Contractor shall comply with all laws, rules, codes, ordinances, and licensing requirements that are applicable to the conduct of its business and that are applicable to the Term Contract, including those of federal, state, and local agencies having jurisdiction and authority, and shall ensure that any and all subcontractors utilized do the same. The Contractor represents and warrants that no part of the funding under the Term Contract will be used in violation of any state or federal law, including, but not limited to, 8

U.S.C. § 1324 or 8 U.S.C. § 1325, or to aid or abet another in violating state or federal law. The Department may terminate the Term Contract at any time if the Contractor violates, or aids or abets another in violating, any state or federal law.

If the requirements of the Term Contract conflict with any governing law, codes or regulations, the Contractor shall notify the Department in writing and the parties shall amend the Term Contract to comply with the applicable code or regulation. Similarly, if the Contractor believes that any governmental restrictions have been imposed that require alteration of the material, quality, workmanship or performance of the Products offered under the Term Contract, the Contractor shall immediately notify the Department in writing, indicating the specific restriction. The Department reserves the right and the complete discretion to accept any such alteration or to cancel the Term Contract at no further expense to the Department.

Pursuant to section 287.057(26), F.S., the Contractor shall answer all questions of, and ensure a representative will be available to, a Customer's continuing oversight team for purchases off this Term Contract.

9.2 Integrity. In addition to any applicable statutory restrictions, the Contractor shall not, in connection with this or any other agreement with the State, directly or indirectly (i) offer, confer, or agree to confer any pecuniary benefit on anyone as consideration for any State officer or employee's decision, opinion, recommendation, vote, other exercise of discretion, or violation of a known legal duty; or (ii) offer, give, or agree to give to anyone any gratuity for the benefit of, or at the direction or request of, any State officer or employee. For purposes of clause (ii), "gratuity" means any payment in the form of cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind.

SECTION 10. DISPUTES AND LIABILITIES.

10.1 Dispute Resolution. Should any disputes arise between the Department and the Contractor with respect to the Term Contract, the Contractor and the Department shall act immediately to resolve any such disputes. Time is of the essence in the resolution of disputes.

Exhaustion of this administrative remedy detailed in the Dispute Resolution Process contemplated in this Term Contract is an absolute condition precedent to the Contractor's ability to seek other remedies related to the Term Contract.

10.2 Dispute Resolution Process.

(a) Department Review. The parties shall resolve disputes through written submission of their dispute to the Department's Contract Manager. The Department shall respond to the dispute in writing within ten (10) Business Days from the date that the Department's Contract Manager receives the dispute. The Department's decision shall be final unless a party provides the other party with written notice of the party's disagreement with the decision within ten (10) Business Days from the date of the Department's decision. If a party disagrees with the Department's decision, the party may proceed to subsection (b) below.

(b) Meeting between the Principals. If either party disagrees with the Department's decision, such disagreeing party shall notify the other party of the disagreement within ten (10) Business Days. The parties shall then schedule a meeting between each party's principal (for the Department, the Department head or designee; for the Contractor, the Chief Executive Officer or designee) on a mutually agreed upon date, no later than ten (10)

Business Days after the provision of the notice. The principals shall attempt to mutually resolve the disagreement at such meeting.

(c) Mediation. If the dispute is not resolved through a meeting of the Principals, the parties, upon mutual agreement, may mediate such dispute. If such mediation is not completed within 100 calendar days from receipt of the Department's decision, then either party may seek other remedies.

If the dispute is not resolved through the full process in subsections (a) - (c) above (or (a) – (b), if mediation is not agreed to), either party may pursue any other remedies.

10.3 Contractor's Obligation to Perform While Disputes are Pending. The Contractor shall proceed diligently with performance under the Term Contract pending the final resolution of any dispute or request for relief, claim, appeal, or action arising under the Term Contract and shall comply with directions to perform from the Department. Should the Contractor not perform while a dispute is pending, including by not performing disputed work, such nonperformance by the Contractor may be deemed to be an unexcused breach of the Term Contract which is separate and apart from any other dispute.

10.4 Governing Law and Venue. The Term Contract will be governed by, and construed in accordance with, the laws of the State. Jurisdiction and venue for suit arising under the terms of the Term Contract will exclusively be in the appropriate State court located in Leon County, Florida. Except as otherwise provided by law, the parties agree to be responsible for their own attorney's fees and costs incurred in connection with disputes arising under the terms of the Term Contract.

10.5 Remedies Cumulative. No remedy herein conferred upon or reserved to either party is intended to be exclusive of any other remedy or remedies, and each and every such remedy will be cumulative, and will be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity.

10.6 JURY WAIVER. THE PARTIES, ON BEHALF OF THEMSELVES AND ASSIGNS, WAIVE ALL RIGHT TO TRIAL BY JURY FOR ANY ACTION, APPEAL, CLAIM, OR PROCEEDING, WHETHER IN LAW IN OR IN EQUITY, WHICH IN ANY WAY ARISES OUT OF OR RELATES TO THE TERM CONTRACT OR ITS SUBJECT MATTER.

10.7 Indemnification. For any and all third-party claims, actions, demands, liabilities, and expenses of any kind which are caused by, related to, growing out of or happening in connection with the Term Contract (including any determination arising out of or related to the Term Contract that the Contractor or its employees, agents, subcontractors, assignees, or delegates are not independent contractors in relation to the Department or State), the Contractor shall be fully liable for the actions of its employees, subcontractors, and agents and shall fully indemnify, defend, and hold harmless the Department and the State (including each of their current and former officers, agents, and employees) for any and all loss, damage, injury, costs, reasonable expenses, or other casualty to person or property. Without limiting this indemnification requirement, the Department may provide the Contractor (i) written notice of any action or threatened action, (ii) the opportunity to take over and settle or defend any such action at the Contractor's sole expense, and (iii) assistance in defending the action at the Contractor's sole expense. The above indemnity requirement does not apply to that portion of any loss or damages proximately caused by the negligent act or omission of the Department or the State. Nothing herein is intended to act as a waiver of the Department's or State's sovereign immunity or to be deemed consent by the Department or State or its

subdivisions to suit by third parties.

SECTION 11. MISCELLANEOUS.

11.1 Department of State Registration. Consistent with Title XXXVI, F.S., if the Contractor asserts status other than that of a sole proprietor, it must provide the Department with i) conclusive evidence of a certificate of status, not subject to qualification, if a Florida business entity; ii) a certificate of authorization if a foreign business entity; or iii) if exempt from the registration requirements, a basis for such exemption.

11.2 Time is of the Essence. Time is of the essence regarding every obligation of the Contractor under the Term Contract. Each obligation is deemed material, and a breach of any such obligation (including a breach resulting from untimely performance) is a material breach.

11.3 Cooperative Purchasing. Pursuant to their own governing laws, and subject to the agreement of the Contractor, governmental entities that are not Customers may make purchases under the terms and conditions contained herein, if agreed to by the Contractor. Such purchases are independent of the Term Contract between the Department and the Contractor, and the Department is not a party to these transactions.

SECTION 12. PUBLIC RECORDS, TRADE SECRETS, DOCUMENT MANAGEMENT, AND INTELLECTUAL PROPERTY.

12.1 General Record Management and Retention. The Contractor shall retain all records that were made in relation to the Term Contract for the longer of five (5) years after expiration of the Term Contract or the period required by the General Records Schedules maintained by the Florida Department of State available at: https://dos.fl.gov/library-archives/records-management/general-records-schedules/.

12.2 Identification and Protection of Confidential Information. Article 1, section 24, of the Florida Constitution, guarantees every person access to public records, and section 119.011, F.S., provides a broad definition of "public record." As such, records submitted to the Department (or any other State agency) are public records and are subject to disclosure unless exempt from disclosure by law. If the Contractor considers any portion of a record it provides to the Department (or any other State agency) to be trade secret or otherwise confidential or exempt from disclosure under Florida or federal law ("Confidential Information"), the Contractor shall mark as "confidential" each page of a document or specific portion of a document containing Confidential Information and simultaneously provide the Department (or other State agency) with a separate, redacted copy of the record. The Contractor shall state the basis of the exemption that the Contractor contends is applicable to each portion of the record redacted, including the specific statutory citation for such exemption. The Contractor shall only redact portions of records that it claims contains Confidential Information. If the Contractor fails to mark a record it claims contains Confidential Information as "confidential," or fails to submit a redacted copy in accordance with this section of a record it claims contains Confidential Information, the Department (or other State agency) shall have no liability for release of such record. The foregoing will apply to every instance in which the Contractor fails to both mark a record "confidential" and redact it in accordance with this section, regardless of whether the Contractor may have properly marked and redacted the same or similar Confidential Information in another instance or record submitted to the Department (or any other State agency).

In the event of a public records request, to which records the Contractor marked as "confidential" are responsive to the request, the Department shall provide the Contractor-redacted copy to the requestor. If the Contractor has marked a record as "confidential" but failed to provide a Contractor-redacted copy to the Department, the Customer may notify the Contractor of the request and the Contractor may have up to ten (10) Business Days from the date of the notice to provide a Contractor-redacted copy, or else the Department may release the unredacted record to the requestor without liability. If the Department provides a Contractor- redacted copy of the documents and the requestor asserts a right to the Contractor-redacted Confidential Information, the Department shall promptly notify the Contractor such an assertion has been made. The notice will provide that if the Contractor seeks to protect the Contractor-redacted Confidential Information from release it must, within thirty (30) days after the date of the notice and at its own expense, file a cause of action seeking a declaratory judgment that the information in question is exempt from section 119.07(1), F.S., or other applicable law and an order prohibiting the Department from publicly disclosing the information. The Contractor shall provide written notice to the Department of any cause of action filed. If the Contractor fails to file a cause of action within thirty (30) days the Department may release the unredacted copy of the record to the requestor without liability.

If the Department is requested or compelled in any legal proceeding to disclose documents that are marked as "confidential" (whether by oral questions, interrogatories, requests for information or documents, subpoena, or similar process), unless otherwise prohibited by law, the Department shall give the Contractor prompt written notice of the demand or request prior to disclosing any Confidential Information to allow the Contractor to seek a protective order or other appropriate relief at the Contractor's sole discretion and expense. If the Contractor fails to take appropriate and timely action to protect the Confidential Information contained within documents it has marked as "confidential" or fails to provide a redacted copy that may be disclosed, the Department may provide the unredacted records in response to the demand without liability.

The Contractor shall protect, defend, and indemnify the Department for all claims, costs, fines, settlement fees, and attorneys' fees, at both the trial and appellate levels, arising from or relating to the Contractor's determination that its records contain Confidential Information. In the event of a third-party claim brought against the Department for failure to release the Contractor's redacted Confidential Information, the Contractor shall assume, at its sole expense, the defense or settlement of such claim, including attorney's fees and costs at both the trial and appellate levels. If the Contractor fails to continuously undertake the defense or settlement of such claim or if the Contractor and Department mutually agree that the Department is best suited to undertake the defense or settlement, the Department will have the right, but not the obligation, to undertake the defense or settlement of such claim, at its discretion. The Contractor shall be bound by any defense or settlement the Department may make as to such claim, and the Contractor agrees to reimburse the Department for the expense, including reasonable attorney's fees and costs at both the trial and appellate levels associated with any defense or settlement that the Department may undertake to defend Contractor's Confidential Information. The Department will also be entitled to join the Contractor in any third-party claim for the purpose of enforcing any right of indemnity under this section.

If at any point the Department is reasonably advised by its counsel that disclosure of the

Confidential Information is required by law, including but not limited to Florida's public records laws, the Department may disclose such Confidential Information without liability hereunder.

12.3 **Public Records Requirements Pursuant to Section 119.0701, F.S.** Solely for the purpose of this section, the Department's Contract Manager is the agency custodian of public records. If, under the Term Contract, the Contractor is providing services and is acting on behalf of the public agency, as provided in section 119.0701, F.S., the Contractor shall:

i. Keep and maintain public records required by the Department to perform the service.

ii. Upon request from the Department's custodian of public records, provide the Department with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, F.S., or as otherwise provided by law.

iii. Ensure that public records that are exempt or confidential and exempt from public records disclosure are not disclosed except as authorized by law for the duration of the Term Contract term and following the completion of the Term Contract if the Contractor does not transfer the records to the Department.

iv. Upon completion of the Term Contract, transfer, at no cost, to the Department all public records in possession of the Contractor or keep and maintain public records required by the Department to perform the service. If the Contractor transfers all public records to the Department upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Term Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Department, upon request from the Department's custodian of public records, in a format that is compatible with the information technology systems of the Department.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS TERM CONTRACT, CONTACT THE DEPARTMENT'S CUSTODIAN OF PUBLIC RECORDS AT PUBLICRECORDS@DMS.FL.GOV, (850) 487-1082 OR 4050 ESPLANADE WAY, SUITE 160, TALLAHASSEE, FLORIDA 32399-0950.

12.4 **Advertising.** Subject to Chapter 119, Florida Statutes, the Contractor shall not publicly disseminate any information concerning the Term Contract without prior written approval from the Department, including mentioning the Term Contract in a press release or other promotional material, identifying the Department or the State as a reference, or otherwise linking the Contractor's name and either a description of the Term Contract or the name of the Department or the State in any material published, either in print or electronically, to any entity that is not a party to the Term Contract, except potential or actual Customers or authorized distributors, dealers, resellers, or service representatives.

12.5 Intellectual Property.

12.5.1 **Ownership.** Unless specifically addressed otherwise in the Customer's contract, the State of Florida shall be the owner of all intellectual property rights to all new property created or developed in connection with the Customer's contract. This shall not apply to intellectual property developed prior to the execution of the Term Contract.

12.5.2 **Patentable Inventions or Discoveries.** Any inventions or discoveries developed in the course, or as a result, of services in connection with the Customer's contract that are patentable pursuant to 35 U.S.C. § 101 are the sole property of the State of Florida. Contractor must inform the Customer and the Department of any inventions or discoveries developed or made through performance of the Customer's contract, and such inventions or discoveries will be referred to the Florida Department of State for a determination on whether patent protection will be sought. The State of Florida will be the sole owner of all patents resulting from any invention or discovery made through performance of the Customer's contract. This shall not apply to any invention or discovery made prior to the execution of the Term Contract.

12.5.3 **Copyrightable Works.** Contractor must notify the Customer and the Department of any publications, artwork, or other copyrightable works developed in connection with the Customer's contract. All copyrights created or developed through performance of the Customer's contract are owned solely by the State of Florida. This shall not apply to any copyrightable works created or developed prior to the execution of the Term Contract.

SECTION 13. DATA SECURITY.

The Contractor will maintain the security of State of Florida data including, but not limited to, maintaining a secure area around any displayed visible data and ensuring data is stored and secured when not in use. "State of Florida data" means data collected by, transmitted from, created for, or provided by the Department or the Customer. The Contractor will not allow any State of Florida data to be sent by any medium, transmitted, or accessed outside the United States due to Contractor's action or inaction. In the event of a Security Incident involving State of Florida data, the Contractor shall give notice to the Customer and the Department within one business day of becoming aware of the Security Incident. "Security Incident" for purposes of this section will refer to an actual or imminent threat of a violation of information technology resources, security, policies, or practices, unauthorized access of State of Florida data, or occurrences that compromise the confidentiality, integrity, or availability of State of Florida data. An imminent threat refers to a situation in which the Contractor has a factual basis for believing that a specific incident is about to occur. Once a data breach has been contained, the Contractor must provide the Department and the Customer with a post-incident report documenting all containment, eradication, and recovery measures taken. The Department reserves the right in its sole discretion to enlist a third party to audit Contractor's findings and produce an independent report, and the Contractor will fully cooperate with the third party. The Contractor will also comply with all HIPAA requirements and any other current state and federal rules and regulations regarding security of information.

SECTION 14. CONTRACT MONITORING.

14.1 Performance Standards. The Contractor agrees to perform all tasks and provide deliverables as set forth in the Term Contract. The Customer will be entitled at all times,

upon request, to be advised as to the status of work being done by the Contractor and of the details thereof.

14.2 Contract Reporting. The Contractor shall provide the Department the following accurate and complete reports associated with this Term Contract.

14.2.1 **Term Contract Quarterly Sales Reports.** The Contractor shall submit Quarterly Sales Reports in the manner and format required by the Department within 30 calendar days after the close of each State fiscal quarter (the State's fiscal quarters close on September 30, December 31, March 31, and June 30).

The Quarterly Sales Report template can be found here: Quarterly Sales Report Format / Vendor Resources / State Purchasing / Business Operations / Florida Department of Management Services - DMS (myflorida.com). Initiation and submission of the most recent version of the Quarterly Sales Report posted on the DMS website is the responsibility of the Contractor without prompting or notification from the Department. Sales will be reviewed on a quarterly basis. If no sales are recorded in two consecutive quarters, the Contractor may be placed on probationary status, or the Department may terminate the Term Contract. Failure to provide the Quarterly Sales Report, or other reports requested by the Department, will result in the imposition of financial consequences and may result in the Contractor being found in default and the termination of the Term Contract.

14.2.2 **Certified and Minority Business Enterprises Reports.** Upon Customer request, the Contractor shall report to each Customer spend with certified and other minority business enterprises in the provision of commodities or services related to the Customer orders. These reports shall include the period covered; the name, minority code, and Vendor Identification Information of each minority business enterprise utilized during the period; commodities and services provided by the minority business enterprise; and the amount paid to each minority business enterprise on behalf of the Customer.

14.2.3 **Ad Hoc Sales Reports.** The Department may require additional Term Contract sales information such as copies of purchase orders or ad hoc sales reports. The Contractor shall submit these documents and reports in the format acceptable to the Department and within the timeframe specified by the Department.

14.2.4 **MFMP Transaction Fee Reports.** The Contractor shall submit complete monthly MFMP Transaction Fee Reports to the Department. Reports are due 15 calendar days after the end of each month. Information on how to submit MFMP Transaction Fee Reports online can be located at https://www.dms.myflorida.com/business_operations/state_/myfloridamarketplace/mfmp_vendors/transaction_fee_and_reporting. Assistance with transaction fee reporting is also available by email at feeprocessing@myfloridamarketplace.com or telephone at 866-FLA-EPRO (866-352-3776) from 8:00 a.m. to 6:00 p.m. Eastern Time.

14.3 Business Review Meetings. Both the Department and Customer reserve the right to schedule business review meetings. The Department or Customer may specify the format or agenda for the meeting. At a minimum, the Business Review Meeting may include the following topics:

- Term Contract or Customer contract compliance
- Term Contract savings (in dollar amount and cost avoidance)
- Spend reports by Customer
- Recommendations for improved compliance and performance

14.4 Performance Deficiencies.

14.4.1 **Proposal of a Corrective Action Plan.** In addition to the processes set forth in the Term Contract (e.g., service level agreements), if the Customer or the Department determines that there is a performance deficiency that requires correction by the Contractor, then the Customer or the Department will notify the Contractor. The correction must be made within a timeframe specified by the Customer or the Department. The Contractor must provide the Customer or the Department with a corrective action plan describing how the Contractor will address all performance deficiencies identified by the Customer or the Department.

14.4.2 **Retainage for Unacceptable Corrective Action Plan or Plan Failure.** For Customer-requested Corrective Action Plans, if the corrective action plan is unacceptable to the Customer, or implementation of the plan fails to remedy the performance deficiencies, the Customer will retain ten percent (10%) of the total invoice amount. The retainage will be withheld until the Contractor resolves the performance deficiencies. If the performance deficiencies are resolved, the Contractor may invoice the Customer for the retained amount. If the Contractor fails to resolve the performance deficiencies, the retained amount will be forfeited to compensate the Customer for the performance deficiencies.

14.5 Inspection.

14.5.1 **Inspection at Contractor's Site.** The Department reserves the right to inspect, or enlist a third-party to perform, at any reasonable time with prior notice, the equipment, product, plant or other facilities of the Contractor to assess conformity with Term Contract requirements and to determine whether they are adequate and suitable for proper and effective Term Contract performance.

14.5.2 **Statutory Inspection Rights.** If services are to be provided pursuant to the Term Contract, in accordance with section 216.1366, F.S., the Department is authorized to inspect the: (i) financial records, papers, and documents of the Contractor that are directly related to the performance of the Term Contract or the expenditure of State funds; and (ii) programmatic records, papers, and documents of the Contractor which the Department determines are necessary to monitor the performance of the Term Contract or to ensure that the terms of the Term Contract are being met. The Contractor shall provide such records, papers, and documents requested by the Department within ten (10) Business Days after the request is made.

Further, for any Term Contract for services with a nonprofit organization as defined in section 215.97(2)(m), F.S., the Contractor must provide documentation that indicates the amount of state funds:

1. Allocated to be used during the full term of the Term Contract for remuneration to any member of the board of directors or an officer of the contractor; and
2. Allocated under each payment by the public agency to be used for remuneration of any member of the board of directors or an officer of the contractor.

The documentation must indicate the amounts and recipients of the remuneration.

14.5.3 **Inspection Compliance.** The Contractor understands its, and its subcontractors (if any), duty, pursuant to section 20.055(5), F.S., to cooperate with the Inspector General in any investigation, audit, inspection, review, or hearing. Upon request of the Department's Inspector General, or other authorized State official, the Contractor shall provide any type of information the State official deems relevant to the Contractor's integrity or responsibility. Such information may include the Contractor's business or financial records, documents, or files of any type or form that refer to or relate to the Term Contract. The Contractor agrees to reimburse the State for the reasonable costs of investigation incurred by the Inspector General or other authorized State official for investigations of the Contractor's compliance with the terms of the Term Contract or any other agreement between the Contractor and the State which results in the suspension or debarment of the Contractor. Such costs will include salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees. The Contractor shall not be responsible for any costs of investigations that do not result in the Contractor's suspension or debarment.

SECTION 15. PERFORMANCE OR COMPLIANCE AUDITS.

The Department may conduct or have conducted performance and/or compliance audits of the Contractor and subcontractors as determined by the Department. The Department may conduct an audit and review all the Contractor's and subcontractors' data and records that directly relate to the Term Contract. To the extent necessary to verify the Contractor's fees and claims for payment under the Term Contract, the Contractor's agreements or contracts with subcontractors, partners, or agents of the Contractor, pertaining to the Term Contract, may be inspected by the Department upon fifteen (15) calendar days' notice, during normal working hours and in accordance with the Contractor's facility access procedures where facility access is required. Release statements from its subcontractors, partners, or agents are not required for the Department or its designee to conduct compliance and performance audits on any of the Contractor's contracts relating to this Term Contract.

SECTION 16. CONFIDENTIALITY.

The Contractor shall not divulge to third parties any confidential information obtained by the Contractor or its employees, subcontractors, or agents in the course of performing Term Contract work, including security procedures, business operations information, or commercial proprietary information in the possession of the Customer or State. The Contractor will not be required to keep confidential information or material that is publicly available through no fault of the Contractor, material that the Contractor developed independently without relying on the Customer's or State's confidential information, or material that is otherwise obtainable under State law as a public record. To ensure confidentiality, the Contractor shall take appropriate steps as to its employees, subcontractors, and agents.

SECTION 17. SUPPLIER DEVELOPMENT.

17.1 **Office of Supplier Development.** The State of Florida supports its business community by creating opportunities for business enterprises to participate in procurements and contracts. The Department encourages supplier development through certain certifications and provides advocacy, outreach, and networking through regional business events. For additional information, please contact the Office of Supplier Development (OSD) at OSDHelp@dms.fl.gov.

17.2 **Reporting Certified Business Enterprises.** Upon request, the Contractor will report to the Department its spend with business enterprises certified by the OSD. These reports must include the time period covered, the name and vendor identification information of each business enterprise utilized during the period, commodities and contractual services provided by the business enterprise, and the amount paid to the business enterprise on behalf of each agency purchasing under the Term Contract.

MEMORANDUM FROM THE FINANCE DEPARTMENT

To: Scott Reynolds, Finance Director

From: Billie Hancock, Procurement Manager *Billie Hancock*

Date: December 29, 2025

Re: Agenda Item Review – Piggyback State of Florida Fuel Contract

---

After reviewing the documentation for the State of Florida Term Contract 15100000-25-STC with Pro Energy, LLC for Bulk Fuel, Gasoline, Diesel, Marine, and Biodiesel, I find that the contract meets all mandatory purchasing requirements and is in the best interests of the Town of Jupiter. Florida Statute 287.056 allows eligible users to purchase commodities from state term contracts. Town Purchasing Policy permits piggybacking from approved governmental contracts.

The State Term Contract was awarded via the competitive bid process and allows for other governmental entities to also use the contract. The Exhibit A, Scope of Work, includes but is not limited to, commodity types, prices, delivery, invoicing and ordering instructions. The contract jurisdiction is the State of Florida.

The State Contract effective dates of service are 12/31/2025 through 12/30/2028.

Participating in the State Contract with Pro Energy, LLC is the most cost effective and efficient purchasing path for fulfilling the Town's needs.

Please let me know if you need any additional information.

TOWN OF JUPITER
Approval of Three (3) Year Microsoft Enterprise License Agreement to Software House International

DATE	January 6, 2026
TO	Honorable Mayor and Members of Town Council
THRU	Frank Kitzerow, Town Manager
FROM	Karl Craig, Information Systems Director
SUBJECT	Approval of Three (3) Year Microsoft Enterprise License Agreement in the amount of $688,162.02 to Software House International

EXECUTIVE SUMMARY

Town staff is requesting Town Council's approval to award Software House International a purchase order in the amount of $688,162.02 for a three (3) year agreement to provide Microsoft 365 licensing for all the Town's computer workstations and servers.

ANALYSIS

The Microsoft Enterprise Agreement (EA) provides licensing for all computer workstations and employees up to the current version of the Windows operating system and access to the Microsoft 365 platform, including applications such as Word, Excel, Outlook, PowerPoint, OneDrive, and Teams. The agreement also includes Software Assurance, which provides for continued upgrades of all workstation and server licenses, additional application licensing, and security patches and bug fixes which are an important part of enhancing the Town’s cybersecurity posture.

The annual cost of the EA is $229,387.34 (SHI Quote 26764979); the total cost of the three-year agreement is $688,162.02 and is shared among the General and Fire funds, Building and Utilities enterprise funds. This 3-year agreement provides the Town with the opportunity to increase or decrease the number of licenses for each product at the end of each annual term at the pre-negotiated price. The EA also provides for flexible allocation of licenses during the term to accommodate staff and server increases. These provisions will protect the Town from unexpected cost increases for the life of the agreement.

Competitive pricing is obtained through a piggyback of the State of Florida Alternate Contract Source (ACS) 43230000-23-NASPO-ACS. This contract, negotiated by the State of Florida, provides a minimum discount of 15% off the list price. The Town's productivity application, data processing, and storage needs are expected to increase year over year as information (data) is created and stored for use by employees and department processes. Furthermore, the adoption of the Microsoft 365 platform introduces several features that have been heavily requested by town staff and is in line with the State of Florida’s Cloud-First Directive of using cloud-based applications when available (F.S. 282.206).

Funding for this purchase was appropriated in the FY2026 operating budget.

Alternate Contract Source (ACS)
No. 43230000-23-NASPO-ACS
For
Software Value Added Reseller

This Alternate Contract Source No. 43230000-23-NASPO-ACS Software Value Added Reseller (Contract), is between the Department of Management Services (Department), an agency of the State of Florida (State), located at 4050 Esplanade Way, Tallahassee, FL 32399 and SHI International Corp. (Contractor), located at 290 Davidson Avenue, Somerset, NJ 08873 collectively referred to herein as the "Parties."

WHEREAS, the Department is authorized by section 287.042(16), Florida Statutes:

To evaluate contracts let by the Federal Government, another state, or a political subdivision for the provision of commodities and contract services, and, if it is determined by the Secretary of the Department of Management Services in writing to be cost-effective and the best value to the state, to enter into a written agreement authorizing an agency to make purchases under such contract;

WHEREAS, the State of Arizona competitively procured Software Value Added Reseller services and executed Contract No. CTR060028, Software Value-Added Reseller (Master Contract), with the Contractor;

WHEREAS, the Secretary evaluated the Master Contract and determined that use of the Master Contract is cost-effective and the best value to the state.

NOW THEREFORE, in consideration of the mutual promises contained herein, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. **Term and Effective Date.**

The Master Contract became effective April 25, 2022, and its term currently ends on April 24, 2027. The Master Contract has two (2) one-year renewals available. The Contract will become effective on April 1, 2023, or on the date signed by all Parties, whichever is later. The Contract will expire on April 24, 2027, unless terminated earlier or renewed in accordance with Exhibit A, Special Contract Conditions.

2. **Scope**

This Contract includes the entire scope of the products and services available through the Master Contract, for which the Contractor is acting as a reseller for the software and services provided by the applicable software publishers. The Contractor is authorized through the

DocuSign Envelope ID: B6E1151C-1F5A-4494-A227-2EDA0FCA6D54

Master Contract to act as a reseller for the software and services provided by the software publishers in Category I – General software and Category II – Microsoft-only software.

3. Order of Precedence.

This Contract document and the attached exhibits constitute the Contract and the entire understanding of the Parties. Exhibits A, B, and C, and this Contract document constitute the Participating Addendum to the Master Contract and modify or supplement the terms and conditions of the Master Contract. All exhibits listed below are incorporated by reference into, and form part of, this Contract. In the event of a conflict, the following order of precedence shall apply:

a) This Contract document
b) Exhibit A: Additional Special Contract Conditions
c) Exhibit B: Special Contract Conditions
d) Exhibit C: Price Sheet
e) Exhibit D: Master Contract (including any amendments made prior to the effective date of this Contract and any subsequent amendments added to this Contract in accordance with the Modifications Section listed below)

Where the laws and regulations of a state other than the State of Florida are cited or referenced in the Master Contract, such citation or reference shall be replaced by the comparable Florida law or regulation.

4. Purchases off this Contract.

Upon execution of this Contract, agencies, as defined in section 287.012, Florida Statutes, may purchase products and services under this Contract. Any entity making a purchase off of this Contract acknowledges and agrees to be bound by the terms and conditions of this Contract. The Contractor shall adhere to the mutually agreed upon terms and conditions included in any contract or purchase orders issued pursuant to this Contract.

6. SVAR Requirements.

The Contractor shall provide Customers with any requested information pertaining to accessible electronic information and information technology products to assist the Customer's compliance with Chapter 282, F.S. and rules promulgated therefrom, including Rule Chapter 60-8, Florida Administrative Code.

7. Modifications.

Any amendments to this Contract must be in writing and signed by the Parties. If amendments are made to the Master Contract after the effective date of this Contract, the Contractor shall: 1) notify the Department of such amendments; and 2) provided the Department is amenable to incorporating the amendments into this Contract, enter into a written amendment with the Department reflecting the addition of such amendments to this Contract.

IN WITNESS THEREOF, the Parties hereto have caused this Contract to be executed by their duly authorized undersigned officials.

AND FOR PURPOSES OF THIS CONTRACT THE PERSON, FIRM, OR OTHER BUSINESS ENTITY CARRYING OUT THE PROVISIONS OF THIS CONTRACT SHALL BE DEEMED TO BE SUBSTITUTED FOR THE STATE AGENCY INSOFAR AS DEALINGS WITH SUCH QUALIFIED NONPROFIT AGENCY ARE CONCERNED.

Additional information about RESPECT and the commodities or contractual services it offers is available at https://www.respectofflorida.org.

4.7 PRIDE.
Subject to the agency determination provided for in sections 287.042(1) and 946.515, F.S., the following statement applies:

IT IS EXPRESSLY UNDERSTOOD AND AGREED THAT ANY ARTICLES WHICH ARE THE SUBJECT OF, OR REQUIRED TO CARRY OUT, THIS CONTRACT SHALL BE PURCHASED FROM THE CORPORATION IDENTIFIED UNDER CHAPTER 946, F.S., IN THE SAME MANNER AND UNDER THE SAME PROCEDURES SET FORTH IN SECTION 946.515(2) AND (4), F.S.; AND FOR PURPOSES OF THIS CONTRACT THE PERSON, FIRM, OR OTHER BUSINESS ENTITY CARRYING OUT THE PROVISIONS OF THIS CONTRACT SHALL BE DEEMED TO BE SUBSTITUTED FOR THIS AGENCY INSOFAR AS DEALINGS WITH SUCH CORPORATION ARE CONCERNED.

Additional information about PRIDE and the commodities or contractual services it offers is available at https://www.pride-enterprises.org.

SECTION 5. COMPLIANCE WITH LAWS.

5.1 Conduct of Business.
The Contractor must comply with all laws, rules, codes, ordinances, and licensing requirements that are applicable to the conduct of its business, including those of federal, state, and local agencies having jurisdiction and authority. For example, the Contractor must comply with section 274A of the Immigration and Nationality Act, the Americans with Disabilities Act, Health Insurance Portability and Accountability Act, if applicable, and all prohibitions against discrimination on the basis of race, religion, sex, creed, national origin, handicap, marital status, or veteran's status. The provisions of subparagraphs 287.058(1)(a)-(c), and (g), F.S., are hereby incorporated by reference.

5.2 Dispute Resolution, Governing Law, and Venue.
Any dispute concerning performance of the Contract shall be decided by the Department's designated Contract Manager, who will reduce the decision to writing and serve a copy on the Contractor. The decision of the Contract Manager shall be final and conclusive. Exhaustion of this administrative remedy is an absolute condition precedent to the Contractor's ability to pursue legal action related to the Contract or any other form of dispute resolution. The laws of the State of Florida govern the Contract. The Parties submit to the jurisdiction of the courts of the State of Florida exclusively for any legal action related to the Contract. Further, the Contractor hereby waives all privileges and rights relating to venue it may have under Chapter 47, F.S., and all such venue privileges and rights it may have under any other statute, rule, or case law, including, but not limited to, those based on convenience. The Contractor hereby submits to venue in the county chosen by the Department.

5.3 Department of State Registration.

PARTICIPATION IN NASPO VALUEPOINT MASTER AGREEMENTS BY PUBLIC ENTITIES IN THE STATE OF FLORIDA

As the NASPO member from the State of Florida, the Florida Chief Procurement Officer has authorized NASPO ValuePoint to make NASPO ValuePoint contracts available to all authorized public entities, except a public entity subject to the jurisdiction of a chief procurement officer (CPO) established in statute, rule, or law. Public entities subject to the jurisdiction of a CPO may participate in NASPO ValuePoint contracts as authorized by the CPO.

The State of Florida has notified NASPO ValuePoint that each authorized public entity that is not subject to the jurisdiction of a CPO as identified above, including political subdivisions, has their own procurement authority. They may execute ValuePoint participating addendums with any current NASPO ValuePoint contractor provided the execution falls within the statutory procurement authority of the authorized public entity.

Scanned copies of all executed participating addendums are to be sent by email in PDF format to pa@naspovaluepoint.org.

This authorization may be rescinded at any time by the Florida CPO or their delegate.

Questions regarding this notice may be sent to NASPO ValuePoint by email at info@naspovaluepoint.org

Effective Date: September 11, 2023

Brandon Spencer, Florida Chief Procurement Officer

NASPO VALUEPOINT SOFTWARE VALUE-ADDED RESELLER (SVAR)
STATE OF ARIZONA SOLICITATION #BPM002338
MANDATORY COST PROPOSAL FORM FOR MICROSOFT ONLY

Use this tab ONLY if you wish to be considered for a contract award in this category AND if you have submitted a response to all questions and criteria related to this category in your proposal. Evaluation shall be based on the AVERAGE OF ALL PERCENTAGES listed for each pricing model in this tab.

INSTRUCTIONS: Please complete all GREEN, YELLOW, and ORANGE fields below. For the full set of line items included in this category, you may submit 1) a Maximum Markup on Reseller's Invoiced Cost, 2) a Minimum Discount Off Manufacturer's Suggested Retail Price (MSRP), or 3) both. YOU MUST BE CONSISTENT IN YOUR USE OF PRICING MODELS (*i.e.* , you may not submit a Maximum Markup for half of the line items in this category and a Minimum Discount for the other half). As some Purchasing Entities can only use certain types of pricing models, submitting pricing for only one model may prevent you from doing business with certain entities, and resellers are encouraged to submit pricing for both models if possible. Proposals using one cost model will be evaluated against only those proposals using the same cost model. If awarded a contract, a vendor submitting pricing for both models may be permitted to offer products and services using both models, or may be permitted to offer products and services using only one model, depending on the outcome of the evaluation.

NOTE: Any formulas entered into this form have been entered as a COURTESY ONLY, and it is solely the responsibility of each Offeror to ensure that all information entered into this spreadsheet--including mathematical calculations--are complete and accurate.

TOWN OF JUPITER
Purchase of Vehicles for the Utilities Department

DATE	January 6, 2026
TO	Honorable Mayor and Members of Town Council
THRU	Frank Kitzerow, Town Manager
FROM	George Dzama, Engineering Director
SUBJECT	Authorizing the purchase of seven vehicles for the Utilities Department in the amount of $486,743 by piggybacking City of Tallahassee Agreement No. 5179.

EXECUTIVE SUMMARY

Staff is seeking approval from Town Council to purchase seven new, fully-equipped fleet vehicles, consistent with the approved FY2026 operating budget. The total capital expenditure for these vehicles is $486,743. This purchase includes one 2026 Ford F-150 Super Cab 4WD ($48,037), one 2026 Ford Explorer 4WD ($41,541), one 2026 Ford F-350 Super Cab 4WD with an Electric Service Crane ($94,622), three 2026 Ford F-150 Super Cab 4WD ($51,051 each; $153,153 total) and one 2026 Ford F-600 4WD with 31' Hydraulic Fassi Crane ($149,690). This purchase is necessary to replace aging fleet units and ensure continued operational readiness for the Town's Utility Department.

The proposed procurement using a piggyback of the City of Tallahassee Agreement No. 5179 with Alan Jay Automotive Management, Inc. d/b/a Alan Jay Fleet Sales has been reviewed and approved by the Town's Procurement Manager.

ANALYSIS

The components for each corresponding vehicle purchase will be as follows:

1. The first vehicle will be used by a Utility Engineering Technician and will be outfitted with center console, DC power, integrated laptop mount, vehicle-mounted strobe lights, and a tool box.
2. The second vehicle will be used by the Water Plant Compliance & Operations Manager and will be outfitted with a third brake light safety pulse.
3. The third vehicle will be used by the Water Plant maintenance staff and will be outfitted with vehicle-mounted strobe lights, four-wheel drive, 8' Service Body, 11.6 Boom Support Crane.
4. The fourth, fifth, and sixth vehicles will be used by the Utilities Field Service Representatives (i.e. meter readers) and will be outfitted with safety transit federal lighting.
5. The seventh vehicle will be shared between Stormwater Field and Water Treatment Plant staff, and outfitted with safety transit federal lighting, four-wheel drive capabilities, and a 31'6" Fassi Hydraulic Crane.

The vehicles will be purchased by piggybacking the City of Tallahassee Agreement No. 5179 for New Municipal Vehicles, which was competitively bid and is effective from January 13, 2022, through January 12, 2027. The agreement includes provisions allowing other public entities to

purchase vehicles under its terms. The price quotes obtained for the vehicles comply with the City of Tallahassee Agreement No.5179.

STRATEGIC PRIORITY

- Fiscal Responsibility
- Mobility
- Organizational Excellence

CONTRACT NUMBER 5179 - 2026 CITY OF TALLAHASSEE

K FASSI	Fassi crane model F85B.0.23, Lifting moment: 57994 lbs.ft Standard hydraulic reach: 31' 6" Max hydraulic horizontal outreach in loading configuration: 30' 10" Load at the max horizontal outreach: 1598 lbs, Lifting class HC1 HD4 S2 according to the EN12999:2020. Standard features: Manually extendable outriggers with max spread of 11' 2", tiltable at 45° and 180°. Outrigger rams have jointed plate in Monocast material. Cast iron column support and casted steel lower column section for ideal stress distribution and greater resistance. The absence of welds between base and column support provides the crane with characteristics of exceptional resistance to fatigue. Rack and pinion rotation system with self-centering cast iron wear pad to ensure the correct and constant coupling between the pinion and the rack, avoiding the wear and tear of the teeth. Rotation angle: 400°. Rotation torque: 8632 lbs.ft Hydrocontrol HCD4 parallel segmented distributor bank, four segments, positioned on the base and completed with dual ground controls. MPES system (Multi Power Extension System) that guarantees an exceptional extension/retraction speed of the extension booms, built up by a set of equally powerful independent rams, linked in series connection and activate by a single control. Special independent fixing system of the extension rams to guarantee high vertical lifting performances. Extension booms guide shoes with "forced" assembly to reduce vertical and lateral clearance, ensuring greater durability. Special guide shoes material with highsliding degree and low greasing request. 24 gals plastic oil tank, particularly resistant to shocks and the corrosive action of any external element. 11905 lbs boom tip swivel hook. E-one package E-one package including: - S800 distributor with PVEA modules in place of standard one - Remote control of crane via 6 linear functions Scanreco or HBC analogic radio (to be specified when placing the order) - FX200 electronic lifting moment limiting device with control panel, rated capacity acoustic indicator and visual indicator (led lights) for radio remote control Note: RADIO MINI 12 V electric feeding 12 V electric feeding line (included in the crane price). Opposite levers control sequence Distributor bank controls and radio remote control handle sequence opposite to Fassi standard that, from right to left, is composed by: rotation inner ram, outer ram, extension ram, 1st supplementary function, 2nd supplementary function. Cross over double control Cross over double control for 4 functions. Hydraulically crane extra extendable outriggers Extra hydraulic extendability of lateral outrigger supports for a total spread of 14' 8". Shorter crane outriggers 4" shorter crane outriggers in place of standard ones. Long fixing rods Long fixing bolts for crane fixation to the vehicle chassis, in place of standard ones. Orange LED marker lights for crane outrigger Orange LED marker lights to be installed on the crane outrigger rams to highlight the overall dimensions during the crane utilisation. sliding degree and low greasing request. 24 gals plastic oil tank, particularly resistant to shocks and the corrosive action of any external element. 11905 lbs boom tip swivel hook. CITY OF TALLAHASSEE

AMENDMENT 1 TO AGREEMENT NO. 5179
A CONTRACT FOR NEW MUNICIPAL VEHICLES, CARS VANS, SPORT UTILITY VEHICLES, AND LIGHT TRUCKS

THIS AMENDMENT is made this 01/16/2025, between the **CITY OF TALLAHASSEE**, a Florida municipal corporation (the "City"), and **ALAN JAY AUTOMOTIVE MANAGEMENT, INC., d/b/a Alan Jay Fleet Sales**, a Florida profit corporation (the "Vendor"). The City and the Vendor may be referred to individually as a "Party" and together as the "Parties."

RECITALS

WHEREAS, the Parties entered into Agreement No. 5179 ("Agreement") dated January 13, 2022, for the purchase of New Municipal Vehicles, Cars, Vans, Sport Utility Vehicles, and Light Trucks, under RFP No. 096-21-KM; and,

WHEREAS, the Parties desire to amend the Agreement to address changes to Section 3, Purchases Made by Other Public Agencies, and to extend the Agreement term pursuant to Section 7, Term.

NOW, THEREFORE, in consideration of the following mutual covenants set forth herein and other good and valuable considerations, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree to amend the Agreement as follows:

1. **Section 3. PURCHASES MADE BY OTHER PUBLIC AGENCIES,** is hereby deleted, and replaced with the following:

   A. With the consent and agreement of the Vendor and the City, purchases may be made by other local, state, or national governmental agencies, political subdivisions, or other public entities under this Agreement. Potential purchaser(s) **MUST** submit their request for utilization to Fleet Contract Manager, Kathy Crum via email at kathy.crum@talgov.com prior to purchasing under this Agreement. These purchases shall be governed by the same terms and conditions stated herein.

(1) The City charges an administrative fee of $200.00 per vehicle sold. The Vendor shall be responsible for reporting, collecting, and remitting the administrative fee(s) to the City for purchase(s) made by other local, state, or national governmental agencies, political subdivisions, or other public entities pursuant to this Agreement. Should any such purchases be made, the Vendor is responsible for submitting a quarterly report identifying all sales made during the applicable quarter via email to the Fleet Financial Team at fleetadmin@talgov.com, with a copy to Fleet Contract Manager, Kathy Crum at kathy.crum@talgov.com. The subject line of the email should reference: **Reporting Administrative Fees - Agreement No. 5179**.

(2) The Vendor shall remit all administrative fees to the City at the end of the quarter in which payment is received from the purchaser. An email identifying the amount(s) and check number(s) **MUST** also be submitted to the Fleet Financial Team, with a copy to Fleet Contract Manager, Kathy Crum prior to mailing. For questions or requests for Agreement Documents, please contact Kathy Crum at (850) 891-5229.

(3) Administrative fee payments shall be made by check with **Payment Administrative Fees - Agreement No. 5179** *referenced* on the check. Administrative fees should be mailed to the following address:

Fleet Management Administration
Attn: Fleet Financial Team
400 Dupree Street
Tallahassee, FL 32304

B. This Agreement in no way restricts or interferes with the right of any local, state, or national governmental agency or political subdivision or other public entity to independently address any or all these terms as required by law or to supplement the Agreement if a specific term is not addressed herein.

2. **Section 7.B. Extension Term,** is hereby deleted, and replaced with the following:

B. Extension Term. Upon written, mutual agreement by the Vendor and the City, this Agreement may be extended at the conclusion of the Initial Term for an additional two (2) years (the "Extension").

3. The term of the Agreement is hereby extended for two (2) additional years through January 12, 2027, unless earlier terminated in accordance with the original terms of the Agreement. This is the final extension permitted under this Agreement.
4. Except as specifically amended hereby, the terms and conditions of the Agreement shall continue in full force and effect.

IN WITNESS WHEREOF, the Parties have caused this Amendment to be executed by their duly authorized representatives as of the date set forth in the introductory clause.

AGREEMENT FOR NEW MUNICIPAL VEHICLES, CARS, VANS, SPORT UTILITY VEHICLES, AND LIGHT TRUCKS
Agreement No. 5179

This Agreement for New Municipal Vehicles, Cars, Vans, Sport Utility Vehicles, and Light Trucks (the "Agreement") is entered into and effective this 13 day of 01 2022, (the "Effective Date") by and between the **City of Tallahassee**, a Florida municipal corporation (the "City"), whose principal place of business is 300 South Adams Street, Tallahassee, FL 32301, and **Alan Jay Automotive Management, Inc., d/b/a Alan Jay Fleet Sales** (the "Vendor"), whose principal place of business is 5330 US Hwy 27 South, Sebring, FL 33870. The City and the Vendor may be referred to individually as a "Party" and together as the "Parties."

1. DEFINITIONS. Certain capitalized terms in the Agreement have the meanings set forth below. Other terms used in this Agreement, but not defined in this Section, are defined elsewhere within the Agreement.

A. "*Vehicles and Services*" means the complete product line of new municipal vehicles, cars, vans, sport utility vehicles, light trucks with related equipment as sought in City Solicitation RFP No. 096-21-KM and more fully described in its Section 3, Scope of Work/Specifications.

B. *"Purchase Order"* means the purchase order commitment for Vehicles and Services made by the City through a Purchase Order and subject to the terms of this Agreement. It is anticipated that this Agreement will be executed prior to the issuance of any Purchase Order or associated quote and build sheets.

C. "*Agreement Documents*" are the City Solicitation RFP No.096-21-KM, its associated Scope of Work/Specifications and any associated addenda; the Vendor's Solicitation Response dated September 22, 2021, including any associated addenda and pricing sheets; and the Purchase Orders arising from this Agreement, including any associated quote and build sheets. These documents are incorporated by reference and made a part of this Agreement and given the same force and effect as if they were incorporated in full text.

2. ORDERS.

A. City Solicitation RFP No. 096-21-KM sought multiple vendors for Vehicles and Services. Although the City plans to order needed Vehicles and Services under this Agreement, the City makes no commitment to order any minimum or maximum quantities from any Vendor or to place orders at all. This Agreement is non-inclusive. The City reserves the right to order or purchase from other vendors, manufacturers, dealers, and other local, state, or national government agencies and/or associations when deemed in the best interest of the City. Orders under this Agreement will be initiated, at the sole discretion of the City, by submitting a request for quote and build sheet (if applicable) to the Vendor.

B. Upon receipt of the completed quote and build sheet, the City and the Vendor agree to discuss production schedules, product availability, and due dates prior to ordering Vehicles and Services through a City Purchase Order. The Vendor's quote **MUST** be dated and reference the Agreement Number.

C. Any future Vehicles or Services not currently available or offered can be added as they become available.

3. PURCHASES MADE BY OTHER PUBLIC AGENCIES.

A. With the consent and agreement of the Vendor and the City, purchases may be made by other local, state, or national governmental agencies, political subdivisions, or other public entities under this Agreement. Purchaser(s) **MUST** contact the City's procurement office to request utilization prior to purchasing under this Agreement. Such purchases shall be governed by the same terms and conditions stated herein.

(1) The City charges an administrative fee of $100.00 per vehicle sold. The Vendor shall be responsible for the reporting, collection, and remittance of the administrative fee(s) paid by other local, state, or national governmental agencies, political subdivisions, or other public entities to the City. Should any such purchases by other local, state, or national governmental agencies or political subdivisions be made, the Vendor shall submit a report of such purchase(s) within thirty (30) calendar days of receiving payment via email to kathy.crum@talgov.com. The subject line of the email should ***reference*** **Reporting Administrative Fee - Agreement No. 5179** with a copy of the purchase order attached to the email.

(2) The Vendor shall remit all administrative fees received by Vendor prior to the end of the any fiscal quarter no later than ten (10) calendar days after the end of the fiscal quarter in which the payment was received to the following address:

Fleet Management Admin
Attn: Kathy Crum
400 Dupree Street
Tallahassee, Florida 32304

Payments should be made by check with **Payment Administrative Fee – Agreement No. 5179 *referenced*** on the check.

For questions, please contact:

Kathy Crum - Fleet Management Contract Manager
(850) 891-5229

B. This Agreement in no way restricts or interferes with the right of any local, state, or national government agency or political subdivision or other public entity to respond to any or all of these terms independently if required by law or to supplement the Agreement if a specific term is not addressed herein.

4. PRICES AND PAYMENT.

A. Prices. The City agrees to pay the Vendor for Vehicles and Services ordered under this Agreement as set forth in the Vendor's price lists submitted as part of its Solicitation Response. The Vendor's pricing shall be updated accordingly based on pricing for the current year. Any and all future pricing **MUST** be approved by the Fleet Management Director.

B. Payment. All fees are due and payable in U.S. dollars. Payment for orders for Vehicles and Services will be made in accordance with the Local Government Prompt Payment Act (Section 218.70, et. seq., Florida Statutes), unless the Parties make other arrangements as documented either by addendum to this Agreement or through a Purchase Order. Under the terms of the Prompt Payment Act, the payment due date for a local government entity for the purchase of goods or services is 45 days after the date on which a proper invoice is received by the City or, if no proper invoice is received, the due date is calculated based on other trigger dates identified in Section 218.73, Florida Statutes. No C.O.D shipments will be accepted. If the City fails to make payment within the statutory time frame, the unpaid

amount shall bear interest from thirty (30) days after the due date at the rate of 1% per month on the unpaid balance.

(1) Disputes. In the event a dispute occurs between the Vendor and the City, the Parties shall attempt to settle the dispute informally and in good faith prior to instituting formal legal action. If the dispute is resolved in favor of the Vendor, interest shall begin to accrue as of the original date the payment became due.

(2) Proper Invoice. Invoices may be submitted via E-mail to:
invoices@talgov.com with a copy to fleetadmin@talgov.com or by mail to:
City of Tallahassee - Accounts Payable – City Hall
300 S. Adams Street, Box A-28
Tallahassee, Florida 32301-1731
with a copy of the original invoice identified as a "copy" submitted to:
City of Tallahassee - Fleet Management Administration
400 Dupree Street
Tallahassee, Florida 32304

Any invoice or payment request which is received by the City must conform to the following requirements and contain the information listed below:

a. The invoice must be in compliance with the terms of this Agreement;
b. The invoice must be an original invoice;
c. The invoice must not be under dispute;
d. The invoice must include the authorizing City Purchase Order and/or Agreement number;
e. The invoice must be dated;
f. The invoice must include the number of the invoice to facilitate identification;
g. The invoice must include the name and address of the Vendor; and provide the remittance address for payment, if different;
h. The invoice must include the Purchase Order or Schedule line item number, including a description, quantity, unit of measure, until price, and extended price of the item;
i. The invoice must include the terms of any prompt payment discount offered; and
j. The invoice must include Vendor' Federal Identification Number (if applicable).

C. Payment Methods. The City may pay invoices via wire transfer, check, or ACH transfer. Subscription Services may also be paid by credit card.

D. Taxes. Amounts quoted by the Vendor do not include any applicable taxes or similar fees now in force or enacted in the future resulting from any transaction under the Agreement unless otherwise expressly stated. The Vendor understands that the City is entitled to an exemption from any applicable taxes and shall provide the Vendor with a valid exemption certificate upon request.

5. DELIVERY, INSPECTION, AND ACCEPTANCE.

A. Delivery does not constitute acceptance for the purpose of payment or warranty start time. The City shall inspect all Vehicles or Services to determine whether such Vehicles or Services meet all specifications and requirements set forth in the Agreement Documents. The City agrees to notify the Vendor within three (3) days of delivery or completion of Services if the Vehicles or Services do not meet all specifications and requirements for acceptance.

B. The Vendor shall deliver the Vehicles or Services in accordance with the terms and time frame listed on the quote. Should there be an issue with delivering the Vehicles or Services in the time frame listed on the quote, the Vendor and City agree to discuss, and confirm in writing, a mutually acceptable time frame. In the event delivery of the Vehicles or Services is delayed past the agreed upon time frame, the Vendor agrees the City has the right to cancel the order and obtain the Vehicles or Services elsewhere without penalty to the City.

C. The Vendor shall deliver all Vehicles or Services FOB to:

City of Tallahassee- Fleet Management
400 Dupree Street
Tallahassee, Florida 32304

Equipment shall be delivered with the following documents completed or included:

a. Any and all applicable documentation required by the Florida Department of Highway Safety and Motor Vehicles;
b. Temporary registration and tag (when applicable);
c. All manuals (electronic & paper Copy);
d. All warranty certifications;
e. Original Invoice;
f. A copy of pre-delivery service report;

g. A copy of applicable equipment specifications; and
h. A copy of build sheet or documentation that verifies what components are included on the equipment being delivered.

6. WARRANTY.

The warranty becomes effective when the Vehicles or Services are put into use by the City or at a maximum of thirty (30) days after delivery, whichever occurs first.

7. TERM.

A. Initial Term. The initial term of this Agreement shall commence on the Effective Date and shall continue for a period of three (3) years (the "Initial Term").

B. Extension Term. Upon written, mutual agreement by the Vendor and the City, this Agreement may be extended at the conclusion of the Initial Term for an additional two (2) years (the "Extension"). The Vendor and the City must agree to extend the Agreement no later than thirty (30) days prior to the expiration of the Initial Term of the Agreement.

8. TERMINATION.

A. Termination for Cause. If the Vendor fails to fulfill any of its obligations under this Agreement and does not cure such default within thirty (30) days after receipt of written notice from the City, such failure shall be considered a default and shall entitle, but not obligate, the City to suspend performance under this Agreement or to terminate this Agreement, in whole or in part, wholly at the City's discretion.

B. Termination for Convenience. Additionally, the City shall have the right to terminate this Agreement for convenience, in whole or in part, upon 90-day notice, without the Vendor being in default thereunder. In the event of termination for convenience, the City shall pay the Vendor (i) the full amount due for services satisfactorily rendered, (ii) approved costs and expenses incurred which remain unpaid at the time of such termination, and (iii) such other costs of termination, if any, as may be mutually agreed by the parties.

C. Termination Process. Termination shall be effected by (i) delivery of written notice to the Vendor from the City specifying whether termination is for default or convenience, (ii) providing detail as to the extent to which services under this Agreement are to be terminated, and (iii) specifying the date

upon which such termination becomes effective. After receipt of the written termination notice, and except as otherwise directed in writing by the City, the Vendor shall promptly stop work under this Agreement on the date and to the extent specified in the termination notice, terminate all subcontracts that relate to the performance of the services terminated by the termination notice, and complete performance of any services which have not been terminated. In the event the Agreement is canceled for default under the Agreement, the City may withhold funds owed to the Vendor in an amount sufficient to compensate for actual damages suffered from the default resulting in termination of the Agreement.

9. FINANCIAL CONSEQUENCES OF NON-PERFORMANCE.

A. The City may apply financial consequences if the Vendor fails to perform in accordance with the terms of the Agreement. If the Vendor fails to remedy performance deficiencies within thirty (30) days of being provided notice of such deficiency by the City, the Vendor may be assessed a non-performance retainage equivalent to 10% or $1,000.00, whichever is less, of the total invoice amount for the task or project. The retainage will be applied to the invoice for the then-current billing period. The retainage will be withheld until the Vendor resolves the deficiency. If the deficiency is subsequently resolved, the Vendor may invoice the City for the retained amount during the next billing period. If the Vendor is unable to resolve the deficiency, the retained funds will be forfeited.

B. The Vendor shall not be charged retained funds when the non-performance is a result of delay in delivery or performance arising out causes beyond the control and without vault or negligence of the Vendor due to manufacturer delays. To substantiate a delay in manufacturer product delivery, the Vendor is required to submit written proof of delay to the City in the form of a letter or email sent from the manufacturer to the Vendor. The City agrees that no retained funds will be withheld from the Vendor after written proof of the manufacturer's product delivery delay is provided to the City and, if necessary, regularly updated if the delay continues past any date which may be included in the written communication from the manufacturer.

10. LIQUIDATED DAMAGES.

A. If the Vendor fails to provide the Vehicles or Services within the time specified in this Agreement, any applicable Purchase Order, or any negotiated extension, the Vendor shall pay the minimum sum of $100.00 for each calendar day of delay, not to exceed $1,500.00 per month, to the City

as fixed and liquidated damages. In the event the City is penalized monetarily by federal, state, or local entities as a result of the Vendor delay, error, and/or poor performance issues, the Vendor may be required to reimburse the City the full amount of the assessed penalty.

B. Alternatively, if delivery or performance is delayed, the City may terminate this Agreement in whole or in part, under the Termination provision in this Agreement. In the event of termination for delivery or performance delay, the Vendor may be liable for (i) reimbursement to the City for costs spent to procure the Vehicles or Services from another vendor or (ii) for payment of liquidated damages as provided in above until such time as the City may reasonably obtain delivery or performance of similar Vehicles or Services.

C. The Vendor shall not be charged with liquidated damages, including if the City is penalized by federal, state or local entities, when the delay in delivery or performance arises out of causes beyond the control and without the fault or negligence of the Vendor caused by delay in manufacturer product delivery.

11. INDEMNIFICATON. The Vendor shall hold harmless and indemnify the City and its officials, officers, and employees from all claims, damages, losses, expenses, suits or actions against all third-party claims, losses, expenses, suits, or actions against the City, including, without limitation, costs of defending the action and attorney's fees, to the extent the claims arise out of or result from the performance and furnishing of the work, services, materials, goods, or equipment under the Agreement (including, but not limited to, claims regarding defects in materials, goods, equipment, and patent infringement) and such claim is caused in whole, or in part, by any breach of contract, act, or omission of the Vendor, its subcontractors, anyone directly or indirectly employed by any of them, or anyone whose acts any of them may be liable. In any and all claims against the City, or any of its agents or employees by any employee of the Vendor, its subcontractors, anyone directly or indirectly employed by any of them of anyone for whose acts any of them may be liable, the indemnification obligation under this clause shall not be limited in any way by limitation on the amount or type of damages, compensation or benefits payable by or for the Vendor or its subcontractors under any Workers' Compensation Act, Disability Act, or other Employee Benefit Act.

12. AVAILABILTY OF FUNDS. City funds may not be available for performance under this Agreement beyond September 30 of each year of this Agreement. The City's obligation for performance of this Agreement beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the City for any payment may arise for performance under this Agreement beyond the referenced date until funds are made available.

13. NOTIFICATION OF INSOLVENCY. In the event the Vendor enters into a proceeding relating to bankruptcy or an assignment for the benefit of creditors, whether voluntary or involuntary, the Vendor agrees to furnish, by certified mail or other method authorized by the Agreement, written notification of the proceeding to the City. This notification shall be furnished within five (5) days of the initiation of the proceedings relating to bankruptcy filing or transfer of legal and equitable title of assets to a third party under an assignment for the benefit of creditors. This notification shall include the date on which the bankruptcy petition was filed or the transfer consummated, the identity of the court in which the bankruptcy petition was filed or the name of the entity holding Vendor's assets, and a listing of City contract or purchase order numbers for all City contracts against which final payment has not been made. This obligation remains in effect until final payment of net receipts under this Agreement has been made to the Vendor.

14. CHOICE OF LAW AND VENUE. All questions concerning the construction, validity, and interpretation of this Agreement shall be governed by the law of the State of Florida. Any dispute arising out of, concerning, or relating to this Agreement between the Parties shall be resolved exclusively in a federal or state court of competent jurisdiction located in Tallahassee, Leon County, Florida. To the extent necessary, the Parties hereby submit to, and agree not to contest, the jurisdiction of such courts. The Parties also agree to waive any right to trial by jury in any dispute or litigation arising from, concerning, or relating to this Agreement.

15. REMEDIES. No remedy herein conferred upon any Party is intended to be exclusive of any other remedy. Each and every remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or at equity by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further

exercise thereof.

16. NO WAIVER; SEVERABILITY; SECTION HEADINGS. No failure of either Party to exercise or enforce any of its rights under this Agreement shall act as a waiver of such rights. If any provision of this Agreement is determined in any proceeding binding upon the Parties to be invalid or unenforceable, that provision will be deemed severed from the remainder of the Agreement and the remaining provisions shall continue in full force and effect; provided however, that if a court by limiting such provision determines that the provision would become valid and enforceable, then such provision will be deemed to be written, construed, and enforced as so limited so long as the result is consistent with the Parties' expressed intentions herein. The section headings in this Agreement are solely for the convenience of the Parties and have no legal or contractual effect. This Agreement is entered into by sophisticated entities with access to counsel and shall not be construed against either Party as the "drafting" party.

17. RELATIONSHIP BETWEEN THE PARTIES. The Vendor and the City acknowledge and agree that this Agreement is not and shall not be construed as an agreement of joint venture, partnership, agency, franchise, or employment between the Parties or their respective employees. For all purposes under this Agreement, each Party shall be and act as an independent contractor to the other and shall not be authorized to, and shall not, bind or attempt to bind the other to any contract or agreement.

18. NOTICES. All notices required to be given under this Agreement shall be given in writing and sent to the following:

For the City:	For the Vendor:
Attn: Fleet Management Director	Attn: Chris Wilson
400 Dupree Street	3003 US Hwy 27 South
Tallahassee, FL 32304	Sebring, FL 33870
with a copy via email to:	with a copy via to:
Jeffery.Shepard@talgov.com	Chris.Wilson@AlanJay.com

All notices shall be given by certified or registered mail, overnight carrier, or personal delivery. Such notices shall be deemed given on the date of receipt of delivery of (or refusal to accept) said notice. Notwithstanding the foregoing, any day-to-day operational correspondence may be made by phone, email, or other mutually agreeable mechanism.

19. ASSIGNMENT. Neither Party may sell, assign, or transfer this Agreement without the prior written consent of the other Party; provided, however, that either Party may (with notice but without the prior consent of the other Party) assign this Agreement by operation of law, pursuant to a merger or acquisition of all or substantially all of its stock or assets, or to its affiliate. This Agreement shall be binding upon and inure to the benefit of the Parties and their respective successors and permitted assigns. The Vendor shall notify the City, in writing, thirty (30) calendar days prior to any assignment or transfer as allowed by this paragraph.

20. PUBLIC RECORDS. The Parties acknowledge that the City is a governmental entity and is subject to Florida's Public Records Law, Chapter 119, Florida Statutes. The Parties further acknowledge that some, or all, of the information, materials, documents provided to the City by the Vendor may be public records and, as such, may be subject to disclosure to, and copying by, the public unless otherwise exempted by statute. This provision shall constitute the City's sole obligation relating to maintaining confidentiality of any information or proprietary material of any kind submitted by the Vendor.

The Vendor also recognizes that by doing business with the City, its records relating to the Agreement may also be subject to the Public Records Act. **If the Vendor has questions regarding the application of Chapter 119, Florida Statutes, to the Vendor's duty to provide public records relating to this Agreement, the Vendor may contact the City's Custodian of Public Records at**:

City Treasurer-Clerk

records@talgov.com

Mailing Address:
City Hall
300 S. Adams Street
c/o Records Division, Box A-31
Tallahassee, Florida 32301

21. SUBCONTRACTORS. Subcontractors are not allowed under this Agreement.

22. FORCE MAJEURE. Neither Party shall be liable for non-performance or delay, other than the payment of fees due hereunder, due in whole or in part to any Force Majeure Event. Force Majeure Event shall be defined as occurrence of an event which is outside the reasonable control of a party and

which prevents that party from performing its obligations under a contract. In the event a Party is hindered or prevented from performing hereunder due to a Force Majeure Event, such Party shall notify the other Party of the Force Majeure Event and the extent of its suspension as soon as reasonably practicable. Failure to give notice as timely as practicable under the circumstances shall result in the forfeiture of a Party's right to suspend its obligations hereunder. If a Force Majeure Event prevents, hinders, or delays performance of a Party's obligations hereunder for more than thirty (30) days, the Party not prevented from performing may, at its sole option, terminate this Agreement upon notice to the other Party.

23. INSURANCE COVERAGE. Prior to commencing work, the Vendor shall procure and maintain, at the Vendor's own cost and expense, throughout the Term of the Agreement, the following types and limits of insurance coverage in relation to the performance of work or provision of services hereunder by the Vendor, its agents, representatives, employees or subcontractors.

A. Commercial General/Umbrella Liability Insurance. $1,000,000 limit per occurrence for property damage and bodily injury. The Vendor should indicate whether the coverage is provided on a claims-made or, preferably, on an occurrence basis. The insurance shall include coverage for the following:

* Premise/Operations;
* Explosion Collapse and Underground Property Damage Hazard (only where applicable to the project);
* Products/Completed Operations;
* Contractual;
* Independent Contractors;
* Broad Form Property Damage; and
* Personal Injury.

B. Business Automobile/Umbrella Liability Insurance. $1,000,000 limit per accident for property damage and personal injury, including coverage for:

* Owned/Leased Autos;
* Non-owned Autos; and
* Hired Autos.

C. Workers' Compensation and Employers'/Umbrella Liability Insurance. Workers' Compensation coverage with benefits and monetary limits as set forth in Chapter 440, Florida Statutes. This policy shall include Employers'/Umbrella Liability coverage for $1,000,000 per accident. Workers' Compensation coverage is required as a condition of performing work or services for the City whether the Vendor is otherwise required by law to provide such coverage.

D. Commercial General Liability and Automobile Liability Coverage.

* The City, members of its City Commission, boards, commissions and committees, officers, agents, employees and volunteers (together, "City Insureds") are to be covered as additional insured as respects: liability arising out of activities performed by or on behalf of the Vendor; products and completed operations of the Vendor; premises owned, leased, or used by the Vendor; or premises on which the Vendor is performing services on behalf of the City. The coverage shall not contain special limitations on the scope of protection afforded the City Insureds.
* The Vendor's insurance coverage shall be primary insurance for the City Insureds. Any other insurance or self-insurance maintained by or on behalf of the City Insureds shall be excess of the Vendor's insurance and shall not contribute to it.
* Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the City Insureds.
* Coverage shall state that the Vendor's insurance shall apply separately to each insured against whom a claim is made, or suit is brought, except with respect to the limits of the insurer's liability.

E. Worker's Compensation and Employers' Liability and Property Coverage. The insurer shall agree to waive all rights of subrogation against the City Insureds for losses arising from activities and operations of the Vendor in the performance of services under this Agreement.

F. Garage Liability Coverage. A minimum of $1,000,000.00 limit per occurrence.

G. Garage Keepers Coverage. A minimum of $500,000 per accident.

H. All Coverage.

* Each insurance policy shall name the City as an additional insured.
* Each insurance policy required by this clause shall be endorsed to state that coverage shall not be suspended, voided, canceled, reduced in coverage or in limits except after thirty (30) days prior written notice has been given to the City Contract Administrator.
* If the Vendor, for any reason, fails to maintain insurance coverage which is required pursuant to this Agreement, it shall be deemed a material breach of the Agreement. The City, at its sole option, may terminate this Agreement and obtain damages from the Vendor resulting from said breach.
* Alternatively, the City may purchase such required insurance coverage (but has no special obligation to do so) and, without further notice to the Vendor, the City may deduct any premium costs advanced by the City for such insurance from sums due to the Vendor.

I. Deductibles and Self-Insured Retentions. Any deductibles or self-insured retentions must be declared to and approved by the City. At the option of the City, the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the City Insureds; or the Vendor shall procure a bond guaranteeing payment of losses, related investigation, claim administration, and defense expenses.

J. Acceptability of Insurers. Insurance is to be placed with Florida insurers rated B+X or better by A.M. Best's rating service.

K. Verification of Coverage. The Vendor shall furnish the City with certificates of insurance and with original endorsements providing evidence of required coverage. The certificates and endorsements for each policy must be signed by a person authorized by that insurer to bind coverage on the Vendor's behalf. The certificates and endorsements must be received and approved by the City before work commences. Certificates of Insurance must be annotated with the applicable contract number.

24. SOVEREIGN IMMUNITY. Nothing contained herein shall constitute a waiver by the City of any applicable sovereign immunity as described under the provisions of Section 768.28, Florida Statutes.

25. COUNTERPARTS. This Agreement may be executed in two or more counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument. The Parties agree that electronic signatures of the Parties, whether digital or encrypted, have the same force and effect as manual signatures. Delivery of a copy of this Agreement or any other document contemplated hereby bearing an original or electronic signature by facsimile transmission, by electronic mail in portable document format (.pdf) form, or by any other electronic means intended to preserve the original textual, graphic and pictorial appearance of a document, have the same effect as physical delivery of the paper document bearing an original or electronic signature.

26. ORDER OF PRECEDENCE. In the event of any inconsistency between any provisions of this Agreement and the Agreement Documents, and unless specifically stated otherwise, the inconsistency shall be resolved by giving precedence in the following order:

A. This Agreement, and any written attachments and future written Amendments or Purchase Orders.

B. Purchase Orders arising from this Agreement, including any associated quote and build sheets.

C. City Solicitation RFP No.069-21-KM, including all addenda.

D. Vendor's Response to the City's Solicitation.

27. E-VERIFY. The Contractor, and its subcontractors, must register with and utilize, the U.S. Department of Homeland Security's E-Verify system to verify the work authorization status of all newly hired employees, pursuant to Section 448.095, Florida Statutes. Registration must take place prior to execution of this contract. If the Contractor enters into any agreement with a subcontractor for performance of services under this contract, the subcontractor must provide an affidavit to the Contractor which states that the subcontractor does not employ, contract with, or subcontract with any unauthorized aliens. The Contractor is required to maintain a copy of such affidavit throughout the term of this contract.

The Contractor agrees to adhere to the requirements of Section 448.095, Florida Statutes, and understands that failure to comply with the statute will result in termination of this contract. If such termination occurs, the Contractor will not be awarded another City contract for at least one (1) year from the termination date and will be liable for any additional costs incurred by the City as a result of the termination.

28. ENTIRE AGREEMENT. This Agreement, including its attachments and associated documents, constitutes the entire Agreement between the Parties pertaining to the subject matter hereof, and supersedes in their entirety all written or oral agreements previously existing between the Parties with respect to such subject matter. No supplement, modification, addendum, or amendment of this Agreement shall be binding unless executed in writing by both Parties. In the event of any conflict between any terms of this Agreement and any terms of any attachment, the terms of this Agreement shall supersede, govern, and control to the extent of the inconsistency.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement by their duly authorized representatives.

CITY OF TALLAHASSEE

Class 1-7 5179 EXP: 9/30/2026

Thank you from the entire Alan Jay Fleet family for allowing us to serve your past, present, and future needs.

With the open of 2026 order banks, the auto industry has emerged out of the global supply chain shortages. Though there are still some challenges, we are mostly back to business as usual.

- STABALIZED PRICING
- ELONGATED ORDER WINDOWS
- IMPROVED LEAD TIME TO DELIVER
- FULL VEHICLE LINE OFFERING

The following is listing of 2025 production vehicles and associated equipment in conformance with our City of Tallahassee bid award. Please note that all models listed may not be available & those without pricing indicated have yet to be published. Updates with additional pricing will follow.

11' CRANE BODY

PP PCB20-132-3216	PALPRO PCB 20 Series 11' heavy duty galvannealed steel crane body with Palfinger PSC3216E crane. Includes 19" treadplate bumper with outrigger cross tube, treadplate steps, and recess for integrated 16,000 lb. rated 2" hitch receiver tube (not compatible with vise mount options), manual out (crane side) crank down stabilizers, standard right rear crane mounting compartment, compartment tops reinforced with structural angle, eight (8) recessed cargo tie downs (6,000 lb. capacity), two (2) grab handles, 40" high side compartments, fully integrated and sealed automotive style harness kit, FMVSS 108 LED light and reflector kit, mudflap brackets, entire body electro coat (E-Coat) primer, understructure and bottom of compartments undercoated. Adjustable aluminum divider trays in compartments, Master locking system installed, Palfinger model PSC 3216E telescopic service crane; 12,500 ft. lbs., 16' reach capability, one hydraulic / one manual extension, 4,000 Lb. vertical lift capacity, - 5 to +80 degree boom elevation, double acting cylinders with load holding valves on all cylinders, overload shutdown system, radio remote control, decals, crane hook, load line block, Ecoat prime, finish paint white topcoat single stage common white. (Includes 2nd Stage MSO, Weight Slip, & Completed Vehicle Certification.) Reqires 84" CA and 10,001 lb GVWR.	$58,850.00
PP PCB20-132-4025	PALPRO PCB 20 Series 11' heavy duty galvannealed steel crane body with Palfinger 4025E crane. Includes 19" treadplate bumper with outrigger cross tube, treadplate steps, and recess for integrated 16,000 lb. rated 2" hitch receiver tube (not compatible with vise mount options), manual out (crane side) crank down stabilizers, standard right rear crane mounting compartment, compartment tops reinforced with structural angle, six (8) recessed cargo tie downs (6,000 lb. capacity), two (2) grab handles, 40" high side compartments, fully integrated and sealed automotive style harness kit, FMVSS 108 LED light and reflector kit, mudflap brackets, entire body electro coat (E-Coat) primer, understructure and bottom of compartments undercoated, adjustable aluminum divider trays in compartments, master locking system installed, Palfinger model PSC 4025E telescopic service crane; 18,500 ft. lbs., 25' reach capability, two hydraulic powered extensions, 4,000 Lb. vertical lift capacity, - 5 to +80 degree boom elevation, double acting cylinders with load holding valves on all cylinders, overload shutdown system, radio remote control, decals, crane hook, load line block, Ecoat prime, finish paint white topcoat paint single stage common white. (Includes 2nd Stage MSO, Weight Slip, & Completed Vehicle Certification.) Reqires 84" CA and 10,001 lb GVWR.	$68,995.00
PP PCB20-132CS-4025	PALPRO PCB 20 Series 11' heavy duty galvannealed steel crane body with Palfinger 4025E crane. Includes 19" treadplate bumper with outrigger cross tube, treadplate steps, and recess for integrated 16,000 lb. rated 2" hitch receiver tube (not compatible with vise mount options), manual out (crane side) crank down stabilizers, standard right rear crane mounting compartment, compartment tops reinforced with structural angle, six (8) recessed cargo tie downs (6,000 lb. capacity), two (2) grab handles, 40" high side compartments with curbside 1st raised to 60"H for Oxy/act Bottles, tank bracket for 2 tanks, cargo area wall mounted, compartment vented, fully integrated and sealed automotive style harness kit, FMVSS 108 LED light and reflector kit, mudflap brackets, entire body electro coat (E-Coat) primer, understructure and bottom of compartments undercoated, adjustable aluminum divider trays in compartments, master locking system installed, Palfinger model PSC 4025E telescopic service crane; 18,500 ft. lbs., 25' reach capability, two hydraulic powered extensions, 4,000 Lb. vertical lift capacity, - 5 to +80 degree boom elevation, double acting cylinders with load holding valves on all cylinders, overload shutdown system, radio remote control, decals, crane hook, load line block, Ecoat prime, finish paint white topcoat paint single stage common white. (Includes 2nd Stage MSO, Weight Slip, & Completed Vehicle Certification.) Reqires 84" CA and 10,001 lb GVWR.	$67,910.00
PP PCB39-132-5025	PALPRO PCB 39 Series 11' heavy duty galvannealed steel crane body with Palfinger 5025E crane. Includes 21" workbench tailshelf with outrigger cross tube, through compartment, 1/4" top plate work surface and integrated 16,000 lb rated 2" hitch receiver tube & rear manual out (crane side) crank down stabilizers, standard right rear crane mounting compartment, all aluminum doors and hinges, six (6) recessed cargo tie downs (6,000 lb. capacity), two (2) grab handles, 44" high side compartments, fully integrated and sealed automotive style harness kit and electrical system with easy access power distribution panel, FMVSS 108 LED light and reflector kit, mudflap brackets, entire body electro coat (E-Coat) primer, interior of compartments lined with Zolatone AIM White interior coating, understructure and bottom of compartments undercoated, adjustable aluminum divider trays in compartments, master locking system, Palfinger model PSC 5025E telescopic service crane; 32,500 ft. lbs., 25' reach capability, two hydraulic powered extensions, 5,000 Lb. vertical lift capacity, - 5 to +80 degree boom elevation, double acting cylinders with load holding valves on all cylinders, overload shutdown system, radio remote control, decals, crane hook, load line block, Ecoat prime, finish paint white topcoat paint single stage common white. (Includes 2nd Stage MSO, Weight Slip, & Completed Vehicle Certification.) Reqires 84" CA and 14,500 lb GVWR.	$82,990.00

IMT CRANE BODIES & CRANES

11' CRANE BODY

QT DOM 1	DOMINATOR 1: IMT Series 3 Crane Body. Heavy duty galvannealed steel construction with standard right rear crane mount. 21" workbench bumper with through compartment, 1/4 inch plate work surface and recess for pintle hitch and hitch receiver tube. Electrical system is fully integrated and sealed incorporating an automotive style harness system with power and function distribution box. Body Primed and Painted. Standard Paint unless otherwise stated is Sherwin Williams Genesis. Inside of compartments are painted with IMT compartment coating and understructure is undercoated. Crane body rating of 52,000 ft-lbs. CONFIGURATION: 11' Body with 44" high compartments with raised right front first and second compartments to 60". INCLUDED: - Body Installation Kit for 19,500 GVW Chassis - 10" Fold Down Tailgate with single hand latch - Light Kit. LED High Intensity - Compartment Lights and (2) LED work lights - Install electrical harness - ICC Safety Kit IMT Model 7500 Series 3 Telescopic mechanic field service crane. 5 Sided Penta Boom design. Double acting cylinders with integral holding and/or counterbalance valves. Four section remote control valve. Proportional radio remote control. Planetary Winch boom mounted 60 ft/min. Flip sheave boom tip. Return filters, snatch block, anti-two-block device. Hydraulic overload shutdown system, decals and mounting kit. Crane is factory painted white with Axalta Imron Elite paint. Max Lift: 7,500 lbs. Max Reach: 22' Rotation: 400 Degrees INCLUDES: - Boom Support - Single Proportional Radio Remote (Toggle Switches) - LED Overload Indicator Lights - (1) Short and (1) Long Radio Elimination Cable. - LED Boom Tip Lights Compressor Boss BA440 Reciprocating Air Compressor. 40 CFM @ 100 PSI. 20 Gallon hotdog air tank kit. Reelcraft hose reel, 50' x 1/2". 1/2" Moisture Separator/Pressure Regulator/Oiler Hydraulics PTO, single stage pump, selector valve, 40 gallon hydraulic reservoir and return filter. (1) High pressure filter off the pump. Engine function module. Suspension Level Spring Suspension, Crane Side. Will level within 2" on empty truck. Compartments LV1: (3) 3"H Divided Adj. shelf 19"x33.50" (Includes 6 Dividers) LV2: (3) Standard Vertical 17.5" Shelf LH: (1) Standard Horizontal 49.5" Shelf LR: (3) Standard Vertical 25.5" Shelf RV1: (1) Divider Package. Oxy/Acet Bracket. Full Height Compartment Divider. (3) 17.5" Shelves. RV2: (3) Standard Vertical 17.5" Shelf RH: (1) Standard Horizontal 49.5" Shelf Outriggers Hydraulic down (both sides) and hydraulic out (crane side) rear outriggers for Dominator 1 package. Front outriggers. Paint Class: Single stage whites. Color: Paint Code: Body painted in house with Sherwin Williams products. Bedliner Standard: Black, Sherwin Williams polyurea applied to top of sidepacks, inside of load space and top of workbench bumper. Warranty All new equipment comes with a one year parts and labor warranty. Mileage charges for on-site service are not covered. OEM warranties may extend longer than one year. All warranty repairs must be performed by QT Equipment unless Written approval is obtained in advance. (Includes 2nd Stage MSO, Completed Vehicle Certificate, & Weight Slip).	$131,590.00
QT DOM DSC20	Dominator DSC20: 11' medium duty galvannealed steel crane body with standard right rear crane mount, 21" workbench bumper (Dominator style) with through compartment, 14" deep, 1/8" thick deck plate step bumper with 2" hitch receiver tube rated at 2000 lb vertical tongue weight and 16,000 lb gross trailer eight. 7 blade trailer light plug receptacle. 44" H x 22" D compartments, 24" above cargo bed constructed of 10 and 14 ga. material. Body offers 120.5 cubic feet of storage. Inverted A frame torsion box understructure. 14 ga. galvannealed, hemmed, seamless single panel steel doors, stainless steel hinges, pneumatic gas spring door retainers and cast steel black powder coated 3-point latches. Cargo bed is 50"W constructed of 1/8" deck plate and has six (6) recessed tie downs. Three point access package. Fully integrated and sealed electrical system incorporating an automotive style harness system with switch panel RR. Includes LED DOT stop, tail, turn, marker and backup body lights and backup alarm. Exterior primed, interior of compartments painted with IMT compartment coat and understructure undercoated. Molded rubber fender extensions and mudflaps. Crane body rating of 20,000 ft-lb for installation on 84" CA, 13,700 lb GVW – 19,500 lb GVW Chassis. Includes: - Installation Kit for 11' body - 10" fold down tailgate with single hand latch - Light kit - LED High Intensity -compartment Lights / (2) LED work lights - Install electrical harness on body - Additional Chassis Leaf Spring Kit - ICC Safety kit - Hydraulic installation kit for crane and compressor Crane Model 3203i telescopic mechanic field service crane: 12,000 ft/lb rating, 360 degree continuous power rotation, double-acting cylinders with integral holding and/or counterbalance valves, 12V DC electric control, decals, crane hook, snatch block, decals, and installation kit. One Hydraulic / One Manual Extension to 15'. Crane weight 635 lbs. Includes: - Single Proportional Radio Remove (Toggle Switches) Control - Boom Support. Level Spring Suspension, Crane Side. Will level within 2" on empty truck. LV1: (2) standard 33.62" Shelf Kit LV2: (2) Standard 17.5" Shelf Kit LH: (1) Standard 49.75" Shelf Kit LR: (2) Standard 25.75" Shelf Kit RV1: (2) Divider Package. Oxy/Acet Bracket. Full Height Compartment Divider. (3) 17.5" Shelves. RV2: (2) Standard 17.5" Shelf Kit RH: (1) Standard 49.75" Shelf Kit. Manual out (crane side), crank down (both sides) outriggers for DSC20 package. Paint Class: All Single Stage Shades of White Color: Paint Code: Body painted in house with Sherwin Williams products. Bedliner Standard Black Bedliner. Top of Sidepacks, inside of load space, top of work bench bumper. Warranty All new equipment comes with a one year parts and labor warranty. Mileage charges for on-site service are not covered. OEM warranties may extend longer than one year. All warranty repairs must be performed by QT Equipment unless written approval is obtained in advance. (Includes 2nd Stage MSO, Completed Vehicle Certificate, & Weight Slip). Requires 16k GVWR	$84,715.00

Mounts under the trucks hood with an engineered bracket and belt drive system. 2 Year Warranty, Lifetime airend warranty. Installation will be performed at Compressed Air Systems Inc. at 9303 Stannum Street, Tampa. The pricing includes a complete factory certified installation of the VMAC system with the unit discharging at the rear of the vehicle utilizing a single Chicago Coupling connection for hook up. We would like to schedule the delivery of the vehicle with a representative of your company so we can discuss additional options for your connection points. If you require gauges, regulators, manifolds, quick disconnect's or variable connection points we can tailor the installation to your application.	$24,265.00

PTO DRIVEN

VMAC PTO DTM70H	VMAC (PTO Driven Air Compressor & Hydraulic pump) Air Compressor Output Up to 70 CFM* @ 100 psi (175 psi max); actual CFM output dependent on engine RPM Air Compressor Type PTO driven, direct transmission mounted, 100% duty cycle, VMAC oil-injected rotary screw. Weight (wet) Approximately 180 lbs (81.6 kg) PTO (included) CHELSEA® 249 Series, electrically actuated, PTO indicator lamp Throttle Control 2 throttle control set-points available Adjustable up to 3,000 RPM Allows for dual speed operation with cranes that have available input/output for high idle mode Control System On/Off function of PTO and compressor LCD display Service notifications Error messages System temperature Compatible with start/stop crane modules Allows for simultaneous operation of both the air compressor and hydraulic pump Safety System Automatic compressor heater function Compressor over-temp sensor Automatic rapid blow-down valve on tank 200 psi air pressure relief valve Truck drive disable circuit on throttle control Truck park brake safety shut-off switch on control box Installation will be performed at Compressed Air Systems Inc. at 9303 Stannum Street, Tampa. The pricing includes a complete factory certified installation of the VMAC system with the unit discharging at the rear of the vehicle utilizing a single Chicago Coupling connection for hook up. We would like to schedule the delivery of the vehicle with a representative of your company so we can discuss additional options for your connection points. If you require gauges, regulators, manifolds, quick disconnect's or variable connection points we can tailor the installation to your application.	$26,065.00

EXTERNAL MOUNT

CAS VMAC G30	VMAC Externally mounted belt driven rotary screw capable of 30cfm at 100psi (150psi max), 100% duty cycle. Includes remote start, 2 Year Warranty, Lifetime airend warranty, & 5 year subaru engine warranty. Installation will be performed at Compressed Air Systems Inc. at 9303 Stannum Street, Tampa. The pricing includes a complete factory certified installation of the VMAC system with the unit discharging at the rear of the vehicle utilizing a single Chicago Coupling connection for hook up. We would like to schedule the delivery of the vehicle with a representative of your company so we can discuss additional options for your connection points. If you require gauges, regulators, manifolds, quick disconnect's or variable connection points we can tailor the installation to your application.	$7,825.00

SWAPLOADER

ABG SL-75 HOOKLIFT	Swaploader SL-75 7,500 pounds lifting and dumping capacity with the gross weight evenly distributed on the body. Hook lift shall be able to handle sub frame mounted bodies with potential body lengths of 9' – 13' with the optimum body length being 10' – 12'. Lifting and dumping capacity (7,500 pounds) of the hook lift hoist must be achieved for all optimum body lengths and specified hook heights. Hook lift hoist shall have a 56 degree dump angle. Weight of hook lift hoist (fixed jib 35-5/8" hook height) not to exceed 1,250 pounds. Sub frame mounted bodies shall be supported with a pair of 6-1/4" diameter outside flanged rollers at the rear of the hoist and be adjustable to accommodate bodies with outside sub frame rail widths of 39" or 41-5/8". The hook to rear roller dimension to be 114 3/8" in length when jib is fully extended. Hook lift shall be capable of being mounted to a truck chassis with an "effective" cab-to-axle of 84" - 96" with 96" being the optimum dimension for weight distribution and stability. includes tarping system. Includes PTO, pump, tank and plumbing (Includes 2nd Stage MSO, Weight Slip, & Completed Vehicle Certification.)	$48,420.00
ABG SL-105 HOOKLIFT	Swaploader SL 105 10,500 pounds lifting and dumping capacity with the gross weight evenly distributed on the body. Hook lift shall be able to handle sub frame mounted bodies with lengths of 10' – 13' with the optimum body length being 10' – 12'. Lifting and dumping capacity (10,500 pounds) of the hook lift hoist must be achieved for all optimum body lengths and specified hook heights. Hook lift hoist shall have a 58 degree dump angle. Weight of hook lift hoist (fixed jib 35-5/8" hook height) not to exceed 1,680 pounds. Sub frame mounted bodies shall be supported with a pair of 6-1/4" diameter outside flanged rollers at the rear of the hoist and be adjustable to accommodate bodies with outside sub frame rail widths of 40-1/2" or 41-5/8". The hook to rear roller dimension to be 116" in length when jib is fully extended. Hook lift shall be capable of being mounted to a truck chassis with an "effective" cab-to-axle of 84" - 96" with 96" being the optimum dimension for weight distribution and stability. Includes tarping system. Includes PTO, pump, tank and plumbing (Includes 2nd Stage MSO, Weight Slip, & Completed Vehicle Certification.)	$52,400.00
ABG SL-160 HOOKLIFT	Swaploader SL-160 16,000 pounds lifting and dumping capacity with the gross weight evenly distributed on the body. Hook lift shall be able to handle sub frame mounted bodies with potential lengths of 10' – 15' with the optimum body length being 12' – 14'. Bodies shorter than 12' will require the use of a shelf assembly. Position of the shelf assembly will impact how short of a body can be transported. Lifting and dumping capacity (16,000 pounds) of the hook lift hoist must be achieved for all optimum body lengths and specified hook heights. Hook lift hoist shall have a 56 degree dump angle. Weight of hook lift hoist (fixed jib 35-5/8" hook height) not to exceed 2,325 pounds. Weight of hook lift hoist (adjustable jib 35-5/8" or 53-7/8 hook height) not to exceed 2,467 pounds. Sub frame mounted bodies shall be supported with a pair of 6-1/4" diameter outside flanged rollers at the rear of the hoist and be adjustable to accommodate bodies with outside sub frame rail widths of 40-1/2" or 41-5/8". The hook to rear roller dimension to be 139.63" in length when jib is fully extended. Hook lift shall be capable of being mounted to a truck chassis with an "effective" cab-to-axle of 108" - 120" with 120" being the optimum dimension for weight distribution and stability. Includes tarping system Includes PTO, pump, tank and plumbing (Includes 2nd Stage MSO, Weight Slip, & Completed Vehicle Certification.)	$57,290.00

NP C BUMP	The Colossus® Bumper is an advanced, multifunctional front bumper developed by a certified engineering team to integrate seamlessly with Class (Bumper Attachment Sistem) + Hidrabox, "Shippers, hydraulic tools, high-capacity pumps, brooms, and multifunction hydraulic arms.	$13,325.00
NP C PLUMBING BODY	Designed exclusively to meet the specific needs of the pumping and water services industry, this custom-built body delivers exceptional functionality, durability, and adaptability.Engineered to your application and customer specifications, it requires a Class 6 or 7chassis for optimal performance. Built from heavy-duty 16-gauge galvanized steel, withreinforced panels in high-stress areas it ensures long-term resilience in demanding environments. A durable white powder-coated finish enhances corrosion resistance and professional appearance. The unit features vertical and horizontal compartments with adjustable shelving for flexible storage. For more information, please contact your dealer. Bodies and equipment for vehicles with a capacity up to 37000 GVWR	$140,100.00
NP C SERVICE TRK	Heavy-duty utility body built for durability and functionality, compatible with pneumatic, hydraulic, and electrical systems, designed for Class 4, 5, and 6 chassis. Standard 94” wide wide body constructed of 14-gauge galvanized A-40 steel. Compartments sealed with gaskets, stainless steel hinges, and rotary locks. Reinforced for electric-hydraulic crane rated at 4,000 lb. and 16,000 ft-lbs. Includes advanced BAS Colossus® hydraulic bumper with quick-connect system, positioning cylinders, and dual control valves. For more information, please contact your dealer. Bodies and equipment for vehicles with a capacity up to 26000 GVWR	$92,955.00
NP C VALVE BODY ST	The 12’ Colossus® body is designed for utility and valve maintenance applications. Both sides of the vehicle are equipped with black shelves and a keyed shovel storage box. Roll-up doors provide easy access to internal compartments. Standard on all Nexpro Trucks & Equipment models, the Colossus® bumper integrates a hydraulic system delivering 5–8 GPM at 2500 PSI. An optional BAS bumper system for multiple attachments is available. The Valve Maintenance System (VMS) equips the truck with a valve exerciser machine for maintenance. For more information, please contact your dealer. Bodies and equipment for vehicles with a capacity up to 26000 GVWR	$105,705.00
NP C VALVE BODY XL	The 12’ Colossus® body is designed for utility and valve maintenance applications. Both sides of the vehicle are equipped with black shelves and a keyed shovel storage box. Roll-up doors provide easy access to internal compartments. Standard on all Nexpro Trucks & Equipment models, the Colossus® bumper integrates a hydraulic system delivering 5–8 GPM at 2500 PSI. An optional BAS bumper system for multiple attachments is available. The Valve Maintenance System (VMS) equips the truck with a valve exerciser machine for maintenance. For more information, please contact your dealer. Bodies and equipment for vehicles with a capacity up to 33000 GVWR	$120,655.00
NP C WATER LINER	Requires a Class 6 or 7 chassis. The body measures 132” long, 94” wide, with compartments 48” high, 21” deep, and a 52” wide load space. Constructed with 16-gauge galvanized steel with thicker panels in critical areas. Double-panel doors with stainless steel hinges and rotary locks. Powder-coated white finish Vertical and horizontal compartments with adjustable shelves. Three-section sliding roof. Optionally includes storage drawers replacing shelves, and BAS Colossus® front bumper for attachments. For more information, please contact your dealer.Bodies and equipment for vehicles with a capacity up to 33000 GVWR	$89,690.00

E-Verify

Company ID Number: 1201859

THE E-VERIFY MEMORANDUM OF UNDERSTANDING FOR EMPLOYERS

ARTICLE I
PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS) and the Alan Jay Automotive Management (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II
RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:

   a. Notice of E-Verify Participation

   b. Notice of Right to Work

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.

3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

E-Verify

Company ID Number: 1201859

4. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

5. The Employer agrees that any Employer Representative who will create E-Verify cases will complete the E-Verify Tutorial before that individual creates any cases.

a. The Employer agrees that all Employer representatives will take the refresher tutorials when prompted by E-Verify in order to continue using E-Verify. Failure to complete a refresher tutorial will prevent the Employer Representative from continued use of E-Verify.

6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly

employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.

9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

11. The Employer must use E-Verify for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

13. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status

(including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

15. The Employer agrees that it will use the information it receives from E-Verify only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

17. The Employer acknowledges that the information it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon

reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not create a second case for the employee through E-Verify.

a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin E-Verify verification of all existing employees within 180 days after the election.

e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:

i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,

ii. The employee's work authorization has not expired, and

iii. The Employer has reviewed the Form I-9 information either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

i. The Employer cannot determine that Form I-9 complies with Article II.A.6,

ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or

iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with

Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

C. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the Employer.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the employer.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

D. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer to conduct, to the extent authorized by this MOU:

a. Automated verification checks on alien employees by electronic means, and

b. Photo verification checks (when available) on employees.

2. DHS agrees to assist the Employer with operational problems associated with the Employer's participation in E-Verify. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.

4. DHS agrees to train Employers on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials.

5. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

6. DHS agrees to issue each of the Employer's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.

7. DHS agrees to safeguard the information the Employer provides, and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.

8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.

9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III
REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify

case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.

4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the

employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:

a. Scanning and uploading the document, or

b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).

7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.

8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV
SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V
MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.

2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties.

2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.

3. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

4. The Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Employer is terminated from E-Verify.

ARTICLE VI
PARTIES

A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

C. The Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.

D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

E. The Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to,

Company ID Number: 1201859

Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively. The Employer understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

To be accepted as an E-Verify participant, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 1-888-464-4218.

PLEASE NOTE: Florida has a very broad public records law. Most written communications to or from the Town of Jupiter officials and employees regarding public business are public records available to the public and media upon request. Your e-mail communications may be subject to public disclosure. Under Florida law, e-mail addresses are public records. If you do not want your e-mail address released in response to a public records request, do not send electronic mail to this entity. Instead, contact this office by phone or in writing.

MEMORANDUM FROM THE FINANCE DEPARTMENT

To: Scott Reynolds, Finance Director

From: Billie Hancock, Procurement Manager *Billie Hancock*

Date: December 29, 2025

Re: Agenda Item Review – Utilities Department Vehicles Piggyback

---

After reviewing the documentation for the Utilities Department Piggyback purchase of seven new vehicles from the City of Tallahassee Agreement No. 5179 with Alan Jay Fleet Sales, I find that the contract meets all mandatory purchasing requirements and is in the best interests of the Town of Jupiter. Florida Statute 287.056 allows eligible users to purchase commodities and contractual services from competitively bid governmental contracts.

The City of Tallahassee Contract was awarded via the competitive bid process and allows for other governmental entities to also use the contract. The contract documents include but is not limited to, commodity types, prices, delivery, invoicing and ordering instructions. The contract jurisdiction is the State of Florida.

The City of Tallahassee's Contract effective dates of service are 1/13/2022 through 1/12/2027.

Participating in the City of Tallahassee Contract with Alan Jay Fleet Sales is the most cost effective and efficient purchasing path for fulfilling the Town's needs.

Please let me know if you need any additional information.

TOWN OF JUPITER
Stormwater Trenchless Services (S2611)

DATE	January 6, 2026
TO	Honorable Mayor and Members of Town Council
THRU	Frank Kitzerow, Town Manager
FROM	Amanda Barnes, Utilities Director
SUBJECT	Resolution No. 1-26: Approving a unit price contract to Hinterland Group, LLC for Stormwater Trenchless Services (S2611) with a not-to-exceed budget of $775,000 for an initial 1-year term.

EXECUTIVE SUMMARY

Resolution 1-26 provides for award of a non-exclusive, 1-year, renewable unit price contract to Hinterland Group, LLC of Riviera Beach, Florida for Stormwater Trenchless Services (S2611) with a not-to-exceed budget of $775,000 for an initial 1-year term. The contract contains provisions for renewal for up to three individual and consecutive 1-year terms, for a total maximum contract duration of four years. Consideration of price adjustment for contract renewals will be based on the U.S. Department of Labor (USDOL) Bureau of Labor Statics Consumer Price Index for All Urban Consumers (CPI-U) or 5%, whichever is less.

Failure of drainage systems often goes undetected until evidence of a problem presents itself on the surface of a roadway, sidewalk, or grassed area. Video inspection of the interior of drainage pipes is a great tool for early detection of problems that will show themselves on the surface if not corrected. The proposed contract with Hinterland Group provides unit prices for cleaning of drainage pipe and structures, conducting video inspections, addressing root intrusion into drainage pipes, and completing repairs including cure in place pipe (CIPP) liners, slip lining, and chemical grouting on an as-needed basis. Work under this contract will be issued by staff through work orders with defined scope, schedule, and an estimated total price based on contract unit pricing.

In accordance with the Town’s Procurement Policy, a contract for Stormwater Trenchless Services (S2611) was publicly advertised for bids. Eight bids were received and publicly opened on November 12, 2025, ranging from $760,737.50 to $1,810,449.17. A copy of the detailed bid tabulation is provided as an attachment. The lowest bid was reviewed by staff and found to be non-responsive to the bid requirements as their sealed bid was missing required information and did not include sufficient detail to enable staff to corroborate the low bidder’s qualifications and previous experience. Previous experience information provided in the sealed bid lacked sufficient detail to understand the scope of work, and the information provided was not similar in scope to the work described by the bid documents. In addition, the sealed bid did not include the required Experience Modification Rate (EMR) information. A review of the low bid by the Town's Procurement Manager is included as Attachment 8.

The next lowest bid was submitted by Hinterland Group, LLC for a total bid price of $824,100, approximately 8% higher than the non-responsive low bid and 8.5% lower than the third-lowest bid. Hinterland Group’s bid was reviewed by staff and found to be responsive to the bid requirements, including extensive experience cleaning gravity pipelines, performing internal

pipe video inspections (aka CCTV), installing cured-in-place pipe (CIPP) liners in a variety of sizes and as large as 72”, and maintenance of traffic (MOT) provisions. Hinterland Group has an A+ bond rating and EMR ratings of 0.93, 0.74, and 0.86 for the past three years. Hinterland Group has shown in their sealed bid that they are qualified to perform the work of the proposed contract, and they have successfully performed similar work for other public entities including the City of West Palm Beach, Palm Beach County, City of Port St. Lucie, Manatee County and others.

Funding for the cleaning, inspection, and trenchless rehabilitation services to be provided under the proposed contract is available in the Stormwater Utility fiscal year operating budget and the Town’s Community Investment Program (CIP) budget, namely in the Stormwater System Rehabilitation CIP (S1009) and Stormwater Asset Maintenance CIP (S1290) project budgets. The Anticipated Estimated Annual Funding table included on Page 4 of Attachment 4 shows the proposed project funding strategy for this contract, for the initial 1-year term and subsequent renewal terms. Contract language clearly states that funding for each 1-year term of the contract is subject to fiscal appropriation by the Jupiter Town Council and there is no minimum amount of work expressed or guaranteed to be performed under the proposed contract. The initial term of the proposed contract is one year and contract provisions allow for renewal for three additional 1-year terms, for up to a total maximum contract duration of four consecutive years. Consideration of price adjustment for contract renewals will be based on the USDOL Bureau of Labor Statics CPI-U or 5%, whichever is less.

In 2023, the Town entered into a similar unit price contract for a 2-year term with a not-to-exceed budget of $740,000. Expenditures under that contract were $675,067. A review of comparable bid items between the proposed contract with Hinterland and the 2023 contract revealed that Hinterland Group’s bid is 4.8% higher than the 2023 bid.

The Town Attorney has reviewed the attached contract and finds it to be in acceptable form.

ANALYSIS

Eight bids were received and publicly opened on November 12, 2025, for a Stormwater Trenchless Services (S2611) unit price contract. The lowest total bid, in an amount of $760,737.50, was reviewed by staff and found to be non-responsive to the bid requirements. The next lowest total bid was submitted by Hinterland Group, LLC for an amount of $824,100. Award of a contract based on the unit prices included in Hinterland Group’s bid for the initial 1-year term of this contract, with a not-to-exceed budget of $775,000 is requested. A review of Hinterland’s bid concluded that their bid is responsive to the bid requirements and that they are qualified to perform the work. Funding for this contract is appropriated in the Stormwater Utility fiscal year (FY) 2026 Operating Budget, and the Stormwater System Rehabilitation (S1009) and Stormwater Asset Maintenance (S1290) CIP budgets. The proposed contract contains provisions for renewal at the Town’s sole discretion, for up to three individual and consecutive 1-year terms, for a possible total contract duration of four consecutive years. Consideration of price adjustment for contract renewals is included and will be based on the USDOL Bureau of Labor Statics CPI-U or 5%, whichever is less. The Town's Procurement Manager has reviewed the proposed item for compliance, see attached memo for compliance comments.

STRATEGIC PRIORITY

- Fiscal Responsibility
- Safety

RESOLUTION NO. 1-26

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF JUPITER, FLORIDA, AUTHORIZING AND DIRECTING THE MAYOR TO EXECUTE A CONTRACT FOR STORMWATER TRENCHLESS SERVICES (S2611) WITH HINTERLAND GROUP, LLC.

WHEREAS, the Town of Jupiter (Town) is a municipality with those powers and responsibilities enumerated by Chapter 166, Florida Statutes and the Florida Constitution; and

WHEREAS, the Town is empowered to enter into contractual arrangements with public agencies, private corporations, or other persons, pursuant to Florida Statutes; and

WHEREAS, the Town of Jupiter has prepared and competitively bid a contract which sets forth the scope of work and responsibilities of a unit price contract (S2611) for stormwater trenchless services; and

WHEREAS, the lowest responsive bid from a qualified bidder received by the Town for Stormwater Trenchless Services (S2611) was submitted by Hinterland Group, LLC of Riviera Beach, Florida on November 12, 2025; and

WHEREAS, Hinterland Group's bid submitted for Stormwater Trenchless Services (S2611) was reviewed and found to be responsive to the bid requirements and suitable for award, for a not-to-exceed amount of $775,000 for the initial one-year term, in accordance with the unit pricing provided in their bid; and

WHEREAS, work to be performed under this contract is subject to appropriated fiscal year funding in the Stormwater Operating Budget and the Stormwater System Rehabilitation (S1009) and Stormwater Asset Maintenance (S1290) Community Investment Program (CIP) project budgets and there is no minimum amount of work

expressed or guaranteed to be performed under this contract.

NOW THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF JUPITER, FLORIDA:

Section 1. The contract between the Town of Jupiter and Hinterland Group, LLC is hereby approved.

Section 2. The Mayor is authorized and directed to execute said contract on behalf of the Town.

Section 3. Upon the acceptance and execution of the contract, Hinterland Group, LLC shall be responsible for carrying out all responsibilities which have been established therein.

Section 4. This Resolution shall take effect immediately upon its execution.

01/06/2026

BID PROPOSAL

Bidding Company Name: Hinterland Group, LLC

Town of Jupiter Utilities
210 Military Trail
Jupiter, FL 33458

Gentlemen:

The undersigned, as Bidder, hereby declares that the only Persons, company, or parties interested in the Proposal or the Contract to be entered into, as principals, are named herein; and that this Proposal is made without connection with any other person, company, or parties making a Bid or Proposal; and that it is in all respects fair and in good faith without collusion or fraud.

That the Bidder has carefully and to his full satisfaction examined the attached Instructions to Bidders, General Conditions, Supplementary Conditions, detailed Specifications, and Form of Contract and Bond, together with the accompanying plans, and that he has read all addenda issued prior to the opening of Bids; and that he has fully examined the site and the project documents and hereby agrees to furnish, unless otherwise provided, all implements, machinery, equipment, transportation, tools, materials, supplies, labor and other things necessary to the prosecution and completion of the work, to wit:

Perform stormwater infrastructure cleaning, inspection and trenchless rehabilitation services. As-needed work, whether on an emergency basis or not, assigned under this unit price contract may include, but is not limited to, the following types of tasks:

1. Clean the inside of stormwater pipes, structures and pump stations and remove and dispose of any debris.
2. Perform CCTV video inspections, recordings, and reports of stormwater pipes and structures.
3. Trenchless repairs and rehabilitation of stormwater pipe and structures.
4. Supporting tasks, for example chemical grouting, plug installation, bypass pumping and maintenance of traffic.

The Contractor shall agree to supply equipment and resources at various Town locations in advance preparation of a hurricane or natural disaster, and the Town shall be responsible for the cost incurred by the contractor. This is a 1-year contract with the provision for contract extensions as described in the bid documents.

LIST OF SUBCONTRACTORS/SUPPLIERS

Bidder shall complete the information in the table below identifying subcontractors and material/equipment suppliers, who will perform work, render service, or supply materials or equipment to the prime contractor under the proposed contract according to the plans and specifications, in an amount greater than two percent (2%) of the prime contractor's Total Bid Price. Failure to comply with this requirement may render the Bid non-responsive and may cause its rejection. If Bidder intends to self-perform any discipline listed below, Bidder shall write "Self-Perform" in the last column. Bidder shall write-in any disciplines greater than 2%, that are not listed below, provide additional pages, if needed.

Work to be Performed	Subcontractor License Number	Percent of Total Contract	Subcontractor/Supplier Name & Address
None Foreseen.			

Note: Provide licenses, certifications, experience, and qualification forms for those subcontractors listed above. Attach additional pages as needed.

QUALIFICATION REQUIREMENTS

(Complete these pages entirely and include with Sealed Bid. Attach copies of applicable Licenses)

THE UNDERSIGNED BIDDER GUARANTEES THE TRUTH AND ACCURACY OF ALL STATEMENTS AND ANSWERS HEREIN CONTAINED:

A. Any information for which OWNER cannot corroborate is grounds for rejection of Bid. (Use additional sheets as needed to provide the required information.)

B. The individual who holds the registered Florida General Contractor, Certified Plumbing Contractor or Underground Utility and Excavation License for the Bidder shall be active in the management and ownership of the Bidder's firm and shall be available to provide expertise on the project during the course of the Work, for the complete duration of the project, as may be needed. Provide the name of the individual who holds the registered General Contractor license in the State of Florida and the associated license number:

Daniel A. Duke, III CGC1520354 and CUC1224634

1. State the numbers of years Bidder's firm has been doing business in the State of Florida:

19+ years

2. State the number of years Bidder's firm has been doing business as a registered General Contractor, Certified Plumbing Contractor or Underground Utility and Excavation licensed in the State of Florida:

19+ years

3. Bidder typically performs 100 % of the work with Bidder's own forces. List the trades below for which Bidder's firm is qualified to self-perform on this project:
All trades for this project.

4. Has Bidder ever failed to complete awarded work? No.
If so, state where, when and why:

QUALIFICATION REQUIREMENTS (CONTINUED)

5. State the location of the office from which this contract will be managed.

   2051 W Blue Heron Blvd, Riviera Beach, FL 33404

6. State the number of employees available to complete the work contemplated by this contract.

   30 / as many as is needed.

7. Provide the name and experience of the Project Manager who will be assigned to this contract, if awarded. Include number of years in this position and with this company. If less than 3 years with this company provide name and contact information for previous employer. (Attach additional pages as necessary).

   Butch Forrester. Please see resume attached. 6 years

8. Provide name and experience of the Project Superintendent who will be assigned to this contract, if awarded. Include number of years in this position and with this company. If less than 3 years with this company provide name and contact information for previous employer. (Attach additional pages as necessary).

   Saul Rivera. Please see resume attached. 2 years

   Previous employer contact: Donna Porcaro at Ric-Man Construction 954-426-1221

9. List equipment owned by Contractor to complete the Work identified for this contract. Note if Contractor owns vacuum truck and will use in this contract.

   Please see attached list of equipment owned by Hinterland Group. Contractor owns multiple vacuum trucks.

10. List equipment to be rented by Contractor to complete the Work of this contract.

    None - all owned.

11. Has Bidder ever exported inspection data, such as location and severity of defects for client to import into their asset management software? If yes, provide details on software used and format.

Yes, granite.net V6.0 and 7.0

12. Has Bidder performed leak testing after using chemical grout to seal sewer line joints? If yes, provide two examples of where leak testing was performed.

Yes, 19-0345-00 - Sarasota- Unit Price Contract for Sanitary Pipeline and

18-0271-00 - PBCWUD - Cont. Contract for Wastewater Gravity & Manhole Rehab

13. Provide an estimate of how much linear feet of Cure in Place Pipe Bidder has installed over the past 3 years under government contracts.

over 500,000 LF

14. Has Bidder installed Cure in Place Pipe with ultraviolet curing? If yes, provide most recent example.

No.

QUALIFICATION REQUIREMENTS (CONTINUED)

15. Only Bidders and Subcontractor(s) who are deemed qualified by Owner, at Owner's sole discretion, will be considered for contract award. Failure to provide previous experience and qualification information requested by the Bidding Documents with the Bidder's Sealed Bid, or if the Owner cannot corroborate the previous experience and qualification information submitted by Bidder in Bidder's Sealed Bid, may result in Bid disqualification.

    NOTES:

    a. Bidder shall complete and submit with the Sealed Bid the following Bidder Qualification forms for the Prime Contractor and all Major Subcontractors (each whose value of work to be performed is greater than 2% of the Prime Contractor's Total Bid). All information requested on the forms shall be provided in sufficient detail for Owner to perform a comprehensive review of the Bid. For Bidder, provide previous experience and references for at least five (5) projects completed over the past five (5) years.

    b. Bidders may provide additional information to assist Owner in evaluating previous experience and qualifications. Copy the forms and attach additional pages as needed.

    c. In order to be deemed acceptable for the purpose of determining Bidder Qualification, similar projects shall be listed on the following forms and have all information completed (blanks correctly filled in) including contact names and telephone numbers of both the Owner and Engineer.

16. List ALL projects within the past five years (started, underway, or completed) for which liquidated damages (LD) are accumulating or were incurred, either directly or indirectly. Attach additional pages as needed:

    PROJECT/OWNER/CONTACT INFO: None.

    TOTAL LD AMOUNT ASSESSED: _____

    REASON FOR LDs: _____

    PROJECT/OWNER/CONTACT INFO: _____

    TOTAL LD AMOUNT ASSESSED: _____

    REASON FOR LDs: _____

    PROJECT/OWNER/CONTACT INFO: _____

    TOTAL LD AMOUNT ASSESSED: _____

    REASON FOR LDs: _____

17. List ALL projects within the past five years (underway or completed) in which adverse litigation, including but not limited to mediation, involving the Owner of the project, occurred, either directly or indirectly with the Bidder or his/her subcontractors. Attach additional pages as needed:

PROJECT: None.

OWNER: _____

TYPE OF LITIGATION: _____

REASON FOR LITIGATION: _____

_____

18. A copy of Bidder's most recent audited financial statement may be requested as additional information after bids are received during the bid evaluation process.

PROPOSAL (CONTINUED)

If awarded the Contract, the undersigned understands and accepts that the Contract commences on date of the Agreement and that the initial Contract term is for one (1) year (365 days). The period of performance of the work shall commence on the effective date of the Notice to Proceed for each given work order and continue until the completion of all contractual obligations by the parties. This Contract may be renewed at the end of the initial one (1) year term for three (3) individual and consecutive one (1) year terms by mutual written agreement between the Town and the Contractor, up to a cumulative total of four (4) years.

There is enclosed a bid guarantee consisting of five percent (5%) of the estimated value of the initial contract term.

The undersigned agrees that all bid documents issued for this project, including addenda, have been reviewed and site visits performed, as necessary to provide a comprehensive bid. The undersigned acknowledges receipt of 2 (insert number) Addenda for this project.

The undersigned furthermore agrees that, in case of failure on undersigned's part to sign said contract and provide required bonds, power of attorneys, and insurance within (15) days after receipt of a Notice Intent to Award or a Notice of Award, whichever comes first, the check, bond, or other security accompanying undersigned's Bid and the money payable thereon, shall become the property of the Town, by forfeit as agreed and liquidated damages; otherwise the check or bond accompanying undersigned's Bid shall be returned to the undersigned.

The undersigned acknowledges that payments made by the Town of Jupiter will be made via electronic funds transfers (EFT) and vendor will provide the Town of Jupiter with the information required to make EFT payments.

The undersigned acknowledges that no guarantee is expressed or implied as to the total quantity or value of services to be performed under this Contract. Estimated quantities will be used for Bid comparison purposes only. The Owner reserves the right to issue Work Orders as and when required for proposed work for any or all bid items or any combination thereof, and to request proposals for work not covered by a bid item, as may be needed to complete the work properly. Work under this Contract is subject to fiscal appropriation by the Jupiter Town Council in either or both the Town's Community Investment Program (CIP) and fiscal year operating budgets.

The undersigned, if awarded the contract, agrees to furnish at time of signing the contract, a payment and performance bond in the amount of 100% of the estimated value of the initial contract term as set forth in "Instructions to Bidders".

The undersigned is aware that the Inspector General of Palm Beach County has the authority to investigate and audit matters relating to the negotiation and performance of this contract and in furtherance thereof may demand and obtain records and testimony from the contractor and its subcontractors and lower tier subcontractors. The contractor understands and agrees that in addition to other remedies and consequences provided by law, the failure of the contractor or its subcontractors or lower tier subcontractors to fully cooperate with the Inspector General when requested may be deemed by the municipality to be a material breach of this contract justifying its termination. The Office of Inspector General in Palm Beach County is established by Palm Beach County Code, Section 2-421 - 2-440. Failure to cooperate with the Inspector General or interfering with or impeding any investigation shall be in violation of Palm Beach County Code, Section 2-421 – 2-440, and be punished pursuant to Section 125.69, Florida Statutes, in the same manner as a second-degree misdemeanor.

PROPOSAL (CONTINUED)

The undersigned states that this bid proposal is the only proposal for this project in which he is interested and certifies that all of the information provided in this bid proposal is true and correct.

SWORN STATEMENT

PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES,
ON PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to Town of Jupiter
[print name of the public entity]

by Chase Rogers, COO
[print individual's name and title]

for Hinterland Group, LLC
[print name of entity submitting sworn statement]

whose business address is 2051 W Blue Heron Blvd, Riviera Beach, FL 33404

and (if applicable) its Federal Employer Identification Number (FEIN) is: 20-5156844
(If the entity has no FEIN, include the Social Security Number of the individual signing this sworn Statement: _____.)

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding or guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), **Florida Statutes**, means:
    1. A predecessor or successor of a person convicted of a public entity crime: or

    2. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term affiliate includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

5. I understand that a "person" as defined in Paragraph 287.133(1)(e), **Florida Statutes**, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

6. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **[indicate which statement applies.]**

   _X_ Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity, has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

   ___ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

   ___ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in public interest to place the entity submitting this sworn statement on the convicted vendor list.
   [attach a copy of the final order]

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED, I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

HINTERLAND GROUP, LLC CORPORATE SEAL JUNE 26, 2006 FLORIDA

Notes: (1) Note: Addresses are to be used for giving any required notice. (2) Provide execution by any additional parties, such as joint venturers, if necessary.

BID BOND (CONTINUED)

1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to pay to Owner upon default of Bidder the penal sum set forth on the face of this Bond. Payment of the penal sum is the extent of Bidder's and Surety's liability. Recovery of such penal sum under the terms of this Bond will be Owner's sole and exclusive remedy upon default of Bidder.
2. Default of Bidder occurs upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds, Power of Attorney(s), and Certificate(s) of Insurance required by the Bidding Documents.
3. This obligation will be null and void if:
   3.1. Owner accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds, Power of Attorney(s), and Certificate(s) of Insurance required by the Bidding Documents, or
   3.2. All Bids are rejected by Owner, or
   3.3. Owner fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by Paragraph 5 hereof).
4. Payment under this Bond will be due and payable upon default of Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from Owner, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.
5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by Owner and Bidder, provided that the total time for issuing Notice of Award including extensions does not in the aggregate exceed 120 days from the Bid due date without Surety's written consent.
6. No suit or action will be commenced under this Bond prior to 30 calendar days after the notice of default required in Paragraph 4 above is received by Bidder and Surety, and in no case later than one year after the Bid due date.
7. Any suit or action under this Bond will be commenced only in a court of competent jurisdiction located in the state in which the Project is located.
8. Notices required hereunder must be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by email with read receipt, personal delivery, commercial courier, or by United States Postal Service registered or certified mail, return receipt requested, postage pre-paid, and will be deemed to be effective upon receipt by the party concerned.
9. Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent, or representative who executed this Bond on behalf of Surety to execute, seal, and deliver such Bond and bind the Surety thereby.
10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond will be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute governs and the remainder of this Bond that is not in conflict therewith continues in full force and effect.
11. The term "Bid" as used herein includes a Bid, offer, or proposal as applicable.

MY COMMISSION EXPIRES 12/15/2026

POWER OF ATTORNEY
SIRIUSPOINT AMERICA INSURANCE COMPANY
NEW YORK

HUBCHI01_0323

KNOW ALL MEN BY THESE PRESENTS: That SiriusPoint America Insurance Company (the "Company"), a New York corporation, having its principal office in the City of New York, pursuant to the following Resolution, which was adopted on August 27,2024 by Unanimous Written Consent of the Board of the Directors of the Company, to wit:

RESOLVED, that the President, Senior Vice President, Chief Financial Officer, Secretary or the Assistant Secretary is hereby authorized to execute Powers of Attorney appointing as attorneys-in-fact selected employees of certain surety companies who shall have the power for and on behalf of the Company to execute and affix the seal of the Company to surety contracts as co-surety.

Does hereby nominate, constitute and appoint:

Martin Moss, Stephen T. Kazmer, James I. Moore, Alex LeBlanc, Stacie L. Pitre, Taylor S Nugier

Its true and lawful agent and attorney-in-fact, to make, execute, seal and deliver for and on its behalf, and its act and deed any and all bonds, contracts, agreements of indemnity and other undertakings in suretyship (NOT INCLUDING bonds without a fixed penalty or financial guarantee) and to bind the Company thereby as fully and to the same extent as of same were signed by the duly authorized officers of the Company, provided, however, that the penal sum of any one such instrument executed hereunder shall not exceed the sum of:

$62,687,000 single bond limit

All acts of said attorneys-in-fact pursuant to the authorities herein given are hereby ratified and confirmed. The President, Senior Vice President, Chief Financial Officer, Secretary or Assistant Secretary may from time to time and at any time remove such appointee and remove the power given to him or her.

The execution of such bonds or undertakings in pursuance of these presents, within one year of the date of these present, shall be binding under said Company, as fully and amply, to all intents and purposes, as if they had been duly executed and acknowledged by the regularly elected officers of the Company at its office in New York, New York, in their own proper persons.

IN WITNESS WHEREOF, SiriusPoint America Insurance Company has caused its corporate seal to be hereunto affixed and these presents to be signed by its President this tenth day of October, 2024.

Public reporting burden for this collection of information is estimated to average 14 minutes per response, including time to review the instructions, search and gather the data needed, and complete and review the collection of information. Persons are not required to respond to the collection of information unless it displays a currently valid OMB control number. If you have any comments about these estimates or any other aspects of this data collection, contact: US Department of Labor, OSHA Office of Statistical Analysis, Room N-3644, 200 Constitution Avenue, NW, Washington, DC 20210. Do not send the completed forms to this office.

OSHA's Form 300A (Rev. 04/2004)

Summary of Work-Related Injuries and Illnesses

Note: You can type input into this form and save it.
Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the free Adobe PDF Reader.

Year 20 23

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

All establishments covered by Part 1904 must complete this Summary page, even if no work-related injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the Log. If you had no cases, write "0."

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR Part 1904.35, in OSHA's recordkeeping rule, for further details on the access provisions for these forms.

Mailing: 2336 SE Ocean Blvd. # 274, Stuart, Florida 34996
Physical: 4550 SE Boatyard Drive, Slip E-11, Stuart, Florida 34997

A highly talented Certified Safety and Health Official with experience in monitoring and coordinating an organization's safety program, including: safety inspections, accident investigations, work zone air monitoring and conducting OSHA and site-specific safety trainings and new hire orientations. Keen observation and enforcement of rules, regulations and governing policies.

PROFESSIONAL EXPERIENCE

2019 - PRESENT

SAFETY AND HEALTH DIRECTOR / RISK MANAGEMENT, HINTERLAND GROUP INC.

Performed new hire safety orientations, forklift, FDOT Flagger certifications and respirator training and fit testing. Daily management of site safety procedures and site control. Documentation of construction safety in daily audit reports, site-specific training, equipment inspections, writing JSA's and crane lift plans. Maintaining employee certification/training files, data log download of air monitoring equipment and routine auditing of safety systems. Subcontractor oversight. Compliance of client/company policies. Monitoring and permitting of confined space entries and hot work permits. Work zone air monitoring with PID's, Multi-Gas Meters and Dust meters. Excavation and trenching inspections.

2018 -2019

FIELD SAFETY SUPERVISOR, FERREIRA CONSTRUCTION & POWER

Performed new hire safety orientations, forklift, FDOT Flagger certifications and respirator training and fit testing. Daily management of site safety procedures and site control. Documentation of construction safety in daily audit reports, site-specific training, equipment inspections, writing JSA's and crane lift plans. Maintaining employee certification/training files, data log download of air monitoring equipment and routine auditing of safety systems. Marine safety inspections of barges, cranes and vessels. Subcontractor oversight. Compliance of client/company policies. Monitoring and permitting of confined space entries and hot work permits. Work zone air monitoring with PID's, Multi-Gas Meters and Dust meters. Excavation and trenching inspections.

2016-2018

CORPORATE SITE SAFETY OFFICER, LAND REMEDIATION INC.

Performed daily management of site safety procedures and site control.
Documentation of construction safety in weekly safety report, site-specific training, equipment inspections, JSA's, crane lift plans, maintaining employee certification/training files, data log download of air monitoring equipment and routine auditing of safety systems.
Marine navigational operations and safety inspections of barges, cranes and vessels.
Subcontractor oversight. Compliance of client/company policies.
Monitoring and permitting of confined space entries and hot work permits.
Work zone air monitoring with PID's, Multi-Gas Meters and Dust meters.
Excavation and trenching inspections.

2014-2016

SAFETY SPECIALIST, SELBY & SMITH/GLOBAL FOUNDARIES

Enforced corporate and project- specific safety and health programs as well as federal, state and site. Developed and implemented an ongoing project- specific safety program to meet site requirements, identify known/potential exposures and recommend corrective action. Worked closely with field supervision to plan more complex safety aspects of the project construction.

Developed project-specific safety training for job site personnel and delivered weekly safety presentations on varying topics (depending on assessed significance) to a large, diverse audience.
Conducted compliance evaluations of equipfD.ent, structures, and work in progress.
Engaged employees to act proactively, to mitigate future hazards they may encounter.
Performed field safety assessments to evaluate training needs.

2013-2014

NCCER CONSTRUCTION TRADE INSTRUCTOR, GLENMONT JOB CORP

Utilized evidence-based teaching and learning strategies for instruction. Provided explicit instruction, guided practice, skill reiteration.
Teaching 10hr OSHA Construction Safety and NCCER Core Curriculum.
Independently and collaboratively created lesson plans and related assessments, selected and developed instructional materials that aligned with technical career and academic success standards. Compose/write descriptive reports and use appropriate techniques to implement programmatic activities.

2012-2013

CREW LEAD, SOLAR CITY

Proficient in installing all types of grid-tied inverters and able to work with various ground and roof mount racking systems.
Understanding of the National Electrical Codes that relate to PV installations.
Implementation of roofing anchor safety systems and ensuring co-workers are trained and tied off properly.
Instruction and guidance to crew on electrical safety and use of arch flash gear and maintaining approach boundaries.

2001-2012

HVAC TECHNICIAN, D.A. BENNETT/KOOL-TEMP/TIENKEN PLUMBING & HEATING

Plumbing: installation of sinks, toilets, showers, boilers, water heaters. Familiarity with Pex, copper piping, cast and pvc. Join pipes or tubing to equipment and to fuel, water, or refrigerant source, to form complete circuit.
Duct Work: Fabrication of plenums, returns and trunk line. Use of ductulator calculator for proper cfm sizing for systems.
Heating: Installation of natural gas, propane, fuel oil; furnaces, boilers and Geo Thermal heat pumps
Cooling: Installation of central air units, ductless splits; including running line sets and adding refrigerant. Use of gauges and thermometers to check proper sub cooling & super heat settings.
Electrical: Wiring, including high and low voltage, use of relay's, disconnects and thermostats. Test electrical circuits and components for continuity, using electrical test equipment. Layout and connect electrical wiring between controls and equipment according to wiring diagrams.

LAW ENFORCEMENT & MILITARY EXPERIENCE

2002-2005

DEPUTY SHERIFF, GREENE COUNTY

Patrolled county roads and enforce NYS Traffic & Penal Laws. Investigated accident scenes.
Responded to 911 calls. Investigated and apprehended offenders.
Served warrants and civil papers.
Worked jointly with other law enforcement agencies (US Secret Service, US Marshals, State Police and local Police).
Transported prisoners to and from court proceedings.
Documented statements and filed paperwork.
Testified in court proceedings.

1996-2000

BOAT COXSWAIN/FEDER L BOARDING OFFICER, U.S. COAST GUARD

Federal Law Enforcement /Supervisor & Training Officer.
Federal Fisheries Enforcement.
Enforcement of federal maritime laws.
Performed boating safety inspections.
Conducted joint operations with U.S. Customs, NYPD and DEC boarding vessels in NY Harbor.
Setup and maintained security zones during presidential operations, working with U.S. Secret Service.
Boat Coxswain Certified/Search and Rescue Boat Captain.
Training in towing, de-watering, firefighting, engine casualty control, first aid, and CPR.

Site Safety Summary

Hinterland Group, LLC.

2051 W. Blue Heron Blvd.

Riviera Beach, FL 33404

561-640-3503

PROJECT NAME/ADDRESS

_____

_____

_____

"a company committed to safety excellence"

Paper copies are uncontrolled.
No reproduction in any form without the written permission of the copyright owner.

Each employee at this worksite shall have reviewed this Site Safety Summary during their safety orientation and prior to working at the project location. All staff shall follow its provisions. Revisions are strongly encouraged by all personnel. Please advise the Safety Manager of any areas that need changing – you are the one performing the work and best know the hazards that can be encountered.

SAFETY POLICY

Management is committed to providing its employees with the safest and healthiest work environment possible. The purpose and goal of the health and safety program is to provide a positive working environment and an injury free workplace for all employees.

Managers and Supervisors are responsible for:

- *ensuring hazards are identified and appropriately controlled,*
- *creating an environment that promotes active employee participation in health and safety-related activities, and*
- *ensuring that health and safety-related initiatives are adequately resourced.*

Employees are responsible for:

- *working safely,*
- *ensuring their co-workers are protected and work safely,*
- *assisting in the identification of health and safety issues and concerns, and*
- *participating in activities or programs initiated by the municipality that enhance health and safety.*

Contractors are responsible for:

- *working safely,*
- *complying with all municipal policies regarding contract instructors,*
- *assisting in the identification of health and safety issues and concerns, and*
- *participating in activities or programs initiated by the municipality that enhance health and safety.*

NAME	RESPONSIBILITY	PHONE NUMBER

ENVIRONMENTAL POLICY

Hinterland Group recognizes that environmental concerns are of critical importance. We encourage all employees to join with the company in full acceptance of and compliance with this policy.

We will create procedures that fully comply with federal, state and local regulations. We will provide adequate training to our employees to ensure our workers are aware of these procedures and are capable of following them.

Protection of the Environment
We will employ practical measures to protect the environment. We will conserve and protect the water, air, and land resources we use. We will strive to eliminate any releases to land, air or water that may harm human health or the environment. Continuous improvement in our environmental performance will be a principal objective.

Waste Management Policy Statement
We will work to prevent waste and pollution at the source whenever possible. New facilities and improvements of existing operations will use processes designed to minimize the environmental effects of our operations and will incorporate functional pollution control equipment.

Recycling and Waste Disposal
We will support recycling programs where practical and will use environmentally safe treatment and disposal practices for waste that is not eliminated at the source or recycled.

Compliance
We will manage existing facilities so that we meet or exceed legal requirements. We will implement programs and procedures to satisfy compliance. We will conduct compliance audits and monitor procedures and practices to evaluate our performance.

Disclosure
We will inform our employees of our progress in environmental issues. We will cooperate with the authorities and regulatory agencies in responding to inquiries. We will encourage our employees to report to the Company conditions that they reasonably believe could be harmful to the environment or pose health or safety hazards so the Company can initiate prompt corrective actions.

INCIDENTS AND INVESTIGATIONS

The following must be reported to the employee's supervisor immediately. If that person is not available then the Hinterland Group's Safety Manager shall be immediately notified for:

- Near miss incidents with the potential to harm people, the environment or assets;
- Work related injuries or illnesses;
- Property damage including vehicle incidents;
- Hazardous chemical spillage, loss of containment and contamination;

All injuries must be reported to the Hinterland Group Safety Manager. In the case of a major injury or incident the scene of the event should be closed off and kept "as is" at the time of the incident. This is vital for effective incident investigation.

©Hinterland Group, INC - 2025

DISCIPLINARY SYSTEM

It is the responsibility of each and every person employed by Hinterland Group to work in a safe and efficient manner. The safety system provides guidelines and procedures to help ensure that safe work practices are observed. In the event that any employee violates provisions of the Hinterland Group safety system or works in a manner that threatens his own health and safety or the health and safety of the employees around him, he will be subject to disciplinary action.

HAZARDOUS CHEMICALS

Hazardous chemicals present at sites as "Contaminants of Concern" are described in NIOSH Chemical Data Cards that are available to employees as part of the Hinterland Group safety program.

Hazardous chemicals brought to the project (in quantities that require), SDSs are available to employees as part of the Hinterland Group safety program.

No hazardous chemical may be used without the proper SDS being reviewed. No chemicals can be taken on a client job site without their permission.

SAFE WORK PRACTICES

Key safe work practices include:

- It is the responsibility of each employee to perform his or her job in accordance with the requirements of the Hinterland Group Safety & Health Management System, the local Hinterland Group Site Specific HSE Plan and client safety requirements.
- No equipment shall be operated unless the employee has received proper training by the supervisor.
- Tools and equipment damaged during use must be replaced or repaired only by a qualified person or company.
- As tasks are completed, or at the end of each work shift time is allowed for cleanup of tools, debris, etc. to keep the site clean and free of accumulated debris.

DRIVING SAFETY

Operators of Hinterland Group or client vehicles shall be qualified by possession of a valid, current driver's license for the type of vehicle being driven. Employees driving requirements include:

- Obey all driving laws or regulations as well as requirements of clients;
- Immediately report any citation, warning, vehicle damage or near miss associated with company or client vehicle operation to the supervisor;
- Immediately report any restriction or change to their driving privileges to the supervisor.
- Seat belts shall always be worn by all occupants during the operation of any vehicle;
- Defensive drivers continually assess conditions and hazards and remain prepared for any challenge that may approach them;
- Avoid backing when possible by planning ahead. Always back up with the minimum amount of space needed. If backing, use a spotter or get out of the vehicle and ensure you have a clear path;
- When speaking with a passenger, always keep your eyes on the road;
- Drive for conditions, not just the speed limit;
- Alcohol or illegal drugs are not allowed to be in a company, client or leased vehicle at any time.

PERSONAL PROTECTIVE EQUIPMENT

Eye and Face Protection
Employees must use appropriate eye or face protection when exposed to eye or face hazards from flying particles, molten metal, liquid chemicals, acids or caustic liquids or chemical gases or vapours.

Head Protection
Employees must wear protective helmets when working in areas where there is a potential for injury to the head from employee initiated impact or impact from falling or other moving objects.

Hearing Protection
Employees must wear hearing protection when working in areas of high noise. These areas would include those that a person speaking in a normal voice could not be readily heard. In other words, if a person has to shout to be heard, you are in an area of high noise and need hearing protection.

Foot Protection
Employees must wear protective footwear when working in areas where there is a danger of foot injuries.

Hand Protection
Employees must wear the proper type of gloves based on the hazard – cotton gloves offer no protection against chemicals.

Fall Protection
Fall protection must be provided when employees are exposed to a vertical fall of six feet or more over a lower level.

©Hinterland Group, INC - 2025

Respirator Protection

Employees must wear respirator protection if the potential of exposure to hazardous chemicals is greater than the chemicals enforceable exposure limits. Only employees that have been medically evaluated, fit tested, and trained can wear respirators.

ELECTRICAL SAFETY

- Report any electrical problems to Hinterland Group immediately
- Never try to fix equipment – you are not AUTHORIZED nor TRAINED to do so.
- Avoid contact with energized conductors
- Avoid overloading circuits
- Avoid contact with high voltage equipment
- Do not use damaged equipment
- Electrical panels shall not be blocked (3' clearance)
- NEVER try to defeat or bypass a locked or tagged piece of equipment! Do not touch any tags or locks.
- Use approved lighting in wet areas and classified areas

Extension cords are considered temporary wiring and shall not be used for permanent installations and not plugged into each other.

HOW TO LIFT AND CARRY

Manual material handling is one of the more common activities you carry out on Hinterland Group contract. Lifting and carrying can be done without injury by following these simple guidelines:

Size up the load: If a load is over 50 lbs or bulky, or the floor is uneven or slippery GET HELP! If you are uncomfortable lifting less than 50 lbs by yourself, break the load down into smaller loads or get help.

Lift it right:

- Put one foot alongside the object, and one foot behind it. Keep your feet shoulder width apart.
- Assume the weight lifters position. Head up, backside out, chest in, keep your back vertical, and avoid twisting or flexing side to side.
- Gets a good, firm grip using your palms instead of your fingers, which are weaker.
- Keep the load close to your body and check your balance.
- Lift straight up using the power in your legs.
- Avoid twisting as you turn with a load, shift your feet instead. If you intend to turn, point the forward foot in the direction of the turn.
- Never lift something waist level in one motion.
- Avoid lifting anything over 20 lbs over shoulder height.
- To set a load down NEVER bend from the waist; use your legs, keep your back straight and hold your head up.

EMERGENCY ACTION PLAN

The purpose of this Emergency Response Plan is to advise of emergency procedures to protect life, minimize danger of exposure to personnel and to protect property at client facilities. This Plan shall apply to all Hinterland Group staff, subcontractors and their visitors to the Hinterland Group facility.

COMPANY Building Evacuation Procedure

In order to establish, coordinate and implement evacuation procedures in the event of a fire or other emergency, the following generic plan will be in effect:

- Upon activation of a fire alarm, personnel will immediately secure their area if possible (including closing office windows and shutting unlocked office doors) and proceed out the nearest exit to the designated assembly area.
- The Project Manager or Safety Manager will ensure that all personnel have exited the building upon notification and will also ensure all doors are closed, provided there is not an immediate threat to life in doing so.
- Vehicles should be moved away from the building, provided there is not an immediate threat to life in doing so.
- The Project Manager or Safety Manager shall monitor building entrances to prevent unauthorized entry during evacuation or until the "all clear" is provided by emergency responders.
- In the event of obvious fire or smoke, all personnel will evacuate the building to the designated assembly areas as soon as possible. The person discovering the fire as well as sounding the closest pull alarm will make immediate notification to the Fire Department. Efforts to fight a fire should be limited to the extent safely practical with handheld extinguishers. When in doubt, get out.
- No one is to return to the building complex until notified by emergency responders. Prior to giving the "All Clear", the building will be inspected to ensure it is safe to enter.
- Everyone working in or visiting the Hinterland Group building must be aware of this procedure.
- Never assume an alarm is false. Each time the alarm sounds, this procedure shall be followed with the exception of pre-determined system tests.

If necessary, a project specific evacuation plan will be developed to replace the generic version identified above.

CERTIFICATE OF HAZARD ASSESSMENT STATEMENT FOR _____ SITE

I certify a worksite hazard assessment was performed for this facility by a Hinterland Group, Inc. Manager. _____

Manager Signature *Date*

Job Function: Mobilization

TASKS	RISK LEVEL	HAZARDS	ENGINEERING OR ADMINISTRATIVE CONTROLS	PPE (Refer to PPE Matrix)
General Operating	MED	Injuries to driver and passengers of any vehicle	• Check fuel level before leaving • Brake & radio check (if equipped) • Perform 360 walk around before driving • Safety Glasses and lights on • Use a passenger to assist in backing up • Currently licensed to operate type of vehicle • Journey Management – Fatigue – Reporting / Driving Breaks	Safety glasses
Visibility	MED	Struck by vehicles	• When on side of road where vest to increase visibility	High Visibility Vest
Environmental Concerns	LOW	Harm to the environment	• NO maintenance or repairs on vehicle beyond adding fluids • Use fuelling station spill liner • Report all fluid leaks that touch ground	
List additional tasks and steps below	*Use Risk Matrix*	*Identify hazards associated with task*	• *List procedures that apply* • *List appropriate engineering controls* • *List procedures or other administrative controls*	*List appropriate PPE*

©Hinterland Group, INC - 2025

Job Function: Field Work

TASKS	RISK LEVEL	HAZARDS	ENGINEERING OR ADMINISTRATIVE CONTROLS	PPE (Refer to PPE Matrix)
Prepare for work	Low	• Injury (head, eye, noise, hand, foot, burn)	• Ensure following are in vehicle: Hard hat, safety glasses, work gloves, 4-gas monitor. • Report travel (journey management) route and consider road factors • Ensure all loads secured • Safe Lifting while loading	• As Required
Perform vehicle inspection & drive to location	Med	• Damage to vehicle • Working Alone – Fuel • Working Alone – Contacting • Environmental • Injury while driving	• Perform 360 inspection • Check fuel level • Ensure radio functions • Check to ensure spill liner is ready for use • Follow all rules of the road (speed, warnings, etc.) • Use seatbelts, lights on where required.	• As Required
Initiate Permit	Low	• Unauthorized entry into process areas. • Lack of personnel accountability for incident response. • Lack of communication	• Check in with Operator or designated permit issuing office. • If non-permitted area contact the Area Authority or their designee • Know primary and secondary safe areas in case of incident or alarm	• FRC • Safety toed footwear • Hard Hat • Safety Glasses • Gloves • Hearing Protection
Ascending Descending stairs, ladders, scaffolding	Med	• Slips, Trips and Falls • Falls from higher elevation	• Maintain contact with handrail if available • Three point contact with ladders. Do not carry anything on a ladder. • Inspect all scaffolding for tag and other competent user knowledge points.	• FRC • Safety toed footwear • Hard Hat • Safety Glasses • Gloves • Hearing Protection
Walking / Working Surfaces	Med	• Slips, Trips and Falls	• Watch for objects or conditions that could cause footing problems. • Watch for uneven work surfaces, deep mud, wet floors, etc. • All pipes move – be aware of signs of slugging and use chocks where required.	• FRC • Safety toed footwear • Hard Hat • Safety Glasses • Gloves • Hearing Protection

©Hinterland Group, INC - 2025

General Safety Precautions	Med	• Pinch-Points,Struckby, Struck Against, Cuts, Slips and Trips, Falls, Hot Surfaces, Sharp Edges • Toxic Atmospheres	• Ladders / Scaffolding: leave hands free and maintain 3 point contact. Stay within guardrails on scaffolding. Use self retracting lifeline with harness if lifeline installed. Do not have belt buckle past the rails of ladders. Use step ladders in good condition vs climbing on piping. Ensure scaffolding is tagged for use. • Use proper body position, lifting techniques. Avoid lifting and twisting. • Keep vigilance for objects that can be struck against (sharp edges, pipes, etc.) • Pay attention to caution / warning signs • Facility Emergency Action Plan, 4-gas monitor and training	• FRC • Safety toed footwear • Hard Hat • Safety Glasses • Gloves • Hearing Protection
List additional tasks and steps below	***Use Risk Matrix***	***Identify hazards associated with task***	• ***List procedures that apply*** • ***List appropriate engineering controls*** • ***List procedures or other administrative controls***	***List appropriate PPE***

©Hinterland Group, INC - 2025

Job Function: Demobilization

TASKS	RISK LEVEL	HAZARDS	ENGINEERING OR ADMINISTRATIVE CONTROLS	PPE (Refer to PPE Matrix)
Finish Work & Demobilization	Med	• Process Safety Requirements • Damage to vehicle • Working Alone – Fuel • Working Alone – Contacting • Environmental • Injury while driving	• Close Permit or notify Area Authority or their designee work is finished • Perform 360 inspection • Check fuel level • Ensure radio functions • Check to ensure spill liner is ready for use • Follow all rules of the road (speed, warnings, etc.) • Use seatbelts, lights on where required.	• As Required
List additional tasks and steps below	*Use Risk Matrix*	*Identify hazards associated with task*	• *List procedures that apply* • *List appropriate engineering controls* • *List procedures or other administrative controls*	*List appropriate PPE*

Daily Tailgate / Safety Brief Log

Date:_____ **Time:**_____

Briefing Conducted By:	Signature:	Company Name:

This sign-in log documents the safety training conducted in accordance with various Parts of 29 CFR 1910 and 29 CFR 1926 as well as other applicable regulatory requirements. Hinterland Group personnel who perform work activities in field/facility environments are required to attend each safety training session and acknowledge receipt of such training at least weekly or prior to a change in site/facility-specific operations or conditions. Additional training topics and/or regulations can be added to address ongoing site/facility operations. The assigned Manager (i.e., project, construction, response, facility, etc.) is instructed to maintain the completed documents at the facility for review for the duration of the project.

DISCUSSION:

TOPICS COVERED:

☐ General PPE Usage	☐ Site/Facility-specific Guidelines	☐ Emergency Procedures
☐ New Work Procedures	☐ Slips Trips and Falls	☐ Elevated Work Surfaces
☐ Personal Hygiene	☐ Heat/Cold Stress	☐ Construction Safety
☐ HAZCOM Issues	☐ Confined Space Entry	☐ Hearing Conservation
☐ Exposure Guidelines	☐ Severe Weather	☐ Other:_____

REMEMBER

- You have STOP WORK AUTHORITY for yourself and others.
- Be prepared before you start work.
- Working safety comes from choosing to follow rules, watch out for others and don't take chances.
- Gravity always wins.
- Never assume your equipment is safe – check it first.
- Use the right tool for the right job
- Ask a Manager if you are unsure, unclear, or uncertain on how to perform a task or what's your responsibility.

Confined Spaces Program

Purpose

The purpose of this program is to ensure the safety of all employees and contractors working for Hinterland Group and to comply with all regulations and host clients that pertain to confined spaces.

Scope

This program covers all employees and other workers that may be involved in confined space entry. When work is performed on a non-owned or operated site, the operator's program shall take precedence. This document covers Hinterland Group's employees and contractors and shall be used on owned premises, or when an operator's program doesn't exist or is less stringent.

Definitions

Acceptable entry conditions - the conditions that must exist in a confined space to allow entry and to ensure that employees involved with a confined space entry can safely enter into and work within the space.

Attendant - an individual stationed outside one or more Confined spaces who monitors the authorized Entrants and who performs all Attendant's duties assigned in the Hinterland Group's Confined Spaces Program. Attendants must have sufficiently completed and fully understands the Confined Space training and is approved by the HSE Manager to work in a confined space as an Attendant.

Authorized Entrant - an individual who is authorized by Hinterland Group to enter a confined space. Entrants must have sufficiently completed and fully understands the Confined Space training and is approved by the HSE Manager to work in a confined space as an Authorized Entrant.

Blanking or Blinding - the absolute closure of a pipe, line, or duct by the fastening of a solid plate (such as a spectacle blind or a skillet blind) that completely covers the bore and that is capable of withstanding the maximum pressure of the pipe, line, or duct with no leakage beyond the plate.

Confined Space

- A space that is large enough and so configured that an employee can bodily enter and perform assigned work;
- Has limited or restricted means for entry or exit (for example, tanks, vessels, coolers, storage bins, hoppers, vaults, and pits are spaces that may have limited means of entry); and
- Is not designed for continuous occupancy.

Double block and bleed - the closure of a line, duct, or pipe by closing and locking or tagging two in-line valves and by opening and locking or tagging a drain or vent valve in the line between the two closed valves.

Emergency - any occurrence (including any failure of hazard control or monitoring equipment) or an event internal or external to the confined space that could endanger Entrants.

Engulfment - the surrounding and effective capture of a person by a liquid or finely divided (flowable) solid substance that can be aspirated to cause death by filling or plugging the respiratory system or that can exert enough force on the body to cause death by strangulation, constriction, or crushing.

Entry - the action by which a person passes through an opening into a confined space. Entry includes ensuing work activities in that space and is considered to have occurred as soon as any part of the Entrant's body breaks the plane of an opening into the space.

Entry permit – means the written or printed document that is provided by Hinterland Group to allow and control entry into a confined space that contains the information specified in this program.

Entry Supervisor - the person responsible for determining if acceptable entry conditions are present at a confined space where entry is planned, for authorizing entry and overseeing entry operations, and for terminating entry as required by this section.

- Entry Supervisors must have sufficiently completed and fully understands the Confined Space training and is approved by the HSE Manager to work in a confined space.
- An Entry Supervisor also may serve as an Attendant or as an authorized Entrant, as long as that person is trained and equipped as required by this section for each role he or she fills. Also, the duties of Entry Supervisor may be passed from one individual to another during the course of an entry operation.
- The Entry Supervisor is responsible to test and monitor the atmosphere conditions.

Hazardous atmosphere - an atmosphere that may expose employees to the risk of death, incapacitation, and impairment of ability to self-rescue (that is, escape unaided from a confined space), injury, or acute illness from one or more of the following causes:

- Flammable gas, vapor, or mist in excess of 10 percent of its lower flammable limit (LFL), (0% is normal).
- Atmospheric oxygen concentration below 19.5 percent or above 23.5 percent, (20.9 % is normal).
- Any other atmospheric condition that is immediately dangerous to life or health. (Ex.-H2S 10%, 0% is normal).
- Note: For air contaminants for which OSHA has not determined a dose or permissible exposure limit, other sources of information, such as Material Safety Data Sheets that comply with the Hazard Communication Standard, published information, and internal documents can provide guidance in establishing acceptable atmospheric conditions.

Hot work permit - the written authorization to perform operations (for example, riveting, welding, cutting, burning, and heating) capable of providing a source of ignition.

Immediately dangerous to life or health (IDLH) - any condition that poses an immediate or delayed threat to life or that would cause irreversible adverse health effects or that would interfere with an individual's ability to escape unaided from a confined space.

- Note: Some materials -- hydrogen fluoride gas and cadmium vapor, for example -- may produce immediate transient effects that, even if severe, may pass without medical attention, but are followed by sudden, possibly fatal collapse 12-72 hours after exposure. The victim "feels normal" from recovery from transient

CORPORATE RESUME

DANIEL A. DUKE, III
President & CEO

Daniel began his career working on land development projects with his father, and came to realize his passion for the underground industry. In 2006, Daniel III and his father, Daniel Jr, decided to dive into the underground industry full bore and started Hinterland Group out of a small office space in Cocoa, FL. Daniel and his father served as the field crew through the first few years as Hinterland Group developed. Through hard work and dedication to the best final product possible and customer satisfaction the company has grown exponentially over the years. Daniel has worked on projects of every nature related to the underground industry over the years, including all facets of water, waste water and storm water. Daniel remains a key role player at Hinterland Group and stays involved with all the daily operations. His oversight with all the projects ensures that the final product and customer that HG was built on continue to carry on through every project the company completes.

CHASE R. ROGERS, E.I.
COO & Senior Estimator

Chase has been with the HG team since 2008, in its very early stages. Prior to working at HG Chase had spent several years in the construction industry working for both residential contractors and an industrial electrical contractor. Chase began his career at HG halfway through his collegiate career as a field staff member working on lift station rehabilitation. Since then, he has played many roles in the company both in the field and eventually into the office. Chase obtained his Bachelor's degree in civil engineering from the University of Central Florida, before making the transition into the office and has since become a key staff member for HG. He covered the role of Estimator and Project Manager for many years as HG expanded its scope of services and coverage area. As the need for more management grew, Chase has fallen into a managerial role for the company, overseeing the estimating and contract procurement departments and helping to coordinate scheduling and crews with the project management team. Chase has worked on all facets of the underground industry over the years from Stormwater and drainage projects, to large pipeline projects, water and waste water treatment plants, and every type of lift station project imaginable, has Twenty-Seven years of direct experience including various wastewater lift station installations, gravity and force main sewer installations. He provides direct daily supervision of superintendents and skilled labor, management of project schedules, asset management and logistics for entire company personnel and equipment fleet.

CHARLES BREIG
Electrical Contractor

Charles has over 40 years of commercial electrical experience throughout the state of Florida. He currently holds a Florida Electrical Contractors License (EC13003615). Charles joined the HGI team in June 2006.

THOMAS LAESSIG
Master Electrician

Thomas is a Florida State Licensed Electrician (EC13003753) with over 30 years of commercial and industrial electrical experience. Prior to working for HG, Thomas spent several years as an electrician, then Electrical Superintendent, as well as Electrical Project Manager. Thomas then ran his own electrical company for many years. Thomas is well-versed in coordinating with all team members and providing daily supervision to ensure that all electrical projects are efficiently completed.

JACOB CROWE
VP of Trenchless Technologies & Business Development

Jacob joined HG in June 2020 and serves as Vice-President of Trenchless Technologies and Business Development. With twenty-five years' experience in utility infrastructure, Jacob has served as Project Manager for over $50 million of CIPP and geopolymer contracts throughout the southeast. As Vice-President, Jacob continues to manage the overall P&L of our Trenchless Technologies Division and grow our market share throughout the southeast. Holding several contractors' licenses in neighboring states to Florida, Jacob contributes to the trenchless industry by serving on the NASTT No-Dig Conference Program Technical Committee as well as several regional WEF and Southeast Stormwater committees.

BUTCH E. FORRESTER
Director of Operations & Planning Trenchless Technologies

Butch started with HG in July 2016 as a CCTV Operator inspecting pipelines on various projects throughout the State of Florida. In July 2020, Butch was promoted to Assistant Project Manager and then promoted to Project Manager in October 2020. His experience planning and overseeing projects and operational functions within the organization, most recently led him into the role of Director of Operations and Planning Trenchless Technologies. Butch is exceptional with coordinating clients, field personnel and processes to deliver projects on time, within budget and with the desired outcomes aligned to objectives. Recognized throughout his career as being a visionary leader leveraging in-depth knowledge of the marketplace and service industry.

SAUL RIVERA
General Superintendent Trenchless Technologies

Saul began his career in trenchless technologies in 2009 with Lanzo Construction, overseeing well over 1 million linear feet of CIPP installations ranging from 6"-108". With over 15 years experience, Saul has become one of the most knowledgeable and respected superintendents in the in the industry.

PROJECT RELATED BACKGROUND

ORANGE COUNTY EWRF IN PLANT PUMP STATION REPLACEMENT

Project Owner: Orange County
Project Location: Orlando, FL
Project Value: $1,323,642.00
Role: Project Manager

The Process 395 North In-Plant Pump Station Replacement. Furnishing and installation of a new triplex pumps station with three (3) 47 HP Flygt or ABS submersible pumps. Installation of a new 12 feet diameter wet well structure. Furnishing and Installation of the above ground flanged piping manifold with appurtenances. Installation of a new sanitary sewer manhole and 65 linear feet of 16" DIP force main and 48 linear feet of 24" PVC SDR 2.6 gravity sewer. The conversion of the existing pump station wet well into gravity sewer manhole. Demolition of existing valve vault and existing force main.

NORTH PALM BEACH EARMAN RIVER TRANSFER PUMP STATION

Project Owner: Village of North Palm Beach
Project Location: North Palm Beach, FL
Project Value: $346,680.00
Role: Project Manager

Installation of a water detection switch in the main mops pump station to confirm that there is water in the wet well.

PALM BEACH COUNTY GATOR BLVD WATERMAIN EXTENSION

Project Owner: Palm Beach County
Project Location: Belle Glade, FL
Project Value: $792,003.00
Role: Project Manager

Installation of approximately 4,000 Linear Feet of 12" water main on Gator Blvd from E Sugarhouse Road to Duda Road in Belle Glade and included fire hydrants, appurtenances, fittings and all necessary connections to provide a complete and functional water system.

PROJECT RELATED BACKGROUND

STRUCTURAL REPAIR OF THE FLOW EQUALIZATION BASIN AT ECR

Project Owner: City of West Palm Beach
Project Location: West Palm Beach, FL
Project Value: $528,587.00
Role: On Site Foreman

Complete rehabilitation of the flow equalization basin at the City of West Palm Beach East Central Regional Water Reclamation Facility. Dewatering and cleaning/removal of all silt and sediment from the EQ basin, leak stopping throughout, repairs to damaged and spalling concrete and replacement of piping for the EQ basin floor pumps.

PUMP REPLACEMENT FOR THE RAW WATER BOOSTER PUMP STATION

Project Owner: Collier County
Project Location: Naples, FL
Project Value: $653,400.00
Role: Project Manager

Removal and Replacement of four 300HP split case pumps and their associated VFD drives. All 18" and 24" piping and valves were replaced to accommodate the new pumps.

CUDJOE INNER ISLANDS - MASTER PUMPING STATIONS

Project Owner: Florida Keys Aqueduct Authority
Project Location: Cudjoe Key, FL
Project Value: $2,313,374.00
Role: Project Manager

Removal and Replacement of four 300HP split case pumps and their associated VFD drives. All 18" and 24" piping and valves were replaced to accommodate the new pumps.

- NASTT Technical Program Committee
- NUCA Trenchless Technology Committee

PROJECT RELATED BACKGROUND

CHARLOTTE COUNTY ANNUAL STORMWATER REHABILITATION
Project Owner: Charlotte County

Stormwater pipeline cleaning, inspection and rehabilitation of over 50,000 linear feet of 12"-84" pipe. Projects have included CIPP, spray-applied geopolymer, point repairs, injection grouting and structure coatings. Particular challenges include isolating systems during repair to minimize impact to diverse coastal marine life, repairing/stabilizing seawalls prior to pipeline rehabilitation, and eliminating infiltration from high water tables that may adversely affect the liner.

A1A OUTFALL REHABILITATION, CONTRACT E5V82
Project Owner: FDOT District 5

Cleaning, inspection and rehabilitation of 2,700' of 58"x91" RCP pipe running between A1A and the Hallifax River in Ormond Beach, FL. Due to unmarked sewer conflicts ten feet deep in the structures that prevented CIPP installation in certain areas of the pipeline, the project benefited from Hinterland's ability to perform multiple trenchless technologies that would still accomplish the end goal of eliminating significant infiltration while extending the life of the system for an additional 50-75 years. Hinterland was able to isolate the system by controlling tidal surges well above the crown of the pipe & performing injection grout on the sections that could not be lined, eliminating the joint infiltration & stabilizing the soil in preparation for paving operations.

43RD STREET STORMWATER REHABILITATION
Project Owner: Manatee County

1,466' of 66" RCP/CMP pipeline rehabilitation with spray-applied geopolymer mortar was chosen by Manatee County to extend the lifetime of this stormwater system an additional 50-75 years. Hinterland proposed the geopolymer application due to low-hanging overhead power running the length of the system that would require expensive temporary electrical line relocation for the duration of a CIPP installation. This allowed Hinterland to return the system to full operation daily during rain events, eliminating costly additional bypass costs to the County.

BUTCH E. FORRESTER

2051 W. Blue Heron Blvd.

PROJECT RELATED BACKGROUND

WUD 21-060 CONTINUING CONTRACT FOR WASTEWATER GRAVITY LINES & MANHOLE REHAB

Project Owner: Palm Beach County WUD
Project Location: Belle Glade, FL
Project Value: $19,603,692.00
Role: Director of Operations / Project Manager

Cured-In-Place Pipe Rehabilitation of 35,800 LF of 6" to 30" diameter Sanitary Sewer Pipeline pipe, 1,300 LF of point repairs, 1,750 Lateral Liner installations, 8,590 LF of Lateral Pipe replacements, 70 Clean out installations, 5 manhole replacements, 625 LF of Sanitary Sewer Mainline replacement, 800 Manholes coated and 5,300 SY of Asphalt restoration.

WUD 18-069 CONTINUING CONTRACT FOR WASTEWATER GRAVITY LINES & MANHOLE REHAB

Project Owner: Palm Beach County WUD
Project Location: Boca Raton, FL
Project Value: $5,993,256.00
Role: Project Manager

Cured-In-Place Pipe Rehabilitation of 43,600 LF of 6" to 16" diameter Sanitary Sewer Pipeline pipe, 4,000 LF of point repairs, 130 Lateral Liner installations, 700 Clean out installations, and 1400 LF of Sanitary Sewer Mainline replacement.

201911KW UNIT PRICE CONTRACT FOR SANITARY PIPELINE

Project Owner: Sarasota County
Project Location: Sarasota County, FL
Project Value: $3,822,531.60
Role: Project Manager

Cured-In-Place Pipe Rehabilitation of 57,000 LF of 6" to 36" diameter Sanitary Sewer Pipeline pipe.

ARTICLES OF CONVERSION
FOR
"OTHER BUSINESS ENTITY"
INTO
FLORIDA LIMITED LIABILITY COMPANY

These Articles of Conversion and the attached Articles of Organization are submitted to convert the following "Other Business Entity" into a Florida Limited Liability Company in accordance with Section 605.1045, Florida Statutes:

1. The name of the "Other Business Entity" immediately prior to the filing of these Articles of Conversion is: Hinterland Group Inc. (the "Corporation").

2. The "Other Business Entity" is a Florida profit corporation first incorporated under the laws of the State of Florida effective June 26, 2006 (Document No.: P06000086423). The "Other Business Entity" currently exists on the official records of the jurisdiction under which it is currently incorporated.

3. The "Other Business Entity's" principal office address is: 2051 W Blue Heron Blvd, Riviera Beach, FL 33404.

4. The name of the Florida Limited Liability Company as set forth in the attached Articles of Organization is: Hinterland Group, LLC.

5. The conversion is permitted by, and has been approved in accordance with, all applicable statutes and the applicable law(s) governing the Corporation and the conversion complies with such law(s) and the requirements of section 605.1043, F.S., in effecting the conversion.

6. The conversion shall be effective upon the filing of these Articles of Conversion with the Secretary of State of the State of Florida.

7. The "Converted or Other Business Entity" has agreed to pay any members having appraisal rights the amount to which such members are entitled under ss. 605.1006 and 605.1061-605.1072, F.S.

8. These Articles of Conversion may be executed in one or more counterparts. Any such counterpart, to the extent delivered by means of a facsimile machine or by .pdf, .tif, .gif, .jpeg or similar attachment to an electronic mail message or any electronic signature complying with the federal Electronic Signatures in Global and National Commerce Act of 2000, Public Law 106-229, as amended (e.g., Adobe eSign or DocuSign) (any such delivery, an "Electronic Delivery"), shall be treated in all manner and respects as an original executed counterpart and shall be considered to have the same binding legal effect as if it were the original signed version thereof delivered in person. Each signature delivered by means of Electronic Delivery shall be an "electronic signature" within the meaning of the Uniform Electronic Transaction Act (USA) and the Electronic Commerce Directive (EU) in all jurisdictions where the legislation has been adopted.

ARTICLES OF ORGANIZATION
FOR
HINTERLAND GROUP, LLC

(A Florida Limited Liability Company)

The undersigned, for the purpose of forming a limited liability company under the Florida Revised Limited Liability Company Act (the "Act") hereby adopts the following Articles of Organization (the "Articles").

ARTICLE I – NAME

The name of the limited liability company shall be: Hinterland Group, LLC (the "Company").

ARTICLE II -- ADDRESS

The initial mailing address and principal office address of the Company shall be: 2051 W Blue Heron Blvd, Riviera Beach, FL 33404.

ARTICLE III – NATURE OF BUSINESS

The Company is organized for the purpose of transacting any and all lawful business.

ARTICLE IV – DURATION

The Company shall commence its existence on the date of filing of these Articles with the Secretary of State of the State of Florida. The duration of the Company shall be perpetual.

ARTICLE V – REGISTERED OFFICE AND AGENT

The name and street address of the initial registered agent of the Company is Daniel A. Duke III and 18996 Point Drive, Jupiter, FL 33469.

ARTICLE VI – MANAGEMENT

The Company shall be manager-managed in accordance with the Company's operating agreement. The initial manager shall be: HG Business Holdings, LLC, a Florida limited liability company.

ARTICLE VII – AMENDMENT

The Company reserves the right to amend or repeal any provision contained in these Articles, and any right conferred upon the member is subject to this reservation.

IN WITNESS WHEREOF, the undersigned has executed these Articles this 28th day of August, 2025.

Re: Hinterland Group, LLC – Surety Reference Letter

To Whom It May Concern,

HUB International is the bonding agent for Hinterland Group, LLC (Hinterland). They are bonded by SiriusPoint Insurance Company (A-/AM Best) and Berkley Insurance Company (A+ / AM Best). Hinterland has an excellent reputation in the community. Hinterland has the ability to bond $55,000,000 for single jobs and $135,000,000 in aggregate.

We welcome the opportunity to execute the necessary bonds provided they meet the current underwriting guidelines, and the provisions are acceptable to both Hinterland and the sureties list above.

Should you have any questions or concerns, please do not hesitate to call.

Sincerely,

Vinny Carbone

RE: CERTIFICATE OF QUALIFICATION

The Department of Transportation has qualified your company for the type of work indicated below.

FDOT APPROVED WORK CLASSES:
DRAINAGE, ELECTRICAL WORK, Water & Wastewater, Manhole Rehabilitation, Lift Stations, Pipe Lining & Pipe Desilting.

Unless notified otherwise, this Certificate of Qualification will expire **6/30/2026.**

In accordance with Section 337.14(1), Florida Statutes, an application for qualification must be filed within (4) months of the ending date of the applicant's audited annual financial statements.

If the company's maximum capacity has been revised, it may be accessed by logging into the Contractor Prequalification Application System via the following link:
HTTPS://fdotwp1.dot.state.fl.us/ContractorPreQualification

Once logged in, select "View" for the most recently approved application, and then click the "Manage" and "Application Summary" tabs.

The company may apply for a Revised Certificate of Qualification at any time prior to the expiration date of this certificate according to Section 14-22.0041(3), Florida Administrative Code (F.A.C.), by accessing the most recently approved application as shown above and choosing "Update" instead of "View." If certification in additional classes of work is desired, documentation is needed to show that the company has performed such work.

All prequalified contractors are required by Section 14-22.006(3), F.A.C., to certify their work underway monthly in order to adjust maximum bidding capacity to available bidding capacity. You can find the link to this report at the website shown above.

Sincerely,

James E. Taylor II

James E. Taylor II, Prequalification Supervisor
Contracts Administration Office

JTII

BID NUMBER: 24P020 LR

City of Titusville
REFERENCE CHECK WORKSHEET

BID NAME: Utility Contractors' Services Repair, Maintenance, Replacement

VENDOR NAME: Hinterland Group

Reference Check Company Name: City of Riviera Beach - sdoyle@rivierabeach.org

What specific services does this company perform for your company? Please provide as much detail about the project as possible.

The firm performs every aspect of lift station rehabilitation, repair and maintenance, up to and including; pump replacement; pipe, valve & fitting replacement; ARV replacement; electrical panels replacement; sewer lines; force mains; wet-well lining, civil site-work including demolition, fencing, slabs, landscaping, sidewalk, access drives, dewatering, bypass pumping, etc.

Was the company's performance satisfactory?

The company's performance has been exemplary. They understand our budget and their work-product is in proportion to our financing They provide a quality product and they have met or exceeded our expectations.

Did the company keep to a set schedule and execute projects in a timely manner? If not, how long of a delay(s) was incurred and what were the reasons for the delay(s)?

We schedule work using a 'Team' approach, where we understood that most businesses are experiencing limited resources and manpower. We created a sequence of work to move from one lift station to the next. We had one major delay and it is because of our pump vendor and waiting for parts.

Did the company have sufficient resources (e.g., staff, equipment, etc.) to fulfill their contractual requirements?

Yes, they do. We schedule our work so that it integrated into the work being performed. For example, we had one lift station that was challenging and they brought in several crews to literally tackle the entire station, that in 4 days the station was returned to service. They have numerous pieces of equipment and tools to manage a project.

Was your company satisfied with the personnel that were assigned to your company? Did the company make the appropriate efforts to assure quality, knowledgeable personnel are assigned as required?

Very satisfied with management of our projects. They assign a Hinterland Project Manager and a Financial Administrator. They always responded to calls and emails. We assigned a Utility Project Manager (PM) / Supervisor on the City side. The two PM's create a scope of work then generate a work order and we issue Notices to Proceed.

Do you know if your company experienced any invoicing problems?

Generally not an issue with Invoices. Invoices are vented in the field first with the respective PM and then routed through a supervisor for final review and then forwarded to AP for processing. If an invoice needs to be adjusted then a simple phone call and email to their PM or Financial Administrator and it is corrected.

Was your company aware of any issues regarding the payments of employees' salaries?

We are not aware of any issues related to payment of employee salaries and / or sub-vendors. It appears that many employee are veterans in the industry and have been with Hinterland for many years.

How responsive and effective was the company in resolving any disputes that may have developed with staff?

They have been very responsive in dealing with staff. The PM's (Hinterland and USD) worked out any disputes. If it needed further venting than each PM would bring in another person to QA/QC the dispute and recommend a resolution.

Additional Comments:

They are a Great Team player with us and have an understanding of our budget, purchasing process and scope. We are fortunate that we have sufficient funds allocated to Lift Station Rehabilitation that we are able to use their services over multiple years.

Would you consider hiring this company again?

☑ Yes ☐ No

BROWARD COLLEGE

RFP-2024-082-OA - STORM DRAIN CLEANING, REPAIRS AND MAINTENANCE SERVICES

ATTACHMENT I - PERFORMANCE EVALUATION SURVEY FORM

Please email this form to Orlando Aponte at oaponte@broward.edu once completed in **PDF format** prior to 2:30 p.m. ET on: Wednesday, July 31, 2024	
This form is to be completed by the organization providing the reference **only**.	
Name of Company (Respondent to this RFP) on which reference is being provided:	Hinterland Group Inc.
Company providing reference:	Manatee County
Address of company providing reference:	4520 66th Street West, Bradenton, FL 34210
Name/title of person providing reference:	Jeff Anthony, Project Manager
Phone number of person providing reference:	941-749-3046
Email address of person providing reference:	Jeff.Anthony@mymanatee.org
Date(s) of Service:	April 2021 - Ongoing Annual Contract
Annual Aggregate Dollar Amount and/or Dollar Amount of Service	$4,786,790.00

Please evaluate and rate the performance of the company noted above (the Proposer to this RFP), using the following ratings scale: 0 = Do Not Hire (our company would not hire them again) 1 = Poor (does not meet minimum standards) 2 = Fair (barely meets minimum standards) 3 = Average (meets minimum standards) 4 = Good (meets defined minimum requirements and occasionally exceeds your expectations) 5 = Excellent or Outstanding (always exceed your expectations)	**Insert YOUR RATINGS in this column**
1. QUALITY OF SERVICE/PROJECT/PRODUCT: Did they perform service and provide project/product as specified and/or as proposed? **Please rate.**	5
2. PERSONNEL: Regarding the performance and workmanship of company personnel. **Please rate.**	5
3. TIMELINESS/RESPONSIVENESS: Was the company's timeliness and responsiveness satisfactory to your entity's needs? **Please rate.**	4
4. OVERALL PERFORMANCE: Was company willing to and/or did they go above and beyond project requirements, i.e., within reason, without altering specification? **Please rate.**	5
5. CUSTOMER SERVICE: If problems were caused or encountered, were they addressed and resolved promptly? **Please rate customer service.**	5
6. DEADLINES/MILESTONES/BUDGET: Was the company able to meet service delivery schedule and/or perform service to meet established deadlines/milestones/budget? **Please rate.**	5
7. ABILITY TO PERFORM: Did the company have technical expertise, facilities, and equipment to perform as specified? **Please rate.**	5
8. YEARLY CONTRACTS: If performing a yearly term contract, was the company able to adequately manage for the duration? **Please rate yearly contract performance.**	5
9. INTERACTION: Did their company representative work well with your entity's staff in providing these services or in performing yearly continuing contract? **Please rate.**	5
10. FUTURE PROJECTS: Most importantly, would you use this firm again? **Yes? No? Comments?**	YES

COMMENTS: Are there any additional comments you would like to add?

Hinterland has been great to work with, Prompt on all requests and have a great group to handle any stormwater projects we have asked them to complete.

Reference surveys submitted should be no more than twelve (12) months old. Please clearly identify the project name and number the reference is being submitted for.

CITY OF CAPE CORAL PROJECT NAME: Lining of Drainage Pipes **Project #:** BPW2415MM

Respondent Information: **Please Return Completed Form with bid/proposal submittal.**

Notes: (1) Note: Addresses are to be used for giving any required notice. (2) Provide execution by any additional parties, such as joint venturers, if necessary.

BID BOND (CONTINUED)

1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to pay to Owner upon default of Bidder the penal sum set forth on the face of this Bond. Payment of the penal sum is the extent of Bidder's and Surety's liability. Recovery of such penal sum under the terms of this Bond will be Owner's sole and exclusive remedy upon default of Bidder.
2. Default of Bidder occurs upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds, Power of Attorney(s), and Certificate(s) of Insurance required by the Bidding Documents.
3. This obligation will be null and void if:
   3.1. Owner accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds, Power of Attorney(s), and Certificate(s) of Insurance required by the Bidding Documents, or
   3.2. All Bids are rejected by Owner, or
   3.3. Owner fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by Paragraph 5 hereof).
4. Payment under this Bond will be due and payable upon default of Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from Owner, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.
5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by Owner and Bidder, provided that the total time for issuing Notice of Award including extensions does not in the aggregate exceed 120 days from the Bid due date without Surety's written consent.
6. No suit or action will be commenced under this Bond prior to 30 calendar days after the notice of default required in Paragraph 4 above is received by Bidder and Surety, and in no case later than one year after the Bid due date.
7. Any suit or action under this Bond will be commenced only in a court of competent jurisdiction located in the state in which the Project is located.
8. Notices required hereunder must be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by email with read receipt, personal delivery, commercial courier, or by United States Postal Service registered or certified mail, return receipt requested, postage pre-paid, and will be deemed to be effective upon receipt by the party concerned.
9. Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent, or representative who executed this Bond on behalf of Surety to execute, seal, and deliver such Bond and bind the Surety thereby.
10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond will be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute governs and the remainder of this Bond that is not in conflict therewith continues in full force and effect.
11. The term "Bid" as used herein includes a Bid, offer, or proposal as applicable.

MY COMMISSION EXPIRES 12/15/2026

POWER OF ATTORNEY
SIRIUSPOINT AMERICA INSURANCE COMPANY
NEW YORK

HUBCHI01_0323

KNOW ALL MEN BY THESE PRESENTS: That SiriusPoint America Insurance Company (the "Company"), a New York corporation, having its principal office in the City of New York, pursuant to the following Resolution, which was adopted on August 27,2024 by Unanimous Written Consent of the Board of the Directors of the Company, to wit:

RESOLVED, that the President, Senior Vice President, Chief Financial Officer, Secretary or the Assistant Secretary is hereby authorized to execute Powers of Attorney appointing as attorneys-in-fact selected employees of certain surety companies who shall have the power for and on behalf of the Company to execute and affix the seal of the Company to surety contracts as co-surety.

Does hereby nominate, constitute and appoint:

Martin Moss, Stephen T. Kazmer, James I. Moore, Alex LeBlanc, Stacie L. Pitre, Taylor S Nugier

Its true and lawful agent and attorney-in-fact, to make, execute, seal and deliver for and on its behalf, and its act and deed any and all bonds, contracts, agreements of indemnity and other undertakings in suretyship (NOT INCLUDING bonds without a fixed penalty or financial guarantee) and to bind the Company thereby as fully and to the same extent as of same were signed by the duly authorized officers of the Company, provided, however, that the penal sum of any one such instrument executed hereunder shall not exceed the sum of:

$62,687,000 single bond limit

All acts of said attorneys-in-fact pursuant to the authorities herein given are hereby ratified and confirmed. The President, Senior Vice President, Chief Financial Officer, Secretary or Assistant Secretary may from time to time and at any time remove such appointee and remove the power given to him or her.

The execution of such bonds or undertakings in pursuance of these presents, within one year of the date of these present, shall be binding under said Company, as fully and amply, to all intents and purposes, as if they had been duly executed and acknowledged by the regularly elected officers of the Company at its office in New York, New York, in their own proper persons.

IN WITNESS WHEREOF, SiriusPoint America Insurance Company has caused its corporate seal to be hereunto affixed and these presents to be signed by its President this tenth day of October, 2024.

SiriusPoint America Insurance Company

President

AGREEMENT (CONTRACT) BETWEEN OWNER AND CONTRACTOR

This Agreement (Contract) made this_____ day of _____ , _____ by and between the Town of Jupiter, a public agency of the State of Florida hereinafter designated as the "the TOWN" and "OWNER", and Hinterland Group, LLC, 2051 W. Blue Heron Blvd., Riviera Beach, FL 33404, a State of Florida Limited Liability Company, 20-5156844 (FEIN number) hereinafter designated as "the CONTRACTOR", in consideration of the mutual covenants hereinafter set forth agree as follows:

Article 1. WORK.

1.1 CONTRACTOR shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

Furnish all labor, equipment and materials necessary perform stormwater infrastructure cleaning, inspection and trenchless rehabilitation services. As-needed work, whether on an emergency basis or not, assigned under this unit price contract may include, but is not limited to, the following types of tasks:

1. Clean the inside of stormwater pipes, structures and pump stations and remove and dispose of any debris.
2. Perform CCTV video inspections, recordings, and reports of stormwater pipes and structures.
3. Trenchless repairs and rehabilitation of stormwater pipe and structures.
4. Supporting tasks, for example chemical grouting, plug installation, bypass pumping and maintenance of traffic.

The Contractor shall agree to supply equipment and resources at various Town locations in advance preparation of a hurricane or natural disaster, and the Town shall be responsible for the cost incurred by the contractor. This is a 1-year contract with the provision for contract extensions as described in the bid documents.

1.2 The Project for which the Work under the Contract Documents may be the whole or only a part is generally described as follows: **STORMWATER TRENCHLESS SERVICES (S2611) FOR THE TOWN OF JUPITER UTILITIES, JUPITER, FLORIDA**

Article 2. ENGINEER.

2.1 The Project has been designed by the following:
Town of Jupiter Utilities
210 Military Trail
Jupiter, FL 33458

2.2 The Town of Jupiter will administer the contract during the construction phase.

Article 3. CONTRACT TIME.

3.1 The Work will have substantial completion dates and final completion dates after the date when the Contract Time commences to run as provided in Article 4 of the General Conditions, and as outlined below. The work will be completed and ready for substantial and final payments in accordance with Article 15 of the General Conditions and as outlined below:

Substantial Completion:	365 calendar days from Commencement
Final Completion:	365 calendar days from Commencement

3.2 Unless extended or terminated, the period of performance of this CONTRACT shall commence upon the effective date of execution by the OWNER and continue for a period of one (1) year or three hundred sixty-five calendar days (365 days). Written Notice to Proceed and Work Order duration will be mutually agreed upon by both the CONTRACTOR and OWNER and provided in Work Orders outlining work. The CONTRACTOR shall not proceed with work under this CONTRACT until a Work Order with written Notice to Proceed is received from the OWNER.

3.3 OWNER defines Substantial Completion and Final Completion in accordance with Article 1 of the General Conditions, Article SC-1 of Supplementary Conditions, and as described below in Article 6. Project Closeout of this Agreement.

3.4 The Final Completion date will be adjusted by OWNER, as required, such that CONTRACTOR is provided thirty (30) calendar days after the delivery date of the Punch List to complete all remaining items required to render complete, satisfactory and acceptable all Work of the Contract and as described below in Article 6. Project Closeout of this Agreement.

3.5 The initial term of the Contract will be one year (365 calendar days) from the date of Commencement. Owner may, at Owner's sole discretion, renew this Contract for three (3) additional and consecutive one (1) year terms for a cumulative Contract period of four (4) years, in accordance with the Town of Jupiter's Purchasing Policy and terms of the original Contract. Renewals will be in writing by change order to the Contract. Renewals are contingent upon satisfactory performance evaluations by the Owner and subject to the availability of fiscal year funding approved by the Jupiter Town Council. Contractor may elect not to extend the Contract with 120 days written notice to Owner. Owner is not obligated to extend the Contract. Regardless of anything to the contrary, this Contract may be terminated by the Owner at any time and for any reason. Further, the Contractor agrees that it will not be entitled to any claims and/or damages resulting from such termination, including, but not limited to, lost profits, direct or indirect damages, and consequential special or punitive damages.

3.6 Liquidated Damages. OWNER and CONTRACTOR recognize that time is of the essence of this Agreement and that OWNER will suffer financial loss if the Work is not substantially complete within the time specified in Article 3.1 above, plus any extensions thereof allowed in accordance with Article 11 of the General Conditions. They also recognize the delays, expense and difficulties involved in proving in a legal or arbitration preceding the actual loss suffered by OWNER if the Work is not substantially complete on time. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay OWNER Seven Hundred and Fifty 00/100 dollars ($750.00) for each day that expires after the time specified in Article 3.1 for substantial completion until the Work is substantially complete, and Five Hundred 00/100 dollars ($500.00) for each day that expires after the time specified in Article 3.1 above from the date of final completion until the Work has reached final completion. Liquidated damages under this Contract shall be applied to each Contract Completion date (Substantial and Final) individually and accrue until such time as the Work achieves Substantial and Final Completion, as required, by the Contract.

3.7 Owner may withhold payment to compensate for liquidated damages either by increasing the amount of money being held in retainage or deducting the amount due in Liquidated Damages as set-off from payment applications. Liquidated damages under this Contract will be applied to each Substantial Completion and Final Completion date identified in Article 3.1 of this Agreement, or as represented in any subsequent executed change order to this Contract for changes in Contract Time, in accordance with Article 11.08 of the EJCDC Standard General Conditions of the Construction Contract.

Article 4. CONTRACT PRICE.

4.1 OWNER shall pay CONTRACTOR for performance of the Work in accordance with the Contract Documents in current funds according to the Contract Unit Prices. Contract renewals are subject to the same unit pricing set forth in the initial Contract, unless price adjustment is requested and approved, and any written amendments/change orders signed by both parties (OWNER and CONTRACTOR).

4.2 CONTRACTOR may request a price adjustment at the time of Contract renewal only, and with ninety (90) days' advance written notice to Owner, provided that the requested price adjustment is warranted based on the economic climate and substantiated by supporting documentation including, the most recently published Consumer Price Index for All Urban Consumers (CPI-U) as of July 31st by the U.S. Department of Labor Bureau of Labor Statistics, and calculations for a five percent (5%) increase over current Contract Unit Pricing; the allowable increase, if substantiated will be the lesser of the two (CPI-U, or 5% increase over current contract unit pricing).

4.3 CONTRACTOR agrees to provide OWNER with the required Contract Security and Certificates of Insurance in accordance with Owner's requirements as set forth in Article 6.0 of the General Conditions and Supplementary Conditions with the executed Agreement. OWNER shall pay CONTRACTOR for costs associated with Bonds and Insurance in accordance with the Contract Documents according to Contract Unit Prices. If Contract is renewed, CON TRACTOR agrees to provide OWNER with the updated, required Contract Security and Certificates of Insurance and OWNER shall pay CONTRACTOR in accordance with the same terms, conditions and contract unit prices of the initial Contract Term.

4.4 The undersigned acknowledges that no guarantee is expressed or implied as to the total quantity or value of services to be performed under this Contract. Estimated quantities will be used for Bid comparison purposes only. The Owner reserves the right to issue Work Orders as and when required for proposed work for any or all bid items or any combination thereof, and to request proposals for work not covered by a bid item, as may be needed to complete the work properly. Crews and equipment shall be available on as needed basis with no guarantee by the Town of the amount of usage. Work under this Contract is subject to fiscal appropriation by the Jupiter Town Council in either or both the Town's Community Investment Program (CIP) and fiscal year operating budgets. Estimated funding budgets anticipated being available for the original one-year contract term and subsequent annual renewals are provided on the next page.

4.5 The Owner reserves the right to purchase commodities/services specified herein through contracts established by other governmental agencies or through separate procurement actions due to unique or special needs. If an urgent delivery is required within a short period than the delivery time specified in the Contract, and if the seller is unable to comply therewith, the Owner reserves the right to obtain such delivery from others without penalty or prejudice to the Owner or to the Bidder.

4.6 The Town's fiscal calendar runs from October 1st through September 30th.

THIS SPACE WAS INTENTIONALLY LEFT BLANK.
PROCEED TO NEXT PAGE.

Anticipated Estimated Annual Funding – Revised by Addendum 1
Town of Jupiter Utilities
Stormwater Trenchless Services (S2611)

Fiscal Year	Project Description	Estimated Value
2026	Cleaning, Lining, and Repairs (SW Operating, R&M)	$250,000
	Stormwater System Rehabilitation (CIP S1009, S1290)	$100,000
	Pennock Industrial Park Eastern Trunk Line	$400,000
	Unanticipated Emergency Work	$ 25,000
	Estimated Initial 1-Year Contract Term Total	**$775,000**
2027	Cleaning, Lining, and Repairs (SW Operating, R&M)	$263,000
	Stormwater System Rehabilitation (CIP S1009, S1290)	$105,000
	Unanticipated Emergency Work	$ 27,000
	1st Contract Renewal, 1-Year Term Total	**$395,000**
2028	Cleaning, Lining, and Repairs (SW Operating, R&M)	$276,000
	Stormwater System Rehabilitation (CIP S1009, S1290)	$110,000

	Unanticipated Emergency Work	$ 31,000
	3rd Contract Renewal, 1-Year Term Total	**$436,000**
	Estimated 4-Year Total	**$2,021,000**

Article 5. PAYMENT PROCEDURES.

5.1 Contractor shall submit Applications for Payment in accordance with Article 15 of the General Conditions. Applications for payment will be processed by OWNER as provided in the General Conditions.

5.2 The undersigned, acknowledges that payments made by the Town of Jupiter will be made via electronic funds transfer (EFT) and vendor will provide the Town of Jupiter with the information required to make EFT payments.

5.3 Progress Payments. OWNER shall make progress payments on account of the Contract Price on the basis of CONTRACTOR'S Applications for Payment within 20 business days of receipt of each monthly approved application for payment during construction as provided below. All progress payments will be on the basis of the progress of the Work measured by the agreed upon schedule of values provided for in Articles 2 and 15 of the General Conditions.

5.4 Progress payment will be made in an amount equal to: 95% of the Work completed, and 95% of materials and equipment incorporated into the Work, less in each case the aggregate payments previously made. Owner may, at their sole discretion, give consideration to payment for materials and equipment delivered and suitably stored but not incorporated into the Work, but is not under any obligation to do so.

5.5 Upon issuance of the Certificate of Substantial Completion and delivery of an approved Punch List in accordance with Article 15 of the General Conditions, OWNER will increase payment for the remaining value of Work completed less an amount equal to 150 percent of the cost to complete the items of the Punch List in accordance with Chapter 218.735 F.S. OWNER and CONTRACTOR shall agree to the costs to complete each item on the Punch List, which may be no less than **2%** of the total value of the Contract. Based on this, progress payments will be made in an amount equal to **97%** of the Work completed less

the aggregate of payments previously made unless liquidated damages are due. OWNER at its discretion may further increase payments to 98% of the work completed upon Substantial Completion. Owner is not obligated to increase payments to 98% of work completed.

5.6 Final Payment. Upon final completion and acceptance of the Work in accordance with Article 15 of the General Conditions, OWNER shall pay the remainder of the Contract Price as provided in said Article 15 of the General Conditions unless liquidated damages are due.

Article 6. PROJECT CLOSEOUT.

6.1 Substantial Completion. CONTRACTOR shall submit to OWNER a written request for substantial completion with an initial draft of punch list items to be completed or corrected before final payment in accordance with Article 15 of the General Conditions.

6.2 Inspection of Work. Within thirty (30) calendar days of CONTRACTOR request for substantial completion, OWNER, CONTRACTOR, ENGINEER and other Agencies as required shall make an Inspection of the Work to determine status of completion in accordance with Article 15 of the General Conditions. OWNER, upon agreement that work is considered substantially complete, will review and revise as needed CONTRACTOR's draft of punch list and deliver a Certificate of Substantial Completion and Punch List to the CONTRACTOR within (5) calendar days of the Inspection of the Work. OWNER shall increase payment as described in Article 5 of the Agreement.

6.3 The Certificate of Substantial Completion shall fix the date of the project's Substantial Completion. OWNER shall withhold liquidated damages as described in Article 3 of the Agreement for each day that surpasses the Contract Substantial and Final Completion dates.

6.4 Completion of the Punch List. After Substantial Completion, CONTRACTOR shall promptly begin work on the punch list of items. OWNER shall provide thirty (30) calendar days, from the date of delivery of the Punch List, to complete remaining Work of the Contract including the punch list. OWNER shall withhold liquidated damages as described in Article 3 of the Agreement for each day that surpasses the Contract Final Completion date.

6.5 Final Inspection. CONTRACTOR shall notify OWNER in writing that the entire Work of the Contract is complete and OWNER shall complete final inspection in accordance with Article 15 of the General Conditions.

Article 7. CONTRACTOR'S REPRESENTATIONS.

In order to induce OWNER to enter into this Agreement, CONTRACTOR makes the following representations:

7.1 CONTRACTOR has familiarized himself with the nature and extent of the Contract Documents, Work, locality, and with all local conditions and federal, state and local laws, ordinances, rules and regulations that in any manner may affect cost, progress or performance of the Work.

7.2 CONTRACTOR has studied carefully all reports of investigations and tests of subsurface and latent physical conditions at the site or otherwise affecting cost, progress or performance of the Work which were relied upon by ENGINEER in the preparation of the Drawings and Specifications and which have been identified in the Supplementary Conditions.

7.3 CONTRACTOR has made or caused to be made examinations, investigations and tests and studies of such reports and related data in addition to those referred to in Article 7.2 as he deems necessary for the performance of the Work at the Contract Price, within the Contract Time and in accordance with the

other terms and conditions of the Contract Documents; and no additional examinations, investigations, tests, reports or similar data are or will be required by CONTRACTOR for such purposes.

7.4 CONTRACTOR has correlated the results of all such observations, examinations, investigations, tests, reports and data with the terms and conditions of the Contract Documents.

7.5 CONTRACTOR has given OWNER written notice of all conflicts, errors or discrepancies that he has discovered in the Contract Documents and the written resolution thereof is acceptable to CONTRACTOR.

Article 8. CONTRACT DOCUMENTS.

8.1 The Contract Documents which comprise the entire agreement between OWNER and CONTRACTOR are attached to this Agreement, made a part hereof and consists of the following:

8.1(a) Table of Contents
8.1(b) Index of Technical Specifications & Appendices
8.1(c) Legal Advertisement / Invitation to Bid
8.1(d) Instructions to Bidders
8.1(e) Bid Proposal (Including List of Subcontractors and Qualification Requirements)
8.1(f) Contractor Safety Qualification Form
8.1(g) Contractor E-Verify Affidavit Form
8.1(h) Subcontractor E-Verify Affidavit Form
8.1(i) Sworn Statement
8.1(j) Bid Bond
8.1(k) Notice of Intent to Award
8.1(l) Notice of Award
8.1(m) Agreement (Contract) between OWNER and CONTRACTOR
8.1(n) Notice of Commencement
8.1(o) Combined Payment and Performance Bond
8.1(p) Opinion of Town Attorney
8.1(q) General Conditions (EJCDC Standard General Conditions (2018 Edition), inclusive)
8.1(r) Supplementary Conditions
8.1(s) Any Modifications, including Change Orders, duly delivered after execution of Agreement.
8.1(t) Technical Specifications bearing the title: Stormwater Trenchless Services (S2611)

8.2 There are no Contract Documents other than those listed above in this Article 8. The Contract Documents may only be altered, amended or repealed by a modification described in Article 1 of the General Conditions of the Contract.

Article 9. MISCELLANEOUS.

9.1 Terms used in this Agreement which are defined in Article 1 of the General Conditions shall have the meanings indicated in the General Conditions.

9.2 No assignment by a party hereto of any rights under or interests in the Contract Documents will be binding on another party hereto without the written consent of the party sought to be bound; and specifically but without limitation, moneys that may become due and moneys that are due may be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

9.3 OWNER and CONTRACTOR each binds himself, his partners, successors, assigns and legal representatives to the other party hereto, his partners, successors, assigns and legal representatives in respect to all covenants, agreements and obligations contained in the Contract Documents.

9.4 The Inspector General of Palm Beach County has the authority to investigate and audit matters relating to the negotiation and performance of this Contract and in furtherance thereof may demand and obtain records and testimony from the Contractor and its subcontractors and lower tier subcontractors. The Contractor understands and agrees that in addition to other remedies and consequences provided by law, the failure of the Contractor or its subcontractors or lower tier subcontractors to fully cooperate with the Office of Inspector General of Palm Beach County when requested may be deemed by the municipality to be a material breach of this contract justifying its termination. The Office of Inspector General in Palm Beach County is established by Palm Beach County Code, Section 2-421 - 2-440. Failure to cooperate with the Inspector General or interfering with or impeding any investigation shall be in violation of Palm Beach County Code, Section 2-421 – 2-440, and be punished pursuant to Section 125.69, Florida Statutes, in the same manner as a second-degree misdemeanor.

9.5 This Agreement is subject to and governed by the laws of the State of Florida, including without limitation Chapter 119, Florida Statutes, which generally makes public all records or other writings made by or received by the parties. The Contractor acknowledges its legal obligation to comply with § 119.0701, Florida Statutes.

9.5(a) A request to inspect or copy public records relating to a public agency's contract for services must be made directly to the public agency. If the public agency does not possess the requested records, the public agency shall immediately notify the contractor of the request, and the contractor must provide the records to the public agency or allow the records to be inspected or copied within a reasonable time.

9.5(b) If a contractor does not comply with the public agency's request for records, the public agency shall enforce the contract provisions in accordance with the contract.

9.5(c) A contractor who fails to provide the public records to the public agency within a reasonable time may be subject to penalties under s. 119.10.

9.5(d) **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 561-741-2752, TOWNCLERK@JUPITER.FL.US, OR 210 MILITARY TRAIL, JUPITER, FL 33458.**

9.6 EMPLOYMENT ELIGIBILITY REQUIREMENTS (E-VERIFY REGISTRATION AND USE)

9.6(a) Provisions for employment eligibility under Section 448.095 F.S. (Florida Statutes) shall apply to all contractors, and subcontractors performing Work, providing supplies, or providing services under this Contract.

9.6(b) Bidders are responsible to review Section 448.095 F.S. in its entirety and ensure that all obligations of the Statute are complied with.

9.6(c) Bidder shall register and use the E-Verify system as required by Section 448.095 F.S. and require their subcontractors and suppliers to do the same.

9.6(d) The Apparent Successful Bidder shall provide Owner with any information or documentation necessary for compliance with the E-Verify requirements of Section 448.095 F.S. as requested in writing by Owner.

9.6(e) Pursuant to Section 448.095, Florida Statutes, beginning January 1, 2021, Contractor shall register with and use the U.S. Department of Homeland Security's E-Verify system, https://e-verify.uscis.gov/emp, to verify the work authorization status of all Contractor employees hired on and after January 1, 2021.

(i) Contractor must provide evidence of compliance with Section 448.095, Florida Statutes. Evidence shall consist of an affidavit from the Contractor (refer to Bid Proposal forms) stating all employees hired on and after January 1, 2021 have had their work authorization status verified through the E-Verify system and a copy of their proof of registration is in the E-Verify system.

(ii) Failure to comply with this provision is a material breach of the Agreement, and shall result in the immediate termination of the Agreement without penalty to the Town. Contractor shall be liable for all costs incurred by the Town to secure a replacement Agreement, including but not limited to, any increased costs for the same services, any costs due to delay, and rebidding costs, if applicable.

9.7 ENTITIES OF FOREIGN COUNTRIES OF CONCERN

9.7(a) Section 287.138, Florida Statutes, prohibits the TOWN from entering in to an Agreement which would give access to an individual's personal identifying information with an entity with; a Controlling Interest (as that term is defined in sub-section 287.138(1)(a)), or full ownership, held by a Foreign Country of Concern (as that term is defined in sub-section 287.138(1)(c), or with a principal place of business in a Foreign Country of Concern, unless the entity provides the TOWN with an affidavit signed by an officer or representative of the entity under penalty of perjury attesting that the entity does not meet any of the criteria in paragraphs (2)(a)-(c) of the statute.

9.7(b) The CONTRACTOR, by its execution of this CONTRACT, certifies, under penalty of perjury, compliance with section 287.138, Florida Statutes, that CONTRACTOR is not owned by the government of a Foreign Country of Concern, is not organized under the laws of, nor has its principal place of business in a Foreign Country of Concern, and the government of a Foreign Country of Concern does not have a Controlling Interest in the Entity.

9.7(c) The TOWN reserves the right to terminate this CONTRACT if the CONTRACTOR is found to have provided a false certification or otherwise violates Section 287.138, Florida Statutes. The TOWN, in the event of such termination, shall not incur any liability to the CONTRACTOR for any work or materials furnished.

9.8 SCRUTINIZED COMPANIES LIST

9.8(a) Section 287.135(2), Florida Statutes, prohibits the TOWN from entering in to an Agreement with a CONTRACTOR that is on the Scrutinized Companies that Boycott Israel List (created pursuant to section 215.4725, Florida Statutes) or is engaged in a boycott of Israel, that is on the Scrutinized Companies with Activities in Sudan List (created pursuant to section 215.473, Florida Statutes), Scrutinized Companies with Activities in Iran Terrorism Sectors List (created pursuant to section 215.473, Florida Statutes) or that is engaged in business operations in Cuba or Syria.

9.8(b) The CONTRACTOR, by its execution of this CONTRACT, certifies, under penalty of perjury and pursuant to section 287.135(5), that it is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in Iran Terrorism Sectors List, that it does not have business operations in Cuba or Syria, and it is not participating in a boycott of Israel, for goods or services of any amount.

9.8(c) The TOWN reserves the right to terminate this CONTRACT if the CONTRACTOR is found to have submitted a false certification or has been placed on a list created pursuant to sections 215.4725 or 215.473. The TOWN, in the event of such termination, shall not incur any liability to the CONTRACTOR for any work or materials furnished.

IN WITNESS WHEREOF, the parties hereto have signed two (2) copies of this Agreement. At least one counterpart each has been delivered to OWNER and CONTRACTOR. All portions of the Contract Documents have been signed or identified by OWNER and CONTRACTOR.

TOWN OF JUPITER
COMMUNITY INVESTMENT PROGRAM
2026 - 2030

Project Name:	**Department:**	
Stormwater System Rehabilitation	Utilities	
Link to Strategic Plan/Strategic Result:	**Project #:**	**Projected In-Service Date:**
Safety / Fiscal Responsibility	S1009	On-going

Project Description and Justification:

Aging stormwater infrastructure often experiences pipe, joint, and structure failures which cause soil erosion. This project consists of repairing existing stormwater infrastructure failures in various areas throughout the Town. Where feasible, failures will be repaired by epoxy grout injection and sliplining to minimize restoration costs and disturbance to adjacent properties.

This project supports the Town's Strategic Plan of Fiscal Responsibility and Safety by maintaining and replacing stormwater system infrastructure in a safe, reliable, and responsible manner to achieve and maximize useful life. Failure to address soil erosion caused by drainage system failures result in disturbance to adjacent properties, sidewalk and roadways, which could become hazardous if left unaddressed. In addition, water quality of stormwater discharge is compromised when drainage system integrity is not maintained.

Recent repairs completed under this project include outfall improvements on Eganfuskee Street consisting of the addition of a check valve to prevent tidal flooding of the roadway, swale improvement in areas of Fisherman's Landing, Oak Terrace, West Beverly Road, and Pennock Industrial Park, replacement of deteriorating end walls and pedestrian railing in The Heights of Jupiter, outfall replacements in The Shores and on School House Road, and installation of CIPP liner on Jupiter Village Road, in The Shores, and in Pennock Industrial Park.

TOWN OF JUPITER
COMMUNITY INVESTMENT PROGRAM
2026 - 2030

Project Name:	**Department:**	
Stormwater Asset Maintenance Program	Utilities	
Link to Strategic Plan/Strategic Result:	**Project #:**	**Projected In-Service Date:**
Safety / Fiscal Responsibility	S1290	On-going

Project Description and Justification:

The Stormwater System contains valuable assets that must be maintained in a reliable, responsive and cost effective manner to maximize useful life. This project provides for maintenance activities related to stormwater system assets including maintenance dredging of detention areas and canals, repairs, cleaning and painting of stormwater facilities, maintenance of pump stations including electrical and control system upgrades for the SCADA system associated with stormwater facilities.

This project supports the Town's Strategic Plan Results of Fiscal Responsibility and Safety by providing for well maintained stormwater utility assets to achieve and maximize useful life. Asset maintenance of stormwater facilities is necessary for the well being and safety of the Town's residents.

Recent work completed under this project includes pump refurbishment, control system upgrades and replacement of remote telemetry units (RTUs) at stormwater pump stations, maintenance dredging at Jonathans Landing canal, and backyard drainage improvement in Pine Gardens North. Projects underway in FY2025 include roof replacement at 7th Street Pump Station, RTU replacement at the Salinity Barrier, Phase 1 outfall replacements in Egret Landing and drainage improvements in Pennock Industrial Park, Bush Road and Fisherman's Landing.

Location(s) and Program Schedule		**In-Service**	
Fiscal Yr	**Scope**	**FY/Qtr**	**Budget**

Employee Policies and Procedures

Title: Procurement Policy and Standard Operating Procedures

Document Number – FIN 1.00

I. Purpose

To establish legal authority through policies, procedures and guidelines to ensure that all goods, materials, supplies and/or services (herein after referred to as items) are acquired through a fair and equitable process in the most efficient, effective and economical manner available. Our goal is the economical procurement of items conducted by fair and open competition within applicable Florida Statutes, Town Ordinances and Resolutions.

II. Definitions

None applicable

III. Scope

This policy shall apply to all employees of the Town of Jupiter.

IV. Policy

This policy shall apply to all purchases of the Town. When the purchase of items involves the expenditure of federal assistance, other grant programs, or contract funds, the process shall be conducted in accordance with any mandatory requirements, including applicable federal law and regulations. It is the responsibility of all Town employees involved in the purchasing process to comply with all procedures, guidelines and instructions as set forth in this policy and the provisions of personnel policies 13.17, Conflict of Interest,13.18 Acceptance of Gifts and 13.19 Vendors. Unless specifically provided otherwise in this policy, the policy of the Town shall be to seek competition where possible in the purchase of materials, equipment and services and to make such purchases at the lowest available net cost to the Town. Provided that the purchase price is fair and reasonable to have such materials delivered when and where required, and consistent with the desired quality of materials, workmanship and/or level of performance. In determining the net cost, the following may be considered: net price, delivery time, availability of service, when significant, comparative cost of operation (i.e., EPA mileage ratings) and previous maintenance experience. Use of recycled or reclaimed products is encouraged when such products are available, of high quality and cost effective. No purchase of items shall be authorized unless adequate funds have been appropriated.

Purchases of items or services determined to be of an emergency nature, or costing less than $2,500 are exempt from this policy relating to the issuing of a PO prior to purchase. Also exempt are employee reimbursements for clothing, shoes, phones, tools and similar budgeted expenditures for which the Town authorizes allowances as part of the annual

budget adoption process.

An emergency is defined as a sudden, unexpected occurrence that poses a clear and imminent danger, requiring immediate action to prevent or mitigate the loss or impairment of life, health, property, or essential Town services.

If an emergency occurs as defined above, authorization of purchases relating to the emergency must come from the Town Manager or designee.

If authorized, once the emergency situation has cleared or as soon as possible the buyer from within the affected department will prepare a purchase requisition with a justification for the emergency. The requisition must have the approval of the affected Department Director, and be sent to finance. Once the invoice is received it must be acknowledged by the department and forwarded to finance for processing.

Once the emergency situation has cleared the emergency purchase for items not previously negotiated and approved by the Town Council that exceed the $50,000 threshold will be brought to the attention of the Town Council by the Town Manager or designee.

V. PROCUREMENT AMOUNTS

The Table below describes the procurement and approval authorities:

Total Contracted Value	Quote/Bid Requirements (Minimum)	Award Approval
Less Than $10,000	*Single Quote	Department Director or Designee
$10,000.00 - $25,000	Three Written Quotes	Town Manager or Designee
$25,000.01 - $50,000	Competitive Quotes (i.e.DemandStar)	Town Manager or Designee
$50,000.01 -$100,000	Competitive Quotes (i.e.DemandStar)	Town Council
Over $100,000	Formal RFP/RFQ/ITB	Town Council

*Regardless of the purchasing threshold, perform market research to get the Town the lowest and best price.

The originating department will include the necessary documentation with the purchase request to demonstrate compliance with these procedures. The department will document

quotes in their file and fill out a Requisition and add all appropriate information to the purchase order in the Financial Management Systems. The appropriate information shall consist of; legal name, physical address of company, name and title of contact person, fax number and email address, list of items to be purchased and unit prices. Any purchase of items costing more than $25,000.00 shall require the use of competitive quotes utilizing DemandStar only and the authorization of the Town Manager except where the item qualifies as an exception as provided below. Any purchase of items over $100,000.00 shall require the use of a formal RFP process utilizing DemandStar (or other online quote service approved by the Town Manager or designee) and one newspaper advertisement to be placed in a newspaper of general circulation. The Town Manager has the authority to approve all purchases up to $50,000.00. All contracts for purchases over $50,000.00 shall be approved by the Town Attorney as to form and legal sufficiency, by the Finance Director or designee, as to sufficiency of appropriated funds and by the Town Council and attested by the Town Clerk.

In accordance with F.S. 287.017, purchases in excess of $35,000 must be received as competitive sealed bids, competitive sealed proposals or competitive sealed replies by the Town Clerk. Some exceptions apply as described in the statute.

Certain expenditures, items or services are not appropriate for normal marketplace competition or for products where no competition exists. These will be procured by other means agreed upon in advance as authorized by the Town Manager or designee. Examples of these items are artistic services, academic programs, lectures by individuals, health care or medical services, real property, utilities, legal services, financing services, services or commodities provided by governmental entities, and proprietary computer software.

Town Council approval is not required for purchases up to $75,000 relating to the purchase of real property exclusively for Workforce Housing, which may be purchased with the prior approval of the Town Manager.

VI. PROCEDURE

A. Petty Cash

Petty Cash accounts may be established with the approval of the Finance Director or designee, to expedite miscellaneous small purchases. Petty cash may be used by all departments for facilitating the transaction of Town business, but shall not normally be authorized for purchases in excess of $100. Petty cash reimbursements greater than $100 must be approved by the Finance Director or designee.

The use of petty cash is limited to:

a. The purchase of items which are not ordinarily on hand in the Town's inventory.
b. The payment of handling or Cash on Demand (C.O.D.) charges for goods delivered.
c. Small purchases that must be made from vendors who do not offer the Town a credit account or accept a credit card.
d. Meals for local seminars, conferences and other business meeting.
e. Toll receipts and mileage reimbursement.

Petty cash requests must be accompanied by a receipt and approved by the petty cash custodian. Each department which manages a petty cash box must provide the Finance Director or designee with a list of authorized custodians, designating each as primary or alternate custodians. Reimbursement checks will be made payable to the authorized custodian.

B. Requisitions/Purchase Orders

Purchase Orders should be used for ordering office and operating supplies and services, furniture, machinery and equipment, including computer hardware and software, and parts and/or components for repair, replacement, expansion or improvements to existing capital assets. In those instances where a vendor will not accept a Town purchase order as a commitment from the Town, the Town credit card may be used under the terms and conditions contained within these guidelines. The originating department will be responsible for completely and accurately preparing the requisition. The originating department, or alternatively, the Finance Department will generate the purchase order once the requisition has been approved online by the appropriate Department Director or designee and the Finance Director or designee.

In those instances where one department has been assigned responsibility for a specific area of purchases for the entire organization, such as telecommunication services (Information Systems) or vehicle repairs and maintenance (Engineering and Public Works), the requirement that the affected officers must authorize the purchase order shall not apply. Only the Department Director who retains overall responsibility shall be required to approve the requisition. All requisitions require the approval of the Finance Director or designee and the Department Director or designee regardless of the amount. All requisitions $10,000 or greater shall require the approval of the Town Manager or designee.

All requisitions in excess of $50,000 require the approval of Town Council, exceptions are requisitions resulting from change orders to engineering or construction contracts that were previously approved by the Town Council and have the approval of the Town Manager or designee.

C. Blanket Purchases (Contracts)

Blanket purchases or recurring purchase Contracts are for small purchases where it is not practical or efficient to issue regular purchase orders. Planned purchases of tools, supplies, office supplies, repair items, etc. should be purchased by a regular purchase order. Blanket purchases or recurring purchase Contracts shall not be used for single or large purchases unless pre-authorized by the Finance Director or designee.

At least monthly, the department will receipt the blanket purchases from the month and submit all invoices approved by the Department Director or designee in electronic format into the appropriate electronic folder. Once the approved blanket purchases are submitted electronically and reviewed and approved by the Finance Department they will be processed for payment.

D. Change Order

Change Orders can be executed by the Department Director or designee provided the related costs are within the Town Council approved contract and budget amounts. Change Orders exceeding those levels that also exceed the spending limits outlined in this policy, must secure the required approvals outlined in this policy.

E. Credit Card Purchases

All purchases made with Town credit cards must be made in accordance and in compliance with all other procedures provided for in this policy and must be pre-authorized by the Department Director or designee. The credit cards are a payment mechanism not a procurement mechanism.

The Finance Director or designee shall be responsible for obtaining all Town credit cards. The Finance Director or designee may assign credit cards to Department Directors and other Town staff, as requested by Department Directors. Prior to issuance of a Town credit card, Town staff must complete a Request Credit Card form and a Cardholder's Agreement.

The department utilizing the card is responsible to

1. Ensure compliance with this Procurement Policy
2. Ensure that Florida sales tax is not charged or paid
3. Provide the following to the Finance Department with the monthly credit card billing as supporting documentation for payment within the timeframe allowed by the Finance Department
    a. Pre-authorization form signed by the appropriate Department Director or designee
    b. The reason for the purchase
    c. Detailed or itemized invoices (receipts) or other acceptable documentation

VII. COMPETITIVE QUOTE

The Competitive Quote shall be required for each purchase in excess of $25,000 and not more than $100,000, unless otherwise provided in this section. The Town Manager or designee is authorized to establish bidding procedures and bid specifications.

Purchases which use the competitive quote shall be awarded to the bidder providing the lowest and best price that is consistent with the desired quality of materials, physical convenience/distance, workmanship and/or level of performance, subject to the right of the Town to reject any and all bids/proposals unless in conflict with federal/state awards.

Advertising for quotes shall be uploaded to DemandStar and/or other online quote services approved by the Town Manger. Prospective bidders desiring to download the bid documents from www.demandstar.com may do so for a de minimis fee by calling 1-800-711-1712 and signing up as a free agency subscription for the Town of Jupiter. Prospective bidders may also purchase hard copies of the bid documents from demandstar.com for a non-refundable fee paid to DemandStar. LAP/FDOT bid/proposal requires an advertisement at least 30 days prior to the date of receiving bids/proposals.

a. Cancellation of Quotes should be sent by addendum to DemandStar or quote service.

b. A Notice of Award memo shall be sent when sending the notification to the lowest most responsive qualified bidder from the Department, to inform the vendor of their award. A notice of Unsuccessful Bidder memo shall be sent out to all vendors that sent in quotes.

VIII. COMPETITIVE BIDDING AND SELECTION PROCESS

The Competitive Bidding and Selection Process shall be required for each purchase in excess of $100,000 unless otherwise provided in this section. Unless the Town Manager instructs otherwise, the head of the department responsible for a particular project shall serve as the Procurement Officer for the duration of the project and may delegate the authority as the Procurement Officer to designees. LAP/FDOT bid/proposal requires an advertisement at least 30 days prior to the date of receiving bids/proposals.

A. Competitive Bidding Rules and Requirements

1. All purchases shall use the competitive process based on the guidelines set forth herein, except as otherwise provided.

2. Procurement procedures shall be consistent with all applicable federal, state and local statutes and laws, and all contractual obligations with other governmental agencies.

3. The purchasing guidelines herein established are minimum requirements which do not restrict those authorized to make purchases for the Town to go beyond these requirements.

4. The purchasing guidelines shall also apply to leases, excluding real estate property, where the total amount of the lease payment shall be construed as the total purchase amount.

5. No purchase involving amounts in excess of the competitive process limits set forth herein shall be split into parts for the purpose of avoiding the provisions of these guidelines.

6. Purchases which use the competitive process shall be awarded to the lowest most responsive qualified bidder, subject to the right of the Town to reject any and all bids/proposals. The Town reserves the right to reject the bid of a bidder who has previously failed to perform properly or deliver on time work or products of a similar nature. The bid may be awarded in whole or in part. However, the selection committee is expected to consider longevity, delivery time, service cost, reliability and amount of Town labor associated with the purchase when making their recommendation for award.

7. Bids/proposals received and clocked in after the hour and date specified in the bid/proposal form will not be opened. These bids/proposals shall be returned unopened to the vendor.

8. Criteria for determining the lowest most responsive qualified bidder in addition to the proposed cost will include:

    a. The ability, capacity and skill of the bidder to perform the contract or provide the services required.
    b. Whether the bidder can perform the contract or provide the service promptly or within the time specified, without delay.
    c. The character, integrity, reputation, judgment, experience and efficiency of the bidder.
    d. The quality of performance on previous contracts or services with the Town and with other entities.
    e. The previous and existing compliance by the bidder with laws, ordinances and licensing relating to the contract or service.
    f. The sufficiency of the financial resources and ability of the bidder to perform the contract or provide the service.
    g. The quality, availability and adaptability of the supplier, or contractual services to the particular use required.
    h. The number and scope of conditions attached to the bid.
    i. The life cycle cost of the products or related life cycle cost of energy efficient products or components being supplied, furnished or installed for the Town and if identified as a criteria in the ITB, RFP, or RFQ.
    j. The distance and convenience of accessing any bidder unless in conflict with federal/state awards.

9. In the event that two or more bidders are tied for lowest most responsive qualified bidder, a closer proximity vendor will be given the tiebreaker advantage unless in conflict with federal/state guidelines.

10. When the award is not given to the low responsive bidder, a statement for placing the order elsewhere shall be prepared and made part of the record when bids/proposals are taken by formal method.

11. Pursuant to Section 2-355 of the Palm Beach County Ordinance No. 2011-039 all persons who respond to competitive solicitations are under the "Cone of Silence" as of the deadline to submit the proposal, bid, or other response to the competitive solicitation and until the appropriate authority has approved an award recommendation, rejected bids, or taken otherwise action. This limits and requires documentation of communications between staff, elected officials or selection committee members and bidders of Town competitive solicitations. Staff will provide notice to all elected officials when a competitive solicitation requires compliance with the "Cone of Silence" regulations. If the County makes any changes to the "Cone of Silence" requirements, such changes will be forwarded to all Town elected officials.

12. The Office of Inspector General of Palm Beach County has the authority to investigate and audit matters relating to the negotiation and performance of competitively awarded contracts in accordance with Article XII, Section 2-241 – 2-452 of the Palm Beach County Code.

13. The additional advertising requirements below are required by Florida Statute

255.0525(2) for construction projects.

Advertising for competitive bids/proposals for a construction project that is projected to cost more than $200,000 shall be publicly advertised at least once in a newspaper of general circulation in the county where the project is located at least twenty-one (21) days prior to the date of receiving bids/proposals and at least five (5) days prior to any scheduled pre-bid conference. Advertising for competitive bids/proposals for a construction project that is projected to cost more than $500,000 shall be publicly advertised at least once in a newspaper of general circulation in the county where the project is located at least thirty (30) days prior to the date of receiving bids/proposals and at least five (5) days prior to any scheduled pre-bid conference. LAP/FDOT bid/proposal requires an advertisement at least 30 days prior to the date of receiving bids/proposals. In addition to newspaper advertisement, the project may also be advertised by posting a notice in a conspicuous location in Town Hall or by posting the bid documents to DemandStar.com. When using Demandstar.com, complete bid documents, including plans and specifications, must be uploaded.

14. All Plan Holders of Record (all prospective bidders who have obtained bid documents) will be notified through Demandstar, by addendum, of any changes made to the bid documents. Written or electronic notification of cancellation of Bids/Proposals shall be provided to all plan holders of record within ten (10) days of Town's decision to cancel bids.

15. Cancellation of Bids/Proposals should be sent by addendum to DemandStar.

16. The Notice of Intent to Award Memo will be sent to the lowest most responsive qualified bidder from the awarding Department, to inform the bidder of the recommendation for award. Written notice of recommendation for contract award to the successful bidder shall be provided to all unsuccessful bidders by the Department responsible for the project by sending a Unsuccessful Bidder Memo and returning the bid bond (if applicable).

17. Bid tabulation results must be uploaded to DemandStar within twenty-four (24) hours of the Bid Opening.

B. Competitive Selection

The Town Council may, by affirmative vote of a majority of council members present and voting, acquire goods, services and construct public projects through a competitive selection process rather than through the competitive bidding process provided in subsection (A) of this section, by utilizing the procedure set forth in this subsection. Each solicitation will include the Towns Standard Policies and Standard Specifications as may be amended by the Town Attorney or Town Manager.

For those services governed by F.S. 287.055, the Consultants Competitive Negotiation Act ("CCNA"), which include acquisition of professional architectural, professional engineering, landscape architectural, surveying and mapping services, the procedures provided in the

CCNA shall be followed if the estimated cost exceeds the threshold amounts established by FS 287.017 for Planning; Level 2 ($35,000) and Construction Costs; Level 5 ($325,000).

Consulting contracts shall have a termination date, a termination clause and a total maximum amount that may not be exceeded. After the termination date, the contract may be extended with authorization from the Town Manager or Town Council depending on estimated value and procurement authority.

Where more than one consulting contract for the same service is in place, the department will utilize the firms on a rotation basis unless:

1. A particular firm performed the initial work; or
2. A particular firm has a specific expertise that is necessary to perform the identified task.
3. The department cannot negotiate a fair and reasonable scope and fee for the task work order.

For all other competitive selection process purchases, including, but not limited to, the selection of consultants (not governed by CCNA), contractors, and construction managers, the following procedures shall apply:

1. A request for proposals ("RFP") or Request for Qualifications ("RFQ") will be prepared and distributed;
2. Each RFP or RFQ shall identify the appropriate evaluation procedures and criteria to be applied to the selection of the best proposal among all respondents. The Procurement Officer or designee shall establish the evaluation criteria;
3. Selection Committees must be made up of 3-5 members approved by Town Manager or designee, with 1 member at the Director level. Individuals with potential conflicts of interest should not be nominated. Project Managers are responsible for ensuring that Selection Committee members have been given the proposals in advance for their review. Selection Committee members will document and sign their results on the RFP Tabulation sheet. The Selection Committee will make selections based on the required evaluation criteria. All Selection Committee meetings must provide reasonable public notice of all such meetings and minutes shall be taken.
4. The Selection Committee shall rank the top 3 proposals prior to commencement of negotiations. The Town Manager or designee may commence negotiations with the top ranked firm to negotiate a tentative agreement, subject to award by the Town Council. Should the Town be unable to negotiate a satisfactory contract with the firm considered to be the most qualified, at a price the Town determines to be fair, competitive, and reasonable, negotiations with that firm must be formally terminated. The Town shall then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the Town must terminate negotiations. The Town shall then undertake negotiations with the third most qualified firm. Should the Town be unable to negotiate a satisfactory contract with any of the selected firms, the Town shall select additional firms in the order of their competence and qualification and continue negotiations in accordance with this subsection until an agreement is reached.

5. The Town of Jupiter reserves the right to accept or reject any and all procurement responses and to waive any technicalities or irregularities therein. Town of Jupiter further reserves the right to award the contract to that proposer whose proposal best complies with the proposed specifications and will best further the interest of the Town or to postpone or cancel the RFP/ITB/RFQ and re-advertise in the future.
6. Final approval of the awards will be made by the Town Council for all awards in excess of $50,000.

C. Auditing Services

For the procurement of annual auditing services the Town will comply with the competitive solicitation process described in F.S. 218.391

E. Sole Bidder

When invitations to bid result in only one bid being received, action on the bid shall not be taken until the Town Manager or designee has reviewed the bid to determine and justify the basis for determining one or more of the following:

1. The award to the sole bidder is reasonable as a sole source purchase and it is not practical to rebid or re-quote;
2. The bid should be awarded to the sole bidder because the bid price can be determined to be a competitive, fair and reasonable price; or
3. There is sufficient reason to believe that a rebid of the item will not generate additional competitive bids/proposals.

F. Waiver of Competitive Bidding Process

1. If an emergency exists which makes it necessary to make purchases or obtain services due to immediate danger to the public health or safety, loss of public or private property, or an interruption in the delivery of an essential governmental service, as determined by the Town Manager or designee, the following procedures shall apply:

    a. The Town Manager or designee shall issue a purchase order or contract for such purchases or services as required to mitigate the emergency situation or condition. If such purchase order or contract exceeds the approval authority of the Town Manager, it shall be reported to the Town Council as soon as is reasonably possible.

    b. In all cases, when purchases have been made under the authority granted above, the responsible department shall submit a report to the Town Manager documenting the nature, circumstances and declaration of the emergency and the necessity of the purchases.

2. A contract previously awarded by the Town Council that includes provisions for extensions, may be renewed under the prices, terms, conditions and quantities included within the terms of the original contract.

3. In lieu of bidding procedures, the Town may utilize a process commonly known as "piggybacking" to realize the benefits of volume purchases, reduced administrative expenses and time when procuring similar goods. Piggybacking refers to the use of competitive Bids or RFP's obtained by other governmental entities and cooperatives. In accordance with authority granted by Chapter 287 F.S., the Town may utilize a competitive Bid or RFP solicited by any other municipal, county, state or federal governmental agency if such Bid or RFP is deemed to be in the best interest of the public and the following requirements are met:

    a. The contract is "piggybackable;" if:
        i. it includes an *assignability* clause that allows for the assignment of all or part of the specified deliverable items; and,
        ii. the specific items to be ordered were included in the original bid and evaluated as part of the contract award decision; and,
        iii. the original contract has not expired, or, if the initial term has passed, the contract has been extended or renewed.

    b. ***Note: Piggybacking is not permissible when the action would call for a substitution of goods or an increase in dollar thresholds if they were originally evaluated as part of the contract award. Such an order for substitutions would constitute a non-competitive procurement sometimes referred to as a "tag-on." Piggybacking shall not be used as a starting point for negotiations.***

    c. The piggybackable contract was publicly advertised, issued and awarded by a bona-fide governmental agency.

    d. Where the procurement requires approval by the Town Council because it exceeds applicable thresholds or is an unbudgeted expense, a copy of all documents required above will be attached to the agenda item.

    e. Due to the specific nature of service contracts, piggybacking is not authorized for the procurement of professional services.

    f. A complete copy of the contract, including all extensions, should be included with the purchase request.

4. Cooperative Purchasing

    The Town may participate in, sponsor or administer a cooperative purchasing agreement for the procurement of any supplies, services or construction with one or more governmental bodies.

G. Sole Source

1. A sole source procurement is the acquisition of goods and services that for all practical purposes can only be obtained from a single vendor, usually because of limiting technology, technological compatibility with existing systems, parts manufactured by

the original equipment manufacturer, loss of warranty or other unique qualities of the goods or services that preclude a competitor's price comparison. Sole source procurement determination must be reviewed biennially for each item. For a commodity or services to be deemed as sole source procurement, the department must have the appropriate documentation proving at least one of the following:

a. No other source can meet the Town's requirements.

b. A different brand, make or specifications would be incompatible with currently owned equipment.

2. Sole Source Procurement written justifications must be included in the packet going to the Town Manager and or Town Council per the procurement amount. These include a letter from the manufacturer on the company's letterhead or additional justification from the Department Director or designee as provided by F.S. 287.057(3)(c).

H. Payment and Performance Bonds

1. When a construction project is established to be Two Hundred Thousand Dollars ($200,000.00) or less it may be exempt from payment and performance bonds at the discretion of the Department Director issuing the contract.

2. When a construction project is expected to exceed Two Hundred Thousand Dollars ($200,000.00), payment and performance bonds shall be required. The conditions of the payment and performance bonds shall be set forth in the Town's standard contract. Approval of such bonds is subject to compliance with the written standards for sureties developed by the Town.

3. All bonds shall be written by a surety with no less than an "A" rating by a national rating agency. All sureties must be on the U.S. Department of Treasury's listing of Approved Sureties and bonds and must be written within the treasury's underwriting limitation.

IX. GREEN PROCUREMENT

A. Purpose

The Town of Jupiter recognizes its responsibility to minimize negative impacts on the environment while promoting a healthy community and sustainable economy. The purpose of these guidelines is to provide information, and resources to assist in the selection of materials, products or services that strengthen the Town's commitment to environmental, economic and community sustainability, but will not result in increased costs or expenditures.

While it is the preference of the Town to utilize "Green" products, items purchased must be cost effective, within the budgeted allowance and meet minimum safety requirements.

B. Best Practices

a. Purchase durable and reusable goods

i. Use life cycle analysis to determine the best long-term value
    1. Consider durability & repair ability of products
    2. Invest in products with extended warranties
    3. Conduct routine maintenance
    4. Eliminate single use items such as non-rechargeable batteries

b. Specify product and packaging take-back
    i. Utilize vendors who offer an Extended Product Responsibility (EPR) program, especially take-back, recycle, and disposal programs to ensure equipment and products are disposed of properly without added cost.

c. Buy goods in bulk or concentrated form
    i. Be careful to estimate demand properly. Purchasing more than is needed, can create excess waste.

d. Know what you are purchasing. Select products with environmentally friendly standards whenever possible and cost effective.

e. Utilize locally produced materials and supplies when possible and cost effective.

f. Procure remanufactured goods and use refurbishing services (when practical).

g. Purchase goods containing fewer toxic compounds
    i. Printing ink low in volatile organic compounds (VOC).
    ii. Chrome and chlorine free cleaning supplies.

h. Reduction of paper use
    i. Purchase office equipment that has duplex capability.
    ii. Maximize use of electronic application processing, review and storage of data.
    iii. Electronic placement of orders whenever possible.

C. Guidelines

This Purchasing Policy highlights environmental and economic impacts to consider when selecting products. These and other considerations do not necessarily include or exclude products or services, but should be factored in to ensure informed purchasing decisions.

a. Whenever possible and cost effective, employees shall purchase recycled and environmentally friendly products.

b. Whenever possible and cost effective, the Town shall purchase fuel efficient vehicles. When considering this option, the Town shall consider emergency response needs as well as staff safety.

c. Whenever possible, and cost effective, the Town will attempt to purchase paper products with a minimum 33% post-consumer recycled content, including but not limited to, copier and printer paper and other office paper products. Additionally, the Town desires to purchase other paper products with recycled content wherever possible.

d. When purchasing printed materials, the Town shall specify that the product be produced on recycled paper stock, and/or a recycled paper stock option whenever possible and cost effective.

e. Whenever possible, and cost effective, the recycled option shall be selected over any non-recycled stock. Additionally, if available and cost effective, the Town will request the use of environmentally friendly ink, such as soy-based inks.

f. Whenever possible, and cost effective, the Town will specify the use of non-paper products with recycled content to be utilized for applications. Such requests may include the purchase of building materials with recycled content as may be appropriate.

g. The Town shall make every effort to purchase products that have minimal deleterious effects on the environment, in terms of toxicity, biodegradability, impacts on pollution of the air and water supply. This shall include minimizing the purchase of items that emit harmful chemicals such as formaldehyde or methane.

h. Whenever possible, and cost effective, the Town will purchase energy efficient fixtures and equipment for use by employees. The Town may utilize a value analysis process to determine which product or products provide the Town with the lowest overall cost of operation over the life of the product, and award may be made to the product that produces the lowest overall life cycle cost over the course of the product life.

i. When purchasing electrical appliances, the Town shall purchase, whenever available and cost effective, products that are certified as being "Energy Star" compliant through the Federal Energy Star program. This shall include the purchase of computer equipment and monitors.

j. The Town shall promote its use of recycled and other environmentally preferable products by publicizing its sustainable procurement program. Materials produced for advertising, conferences, press releases, and other communications with clients and citizens shall emphasize The Town's commitment to environmental and community stewardship.

D. Exemptions

These guidelines are intended as a general guide to assist employees in the selection of products for purchase on behalf of The Town. It does not require the purchase of products that do not perform adequately or products that are not available at a competitive price.

E. Summary

The goal of this recommendation is to ensure environmental impacts of our purchasing decisions are minimized or eliminated by obtaining goods and services from manufacturers and vendors who share the Town's commitment to the environment, the community and the local economy.

X. CONTRACT ADMINISTRATION

Following quote, bid, or proposal award or approval by the Department Director or designee, Town Manager or designee, or Town Council, Town staff may enter into a contract agreement with a vendor. The goal of *contract administration* is to ensure the vendor performs according to the terms of the contract and that both parties (e.g., the vendor and the Town of Jupiter) properly discharge their responsibilities. Contracts, except for real estate contracts, are to be signed by the Mayor, Town Manager or designee, Department Director or designee, based on the following criteria:

- Contracts under $10,000 Department Director or designee
- Contracts $10,000 to $50,000 Town Manager or designee
- Contracts over $50,000 Mayor after an affirmative vote of the Town Council

A. Role of Contract Administrator

For purposes of this policy and procedure manual, the procurement professional primarily responsible for administering and managing contracts within a Town Department procuring services is the Contract Administrator. The Contract Administrator is responsible for the following:

a. Announcing new contracts to all applicable users of the contract.
b. Managing contracts, including renewing multi-year agreements as appropriate.
c. Documenting all actions taken regarding contracts and maintain such documentation as part of official contract files.
d. Closing out contract files.

B. Contract Amendments

Throughout the term of the contract, it may be necessary to make changes to the contract. These changes can be minor administrative changes, such as a change of address, or they can be substantial changes that affect the price and delivery. All *contract amendments* must occur in writing.

C. Price Increases

After contract award, a vendor's request to increase prices pursuant to the contract must be in writing and addressed to the administering department. The vendor's request must contain all of the information and documentation called for in the contract. The Contract Administrator will respond to any such request within 30 days or as otherwise required by the contract.

Price increases are subject to the same approval thresholds as outlined in Section V of this document.

D. Prompt Payments

The Contract Administrator is responsible for timely payment for non-construction services or construction services in accordance with F.S. 218.73 and 218.735, respectively.

E. Contract Renewals

If the Town has awarded a term contract and an option exists or is offered to the Town to extend the period of the contract, the Town Manager or designee shall determine if such

extension is in the best interests of the Town and may exercise this option on behalf of the Town for periods not exceeding the original contract years.

F. Contract Extensions

Contract extension generally refers to the continuation of a contract outside of the contract renewal process. All contract extensions must occur in writing and require the vendor's consent.

G. Termination for Convenience

A Town's contract may include a *termination for convenience provision*. A *termination for convenience* (no-fault termination) allows the Town to terminate any contract, in whole or in part, at any time at its sole discretion, if it is determined that such termination is in the best interest of the Town. The Town must use caution in determining whether to exercise the right to terminate for convenience before establishing a new source of supply.

A written recommendation for *termination for convenience* must have Department Director approval.

H. Non-appropriation Clause

It will be understood that each contract with the Town of Jupiter must contain language pertaining to non-appropriation of funds. It will be understood that if funding is not approved or a reduction in funds occur, the Town reserves the right to reduce the item identification, decrease the quantities or service(s) provided, delete items or cancel the contract with no harm accruing to the Town due to the reduction or non-appropriation action.

I. Default and Termination

A contract may be *terminated for default* when the Town concludes that the vendor fails to perform, make progress, or in any way breached the contract. It should be noted that the Town is not required to terminate a contract even though the circumstances permit such action. The Town may determine that it is in its best interest to pursue other alternatives, for example, extending the delivery/completion date and allowing the vendor to continue working, or working with the vendor's surety to complete the outstanding work. Although the Contract Administrator is generally encouraged to resolve performance issues through dispute resolution, the seriousness of the non-performance issue may warrant the immediate issuance of a default notice. Termination for default should be used as a last resort and not as punishment. The purpose of a termination for default is essentially to protect the interests of the Town while obtaining the necessary goods or services.

A written recommendation for termination for default must have Department Director approval.

J. Termination Justification

To formally terminate the contract, the Contract Administrator or designee shall issue a *notice of termination* to the vendor. The *notice of termination* shall contain the following:

a. The contract number and date of contract

b. The effective date of the termination

c. Reference to the clause under which the contract is being terminated

d. A concise, accurate statement of the facts justifying the termination.

e. A statement that the goods, equipment or services being terminated may be re-procured and that the vendor will be held liable for any excess repurchasing costs.

f. A statement regarding any other claim for payment of damages by the vendor to the Town.

K. Bid Protest

a. Right to protest. Any actual bidder, proposer, offeror, or contractor who is aggrieved in connection with an invitation to bid, request for proposals or other procurement solicitation may protest such procurement.

b. Procedure. A protest must be in writing and shall state the reason for the protest. It shall be submitted to the Department Director within 72 hours of the first date that the aggrieved person knew or should have known of the facts giving rise to the protest. All protests must be accompanied by a bid protest fee equal to 1% of the lowest proposed bid. If bid protest is upheld, such bid protest fee will be returned to protesting party. The Department Director shall review such protest and shall issue a written decision as soon as practicable after such review is completed. The decision of the Department Director may be appealed in writing to the Town Council within seven (7) calendar days excluding Saturdays, Sundays and state holidays after the date of the procurement official's written decision. The decision of the Town Council shall be final. An appeal of the decision of the Town Council shall be to the appropriate court in the Fifteenth Judicial Circuit, Palm Beach County, Florida.

c. Stay of procurement during protest. Procurement which is the subject of a timely protest shall be stayed until a final decision by the Town Council regarding such protest has been made. The Department Director shall not proceed further with the invitation to bid, request for proposals or other procurement solicitation which is the subject of the protest until all administrative remedies have been exhausted and a final decision by the Town Council has been rendered.

L. Debarment/Suspension

The Town Manger may debar or suspend a person or entity from participation in Town procurement for cause. The debarment shall be for a period of not more than three years.

Causes for debarment include:

a. Conviction for commission of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract, or in performance of such contract or subcontract;

b. Conviction under state or federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, or any other offense indicating a lack of business integrity or business honesty which currently, seriously, and directly affects responsibility as a Town contractor;

c. Conviction under state or federal antitrust statutes arising out of the submission of bids/proposals;

d. Violation of contract provisions, described below, of a character which is regarded by the procurement official to be so serious as to justify debarment action;

e. Deliberate failure without good cause to perform in accordance with the specifications or within the time limit provided in the contract; or

f. A record of failure to perform or of unsatisfactory performance in accordance with the terms of one or more contracts, provided that failure to perform or unsatisfactory performance caused by acts beyond the control of the contractor shall not be considered as a basis for debarment;

g. Violation of the ethical standards contained in this or any other Town policy;

h. Debarment by another governmental entity for any cause listed in this policy; and

i. Any other cause the Town Manager determines to be as serious and compelling as to affect responsibility as a Town contractor.

M. Decision to Suspend or Debar

A decision to suspend or debar shall be made after consultation with the Town Attorney. The Department Director shall issue a written decision of suspension or debarment to the person involved. The decision shall state the reasons for the action taken and inform the person involved of the person's rights concerning administrative or judicial review of such suspension or debarment. A copy of the decision shall be mailed or otherwise delivered immediately to the person suspended or debarred.

N. Finality of Decision

A decision to suspend or debar shall be final and conclusive, unless the person suspended or debarred files a written notice of appeal to the Town Council within ten days after receipt of the procurement official's decision. If an appeal is taken, the decision of the Town Council shall be deemed final and conclusive. An appeal of the decision of the Town Council shall be to the appropriate court in the Fifteenth Judicial Circuit, Palm Beach County, Florida.

O. Sales Tax Exemption

a. The Town of Jupiter is exempt from paying State Sales Tax in Florida. All employees who purchase goods or services on behalf of the Town shall supply each vendor with a copy of the Town's tax exemption certificate to avoid being assessed State Sales Tax. No employee shall be reimbursed for the payment of State Sales tax except for travel outside of the State of Florida and nominal purchases made on behalf of the town.

b. The Sales Tax exemption privilege is for the purchase of goods and exclusively for the use of the Town of Jupiter. Under no circumstances shall an employee attempt to purchase goods or supplies for personal use using the Town's tax exemption number.

P. Surplus Property Disposal

a. Department Director or designee, declares an item to be surplus to their department.

b. The Department Director shall dispose in the following order of precedence:

i. Where appropriate offer item to other Town of Jupiter departments.
ii. Seek to have one of the Town approved surplus vendors take the item for proper sale or disposal. If a surplus vendor will not take the item, then the Department Director or designee shall donate, recycle or discard, as appropriate. Any funds received in excess of costs needed for the disposal of the item will go back to the fund balance of the original procurement.
iii. No scavenging of surplus or discarded items by Town employees will be allowed.
iv. An asset disposal/transfer form must be completed and signed by the appropriate Director for any capital asset that is being disposed of. Once signed, the form will be forwarded to the Finance Department for processing of the records relating to the asset disposal.

Q. Chapter 119 FS - Request for Public Records Contract Language:

The following language shall be inserted in all contracts for service with the Town:

a. This Agreement is subject to and governed by the laws of the State of Florida, including without limitation Chapter 119, Florida Statutes, which generally makes public all records or other writings made by or received by the parties. The Contractor acknowledges its legal obligation to comply with § 119.0701, Florida Statutes.

b. A request to inspect or copy public records relating to a public agency's contract for services must be made directly to the public agency. If the public agency does not possess the requested records, the public agency shall

immediately notify the contractor of the request, and the contractor must provide the records to the public agency or allow the records to be inspected or copied within a reasonable time.

c. If a contractor does not comply with the public agency's request for records, the public agency shall enforce the contract provisions in accordance with the contract.

d. A contractor who fails to provide the public records to the public agency within a reasonable time may be subject to penalties under s. 119.10.

R. E-Verify Registration and Use Contract Language.

a. Pursuant to section 448.095, Florida Statutes, beginning January 1, 2021, Contractor shall register with and use the U.S. Department of Homeland Security's E-Verify system, https://www.e-verify.gov/employers, to verify the work authorization status of all Contractor employees hired on and after January 1, 2021.

b. Subcontractors

   i. Contractor shall also require all subcontractors performing work under this Agreement to use the E-Verify system for any employees they may hire during the term of this Agreement.

   ii. Contractor shall obtain from all such subcontractors an affidavit stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, as defined in section 448.095, Florida Statutes.

   iii. Contractor shall provide a copy of all subcontractor affidavits to the Town upon receipt and shall maintain a copy for the duration of the Agreement.

c. Contractor must provide evidence of compliance with section 448.095, Florida Statutes. Evidence shall consist of an affidavit from the Contractor stating all employees hired on and after January 1, 2021 have had their work authorization status verified through the E-Verify system and a copy of their proof of registration in the E-Verify system.

d. Failure to comply with this provision is a material breach of the Agreement, and shall result in the immediate termination of the Agreement without penalty to the Town. Contractor shall be liable for all costs incurred by the Town to secure a replacement Agreement, including but not limited to, any increased costs for the same services, any costs due to delay, and rebidding costs, if applicable.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 561-741-2752, townclerk@jupiter.fl.us or 210 Military Trail, Jupiter, FL 33458.

MEMORANDUM FROM THE FINANCE DEPARTMENT

To: Scott Reynolds, Finance Director

From: Billie Hancock, Procurement Manager *Billie Hancock*

Date: December 29, 2025

Re: Agenda Item Review – Res.1-26 Stormwater Trenchless Services (S2611)

After reviewing the ITB for the Stormwater Trenchless Services, I agree that the lowest bidder, Express Drain & Sewer Cleaning is unresponsive and is disqualified. The bidder did not submit the required EMR documentation per the Town's Procurement Policy effective 10/31/2025:

Unless otherwise exempt from the requirement to maintain workers' compensation insurance in accordance with applicable law, all construction contractors shall submit, with their bid, documentation verifying their Experience Modification Rate (EMR) for the preceding three (3) years, as issued by their insurance carrier. The Town reserves the right, at its sole discretion, to reject any bid submitted by a contractor whose EMR exceeds 1.00, or to require the submission of a written explanation detailing the factors contributing to the elevated EMR and the corrective measures undertaken to address such factors. The EMR shall be considered as a component of the overall evaluation criteria in determining the contractor's responsibility, qualifications, and eligibility for award in accordance with the Town's procurement policies and applicable law.

The bidder also did not acknowledge the second published addendum, their submitted COI was expired, and they have not listed any relevant experience to the scope of work. I also noticed that although they stated they used a subcontractor in previous work for CIPP, they failed to list a subcontractor in their bid documents, which was also a requirement of the project specifications.

Please let me know if you need any additional information.

TOWN OF JUPITER
Interlocal Agreement for Fire/Rescue Dispatch Between the Town of Jupiter and City of Palm Beach Gardens.

DATE	January 6, 2026
TO	Honorable Mayor and Members of Town Council
THRU	Frank Kitzerow, Town Manager
FROM	Darrel Donatto, Fire Chief
SUBJECT	Resolution 17-26, Approving the Interlocal Agreement for Fire/Rescue Dispatch Between the Town of Jupiter and the City of Palm Beach Gardens

EXECUTIVE SUMMARY
Staff requests the Town Council approve an Interlocal Agreement for dispatch services pertaining to the operations of Fire/Rescue between the Town of Jupiter and City of Palm Beach Gardens. The ILA will go into effect upon approval and will expire on September 30, 2031.The Town Attorney has reviewed the attached agreement and finds it to be in acceptable form.

ANALYSIS
The "Florida Interlocal Cooperation Act of 1969," authorizes local governments to make the most efficient use of their power by enabling them to cooperate with other localities on the basis of mutual advantage. Jupiter is bordered on the south by the City of Palm Beach Gardens who operates and will dispatch for their municipal Fire/Rescue Department. Palm Beach Gardens dispatch (NorthCom) currently dispatches for the Town of Jupiter Police Department as well as Palm Beach Gardens Police Department. Combining both Fire and Police dispatch into one singular dispatch center will benefit public safety for all departments involved through quicker dispatch times and safer emergency responses for first responders. The Town of Jupiter and the City of Palm Beach Gardens find it mutually advantageous and in the public interest to enter into an Interlocal Agreement for dispatch services for both municipal Fire/Rescue departments (Attachment 2). Under this agreement, each municipality will be responsible for their share of the costs pertaining to the dispatch center, equipment, and services provided by NorthCom. Budgeting amounts for the following fiscal year will be provided by May of each year by NorthCom.

If Resolution 17-26 is approved, the Mayor will be authorized to execute the ILA on the Town's behalf.

STRATEGIC PRIORITY
- Fiscal Responsibility
- Organizational Excellence
- Safety

ATTACHMENTS

1. Resolution 17-26 Approving Fire Rescue Communications Services with Palm Beach Gardens
2. Fire/Rescue Dispatch Interlocal Agreement Between the Town of Jupiter and the City of Palm Beach Gardens

FUNDING SOURCE

Budget amounts will be provided annually for the following fiscal year by May by Northcom.

RESOLUTION NO. 17-26

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF JUPITER, FLORIDA, AUTHORIZING AND DIRECTING THE MAYOR TO EXECUTE AN INTERLOCAL AGREEMENT BETWEEN THE CITY OF PALM BEACH GARDENS AND THE TOWN OF JUPITER PERTAINING TO COMMUNICATION DISPATCH SERVICES FOR THE TOWN OF JUPITER FIRE RESCUE DEPARTMENT; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, section 163.01, Florida Statutes, permits public agencies to enter into agreements to make the most efficient use of their powers by enabling them to cooperate on a basis of mutual advantage and thereby to provide services and facilities in a manner that will accord best with geographic, economic, population and other factors influencing the needs and development of local communities; and

WHEREAS, pursuant to Chapter 166, Florida Statutes, the Town of Jupiter (Town) is empowered to exercise any governmental, corporate, and proprietary power for municipal purposes, except those which are expressly prohibited by law; and

WHEREAS, the Town Council has determined that it is appropriate to enter into an interlocal agreement with the City of Palm Beach Gardens (City) pertaining to communications to dispatch fire rescue communication services for the Town's fire rescue department.

NOW THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF JUPITER, FLORIDA:

Section 1. The foregoing recitals are incorporated herein.

Section 2. The Town Council of the Town has determined that it is necessary and appropriate to have an interlocal agreement with the City whereby the City will provide dispatch services for the Town's fire rescue department from the Northern Municipal Regional Communications Center which the City operates.

Section 3. The Town Council hereby authorizes and directs the mayor to execute the interlocal agreement, a copy of which is attached hereto and incorporated herein. Following the mayor's execution of the interlocal agreement, the Town Clerk is directed to forward an executed copy of it along with this resolution to the City of Palm Beach Gardens.

Section 4. This resolution shall take effect immediately upon its execution.

INTERLOCAL AGREEMENT FOR FIRE RESCUE DISPATCH BY AND BETWEEN THE CITY OF PALM BEACH GARDENS AND THE TOWN OF JUPITER

THIS INTERLOCAL AGREEMENT FOR PUBLIC SAFETY DISPATCH ("Agreement") is made and entered into this _____ day of _____, 2026 (the date of Agreement full execution) by and between the CITY OF PALM BEACH GARDENS ("PBG"), and the TOWN OF JUPITER ("Jupiter"), each being a municipality located in Palm Beach County, Florida, and duly organized and existing under the laws of the state of Florida (individually "Party" or collectively the "Parties").

W I T N E S S E T H:

WHEREAS, the Florida Constitution and Chapter 166, Florida Statutes, have conferred upon the Town of Jupiter (Town) municipal home rule powers; and

WHEREAS, Part I of Chapter 163, *Florida Statutes,* permits public agencies to enter Interlocal Agreements for the performance of service functions of public agencies; and

WHEREAS, PBG and Jupiter have agreed that PBG shall provide fire rescue communications dispatch services (Dispatch Services) for their respective fire rescue departments, and

WHEREAS, PBG has agreed to provide Jupiter with Dispatch Services from the PBG Emergency Operations Center ("EOC") Dispatch Center ("Northern Municipal Regional Communications Center" or "NorthCom") for a reasonable fee; and

WHEREAS, each of said municipalities desire to enter into this Agreement and to perform it insofar as practicable for the uses and purposes herein expressed subject to and conditioned upon performance of the terms of this Agreement; and

WHEREAS, PBG and Jupiter have determined that this Agreement will further the health, safety, and welfare of their residents, visitors, and businesses.

NOW, THEREFORE, for and in consideration of the mutual agreements, terms, and conditions, the Parties hereby mutually agree as follows:

1. Recitals: The above recitals, incorporated and adopted herein, are true and correct.

2. **Authority for Agreement:** By entering into this Agreement, each of the municipalities respectively represents to the other that it has full right and lawful authority to enter into and perform this Agreement and that it has fully considered, found, and determined that entering into and performing this Agreement is in the best interests of its citizens; and each of the municipalities respectively promises to the others to do all things and take all action necessary or appropriate to effect and implement this Agreement. The authority for this Agreement is found in Chapter 163 and Chapter 166, *Florida Statutes.*

3. **Purpose:** The purpose of this Agreement is to facilitate cooperation between the Parties concerning fire rescue communications and Dispatch Services.

4. **Definition of Terms:** For the purposes of this Agreement, the terms set forth hereinbelow shall have the meanings as follows:

   A. "Contracting Municipality" and "Municipality" and "Party" shall mean any municipal corporation being served by PBG for fire rescue dispatch through NorthCom whose population is included for the purposes of determining each municipality's cost share.

   B. "Executive Governance Board" ("EGB") shall mean that executive body, comprised of the City/Town Managers of Palm Beach Gardens, Jupiter, and Juno Beach, having the authority to review and make recommendations regarding the budget for NorthCom, the public safety dispatch level of service ("LOS"), and which municipal corporations may become contracting municipalities.

   C. "Budget" shall be construed to mean the annual financial and operating plan for the NorthCom fiscal year.

   D. "Technical Advisory Committee" ("TAC") shall mean the committee having the authority to develop, monitor, and recommend amendments to the NorthCom Standard Operating Procedures and Response Protocols.

   E. "Standard Operating Procedures and Response Protocols" ("SOP") shall mean the policies and practices that shall guide the response to calls for service and the delivery of emergency dispatch services. NorthCom SOPs will be developed by PBG with input from the TAC.

5. **Term:** The initial term of this Agreement shall commence on _____ and shall terminate on September 30, 2031, unless sooner terminated in accordance with this Agreement. A single fiscal year under the Agreement shall commence on October 1 of each calendar year and end on September 30 of the following calendar year.

6. **Fire Rescue Communications and Dispatch Services:**

A. **PBG Provision of Service:** PBG agrees to provide Dispatch Services for PBG and Jupiter through its EOC Dispatch Center, operating and known as the Northern Municipal Regional Communications Center ("NorthCom") for the term set forth in paragraph 5, unless or until this Agreement is otherwise terminated in accordance with the terms and conditions more particularly set forth herein. Specifically, PBG shall provide twenty-four hours per day (24 hrs/day) seven (7) days per week staffing and Dispatch Services to Jupiter with such services to be in substantially the same manner, quality, form, and substance, including radio frequency and communications in accordance with the Municipal Public Safety Communications Consortium (MPSCC) Agreement, computer access and searches, radio dispatch, and telephone answering service, as that provided within PBG. Jupiter shall be responsible for the purchase and maintenance of all radios, client-side software, licenses and hardware, server software, licenses and hardware unique to each community, software interfaces to the Computer-Aided Dispatch (CAD) system and other equipment necessary in order to receive services from NorthCom. However, notwithstanding the foregoing, nothing contained herein will modify the terms or conditions of the MPSCC for radio communications, which shall govern matters of radio communication pertaining to maintenance, infrastructure, operations equipment, and subscriber units. Communications consoles located in NorthCom are specifically exempt from the MPSCC.

B. Recognition of Error: Jupiter recognizes there is a possibility that a given communication or dispatch, including, without limitation, a call for emergency service, may be inadvertently misrouted by reason of electronic, manual, or human error. When the misrouted communication or dispatch is an emergency call, each Party agrees to use reasonable efforts to remedy the misrouting to the extent reasonable at the time and under the then- existing circumstances.

C. Exclusive Command: All NorthCom personnel, equipment, facilities, and communications and Dispatch Services shall be and remain under the exclusive command, direction, management, and/or deployment of PBG, through its Chief of Police or designee. The officials, employees, inhabitants, or other persons within the respective municipal boundaries of Jupiter shall not interfere with such command.

D. Daily Operational Matters: Jupiter hereby acknowledges that NorthCom may receive simultaneous calls for separate accidents, medical calls, fires, or other public safety concerns. In the event of such simultaneous calls, the judgment or direction and commands of the Chief of Police of the PBG's Police Department, or his/her senior officer on duty at the time, shall be binding and final as to which call should receive first, present, and future priority response and shall control such action and conduct. However, notwithstanding the foregoing, PBG's Chief of Police or designee shall enforce and comply with the NorthCom Standard Operating Procedures and Response Protocols to the extent practicable.

7. Administration:

A. Identification: The PBG EOC Dispatch Center, although operated by PBG, shall be identified and publicly recognized as the "Northern Municipal Regional Communications Center" or "NorthCom."

B. Technical Advisory Committee (TAC): PBG and Jupiter shall each have one (1) member on the TAC, who shall be its Fire Chief or his/her designee. The TAC shall provide technical and/or procedural recommendations for changes to the NorthCom Standard Operating Procedures. The TAC shall meet at least once per year but may meet as frequently as deemed necessary.

C. Resolution of Service Delivery Issues: Matters relating to the delivery of

Dispatch Services and operational efficiencies shall be the responsibility of the members of the Technical Advisory Committee to resolve. If service delivery issues cannot be resolved by the TAC, the matter shall be referred to and reviewed by the EGB for resolution.

8. Consideration: As consideration for PBG entering into this Agreement and agreeing to provide Jupiter with fire rescue communications and dispatch services during the term of this Agreement, Jupiter hereby agrees to pay PBG as follows:

A. Payment shall be based upon an annual NorthCom budget prepared by PBG and submitted to the EGB for its review and recommendations. A preliminary budget proposal will be submitted to the EGB no later than May 1st each year. The EGB shall return the approved preliminary NorthCom budget to PBG no later than May 15th each year, unless an extension of time is granted by the PBG City Manager. A copy of the EGB-approved final proposed budget document shall be provided to each Contracting Municipality no later than June 1 of each year during the Term. The budget shall take into consideration personnel and operational changes that are required and all administrative and operational expenses. PBG shall be entitled to an administrative fee, which shall be included in the NorthCom budget and which shall be paid to PBG by Jupiter according to its cost share. Each Contracting Municipality's cost share shall be calculated based upon its percentage of the total population of all the Contracting Municipalities being served by PBG for fire rescue dispatch through NorthCom ("cost share metric"). It is hereby acknowledged by the Contracting Municipalities that the total population being served, as established by the University of Florida Bureau of Business and Economic Research (BBER), may change from time to time based upon actual population change or by expanding service to additional municipalities, which may decrease or increase each Contracting Municipality's cost share.

B. If at the end of any contract year a budget shortfall exists, each Contracting Municipality shall pay its cost share of any such shortfall in accordance with the cost share metric utilized during the budget year in which the shortfall occurred. Conversely, if at the end of any contract year a budget surplus exists, such surplus shall represent a committed fund balance to be utilized specifically for the NorthCom budgetary purposes.

9. Force Majeure: PBG shall not be liable under any theory of law to any Contracting Municipality, its officials, employees, agents, citizens, or persons within its municipal boundaries for any cessation of service caused by acts of God, fire, strike, casualty, civil or military authority, insurrection, riot, pandemic, or other event or circumstance not within the control of PBG.

10. Insurance:

A. PBG shall carry and maintain continuously throughout the term of this Agreement insurance to protect its personnel and equipment in the event of damage or destruction, or be self-insured, in an amount not less than One Million Five Hundred Thousand Dollars ($1,500,000.00) and shall provide its employees with Workers' Compensation Insurance as required by law.

B. Jupiter shall carry and maintain continuously throughout the term of this Agreement commercial general liability insurance, or be self- insured, in an amount not less than One Million Five Hundred Thousand Dollars ($1,500,000.00).

11. Governmental Powers: The Parties acknowledge that this Agreement is an Interlocal Agreement under Chapter 163, *Florida Statutes,* and that each party shall retain all legislative authority regarding its respective governing body. All of the privileges and immunities from liability, exemptions from laws, ordinances, and rules and other benefits which apply to the activity of the officers, agents, or employees of any public agency when performing their respective functions within the territorial limits for their respective agency shall apply to the same degree and extent to the performance of such functions and duties of those officers, agents, or employees extra-territorially under the provisions of any Interlocal Agreement.

12. **Indemnification:** Jupiter shall indemnify, defend, and hold harmless PBG against any actions, claims, or damages arising out of Jupiter's negligence in connection with this Agreement, to the extent permitted by law. PBG shall indemnify, defend, and hold harmless Jupiter against any actions, claims, or damages arising out of PBG's negligence in connection with this Agreement, to the extent permitted by law. The foregoing indemnification shall not constitute a waiver of sovereign immunity for either Party beyond the limits set forth in Section 768.28, *Florida Statutes*.

13. **No Transfer of Powers:** Nothing contained in this Agreement shall be construed to constitute a transfer of powers in any way whatsoever. This Agreement is solely an Interlocal Agreement to provide services, including, without limitations, services as authorized by Chapter 163, *Florida Statutes.* PBG and Jupiter shall each retain all legislative authority regarding the respective governing bodies.

14. **Joint Preparation:** The preparation of this Agreement has been a joint effort of the Parties, and the resulting document shall not, solely as a matter of judicial constraint, be construed more severely against any of the Parties.

15. **Binding Effect:** All the terms and provisions of this Agreement shall be binding upon, inure to the benefit of, and be enforceable by the municipalities and their respective legal representatives or successors; but no person not a direct party to this Agreement shall be or be deemed to be a legally entitled third-party beneficiary hereof.

16. **Non-Assignment:** This Agreement may not be assigned by PBG or Jupiter without the prior written consent of the governing bodies of each Contracting Municipality.

17. **Governing Law and Venue:** This Agreement and the Dispatch Services contemplated by this Agreement shall be governed by and construed and enforced in accordance with the laws of the state of Florida. Venue for all proceedings, whether in state or federal court in connection herewith shall be exclusively in Palm Beach County, Florida.

18. **Agreement Administrators:** PBG and Jupiter hereby designate its respective chiefs of police, or in the absence of the designated person, its acting director or chief, to be its Administrator and liaison for the performance and receipt of performance of all services and actions under this Agreement. Said contract administrators shall be the points of contact for all operational matters between the Parties.

19. **Waiver:** No delay or failure by PBG or Jupiter in enforcing or insisting on strict performance of any of the terms or provisions hereof shall be deemed a waiver of any other or further term or provision of similar or dissimilar nature or of any continuing waiver.

20. **Termination:**

A. This Agreement may be terminated, with or without cause, by either Party by providing written notice to the other, no later than September 30 of any contract year. Any such termination shall not be effective until September 30 of the following contract year.

B. Termination of this Agreement, regardless of the reason, shall not modify or alter in any way the Municipal Public Safety Communications Consortium Agreement for radio communications.

21. **Renewal:** Unless a Contracting Municipality gives notice of termination in accordance with Section 20, this Agreement shall be automatically renewed for one (1) additional five- (5) year term.

22. **Notice:** All formal notices affecting the terms or provisions of this Agreement shall be in writing and delivered in person or sent by overnight delivery service to the municipality as designated below, until such time as the municipality furnishes other written instructions for such other notice delivery.

23. Effective Date: This Agreement shall be effective on the later of _____ or its full execution and filing with the Clerk of the Circuit Court in and for Palm Beach County.

24. Entire Agreement: This Agreement represents the entire understanding and agreement between the Parties with respect to Dispatch Services. There are no promises, terms, conditions, or obligations other than those herein contained. This Agreement shall supersede all previous communications, representations, proposals, or agreements, either oral or written, between the municipalities hereto and not herein contained. No amendment or modification of this Agreement shall be binding unless approved by each of the Parties' respective governing bodies and reduced to writing, executed, delivered, and filed with the Clerk of the Circuit Court of Palm Beach County with the same formalities as this Agreement. Notwithstanding the foregoing, the development and adoption of the annual NorthCom budget shall not be considered an amendment to this Agreement.

(The remainder of this page intentionally left blank.)

IN WITNESS WHEREOF, each of the Parties has authorized and caused this Agreement to be made, executed (signed by its City Manager or Mayor, as applicable, and attested by its City/Town Clerk) in triplicate (one original for each Contracting Municipality and one for filing).

TOWN OF JUPITER
Approval of Contract and Memorandum of Agreement with the Palm Beach County Police Benevolent Association

DATE	January 6, 2026
TO	Honorable Mayor and Members of Town Council
THRU	Frank Kitzerow, Town Manager
FROM	Ashley Wilson, Human Resources Director
SUBJECT	**Approval of Contract & Memorandum of Agreement with Palm Beach County Police Benevolent Association (PBA):** a. Resolution 15-26, Approving a Contract with the PBA, Representing Officers and Sergeants, Effective October 1, 2025, through September 30, 2028. b. Resolution 16-26, Approving a Memorandum of Agreement with the PBA, regarding proposed changes to the Police Retirement Fund.

EXECUTIVE SUMMARY

Staff is seeking Council authorization of Resolution 15-26 to approve the three-year Collective Bargaining Agreement (CBA) and Resolution 16-26 to approve the Memorandum of Agreement (MOA) between the Town of Jupiter and the Palm Beach County Police Benevolent Association (PBA), representing Police Officers and Sergeants. The CBA establishes new terms with a retroactive start date of October 1, 2025, following the expiration of the prior agreement on September 30, 2025. The MOA outlines changes to the Police Retirement Fund.

Negotiation sessions between the Town and the PBA began on March 27, 2025, and the final session was held on October 7, 2025. Both parties reached a tentative agreement on all provisions, and the attached redlined and final versions of the CBA reflect the mutually agreed-upon changes. The PBA membership ratified the agreement on December 15, 2025, with a vote of 84–12 approving the CBA and 86–10 approving the MOA. Ratification by Council is now required to finalize both documents.

The MOA obligates the parties to pursue an ordinance amending the Police Officer's Retirement Fund effective October 1, 2030. These changes include eliminating Tier 2 benefits, transitioning eligible non-Deferred Retirement Option Program (DROP) members to Tier 1 benefits consistent with Chapter 185, Florida Statutes, and authorizing the use of up to $750,000 annually in premium tax revenue to offset pension costs, subject to State approval.

The Town Attorney has reviewed the attached agreements and finds them to be in acceptable form.

ANALYSIS

The estimated cost for Year 1 implementation of the CBA is $2 million. The year 1 financial impact will be incorporated in to the FY26 Police Department operating budget in part from the Town's operating contingency and the remainder from year-end savings.

The CBA has an approximate three-year base plan value of $4.5 million, reflecting the projected step plan salary costs over the contract term. In addition to the base contract costs, a $3,000 annual lump-sum payment for Officers at Step 12 has been negotiated. This Step 12 lump-sum payment is anticipated to be required only during this contract cycle and is estimated to cost approximately $500,000 over the three-year period. Since the payment is not added to the Officers' base salaries, it will not compound annually. Overall, the CBA represents a significant investment in the Town's Police Officers.

The updated step plan results in average salary increases of 19.9 percent in year one, 9.4 percent in year two, and 9.1 percent in year three, for a combined three-year increase of 38.4 percent.

In addition to updating the Officers' salaries, the CBA includes updating the Police Officers' Retirement Fund. The update includes an increase in healthcare subsidies for currently active members who are not in the DROP program. The fiscal impact of the increased subsidy will be $276,000 annually beginning in fiscal year 2027. Additionally, beginning October 1, 2025, Officers entering the DROP program will no longer be required to contribute to the pension fund for their entire DROP period. The actuary for the pension plan has opined that this additional benefit will not require additional contributions from the Town or members.

Beginning in Year 2030, the Police Officers' Retirement Fund is expected to be restructured as outlined in the attached MOA to a single-tier system. This revision to the pension is projected to cost an additional $550,000 per year, which will be offset by the additional $135,000 coming from Chapter 185 premium tax revenues.

The changes to the Tier 2 system include moving the final compensation average calculation from five years to three years, and increasing the retirement multiplier from 2.75% to 3.00%. There will also be a change in DROP eligibility to the normal retirement date for Tier 1.

Approval of this item will authorize the Mayor to execute the Collective Bargaining Agreement and Memorandum of Agreement on behalf of the Town.

STRATEGIC PRIORITY

- Organizational Excellence
- Safety

RESOLUTION NO. 15-26

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF JUPITER, FLORIDA, AUTHORIZING AND DIRECTING THE MAYOR TO EXECUTE A COLLECTIVE BARGAINING AGREEMENT BETWEEN THE TOWN OF JUPITER, FLORIDA AND THE PALM BEACH COUNTY POLICE BENEVOLENT ASSOCIATION REPRESENTING THE RANK OF OFFICER AND SERGEANT, FOR THE CONTRACT PERIOD OF OCTOBER 1, 2025 THROUGH SEPTEMBER 30, 2028; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Town of Jupiter, Florida ("Town") is a municipal corporation of the State of Florida with such power and authority as has been conferred upon it by the Florida. Constitution and Chapter 166, Florida Statutes; and

WHEREAS, the Town is empowered to enter into contractual arrangements with public agencies, private corporations or other persons, pursuant to Florida Statutes; and

WHEREAS, the Palm Beach County Police Benevolent Association ("PBA") is the exclusive bargaining agent for those certain full time permanent Town employees who are within a bargaining unit; and

WHEREAS, the PBA Bargaining Unit consists of the classifications known as Police Officer and Police Sergeant, which consists of certain full time permanent employees of the Town; and

WHEREAS, all other classifications in the Police Department are excluded from the PBA Bargaining Unit, as well as temporary, part time, and non-sworn support personnel; and

WHEREAS, the Town and the PBA desire to enter into a collective bargaining agreement ("Agreement") generally pertaining to wages, benefits, conditions of employment for the members of the PBA Bargaining Unit; and

WHEREAS, Town Manager recommends that the Town Council approve the Agreement.

NOW THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF JUPITER, FLORIDA:

Section 1. The whereas clauses are incorporated herein.

Section 2. The mayor is hereby authorized and directed to execute the Agreement between the Town of Jupiter and the Palm Beach County Police Benevolent Association.

Section 3. This resolution shall take effect immediately upon its execution.

AGREEMENT BETWEEN THE TOWN OF JUPITER AND PALM BEACH COUNTY POLICE BENEVOLENT ASSOCIATION

REPRESENTING

THE RANK OF POLICE OFFICERS AND SERGEANTS

OCTOBER 1, 2025
TO SEPTEMBER 30, 2028

ARTICLE 1
PREAMBLE

Section 1.1: This agreement is entered into by the Town of Jupiter, Florida, hereafter referred to as the "Town," and the Palm Beach County Police Benevolent Association, hereinafter referred to as "PBA" or "Union". The purpose of this Agreement is to set forth the parties' agreement regarding: wages, benefits, terms, and conditions of employment for bargaining unit members, and the rights and privileges of the Town and the PBA.

Section 1.2: All reference to Town Manager means the Town Manager or their designee. All reference to Police Chief means the Police Chief or their designee.

Section 1.3: Definitions

Base Hourly Rate: The member's hourly rate of pay when their annual salary, as stated in the current collective bargaining agreement, is divided by 2093 hours.

Regular Rate: The member's hourly rate when taking into account their base hourly rate of pay and additional pay (i.e., Assignment pays, longevity payouts, and/or shift differentials), as stated in the current collective bargaining agreement, divided by 2093 hours.

Holiday Pay: Pay the members will receive for approved Holidays (Article 15) is calculated using the number of hours in their normal regular shift at their base hourly rate that members receive whether they work or do not work each Holiday.

ARTICLE 2
RECOGNITION

Section 2.1: The Town hereby recognizes PBA as the exclusive bargaining agent for the employees within the bargaining unit. PBA hereby recognizes that the Town of Jupiter is a Charter form of government operating under the Council-Manager form of government and that the Town Manager is the Chief Administrative Officer of the government and, as such, represents the final administrative authority relative to the Police Department. Accordingly, PBA further recognizes that any references in this Agreement to the Police Chief and/or the Chief of Police are subject to the final authority of the Town Manager.

Section 2.2: The PBA Bargaining Unit shall consist of the classifications known as Police Sergeant and Police Officer, who are full-time permanent employees of the Town. All other classifications are excluded from the PBA Bargaining Unit, as well as temporary employees, part-time employees, and non-sworn support personnel.

Section 2.3: For the purpose of this Agreement, the term Bargaining Unit Employee, Member, and Employee shall be synonymous.

Section 2.4: Bargaining impasses shall be resolved according to Florida Statutes, Chapter 447.

ARTICLE 3
NON-DISCRIMINATION

Section 3.1: The Town shall not discriminate against any employee covered by the Agreement because of membership or non-membership in PBA or authorized activity as required in the Agreement on behalf of the members of PBA.

ARTICLE 4
PROHIBITION OF STRIKES

Section 4.1: Employees covered by this Agreement, PBA, or its Officers, Agents, and Representatives agree that Florida Statute prohibits them individually or collectively as public employees or PBA from participation in a strike against the Town of Jupiter, the Employer, by instigating or supporting in any manner, a strike.

ARTICLE 5
DUES DEDUCTION

Section 5.1: Upon receipt of a voluntary, written dues deduction authorization form from a bargaining unit employee, the Town shall agree to deduct from the pay for such employees, those dues required to retain PBA membership.

Section 5.2: A bargaining unit employee may, at any time, revoke their dues deduction and shall thereafter immediately submit such revocation form to the Town Finance Director, or their designee, with a copy also to PBA.

Section 5.3: PBA shall agree to provide necessary Dues Deduction Authorization forms and Notice to Stop Dues Deduction forms for its members, and copies shall be furnished to the Finance Department.

Section 5.4: PBA shall agree to indemnify and hold the Town harmless against any and all claims, suits, orders, and judgments brought and issued against the Town as a result of any action taken or not taken by the Town on account of payroll deduction of PBA dues if not in conflict or violation of this Agreement.

Section 5.5: The Town shall deduct the current regular union dues on a bi-weekly basis. The Town shall remit the same to the Treasurer of the PBA within ten (10) business days after collection. The Town agrees to make no charge for such dues collection.

ARTICLE 6
UNION BUSINESS

Section 6.1: The PBA shall keep and communicate to the Town a current list of the names of the representatives and alternate representatives and communicate those names to the Town when changes occur. These shall be, whenever feasible, one representative from each represented rank/position, with a total of one (1) PBA representative for every forty (40) members in the bargaining unit, and the same for alternates minus one (1).

Section 6.2: Union representatives will be permitted to engage in representation activities on behalf of the Union or any member while on-duty and if the Town determines in its sole and exclusive discretion that minimum staffing requirements are met. Representation activities for the purposes of this section include:

1. Engaging in collective bargaining with the representatives of the Town.

2. Processing of grievances.

3. Accompany a fellow employee when:

    - The employee is required to appear at a hearing related to a grievance.
    - The employee is presenting or responding to a grievance.
    - The employee is subject to interrogation in conjunction with an internal affairs investigation or administrative inquiry.
    - The employee is attending a pre-determination hearing.

Section 6.3: For the purpose of engaging in representation activities, Union representatives shall be allowed reasonable access to the employee's work location. No transaction of PBA business, however, shall interfere with the regular shift duties of employees.

Section 6.4: No employee shall engage in Union business while on duty except as referenced in this article.

ARTICLE 7
UNION TIME POOL

Section 7.1: Each bargaining unit member may contribute two (2) hours of vacation leave annually to the Union Time pool by submitting a Union Time Pool authorization form. The two (2) hours of vacation time shall be deducted from each consenting bargaining unit member's leave balance in the second pay period of October each year and placed in the Employee Organization Time Pool. Contributions shall be irreversible.

Section 7.2: PBA representatives may be paid for representation activities performed while off duty by using Union Time pool hours. To utilize Union Time pool, Union representatives must be off-duty and not in any paid status with the Town. The Town shall not be liable to anyone for the granting of the hours when requested by a duly elected representative.

Section 7.3: If requested in writing, any representative or alternate representative who is also a member of any Executive Board of PBA or FLPBA attending State or National functions of PBA may attend such functions, using regular leave time or Organization Time Pool hours. The attendance of such functions shall be without expense to the Town. The Police Chief can deny a request for leave to attend a PBA function when the employee's leave will cause the Town to incur overtime expense.

Section 7.4: Leave using Union Time Pool does not constitute "hours worked" for overtime purposes.

ARTICLE 8
BULLETIN BOARD

Section 8.1: PBA is allowed one bulletin board location in the Police Department for the exclusive use of PBA. The bulletin board shall be a size reasonable for the area. The location will be in an area most frequented by the general employees. No articles, announcements, or solicitations shall be placed on, or removed from PBA Bulletin Board without the permission of a PBA Executive Board Member. The Town shall have no control over the postings on the PBA board. The Association shall indemnify, defend, and hold the Town harmless against any and all claims, demands, suits or other terms of liability that shall arise out of the postings on the Association Board.

Section 8.2: A notice or item placed on the bulletin board shall bear, on its face, the legible designation of the person responsible for placing of this notice or item on the bulletin board.

ARTICLE 9
BILL OF RIGHTS

Section 9.1: Nothing in this agreement shall abrogate or limit the right of a collective bargaining member who is under investigation or who is the subject of a complaint, as set forth in Florida Statutes.

ARTICLE 10
PERSONNEL RECORDS

Section 10.1: Personnel records shall be maintained and made available in accordance with Florida Public Record laws as set forth in Florida Statutes.

Section 10.2: The Town will advise a member when the Town has received a written request for the member's personnel records, except when confidentiality is requested by a State or Federal investigatory or regulatory agency.

ARTICLE 11
SENIORITY

Section 11.1: The Town agrees that seniority shall consist of continuous accumulated paid service with the Town of Jupiter Police Department. Seniority shall be computed from the date of appointment, and shall accumulate during absences because of illness, injury, vacation, military leave or any other authorized paid leave of absences.

Section 11.2: The Town agrees that seniority shall govern in the following matters:

1. In the event of a vacancy on a shift, whenever feasible, senior qualified officers shall have preference.
2. In the event of vacancy in any bureau, (not promotional vacancy), seniority shall be considered after consideration of qualifications and disciplinary history.
3. In the event of a lay-off for any Town Council approved reason, employees shall be laid off in the inverse order of their seniority.
4. In the event of re-hiring, laid off employees will be notified of hiring and shall respond within fifteen (15) business days as to considered acceptance.
5. An annual shift bid shall be held during the first two (2) weeks of November allowing officers assigned to the Patrol Bureau to select their shift preference in order of seniority. Members assigned to Specialized units shall also be offered this opportunity to transfer back to the Road Patrol Bureau, if they so choose, during this process. Changes shall become effective the first day of the twenty-eight (28) day cycle that commences on or after January 1st of each year. Schedules within Specialized Units will continue to be handled by the individual supervisors assigned to coordinate those units.
6. An annual shift bid shall be held during the first two (2) weeks of November, allowing sergeants assigned to the Patrol Bureau to select their shift preference in order of seniority. Sergeants assigned to Specialized units shall also be offered this opportunity to transfer back to the Road Patrol Bureau, if they so choose, during this process. Changes shall become effective the first day of the twenty-eight (28) day cycle that commences on or after January 1st of each year.
7. Seniority within Specialized Units - In the event a member is assigned to a Specialized Unit (Criminal Investigation Division, Special Operations Division, Traffic Unit, Marine, K-9, etc.), that member shall assume the position of junior officer within that unit regardless of their overall seniority. Seniority in a Specialized Unit shall be based on the member's date of assignment to the unit as opposed to their date of hire. In cases where two (2) or more positions are filled at the same time, overall seniority shall be used to separate the tie.
8. If a member is transferred from a Specialized Unit as a result of a termination of the unit or the completion of one (1) year within that unit, the member shall be allowed to select a shift, bumping a less senior officer if the need arises due to the lack of an open position.
9. If a sergeant is transferred from a specialized unit as a result of a termination of the unit

or the completion of one (1) year within that unit, the sergeant will be allowed to select a shift in accordance with their seniority, "bumping" a less senior sergeant if the need arises due to the lack of an open position.

10. The Police Chief may over-ride a shift selection when two (2) or more members are involved in legal, administrative or regulatory proceedings against each other. In this limited circumstance, the Chief s decision to over-ride shift selection is not subject to the grievance process.
11. When an overtime opportunity is present due to lack of coverage for personnel issues, holidays, or special events in accordance with the Standard Operating Procedures established by the Chief of Police, the on-duty Sergeant will access the online detail system and create a job, which will immediately become available to all members through the online system on a first come, first serve basis. If unfilled, the overtime shall be assigned on a mandatory basis in reverse order of seniority.

ARTICLE 12
EMPLOYMENT AND PROMOTIONAL POLICIES

Section 12.1: The Town shall announce promotional examinations at least ninety (90) calendar days in advance of testing. The Town shall also list the areas which the examination shall cover, provide the sources from which the examination is drawn, announce the weighted formula to be used and give access to at least one (1) master copy of the reference material. Once announced and posted, the weighted formula shall remain unchanged until completion of the particular examination process.

Section 12.2: There will be no make-up promotional examinations. However, upon request and if the employee can make testing arrangements suitable to the Town with a state-approved police academy or an accredited university, or a military approved facility before a commanding officer, the Town will make special testing arrangements to administer tests at the same date and time and under similar conditions to candidates who cannot appear at the regular test site due to: 1) Military Services; 2) Town business; 3) approved bereavement leave requiring travel outside Palm Beach County, or 4) a catastrophic health emergency involving the employee's family, which is limited to spouse, children, parents, and grandparents if they reside with the employee.

Section 12.3: No member shall be promoted while on leave of absence.

Section 12.4: The following are established as the minimum requirements to be met for an officer to be eligible for the Sergeant's promotional examination process.

1. Must have accumulated at least five (5) years of continuous law enforcement experience, three (3) years of which must be with the Jupiter Police Department at time of promotion.

2. Although a member shall be listed on the eligibility list, members shall only be eligible to be promoted once they have accumulated at least five (5) years of continuous law enforcement experience, three (3) of which must be with the Jupiter Police Department.

Section 12.5: At the completion of the examination process and establishment of an eligibility list, the Police Chief shall promote from the top three finalists, commonly referred to as the "Rule of Three." This eligibility list shall remain in effect for a period of two (2) years.

ARTICLE 13
OFF DUTY ASSIGNMENT

Section 13.1: Extra-duty assignments are voluntary assignments performed by bargaining members for entities other than the Town. The Town shall administer such details and compensation for such duties shall be governed in this article. Extra-duty assignments shall be granted/approved in accordance with the policies and procedures issued by the Police Chief.

Section 13.2: Any member who may be injured while serving in an extra-duty capacity as a law enforcement officer with the approval of the Town or on assignment by the Town, shall be entitled to the same rights, benefits and privileges as if they were injured while performing their duties for the Town. Reimbursement in each year of this agreement shall be capped at the amount appropriated by the Town Council in its annual budget.

Section 13.3: Extra-duty assignments shall be paid at the following rate of pay for all third-party vendors:

Rank	Effective October 1, 2025	Effective October 1, 2026	Effective October 1, 2027
Officer	$60.00 / Hour	$65.00 / Hour	$70.00 / Hour
Sergeant	$69.00 / Hour	$72.00 / Hour	$77.00 / Hour

Section 13.4: Extra-duty assignments shall be paid at the following rate of pay for all holidays in the Town of Jupiter Extra Duty Police Assignment

Rank	Effective October 1, 2025	Effective October 1, 2026	Effective October 1, 2027
Officer	$75.00 / Hour	$80.00 / Hour	$85.00 / Hour
Sergeant	$80.00 / Hour	$85.00 / Hour	$90.00 / Hour

Section 13.5: An employee on consecutive FMLA leave, or light duty status, may not work an Extra-duty assignment.

Section 13.6: Any special event in which alcohol will be served or is permitted and officers are needed for security will be paid at a rate of $80.00/hour for officers and $85.00/hour for sergeants for the term of the agreement with the exception of Town events.

Section 13.7: The Chief of Police, or the Town Manager may accept an offer for a higher extra-duty rate for special assignments.

ARTICLE 14
EDUCATION

Section 14.1: This article provides an education policy and guidelines that are both predictable and equitable for educational assistance to all employees toward the development of their professional knowledge and skills in areas of study that will benefit the Town.

Section 14.2: Qualifying educational coursework shall be defined as coursework, or established program curriculum coursework, in pursuit of a degree or advanced degree in an area of study that will be of value to the Town; provided by community colleges, state universities, private colleges or universities, or other educational facilities accredited by the State of Florida, Department of Education, or accredited by other states.

The reimbursable tuition rate shall be defined as an amount per credit hour equal to the current public institution rates for either Palm Beach State College for Associates Level courses or Florida Atlantic University for Bachelors and Masters Level courses.

Section 14.3: When feasible, the Town shall arrange the working schedules of members attending advance schools and college courses so that there shall be a minimum of interruption of their studies. Under no circumstances shall the pursuit of a college education be allowed to interfere with an employee's duties or the efficient operation of the Police Department.

Section 14.4:

A. Budgetary Process

1. Each fiscal year, during the budget process, employees will submit the number of classes and level of class which they intend to take the following year to the Chief of Police.

2. Final tuition reimbursement projections for the upcoming fiscal year must be submitted to Human Resources by the end of Quarter 1 each calendar year for inclusion in the Town's master tuition reimbursement projection list.

3. This list of projections will determine the amount of funds to be budgeted for the program and will be used to make any adjustments to the funding formula. (e.g. If there is only enough budgeted to fund 90% of the projections, then 90% of the approved tuition costs will be reimbursed).

4. Employees who have submitted requests for the following fiscal year will be contacted if any adjustments to the funding formula are necessary.

B. Application

1. The Application for Educational Assistance Program Reimbursement Form must

be pre approved, in writing, by the recommendation of the Chief of Police and approved by the Human Resources Department prior to the course beginning date.

2. The Application must meet the definition for Qualifying Educational Coursework.

3. Requests shall be limited to five (5) courses per fiscal year per employee, and subject to availability of funds budgeted for that fiscal year on a first-come, first-served basis.

4. If the employee does not complete the requested number of courses that were submitted in the previous fiscal year, the number of allowable courses for the following fiscal year will be reduced by the number of courses that were not completed.

C. Reimbursement Process

1. An employee requesting reimbursement shall complete and forward the original Application for Educational Assistance Program Reimbursement Form with a recommendation to approve by the Chief of Police to the Human Resources Department prior to classes beginning.

2. After completion of classes, the employee shall send a copy of the employee's final course grade(s) to the Human Resources Department.

3. Educational reimbursement requests shall be processed and forwarded to the employee within thirty (30) days following the receipt of grades and receipts by the Human Resources Department.

4. Reimbursement under the Educational Assistance Program is non-taxable, up to the maximum allowed, pursuant to the Internal Revenue Code, Section 127.

5. Educational reimbursement shall be made only to employees who are on paid status in the payroll system when payment is due.

6. No reimbursement shall be made to employees where the tuition is covered under benefits from the Veterans Administration or any other program. By completing the required forms and participating in this program, the employee is affirming that they are not receiving any other benefit from an outside source (i.e. grants, scholarships, etc.). Failure to disclose receipt of another benefit may result in disciplinary action.

D. <u>Reimbursement Amount:</u>

Grade Received	Amount Reimbursed
A	100%
B	100%
C	75%
D	0%

Should the educational institution offer a pass/fail grading system, which may be elected at the student's option, the Town will pay seventy-five percent (75%) for a pass and zero percent (0%) for a fail. Should the educational institution's grading method be only a pass/fail system, the Town will pay one-hundred percent (100%) for a pass and zero percent (0%) for a fail.

E. Separation of Employment

1. Employees leaving employment with the Town, including through retirement or involuntary separation (excluding disability separation), shall repay the Town for the amount of tuition reimbursements received, based on the following guidelines:

Level	Leaving 0 - 1 Yrs	Leaving 1-2 Yrs	Leaving 2-3 Yrs	Leaving 3-4 Yrs
Associates	100%	75%	--	--
Bachelors	100%	75%	50%	--
Masters	100%	75%	50%	25%

2. The time period to calculate payback in the event of a voluntary separation of employment begins on the date that the reimbursement is received from the Town.

3. The employee shall make repayment through payroll deduction from the final payroll or payout to the employee. If a balance remains due to the Town, the employee shall make repayment arrangements through the Finance Department.

Section 14.5: Members shall be entitled to attend two (2) regionally XII funded educational classes of their choice per calendar year. In the case of an educational class which is scheduled to be held during the officer's regularly scheduled work day or duty shift, the officer may request paid-time-off from work to attend the class. Officers may be allotted up to forty (40) hours on- duty per calendar year as long as minimum staffing requirements are met. Minimum staffing levels will be established by the Chief of Police, and any changes will be decided on a case-by-case basis by the Chief of Police. Requests for paid-time-off from work may only be approved on the condition that the officer's temporary absences from duty will not adversely affect or unduly jeopardize the respective operations and services of the Police Department.

Approval of said educational classes shall be granted on a rotation basis. Seniority shall not be the basis for approval.

ARTICLE 15
HOLIDAYS

Section 15.1: The following shall be the official holidays for the employees covered by this Agreement:

New Year's Day	Veteran's Day
Martin Luther King, Jr. Day	Thanksgiving
President's Day	Day after Thanksgiving
Memorial Day	Christmas Eve
Independence Day	Christmas Day
Juneteenth	Labor Day

Section 15.2: Each member is also entitled to one (1) personal Holiday per fiscal year. Bargaining unit members shall not have the right to roll the personal holiday into another fiscal year, nor be able to request monetary value for the day if it is not taken within the fiscal year. The Police Chief may only refuse to grant a personal day request when the absence of the Officer or Sergeant will adversely impact operations. As denial represents an exercise of managerial discretion, the denial cannot be grieved.

Section 15.3: For each of the twelve (12) holidays listed above, each bargaining unit member shall be entitled to pay or compensatory time off equal to the number of hours for their regular shift, referred to as "Holiday Pay" as defined in Article 1, in addition to the hours worked for that shift. A member working on the holiday will receive a rate of one and a half (1.5) their base hourly rate, not their regular rate of pay. If an employee chooses to receive compensatory time off in lieu of holiday pay, the employee shall submit their request for compensatory time to their supervisor prior to the Holiday.

Section 15.4: If a member works on a holiday (defined in 15.1 above), hours worked on the holiday are counted toward the overtime threshold. Hours used to calculate holiday pay (as defined in Article I) will not be counted toward the overtime threshold.

Section 15.5: Bargining unit members who are assigned to work on or after 4:15 PM on the midnight shift beginning on December 31 will receive a rate of one and a half (1.5) their base hourly rate, not their regular rate of pay, as a New Year's Eve differential for the the hours they actually work during their shift. Bargaining unit members will not receive Holiday Pay for these hours.

ARTICLE 16
VACATIONS

Section 16.1: Each member shall be eligible for paid vacation as set forth in the following schedule. Members shall start to accrue vacation allowance from the day of employment, but shall not be allowed to exercise this benefit until completing six (6) months of service. Vacation accrues on a prorated basis during the course of the year.

Section 16.2: A vacation day is equal to the number of hours in the bargaining unit member's normal work shift. The bargaining unit membership shall accrue the following vacation schedule based upon their years of service from the date of appointment:

Years of Service	Vacation Hours
1-4 years	96
5-9 years	120
10 years	128
11 years	136
12 years	144
13 years	152
14 + years	160

The total number of vacation hours a member may accrue is as follows:

Years of Service	Vacation Hours
1-4 years	192
5-9 years	240
10 years	256
11 years	272
12 years	288
13 years	304
14+ years	320

Accruals over the cap are lost and non-compensable, except when a vacation request is made and denied within the last thirty (30) calendar days.

Section 16.3: The Police Chief may only refuse to grant vacation or cancel vacation leave requests, which, if granted, would jeopardize the safety of any persons or any property.

Section 16.4: The inclusion of accumulated vacation leave in the average salary for pension purposes shall not exceed the amount accumulated to the credit of any participant as of 10/1/2012. A "snapshot" of accumulated vacation leave was taken for bargaining unit members who were employed on 10/1/2012.

Section 16.5: Members are permitted to convert and "sell back" up to a maximum of forty (40) hours of accrued vacation annually. The member shall be eligible to convert leave if they have used a minimum of eighty (80) hours of vacation leave in the annual period of July 1 through June 30 for the previous year.

Example: For a vacation sell back payout in 2025, the lookback period will be July 1, 2023 through June 30, 2024. This is done so that it provides ample time for budgeting and administrative processing.

ARTICLE 17
WEAPONS TRAINING

Section 17.1: The following provisions will apply:

1. The Town shall provide on-duty training to each officer at the designated police firearms range under qualified instructors at a minimum period of eight (8) hours annually.

2. The Town shall require that each officer shall qualify at the police firearms range at least once every twelve (12) months under qualified instructors and that the score that the officer makes shall be entered into their personnel file. If the officer fails to qualify, they must pass the qualification requirements within three (3) months' time or shall be subject to suspension upon the determination by the Chief of Police.

3. The Town shall make every effort to acquire the use of a firearms range for the purposes hereof, but in the event it cannot have such range made available for its use, this provision shall be considered waived during the interim.

4. Each officer shall be provided up to one hundred (100) rounds of ammunition for duty related weapons practice every two (2) months. Requests shall be made on the form provided by the Department.

ARTICLE 18
LEGAL BENEFITS

Section 18.1: The legal benefits for members against whom civil damage suits are brought for matters arising or criminal while acting within the scope of their authority and within the course of their employment, shall be as provided by the policies of insurance relating thereto and the provisions of Florida Statutes.

ARTICLE 19
PROBATIONARY PERIOD AND TERMINATION

Section 19.1: The probationary period for new hires shall be one (1) year beginning when the officer has fully and successfully completed the Field Training Program and not when they begin the police academy or sworn into service. The probationary period for employees promoted to the rank of Sergeant shall be six months from the date of the employee's promotion.

For sworn employees, an end-of-probation evaluation will take place two (2) weeks prior to one (1) year from the date the officer has fully and successfully completed the Field Training Program. Employees may not be promoted while on probation nor can they file a grievance over disciplinary actions taken by the Town. Grievances addressing other alleged violations of this Agreement may only be filed and processed in accordance with Article 31.

Section 19.2: Employees desiring to resign shall submit their resignation notice at least two (2) weeks in advance of the effective date. Unless fired for cause, any employee who submits their resignation may be permitted to continue their employment for the two (2) week notice period. By mutual written agreement between the employee and the Town, there may be an earlier termination date. A resignation, once tendered in writing and presented to the Chief of Police, is deemed accepted and is not revocable by the employee.

ARTICLE 20
MEDICAL BENEFITS

Section 20.1: Members may be required to take a psychological examination to determine fitness for duty when the Town has a reasonable suspicion that the employee is unfit to perform their duties. "Reasonable suspicion" means a belief drawn from specific objective and articulable facts and reasonable inferences drawn from those facts in light of experience. Reasonable suspicion testing shall not be required except upon the final approval of the Police Chief, in consultation with the Town Manager, after the recommendation of a supervisor who is at least one level of supervision higher than the immediate supervisor of the employee in question. Among other things, such facts and inferences may be based upon abnormal conduct or erratic behavior while at work or a significant deterioration in work performance.

Section 20.2: A public service member injured or ill due to their job with the Town of Jupiter, and eligible for Florida Workers' Compensation, will receive duty disability if they meet the requirements of this section. All accidents must be reported within twenty-four (24) hours or as soon as possible.

1. Medical Report and Certification Required. All requests for duty disability leave must be accompanied by a medical report from the physician agreeable to the Town or the member's authorized medical representative which shall be on the form of the initial medical report in use by the Florida Department of Financial Services, Workers Compensaion Division, and which shall state affirmatively that the employee is temporarily unable to perform the normal duties of Town employment and that they are therefore eligible for duty disability leave.

2. Approval by Department Head. The Chief of Police may approve or deny a request for duty disability leave after an investigation to determine the validity of the request. The Chief of Police shall certify that (a) the injury or illness arose out of and in the course of employment by the Town, (b) was not fully self-inflicted or the result of the employee's gross negligence or horseplay, (c) that the employee's activity at the time and place of the injury or activity from which the illness arose was both authorized and proper and not in violation of any rules or regulations concerning safety work methods, procedures or equipment for the job as required by the department or the Town generally. The Chief's action shall be subject to review by the Town Manager who may approve or reverse the Police Chief's decision.

3. Duties of Certified Employee. Any employee receiving duty disability leave shall report to a physician agreeable to the Town, or the member's authorized representative, periodically at the times the Town shall reasonably require. Failure of an employee to appear for a scheduled physical examination shall be

grounds for immediate cancellation of said leave; unless the failure to appear is excused by the Town Manager.

4. Credit for Benefits Paid. The net duty disability leave benefits paid to an employee under sub-section (4), who is on duty disability leave, shall be deducted from any award of Worker's Compensation to the employee, whether for temporary or permanent disability, and shall apply as advance payments of compensation, provided by Florida Statutes.

5. Commencement of Benefits. Employees who have completed their probationary period shall receive duty disability commencing the first day of lost time. Other employees shall receive duty disability benefits after the first fourteen (14) calendar days of lost time.

6. Duration of Benefit. An employee who is granted duty disability leave shall receive their regular salary based on the pay rate applicable at the time of injury or illness, exclusive of overtime, plus longevity pay if applicable, less all workers' compensation payments. Duty disability leave shall be allowed for the duration of actual disability, up to a maximum of ninty (90) calendar days. Separate injuries shall create separate periods of coverage. If an employee is unable to return to work at the end of the said ninty (90) calendar days, their case shall be reviewed by a committee composed of a physician agreeable to the Town, the Chief of Police, the Human Resources Director, and a person designated by the Town Manager. The review committee shall make recommendations and thereafter order the benefits to continue for the duration of the actual disability, up to an additional two hundred seventy (270) calendar days, or that the benefits shall not be extended.

7. Termination of Duty Disability Leave. Duty disability leave benefits shall be terminated by any of the following events:

   (a) Recovery certified by a physician agreeable to the Town.

   (b) Permanent disability certified by a physician agreeable to the Town. Thereafter, the Chief of Police shall immediately submit a request for duty disability retirement to the pension board. The employee shall thereupon receive accumulated sick leave payments which shall cease upon said retirement being granted. In no case shall an employee receive more than one kind of salary continuation benefits for the same period of time whether duty disability leave, sick leave or duty retirement benefits (pension).

(c) Termination of employment whether by resignation, discharge or death of said employee.

(d) Employment of any form, including self-employment.

(e) Employee's refusing employment with the Town suitable to their law enforcement capacity which is offered to or procured for them. The Town Manager may approve such refusal of work and thereby approve the continuation of duty disability leave.

(f) The expiration of the 90-day period is in accordance with Section 7 above.

8. Annual Leave. Shall accrue during all periods for which an employee is granted duty disability leave.

9. Use of Paid Leave. The general principle underlying the granting of duty disability leave benefits to an employee with a service-connected disability is that the total payments from the Town, together with Worker's Compensation benefits, shall not exceed the employee's regular gross pay, exclusive of overtime. All efforts shall be made by the Town to coordinate payments from its Worker's Compensation carrier; however, it shall be the responsibility of the employee to return any overpayment by either the Town or its Worker's Compensation carrier, which are over and above the employee's regular gross pay, exclusive of overtime. Such leave is provided so that economic security shall be available to an employee. Duty disability leave shall not be considered as a right which an employee may use at their discretion, but rather as a privilege which shall be allowed only in case of duty connected disability and subject to the applicable provisions contained therein.

10. Computation. Duty disability leave time shall be computed in the same manner prescribed for annual leave.

ARTICLE 21

INSURANCE

Section 21.1: Bargaining unit members may participate in the payment of medical, dental, and long- term disability insurance on the same basis as other presently employed Town employees. The Town hereby recognizes, and incorporates by reference Town Policy HRM 6.01.

Effective upon the amendment of Section 15-378 of the Jupiter Code of Ordinances, which will occur as soon as practicable in FY 2025-26, the base supplemental retirement benefit for all active members not in DROP as of the date of the amendment shall be increased from $100 per month to $250 per month. The additional supplemental retirement benefit for all active members not in DROP as of the date of the amendment shall be increased from $5 for each year of service to $15 for each year of credited service. The maximum additional supplemental retirement benefit for all active members not in DROP as of the date of the amendment shall be increased from $150 per month to $350 per month.

Section 21.3: The Town shall continue to contribute and participate in the existing life insurance program in order to provide adequate assistance and coverage of funeral expense and death benefits for a member who dies in the line of duty.

ARTICLE 22
BEREAVEMENT LEAVE

Section 22.1: If an employee has a death in the immediate family, the employee shall be entitled to three (3) consecutive paid working days to attend the funeral of the deceased. Immediate family for the purpose of this section shall include spouse or registered domestic partner children, grandchildren, parents, grandparents, spouse's grandparents, brother and sister, brother-in-law, sister-in-law, parents-in-law, grandparents-in-law, and step-parents, and step-children. "Step" relationships must be current to be applicable.

Section 22.2: In the event that one-way travel of four hundred (400) miles or more is required, an additional two (2) consecutive paid working days shall be granted to the employee.

ARTICLE 23
MILEAGE

Section 23.1: When Town vehicles are not available, the Town agrees that any member who is authorized to use their own vehicle in the performance of active police duty shall be compensated at the rate allowed annually by the Internal Revenue Service for automobile reimbursement.

ARTICLE 24
LONGEVITY PAY

Section 24.1: The Town shall endeavor to continue participation in the State Incentive Pay Program under revenue sharing as long as it is offered during the term of this Agreement.

Section 24.2: The Town shall only grant longevity pay where an employee meets the criteria specified below.

Level 1 - Upon completion of five (5) consecutive years of employment as a full-time employee, the employee shall be paid Two Hundred Fifty Dollars ($250.00) as longevity pay upon the employee's anniversary date of original employment and annually thereafter until completion of nine (9) consecutive years of full-time employment.

Level 2 - Upon completion of nine (9) consecutive years of employment as a full-time employee, the employee shall be paid Three Hundred Seventy-Five Dollars ($375.00) as longevity pay upon the employee's anniversary date of original employment and annually thereafter on the said anniversary date until retirement or separation from the Town of Jupiter.

Level 3 - Upon completion of fourteen (14) consecutive years of employment as a full-time employee, the employee shall be paid Five Hundred Dollars ($500.00) as longevity pay upon the employee's anniversary date of original employment and annually thereafter on the said anniversary date until retirement or separation from the Town of Jupiter.

An employee's anniversary date for longevity pay purposes shall remain fixed and shall not be affected by a change in position anniversary date.

ARTICLE 25
SICK LEAVE

Section 25. 1: Sick leave shall accrue and be granted in the same manner and fashion as other Town employees.

Section 25.2: Upon resignation, retirement, or permanent disability, members who have a minimum of two (2) years of continuous full-time employment shall be paid for the total accrued unused sick time balance up to a maximum of 480 hours, on a percentage basis as follows:

2 – under 5 years = 30% conversion
5 - 10 years = 40% conversion
10 + years= 50% conversion

Section 25.3: Employees hired prior to April 1, 2011, who have a minimum of two (2) years of continuous full-time employment shall be paid upon resignation, retirement, or permanent disability for the total accrued unused sick time balance, up to a maximum of the total sick time balance the employee has on April 1, 2011, on a percentage basis as specified in Section 25.2.

Examples:

Employee A has 1000 hours of sick leave accrued on April 1, 2011. They continues to accrue sick leave and do not use any sick leave, and when they decide to retire with 20 years of service, they have 1200 hours total accrued sick leave. When they retire, they are paid out 50% of 1000 hours of sick leave.

Employee B has 400 hours of sick leave accrued on April 1, 2011. They continue to accrue sick leave and do not use any sick leave, and when they decide to retire with 20 years of service, they have 600 hours total accrued sick leave. When they retire, they are paid out 50% of 480 hours of sick leave.

Employee C has 1000 hours of sick leave accrued on April 1, 2011. They continue to accrue sick leave, but also uses sick leave in the meantime. When they decide to retire with 20 years of service, they has 800 hours total accrued sick leave. When they retire, they are paid out 50% of 800 hours of sick leave.

Employee D is hired by the Town on May 1, 2011. They accrues and use sick leave, and when they decide to retire with 20 years of service, they have 1000 hours total accrued sick leave. When they retires, they are paid out 50% of 480 hours of sick leave.

Section 25.4: Sick Leave Conversion Option - Each year on the employee's anniversary date of employment, a review shall be made of that employee's sick time usage for the immediately

preceding twelve (12) months. Any unused sick time accrued since the employee's last anniversary date in excess of forty-eight (48) hours, at the employee's option, may be converted into vacation leave, subject to scheduling. Employees may choose to convert accrued sick time to vacation leave or keep it as sick time, but this decision is final for each member's anniversary period. Unused sick time cannot be converted later. Employees who retire, but do not resign, between anniversary dates may convert unused sick leave on a prorated basis. Each used sick day reduces the convertible amount. DROP participants may carry over non-cashed sick leave, which will be deducted upon termination.

ARTICLE 26
UNIFORMS AND EQUIPMENT

Section 26.1: The Town shall furnish uniforms to all members who are required to wear such uniforms in the performance of their duties as is now provided by the Town. Recommendations concerning comfort and safety standards may be brought to the Police Chief's attention through the Employee Advisory Group or any labor-management committee created pursuant to Article 35, Section 1.

Section 26.2: Any uniforms or related equipment initially supplied by the Town, which is damaged or destroyed while the member is acting in the performance of their duties, shall be replaced by the Town within a reasonable period of time at no cost to the member.

Section 26.3: All bargaining unit members shall receive an annual clothing/cleaning and boot allowance of $1,400.00 during this contract. This amount shall be paid out on the first paycheck in December.

Section 26.4: The Town shall furnish the necessary duty equipment and all other accessories necessary to perform the duties and responsibilities of a sworn law enforcement officer.

Section 26.5: The Town shall provide a handgun as a duty weapon for any sworn officer requiring a weapon. The make and model of Department issued handguns shall be determined by the Chief of Police. Officers must qualify with any weapon they intend to use on duty or off duty. In the event the weapons need repair, the Town shall provide the employee with a suitable replacement weapon while the issued weapon is being repaired.

Section 26.6: It shall be the responsibility of each member to check any vehicle which has been assigned to them to assure it is in safe operating condition prior to use or operation. All employees are to immediately report any suspected unsafe condition to their immediate supervisor. If the supervisor believes that the vehicle is in such an unsafe condition to be a hazard to the operator or the public, the Chief of Police shall be the final authority as to inspection and repairs needed to release a vehicle into service.

Section 26.7: The ammunition distributed to the members shall be of the same caliber the member carries while on duty as authorized by the Chief of Police.

Section 26.8: The Town has the exclusive right to determine the uniform and the uniform for special events.

Section 26.9: Recommendations on additional equipment and safety issues may be taken to the Chief of Police by the Employee Advisory Group described in Article 35, Section 1 of the Agreement.

ARTICLE 27
ASSIGNMENT PAY

Section 27.1: Officers selected and assigned to a 2-wheel motorcycle patrol duty shall receive three percent (3%) of their regular (base) pay.

Section 27.2: Officers designated by the Chief of Police as on-call Traffic Homicide Investigators for the Town, shall receive assignment pay of five percent (5%) of their base hourly rate of pay.

Section 27.3: Officers selected and assigned as Corporals (formerly referred to as Master Police Officers) shall receive assignment pay equal to eight percent (8%) of their base hourly rate of pay.

Section 27.4: Officers selected and assigned as Police Officer First Class (PFC) shall receive assignment pay equal to five percent (5%) of their base hourly rate of pay.

Section 27.5: Bargaining unit members assigned to the K-9 unit shall receive one (1) hour of pay at their base hourly rate for each regular day off for the care and maintenance of each dog. On any authorized day off, the officer will only be required to use from their accrual bank their normal scheduled shift less one (1) hour for each dog. This one (1) hour will be for the care and maintenance of each dog. (For example, a K-9 Officer with one dog scheduled to work four (4) ten (10) hour shifts taking a vacation day will be required to use nine (9) vacation hours). Each hour of K-9 pay is included in hours worked.

Section 27.6: Officers selected and assigned as Detectives shall receive an additional five percent (5%) of their base hourly rate of pay.

Section 27.7: Employees who have been designated as Firearms Coordinators shall receive assignment pay equal to three percent (3%) of their base hourly rate of pay.

Section 27.8: Officers selected and assigned to the Marine Unit and Beach Unit shall receive assignment pay equal to three percent (3%) of their base hourly rate of pay.

Section 27.9: Officers that are assigned to Community Outreach Unit shall receive assignment pay equal to three percent (3%) of their base hourly rate of pay.

Section 27.10: If a Detective, Officer First Class, or Corporal is promoted to the rank of Sergeant, incentive pay percentage will be calculated into their base hourly rate of pay.

Section 27.11: Officers selected and assigned to any Multi-Agency Task Force, Dive Team, and Crisis Negotiations Teams shall receive four (4) hours per month Quality Leave, not to exceed the total of eight (8) hours. Quality Leave shall be available to use in .25 hour increments and

shall not be used within the last two (2) weeks of employment separation or retirement. Quality Leave shall have no cash value, and employees shall receive no payment for such hours upon separation from employment, whether voluntary or involuntary.

Section 27.12: Officers selected and assigned as SWAT shall receive assignment pay equal to five percent (5%) of their hourly base hourly rate of pay. The five percent (5%) assignment pay will be limited to those members who have completed their SWAT probationary period. SWAT Operation Support Personnel are not included in the five percent (5%) assignment pay.

Section 27.13: Officers selected and assigned as an Agent to the Operations Support Bureau shall receive assignment pay equal to five percent (5%) of their base hourly rate of pay.

Section 27.14: Sergeants selected and assigned to the Operations Support Bureau shall receive assignment pay equal to five percent (5%) of their base hourly rate of pay.

Section 27.15: For the purpose of this agreement, those officers identified above receiving additional assignment pay may only accumulate a maximum of eight percent (8%) cap above their base hourly hourly rate of pay, except for Corporals who may receive a maximum of ten percent (10%) cap above their base hourly rate of pay.

Section 27.16: The selection of a bargaining unit member to any and all of the aforementioned assignments will be determined through a selection process specific to each assignment. The number of positions within said assignments will be determined by Chief of Police.

Section 27.17: Officers who are promoted to the rank of Sergeant will be moved to Step 1 of the Sergeant's Step plan, except if their base pay plus assignment pay already exceeds Step 1 of the Sergeant's Step, in which case they will be moved to Step 2 of the Sergeant's Step plan.

ARTICLE 28
WORK WEEK AND OVERTIME

Section 28.1: The Town and the PBA agree to invoke of the FLSA 207K exemption regarding the defined work period and overtime calculations and payments.

The FLSA 207K work period of one hundred and sixty-one (161) hours for all bargaining unit members covered by this agreement assigned to a road patrol unit, including the traffic road patrol unit, shall be a period of twenty-eight (28) consecutive days which begins at 12:00 a.m. on the first Saturday of the week period and runs continuously for twenty-eight (28) days until 11:59 p.m. on the last Friday night of the twenty-eight (28) day cycle.

Road patrol officers will work an 11.50-hour shift as a four (4) on, four (4) off schedule resulting in two (2) unequal pay checks for the twenty-eight (28) day work period. At the discretion of the Chief of Police, specialized units may be placed on a seven (7) day work period with a total of forty and a quarter (40.25) hours and will begin to accumulate overtime once the member works over forty and a quarter (40.25) hours within the work period. Work week examples include three (3) ten (10) hour shifts and one (1) ten and a quarter (10.25) hour shift of four (4) eight (8) hour shifts and one (1) eight and a quarter (8.25) hour shift totaling forty and a quarter hours per week (40.25) and eighty and a half hours for the pay period (80.5).

All members receive twenty-six (26) paychecks within a twelve (12) month calendar year, commonly known as bi-weekly.

Section 28.2: Bargaining unit members shall be given a fifteen (15) working day notice of any designated work week change affecting the aforementioned work schedules or hours, except when an emergency arises, in which the Town will provide as much notice as is feasible.

Section 28.3: Work schedules shall not be changed or altered to avoid payment of overtime.

Section 28.4: All Road Patrol bargaining unit members shall receive overtime for all hours worked in excess of one hundred and sixty-one (161) hours in a twenty-eight (28) work cycle and non-road patrol bargaining unit members shall receive overtime for all hours worked in excess of forty and a quarter (40.25) hours as indicated above in Section 28.1. Hours worked for the purposes of calculating overtime include actual hours worked, required training, vacation, comp time, quality time, and hours for worker's compensation absences. All other compensated hours will not be included.

Authorization for overtime must be requested prior to working the overtime. However, authorization may be given after the time worked and will not be unreasonably withheld.

Section 28.5: When a bargaining unit member is required to work during a declared emergency the member will be paid based on the Town Policy for Declared Emergency (the current version of which is attached as exhibit "A". The Town has the right to change the policy at any time with thirty (30) days' notice to the Union, but cannot change policy terms relating to pay or benefits without first negotiating same with the Union.

Section 28.6: Bargaining unit members shall be allowed to accumulate a maximum of one hundred eighty (180) hours of accumulated compensatory time. The Town may require members to use compensatory time over one hundred (100) hours with seventy-two (72) hour notice. The Town may elect to pay members for any hours accrued over one hundred (100) hours.

Section 28.7: Any bargaining unit member who is required to attend any Court related matter for the Town, with or without a subpoena not on their regularly assigned shift, shall receive a minimum of three (3) hours pay at one and a half (1.5) times their base hourly rate, not their regular rate of pay.

Section 28.8: Call Back Pay – When a bargaining unit member is subject to a Call Back as defined herein, the member shall be paid a guaranteed four (4) hours at one and a half (1.5) times their base hourly rate, not their regular rate of pay.

A Call Back is defined as a bargaining unit member being ordered to return to work after their shift is completed and they have left work, or being ordered to appear for their regular shift prior to their regular starting time with less than forty-eight (48) hours notice.

Call Back shall not apply in those instances where the bargaining unit member is ordered to return to work to rectify their own error or omission that cannot wait until the bargaining unit member's next shift.

Section 28.9: Unusual circumstances may require that a bargaining unit member find it necessary to request a change of their scheduled shift. Without obligating the Town to pay overtime, bargaining unit members may work for or change shifts with another bargaining unit member performing similar duties. Such determination of duty compatibility and approval shall rest with the Chief of Police. At least three (3) days written notice shall be required. No reasonable request shall be denied.

Section 28.10: Each member assigned to Nights 1, Nights 2 and K9 and Traffic Units assigned to the nights shift platoon will be paid five percent (5%) of their base rate in addition to the member's regular salary. This is not considered an assignment and will not be applied to maximum assignment pay cap.

Section 28.11: The shift selection shall be made by the member and the Town according to their seniority and qualifications. Once the appropriate shift is selected the member shall remain on

that shift until:

(a) a shift vacancy occurs
(b) a new shift position is opened
(c) a new shift is created
(d) evaluation falls below satisfactory or
(e) the provision of Article 11, Section 11.2(6)

In the event a specialty shift is opened, seniority and qualifications shall be considered.

Section 28.13: In 12 (a) above, when a position becomes available for any reason, an Officer can submit in writing a request to fill that position 10 days prior to the date the position is scheduled to take effect. If not a specialty shift, the member with the greatest seniority and qualifications shall be granted the shift. Members may exchange shifts, however, both members must notify the Chief of Police in writing ten (10) days in advance of the change. When notification is made, the member shall be responsible for reporting to their designated shift. If the shift change is temporary, the member shall indicate in a memo to the Chief of Police that the shift change is temporary, the date the change will take effect and the date the member will return to their assigned shift. The members will be responsible for returning to their assigned shift. The Department will be responsible for staffing allocations and shift maintenance. The Department will assure a minimum allocation of staffing per shift. It will be the Department's responsibility to substitute officers to staff shifts lacking in staffing due to sick, vacation or compensatory time.

ARTICLE 29
ACTING SUPERVISOR

Section 29.1: Whenever an employee is required to serve as an acting supervisor, the employee shall be compensated an additional ten percent (10%) of their regular hourly rate of pay for each hour worked beyond two consecutive shifts.

Section 29.2: All acting assignments shall be offered on the basis of qualifications for such assignment in the judgment of the Chief of Police.

ARTICLE 30
COMPENSATION

Section 30.1: During the term of this contract Officers will be paid in accordance with the step plan attached as Exhibit "B" and pay schedule attached as Exhibit "C," which are effective October 1, 2025, as follows:

All slotting in the new step plan and step increases will take place annually on the Officer's anniversary date. Any officer who is receiving an annual salary below the new step one (1) will be placed into the new step one (1) effective October 1, 2025 and will move to the next step they would have moved to in the old step plan on their anniversary (*e.g.*, an Officer at step three (3) in the old step plan would move to Step 1 in the new step pan on October 1, 2025 and then to step four (4) in the new step plan on their anniversary).

For each fiscal year of this Agreement only, Officers who are already in Step 12 as of October 1 shall receive a lump sum payment of $3,000 not added to their base pay. This sum shall be paid in the first pay period after ratification of this Agreement by Town Council for Fiscal Year 2026, and in the first pay period after October 1 for Fiscal Years 2027 and 2028.

Section 30.2: During the term of this contract Sergeants will be paid in accordance with the step plan attached as Exhibit "B" and pay schedule attached as Exhibit "C," which are effective October 1, 2025, as follows:

All slotting in the new step plan and step increases will take place annually on the Sergeant's anniversary date. Any Sergeant who is receiving an annual salary below step one (1) will be placed into the new step one (1) effective October 1, 2025 and will move to the next step they would have moved to in the old step plan on their anniversary (*e.g.*, a Sergeant at step three (3) in the old step plan would move to Step 1 in the new step plan on October 1, 2025 and then to step four (4) in the new step plan on their anniversary).

Section 30.3: Performance evaluations shall be given once a year, one month prior to the Officer's anniversary date or Sergeant's promotion date. However, the proposed step increase will be effective on the officer's actual anniversary or sergeant's promotion date subject to completion of a satisfactory performance evaluation. No step increase shall be paid if an officer's or sergeant's performance review shows a less than satisfactory rating.

An officer or sergeant whose evaluation does not illustrate satisfactory performance shall be placed on performance improvement plant. A step increase shall not be granted until an employee meets all standards of performance and will not be retroactive to their anniversary date. An "unsatisfactory" score is any overall evaluation score of 2.99 or lower.

Section 30.4: The Chief of Police is authorized to pay newly hired police officers up to step four (4) of Exhibit "B" for previous law enforcement experience.

Section 30.5: The Chief of Police is authorized to award one (1) additional step within a fiscal year for officers or sergeants deemed "Exceptionally High Performers."

ARTICLE 31
GRIEVANCE PROCEDURE

In a mutual effort to provide harmonious relations between the parties to this Agreement, it is agreed that there shall be a procedure for the resolution of grievances. A grievance is defined as a dispute involving the interpretation or application of the collective bargaining agreement. A dispute over disciplinary action is not a grievance, but shall be referred to as an appeal of disciplinary action. The process for handling appeals of disciplinary action is set forth in Article 32, Disciplinary Appeals of this Agreement.

The following shall be the sole procedure for resolving grievances. Only the Union can advance a grievance to arbitration on behalf of one of its members.

Section 31.1: The grievant shall discuss the grievance or dispute with their Direct Supervisor or Shift Commander within seven (7) calendar days of the occurrence or knowledge of the matter giving rise to the grievance. The Direct Supervisor or Shift Commander shall attempt to adjust the matter and respond to the grievant within seven (7) calendar days.

Section 31.2: If the grievance is unresolved, the grievant shall present their written grievance to the appropriate Bureau Commander within seven (7) calendar days after the response from the Direct Supervisor or Shift Commander is due. The written grievance shall set forth a statement of the following:

1. The facts upon which it is based;
2. The alleged violations of the agreement;
3. The remedy or adjustment requested;
4. The signature of the Union and the aggrieved employee; and
5. The date on which the statement was filed.

The Bureau Commander shall respond, in writing, within seven (7) calendar days.

Section 31.3: If the grievance is unresolved, the grievant shall present their said written grievance to the Chief of Police within seven (7) calendar days after the response from the Bureau Commander is due. The Chief of Police shall respond, in writing, within seven (7) business days.

Section 31.4: If the grievance is unresolved, the grievant shall present their said written grievance to the Town Manager within seven (7) calendar days after the response from the Chief of Police is due. The Town Manager shall respond in writing within seven (7) business days to the grievant.

Section 31.5: If the grievance is still unresolved, the Union may request arbitration, in writing, to

the Town Manager, no later than seven (7) business days after the rendering of a decision by written response of the Town Manager. The arbitrator shall be chosen by the request by either the Town or the PBA of a list of seven (7) random arbitrators from the Federal Mediation and Conciliation Service (FMCS). By decision of a coin toss, either the PBA or the Town shall strike names alternately from the list until one name remains. The arbitrator's finding and decision shall be binding on both parties. The parties shall share equally the expenses of the arbitrator and the transcript of the hearing.

Section 31.6: Pursuant to this Agreement, an employee shall be prohibited from filing a grievance while said employee is on probation as defined in Article 19. During an employee's probationary period, only PBA may file a grievance on their behalf if a breach of this Agreement is asserted. Grievances filed by PBA on behalf of probationary employees shall be limited to the same matters as are provided for in this Article, other than disciplinary action.

ARTICLE 32
DISCIPLINARY APPEALS

Section 32.1: Discipline is classified as either major or minor as follows:

MAJOR: Termination
Demotion
Suspension without pay - more than two (2) shifts

No employee shall be subject to major discipline without first being afforded a pre-determination conference with the Chief of Police. A subsequent pre-determination conference with the Town Manager shall also be provided. No pre-determination conference shall be conducted with less than ten (10) calendar day notice to the employee.

MINOR: Written reprimand
Suspension without pay of two (2) shifts or less

Section 32.2: Appeals of disciplinary action shall be handled as follows:

A. Major Discipline may be appealed to an arbitrator using the same procedure for appointment of an arbitrator as set forth in Grievance Article 31. The request for appointment of an arbitrator must be made in writing within ten (10) calendar days of notice of the Town's disciplinary action. The cost of the arbitrator shall be split by the Town and the Union equally.

B. The arbitrator may sustain, reverse, or modify the discipline set by the Town Manager. The decision of the arbitrator is final and binding on the parties.

C. Written reprimands may not be appealed but the employee may submit a written response provided the response is submitted within ten (10) calendar days of the written reprimand. If a written response is submitted by the employee, it shall be attached to the written reprimand and placed in the employee's personnel file.

D. Suspensions without pay of two (2) days or less may be appealed to the Town Manager whose decision shall be final. An appeal shall be filed in writing within ten (10) calendar days of notice of the suspension without pay. The Town Manager shall conduct an investigation of the discipline and render a decision within twenty (20) calendar days of the appeal. The Town Manager's decision may be to sustain, reverse, or modify the discipline. In no event shall the Town Manager's decision increase the discipline to more than a suspension without pay of two (2) calendar days. The Town Manager may conduct interviews with the grievant, departmental staff, or members of the bargaining unit as part of their investigation of the discipline.

E. Suspensions without pay of two (2) calendar days or less that occur within a twelve (12) month period of a previous suspension without pay may be appealed to an arbitrator as set forth in paragraph A.

F. For the purpose of this Agreement, a day is defined as the members regular normal shift.

ARTICLE 33
MANAGEMENT RIGHTS

Section 33.1: The PBA recognizes the prerogatives of the Town to operate and manage its affairs in all respects and all the powers or authority which the Town has not officially abridged, delegated, or modified by this Agreement are retained by the Town. Management officials of the Town retain all the rights, in accordance with the Town charter and all applicable federal, state and local laws, ordinances and regulations, including but not limited to the following:

A. To manage and direct the employees of the Town.
B. To hire, promote, transfer, schedule, assign and retain employees in positions with the Town.
C. To suspend, demote, discharge or take other disciplinary action against employees for just cause.
D. To relieve employees from duties because of lack of work, funds or other legitimate reasons.
E. To maintain the efficiency of the operation of the Town.
F. To determine the methods, means and personnel by which such operations are to be conducted, including the right to contract and sub-contract existing and future work not in conflict with the provisions of this contract.
G. To organize or reorganize the Town Government.
H. To determine the number of employees to be employed by the Town.
I. To determine the number, types and grades of positions or employees assigned to an organization unit, department or project.
J. To establish internal security practices.

Section 33.2: The Town Council has sole authority to determine the legislative policy, purpose and mission of the Town and the allocation of budgeted resources to accomplish said legislative policy, purpose and mission to be adopted.

Section 33.3: The Town Council has the sole discretion to determine that civil emergency conditions exist, including, but not limited to riots, civil disorders, hurricane conditions, similar catastrophes, or exigencies. The provisions of this Agreement may be suspended by the Mayor or their designee during the time of the declared emergency, provided that rates and monetary fringe benefits shall not be suspended.

ARTICLE 34
SAVINGS CLAUSE

Section 34.1: If any article or section of this Agreement should be found invalid, unlawful, or not enforceable, by reason of any existing or subsequently enacted legislation or by judicial authority, all other articles and sections of this Agreement shall remain in full force and in effect for the duration of this Agreement.

Section 34.2: In the event of invalidation of any article or section, both the Town and the PBA agree to meet within thirty (30) calendar days of such determination for the purpose of arriving at a mutually satisfactory replacement for such article or section.

Section 34.3: Subject to actions taken as contemplated in Article 34, the Town agrees that all job benefits hereto enjoyed by the employees, who are not specifically provided for or abridged by the collective bargaining agreement, shall continue under the conditions which they have been granted. This Agreement shall not deprive any employee of any benefits or protections or relieve them of any responsibilities or duties granted by the laws of the State of Florida, Ordinances of the Town of Jupiter, or personnel rules and regulations of the Town of Jupiter.

Section 34.4: All benefits provided by the present personnel code of the Town Administration Manual shall be extended to bargaining unit members. Under no circumstances shall the personnel code override any matters or issues addressed or included within the articles of this contract. When an issue is not addressed or included in this agreement and a Town policy or General Order exists at the time the issue arises, the employee is subject to the current active Town Policy or General Order, unless there is a past practice that applies.

ARTICLE 35
EMPLOYEE ADVISORY GROUP

Section 35.1: A joint Employee Advisory Group is established, consisting of eight (8) to ten (10) members from various roles within the Town of Jupiter Police Department. Members are mutually agreed upon by the PBA and the Chief of Police. PBA representatives will come from covered position classifications, including the Officers and Sergeants agreement, while management representatives will be from the department but outside of the bargaining unit.

Section 35.2: This committee shall meet once quarterly, although the committee may meet more frequently by mutual consent.

Section 35.3: The committee will review matters of joint interest and member welfare, making recommendations to the Chief of Police, whose decisions are final. Issues subject to the grievance procedure may be referred as needed. Attendance at meetings will not incur overtime.

ARTICLE 36
DRUG-FREE WORKPLACE

Section 36.1: Bargaining Unit Members are subject to the Town's Drug-Free Workplace Program.

Section 36.2: The Town's policy is in accordance with the Florida Drug-Free Workplace Program as provided in Florida Statutes and Florida Administrative Code.

Section 36.3: Bargaining Unit Members shall abide by the General Orders pertaining to Post Accident drug testing.

ARTICLE 37
COMMUNICABLE DISEASES

Section 37.1: The Town shall provide immunizations/screenings for all members of the bargaining unit who want to be immunized, as follows:

A. Tetanus
B. Hepatitis (Type B)
C. Hepatitis Titer (Type B)
D. Hepatitis Booster (Type B)
E. Rubella
F. Tuberculosis Screening
G. Hepatitis (Type A), when not covered by Health Insurance

ARTICLE 38
PENSION

Section 38.1: The Resource Center is the Plans Adminitrator for the Jupiter Pension Fund Plan. A detailed description of the Jupiter Pension Fund documents can be found on the Resource Center website located under the Summary Plan Description.

Section 38.2: Effective upon amendment of the Town of Jupiter Police Officers' Retirement Fund ordinance, which will occur as soon as practicable in FY 2025-26, the employee required contributions to the Town of Jupiter Police Officers' Retirement Fund while in DROP shall be discontinued.

Section 38.3: The parties have agreed in a separate Memorandum of Agreement that will be ratified separately from this Agreement that the Town of Jupiter Police Officers' Retirement Fund ordinance shall be revised in 2030 to provide revised financial provisions/effects for eligible bargaining unit employees.

ARTICLE 39
DURATION OF AGREEMENT

Except as otherwise provided herein, this Agreement shall be effective October l, 2025 and shall continue in force and effect until its expiration date, September 30, 2028.

No salary increase or adjustment shall be paid beyond September 30, 2028, except as provided in a subsequent Memorandum of Understanding as may be negotiated and ratified by the parties.

IN WITNESS THEREOF, the parties have caused this Agreement to be signed by their duly authorized representatives on the _____day of _____, 2026.

Administrative Policies and Procedures			
SUBJECT: DECLARED EMERGENCIES		**HRM – 5.03.01**	
Effective Date: 09/01/04	Revision Date: 06/09/06	Revision #: 2	Page: 1 of 4
Authority: Town Manager		Legal Review: N/A	
Revises Policy: N/A			

I. PURPOSE:

To identify the leave, pay, operations, and reporting requirements that shall be implemented consistently, from department to department, during a declared emergency.

II. DEFINITIONS:

Designated Facility: An area or building designated by the Town Manager for specific operations during an emergency, which may or may not be located within the Town limits.

Emergency Condition: A condition where regular operations of the Town are severely limited/suspended by an emergency, as designated by the Town Manager or his designee.

First 72 hours of the Emergency Recovery Efforts: The time period when the Town Manager provides approval to begin damage assessment and restoration efforts.

III. SCOPE:

This policy applies to all employees of the Town.

IV. POLICY:

When the Town Manager or his designee declares an emergency, employees may be required to work as deemed necessary. Employees shall be compensated in a fair and equitable manner. Employees' positions will be categorized to establish expectations for duty reporting requirements for pre/during/post emergencies. Employees may be called in to work before, during, and/or immediately after an emergency. All employees will be paid in accordance with the provisions outlined in this policy.

V. PROCEDURE:

A. Only employees needed to address the Town's immediate needs associated with a declared emergency shall be called in to work during the emergency. All employee positions are categorized for appropriate reporting duty requirement expectations pre/during/post emergencies as follows:

Category A: Remain at a designated facility during the emergency.

Category B: Immediately return to work once travel conditions permit the employee to return to work. Town Identification Badges may be required to present to local, state, or federal authorities in order to travel to work during or after an emergency.

Should some circumstance possibly inhibit the employee's return to work, the employee shall immediately make contact with his/her supervisor.

Category C: Call in within 24 hours of the emergency for return to work instructions; prepare to report within 48 hours or as instructed. If communications are down, you are expected to report to your designated work site within 48 hours following the emergency.

A listing of all Town positions and their designated categories shall be kept in the Town's Hurricane Emergency Management Plan. These categories may change under declared emergency situations, as designated by the Town Manager or his designee.

Employees not on approved leave, or who have not provided their supervisors with viable explanation that they are physically unable to report for work, and who do not report for work in accordance with this policy, shall be subject to disciplinary action, up to and including termination of employment. Employees who are on approved leave may be called back into work as necessary, as designated by the Town Manager or his designee.

B. Time Keeping Records:

1. All departments shall use a special time sheet designated for emergencies, as provided by the Finance Department in the Town's Hurricane Emergency Management Plan.

2. All employees and supervisors are responsible for keeping accurate time logs/records for hours worked during a declared emergency.

3. Each department shall maintain work logs/records for submittal to payroll.

4. Time should be recorded identifying hours worked with the appropriate emergency coding, as provided by the Finance Department in the Town's Hurricane Emergency Management Plan. Military (24-hour) Time (i.e. 2300 hours instead of 11:00 p.m.) shall be used.

C. Compensation for hours worked during a declared emergency:

1. Upon the effective date and time of a declared emergency, non-exempt personnel shall be compensated for time worked (directly related to the emergency) at the rate of 1 and ½ times their regular hourly base rate, regardless of whether or not they have forty (40) work hours in that workweek.

2. Due to potentially hazardous conditions and long hours, non-exempt personnel shall be compensated for time worked (directly related to the emergency) at the rate of 2 times their regular hourly base rate for the first 72 hours of the emergency recovery efforts, regardless of whether or not they have forty (40) work hours in that workweek. The first 72 hours of the emergency recovery efforts shall be defined as the time period when the Town Manager provides approval to begin damage assessment and restoration efforts. After this 72-hour period, non-exempt personnel shall be compensated for time worked (directly related to the emergency) at the rate of 1 and ½ times their regular hourly base rate, regardless of whether or not they have forty (40) work hours in that workweek.

3. Due to potentially hazardous conditions and long hours, exempt personnel shall be compensated for time worked (directly related to the emergency) by receiving credit for one (1) hour "Emergency Leave" for each hour worked up to a maximum of eight (8) hours per day, or by a flat award of time as determined by the Town Manager or his designee.

   a) Emergency Leave may be credited in .25 increments.
   b) Employees shall not receive cash in lieu of time off for Emergency Leave, nor may employees use Emergency Leave once a notice of resignation has been submitted.

Declared Emergency Pay Matrix	
Employee Group	**Pay**
Effective Date and Time of a Declared Emergency	
Non-Exempt Employees	Pay at 1.5x regular rate
Exempt Employees	Hour-for-hour leave up to max. 8 hours/day or at TM discretion
First 72 Hours of the Emergency Recovery Efforts	
Non-Exempt Employees	Pay at 2x regular rate
Exempt Employees	Hour-for-hour leave up to max. 8 hours/day or at TM discretion
Post-First 72 Hours of Emergency Recovery Efforts	
Non-Exempt Employees	Pay at 1.5x regular rate
Exempt Employees	Hour-for-hour leave up to max. 8 hours/day or at TM discretion

D. When Town operations are closed on a scheduled workday due to an emergency declaration, employees released from work shall receive full pay for the employee's workday. These hours shall count as work hours towards overtime, as applicable for non-exempt employees.

E. Department Directors may, at the Town Manager's discretion, allow employees who are required to remain at work during a declared emergency, an adequate amount of time to return home during regular work hours to prepare their homes for the emergency.

F. Employees who are on prior approved leave will not be charged for such leave if operations are officially shut down, or if not required to work according to the return-to-work category the employee is assigned to in Section A. above.

G. Employees who are not able to return to work due to the Town's emergency conditions designated by the Town Manager or his designee, will not be charged leave time.

H. Employees who call in sick, or take unscheduled leave, on the day that the Town closed operations, will be charged leave time.

I. If the declared emergency occurs on a holiday, employees will be compensated for the holiday pay. If an employee works on the holiday, he/she will receive holiday pay in addition to provisions contained in C. 1. and C. 2. above. If operations permit, a holiday may be taken at another time during the same work week, as determined by the Department Director.

J. Employees who work split shifts during an emergency, who are unable to return to their homes during their "off" hours will be considered "on duty" and will be paid accordingly.

K. Due to the danger of travel, requirements to be at work, and general unavailability of alternative sources, the Town shall provide meals to employees who are on-duty in accordance with the Town's Hurricane Emergency Management Plan.

L. The Town Manager, or designee, may modify this policy as deemed appropriate. Exceptions may be made for unique situations as they arise throughout a declared emergency.

AGREEMENT BETWEEN THE TOWN OF JUPITER AND PALM BEACH COUNTY POLICE BENEVOLENT ASSOCIATION

REPRESENTING

THE RANK OF POLICE OFFICERS AND SERGEANTS

OCTOBER 1, ~~2022~~ 2025
TO SEPTEMBER 30, ~~2025~~ 2028

ARTICLE 1

PREAMBLE

Section 1.1: This agreement is entered into by the Town of Jupiter, Florida, hereafter referred to as the "Town," and the Palm Beach County Police Benevolent Association, hereinafter referred to as “PBA” or "Union". The purpose of this Agreement is to set forth the ~~parties~~ parties' agreement regarding: wages, benefits, terms, and conditions of employment for bargaining unit members, and the rights and privileges of the Town and the PBA.

1. ~~Wages, benefits and conditions of employment for bargaining unit members, and~~
2. ~~the rights and privileges of the Town and the PBA.~~

Section 1.2: All reference to Town Manager means the Town Manager or ~~his~~ their designee. All reference to Police Chief means the Police Chief or ~~his~~ their designee.

Section 1.3: Definitions

Base Hourly Rate: The member’s hourly rate of pay when ~~his/her~~ their annual salary, as stated in the current collective bargaining agreement, is divided by 2093 hours.

Regular Rate: The member’s hourly rate when taking into account their base hourly rate of pay and additional pay (i.e., Assignment pays, longevity payouts, and/or shift differentials), as stated in the current collective bargaining agreement, divided by 2093 hours.

~~**Pensionable Overtime**: For the purposes of the definition of “Compensation” or “Salary” under Section 15-328 of the Town Code, pensionable overtime includes overtime pay as well as call-back pay, court time, and premium holiday pay.~~

Holiday Pay: Pay the members will receive for approved Holidays (Article 15) is calculated using the number of hours in their normal regular shift at their base hourly rate that members receive whether they work or do not work each Holiday.

ARTICLE 2

RECOGNITION

Section 2.1: The Town hereby recognizes PBA as the exclusive bargaining agent for the employees within the bargaining unit. PBA hereby recognizes that the Town of Jupiter is a Charter form of government operating under the Council-Manager form of government and that the Town Manager is the Chief Administrative Officer of the government and, as such, represents the final administrative authority relative to the Police Department. Accordingly, PBA further recognizes that any references in this Agreement to the Police Chief and/or the Chief of Police are subject to the final authority of the Town Manager.

Section 2.2: The PBA Bargaining Unit shall consist of the classifications known as Police Sergeant and Police Officer, who are full-time permanent employees of the Town. All other classifications are excluded from the PBA Bargaining Unit, as well as temporary employees, part-time employees, and non-sworn support personnel.

Section 2.3: For the purpose of this Agreement, the term Bargaining Unit Employee, Member, and Employee shall be synonymous.

Section 2.4: Bargaining impasses shall be resolved according to Florida Statutes, Chapter 447.

ARTICLE 3

NON-DISCRIMINATION

Section 3.1: The Town shall not discriminate against any employee covered by the Agreement because of membership or non-membership in PBA or authorized activity as required in the Agreement on behalf of the members of PBA.

ARTICLE 4

PROHIBITION OF STRIKES

Section 4.1: Employees covered by this Agreement, PBA, or its Officers, Agents, and Representatives agree that ~~Section 447.505018 of the Florida Public Employees Collective Bargaining Statute~~ Florida Statute prohibits them individually or collectively as public employees or PBA from participation in a strike against the Town of Jupiter, the Employer, by instigating or supporting in any manner, a strike.

ARTICLE 5

DUES DEDUCTION

Section 5.1: Upon receipt of a voluntary, written dues deduction authorization form from a bargaining unit employee, the Town shall agree to deduct from the pay for such employees, those dues required to retain PBA membership.

Section 5.2: A bargaining unit employee may, at any time, revoke ~~his/her~~ their dues deduction and shall thereafter immediately submit such revocation form to the Town Finance Director, or ~~his/her~~ their designee, with a copy also to PBA.

Section 5.3: PBA shall agree to provide necessary Dues Deduction Authorization forms and Notice to Stop Dues Deduction forms for its members, and copies shall be furnished to the Finance Department.

Section 5.4: PBA shall agree to indemnify and hold the Town harmless against any and all claims, suits, orders, and judgments brought and issued against the Town as a result of any action taken or not taken by the Town on account of payroll deduction of PBA dues if not in conflict or violation of this Agreement.

Section 5.5: The Town shall deduct the current regular union dues on a bi-weekly basis. The Town shall remit the same to the Treasurer of the PBA within ten (10) business days after collection. The Town agrees to make no charge for such dues collection.

ARTICLE 6

UNION BUSINESS

Section 6.1: The PBA shall keep and communicate to the Town a current list of the names of the representatives and alternate representatives and communicate those names to the Town when changes occur. These shall be, whenever feasible, one representative from each represented rank/position, with a total of one (1) PBA representative for every forty (40) members in the bargaining unit, and the same for alternates minus one (1).

Section 6.2: Union representatives will be permitted to engage in representation activities on behalf of the Union or any member while on-duty and if the Town determines in its sole and exclusive discretion that minimum staffing requirements are met. Representation activities for the purposes of this section include:

1. Engaging in collective bargaining with the representatives of the ~~TOWN~~ Town.

2. Processing of grievances.

3. Accompany a fellow employee when:

    - The employee is required to appear at a hearing related to a grievance.
    - The employee is presenting or responding to a grievance.
    - The employee is subject to interrogation in conjunction with an internal affairs investigation or administrative inquiry.
    - The employee is attending a pre-determination hearing.

Section 6.3: For the purpose of engaging in representation activities, Union representatives shall be allowed reasonable access to the employee's work location. No transaction of PBA business, however, shall interfere with the regular shift duties of employees.

Section 6.4: No employee shall engage in Union business while on duty except as referenced in this article.

ARTICLE 7

UNION TIME POOL

Section 7.1: Each bargaining unit member may contribute two (2) hours of vacation leave annually to the Union Time pool by submitting a Union Time Pool authorization form. The two (2) hours of vacation time shall be deducted from each consenting bargaining unit member's leave balance in the second pay period of October each year and placed in the Employee Organization Time Pool. Contributions shall be irreversible.

Section 7.2: PBA representatives may be paid for representation activities performed while off duty by using Union Time pool hours. To utilize Union Time pool, Union representatives must be off-duty and not in any paid status with the Town. The Town shall not be liable to anyone for the granting of the hours when requested by a duly elected representative.

Section 7.3: If requested in writing, any representative or alternate representative who is also a member of any Executive Board of PBA or FLPBA attending State or National functions of PBA may attend such functions, ~~if requested in writing ,~~ using regular leave time or Organization Time Pool hours. The attendance of such functions shall be without expense to the Town. The Police Chief can deny a request for leave to attend a PBA function when the employee's leave will cause the Town to incur overtime expense.

Section 7.4: Leave using Union Time Pool does not constitute “hours worked” for overtime purposes.

ARTICLE 8

BULLETIN BOARD

Section 8.1: PBA is allowed one bulletin board location in the Police Department for the exclusive use of PBA. The bulletin board shall be a size reasonable for the area. The location will be in an area most frequented by the general employees. No articles, announcements, or solicitations shall be placed on, or removed from PBA Bulletin Board without the permission of a PBA Executive Board Member. The Town shall have no control over the postings on the PBA board. The Association shall indemnify, defend, and hold the Town harmless against any and all claims, demands, suits or other terms of liability that shall arise out of the postings on the Association Board.

Section 8.2: A notice or item placed on the bulletin board shall bear, on its face, the legible designation of the person responsible for placing of this notice or item on the bulletin board.

ARTICLE 9

BILL OF RIGHTS

Section 9.1: Nothing in this agreement shall abrogate or limit the right of a collective bargaining member who is under investigation or who is the subject of a complaint, as set forth in ~~Part VI of Chapter 112~~ Florida Statutes.

ARTICLE 10

PERSONNEL RECORDS

Section 10.1: Personnel records shall be maintained and made available in accordance with Florida Public Record laws as set forth in ~~Chapter 119,~~ Florida Statutes.

Section 10.2: The Town will advise a member when the Town has received a written request for the member's personnel records, except when confidentiality is requested by a State or Federal investigatory or regulatory agency.

ARTICLE 11

SENIORITY

Section 11.1: The Town agrees that seniority shall consist of continuous accumulated paid service with the Town of Jupiter Police Department. Seniority shall be computed from the date of appointment, and shall accumulate during absences because of illness, injury, vacation, military leave or any other authorized paid leave of absences.

Section 11.2: The Town agrees that seniority shall govern in the following matters:

1. In the event of a vacancy on a shift, whenever feasible, senior qualified officers shall have preference.
2. In the event of vacancy in any bureau, (not promotional vacancy), seniority shall be considered after consideration of qualifications and disciplinary history.
3. In the event of a lay-off for any Town Council approved reason, employees shall be laid off in the inverse order of their seniority.
4. In the event of re-hiring, laid off employees will be notified of hiring and shall respond within fifteen (15) business days as to considered acceptance.
5. An annual shift bid shall be held during the first two (2) weeks of November allowing officers assigned to the Patrol Bureau to select their shift preference in order of seniority. Members assigned to Specialized units shall also be offered this opportunity to transfer back to the Road Patrol Bureau, if they so choose, during this process. Changes shall become effective the first day of the twenty-eight (28) day cycle that commences on or after January 1st of each year. Schedules within Specialized Units will continue to be handled by the individual supervisors assigned to coordinate those units.
6. An annual shift bid shall be held during the first two (2) weeks of November, allowing sergeants assigned to the Patrol Bureau to select their shift preference in order of seniority. Sergeants assigned to Specialized units shall also be offered this opportunity to transfer back to the Road Patrol Bureau, if they so choose, during this process. Changes shall become effective the first day of the twenty-eight (28) day cycle that commences on or after January 1st of each year.
7. Seniority within Specialized Units - In the event a member is assigned to a Specialized Unit (Criminal Investigation Division, Special Operations Division, Traffic Unit, Marine, K-9, etc.), that member shall assume the position of junior officer within that unit regardless of their overall seniority. Seniority in a Specialized Unit shall be based on the member's date of assignment to the unit as opposed to their date of hire. In cases where two (2) or more positions are filled at the same time, overall seniority shall be used to separate the tie.
8. If a member is transferred from a Specialized Unit as a result of a termination of the unit or the completion of one (1) year within that unit, the member shall be allowed to select a shift, bumping a less senior officer if the need arises due to the lack of an open position.
9. If a sergeant is transferred from a specialized unit as a result of a termination of the unit

or the completion of one (1) year within that unit, the sergeant will ~~wilt~~ be allowed to select a shift in accordance with their seniority, "bumping" a less senior sergeant if the need arises due to the lack of an open position.

10. The Police Chief may over-ride a shift selection when two (2) or more members are involved in legal, administrative or regulatory proceedings against each other. In this limited circumstance, the Chief s decision to over-ride shift selection is not subject to the grievance process.
11. When an overtime opportunity is present due to lack of coverage for personnel issues, holidays, or special events in accordance with the Standard Operating Procedures established by the Chief of Police, the on-duty Sergeant will access the online detail system and create a job, which will immediately become available to all members through the online system on a first come, first serve basis. If unfilled, the overtime shall be assigned on a mandatory basis in reverse order of seniority.

ARTICLE 12

EMPLOYMENT AND PROMOTIONAL POLICIES

Section 12.1: The Town shall announce promotional examinations at least ninety (90) calendar days in advance of testing. The Town shall also list the areas which the examination shall cover, provide the sources from which the examination is drawn, announce the weighted formula to be used and give access to at least one (1) master copy of the reference material. Once announced and posted, the weighted formula shall remain unchanged until completion of the particular examination process.

Section 12.2: There will be no make-up promotional examinations. However, upon request and if the employee can make testing arrangements suitable to the Town with a state-approved police academy or an accredited university, or a military approved facility before a commanding officer, the Town will make special testing arrangements to administer tests at the same date and time and under similar conditions to candidates who cannot appear at the regular test site due to: ~~1~~1) Military Services; 2) Town business; 3) approved bereavement leave requiring travel outside Palm Beach County, or 4) a catastrophic health emergency involving the employee's family, which is limited to spouse, children, parents, and grandparents if they reside with the employee.

Section 12.3: No member shall be promoted while on leave of absence.

Section 12.4: The following are established as the minimum requirements to be met for an officer to be eligible for the Sergeant's promotional examination process.

1. Must have accumulated at least five (5) years of continuous law enforcement experience, three (3) years of which must be with the Jupiter Police Department at time of promotion.

2. Although a member shall be listed on the eligibility list, members shall only be eligible to be promoted once they have accumulated at least five (5) years of continuous law enforcement experience, three (3) of which must be with the Jupiter Police Department.

Section 12.5: At the completion of the examination process and establishment of an eligibility list, the Police Chief shall promote from the top three finalists, commonly referred to as the "Rule of Three." This eligibility list shall remain in effect for a period of two (2) years.

ARTICLE 13

OFF DUTY ASSIGNMENT

Section 13.1: Extra-duty assignments are voluntary assignments performed by bargaining members for entities other than the Town. The Town shall administer such details and compensation for such duties shall be governed in this article. Extra-duty assignments shall be granted/approved in accordance with the policies and procedures issued by the Police Chief.

Section 13.2: Any member who may be injured while serving in an extra-duty capacity as a law enforcement officer with the approval of the Town or on assignment by the Town, shall be entitled to the same rights, benefits and privileges as if they were injured while performing their duties for the Town. Reimbursement in each year of this agreement shall be capped at the amount appropriated by the Town Council in its annual budget.

~~Section 13.3: Issues concerning administrative handling of Extra-duty assignments may be the subject of discussions in the Employee Advisory Group described in Article 35, Section 1 of this Agreement.~~

Section 13.3: Extra-duty assignments shall be paid at the following rate of pay for all third-party vendors:

Rank	Effective October 1, ~~2022~~ 2025	Effective October 1, ~~2023~~ 2026	Effective October 1, ~~2024~~ 2027
Officer	~~$50.00~~ $60.00/ Hour	~~$55.00~~ $65.00 / Hour	~~$55.00~~ $70.00 / Hour
Sergeant	~~$55.00~~ $69.00 / Hour	~~$62.00~~ $72.00 / Hour	~~$55.00~~ $77.00 / Hour

Section 13.4: Extra-duty assignments shall be paid at the following rate of pay for all holidays in the Town of Jupiter Extra Duty Police Assignment

Rank	Effective October 1, ~~2022~~ 2025	Effective October 1, ~~2023~~ 2026	Effective October 1, ~~2024~~ 2027
Officer	~~$65.00~~ $75.00 / Hour	~~$70.00~~ $80.00 / Hour	~~$55.00~~ $85.00 / Hour
Sergeant	~~$70.00~~ $80.00 / Hour	~~$75.00~~ $85.00 / Hour	~~$55.00~~ $90.00 / Hour

Section 13.5: An employee on consecutive FMLA leave, or light duty status, may not work an Extra-duty assignment.

Section 13.6: Any special event in which ~~a permit is pulled~~ alcohol will be served or is permitted and officers are needed for security will be paid at a rate of ~~$75.00~~ $80.00/hour for officers and ~~$80.00~~ $85.00/hour for sergeants for the term of the agreement with the exception of Town events.

Section 13.7: The Chief of Police, or the Town Manager may accept an offer for a higher extra-duty rate ~~than stated above for special duty assignments~~ for special assignments.

ARTICLE 14

EDUCATION

Section 14.1: This article provides an education policy and guidelines that are both predictable and equitable for educational assistance to all employees toward the development of their professional knowledge and skills in areas of study that will benefit the Town.

Section 14.2: Qualifying educational coursework shall be defined as coursework, or established program curriculum coursework, in pursuit of a degree or advanced degree in an area of study that will be of value to the Town; provided by community colleges, state universities, private colleges or universities, or other educational facilities accredited by the State of Florida, Department of Education, or accredited by other states.

The reimbursable tuition rate shall be defined as an amount per credit hour equal to the current public institution rates for either Palm Beach State College for Associates Level courses or Florida Atlantic University for Bachelors and Masters Level courses.

Section 14.3: When feasible, the Town shall arrange the working schedules of members attending advance schools and college courses so that there shall be a minimum of interruption of their studies. Under no circumstances shall the pursuit of a college education be allowed to interfere with an employee's duties or the efficient operation of the Police Department.

Section 14.4:

A. Budgetary Process

1. Each fiscal year, during the budget process, employees will submit the number of classes and level of class which they intend to take the following year to the Chief of Police.

2. Final tuition reimbursement projections for the upcoming fiscal year must be submitted to Human Resources by the end of ~~June 1st~~ Quarter 1 each calendar year for inclusion in the Town's master tuition reimbursement projection list.

3. This list of projections will determine the amount of funds to be budgeted for the program and will be used to make any adjustments to the funding formula. (e.g. If there is only enough budgeted to fund 90% of the projections, then 90% of the approved tuition costs will be reimbursed).

4. Employees who have submitted requests for the following fiscal year will be contacted if any adjustments to the funding formula are necessary.

B. Application

1. The Application for Educational Assistance Program Reimbursement Form must

be pre approved, in writing, by the recommendation of the Chief of Police and ~~approval~~ approved by the Human Resources Department prior to the course beginning date.

2. The Application must meet the definition for Qualifying Educational Coursework.

3. Requests shall be limited to five (5) courses per fiscal year per employee, and subject to availability of funds budgeted for that fiscal year on a first-come, first-served basis.

4. If the employee does not complete the requested number of courses that were submitted in the previous fiscal year, the number of allowable courses for the following fiscal year will be reduced by the number of courses that were not completed.

C. Reimbursement Process

1. An employee requesting reimbursement shall complete and forward the original Application for Educational Assistance Program Reimbursement Form with a recommendation to approve by the Chief of Police to the Human Resources Department prior to classes beginning.

2. After completion of classes, the employee shall send a copy of the employee's final course grade(s) to the Human Resources Department.

3. Educational reimbursement requests shall be processed and forwarded to the employee within thirty (30) days following the receipt of grades and receipts by the Human Resources Department.

4. Reimbursement under the Educational Assistance Program is non-taxable, up to the maximum allowed, pursuant to the Internal Revenue Code, Section 127.

5. Educational reimbursement shall be made only to employees who are on paid status in the payroll system when payment is due.

6. No reimbursement shall be made to employees where the tuition is covered under benefits from the Veterans Administration or any other program. By completing the required forms and participating in this program, the employee is affirming that ~~he/she~~ ~~is~~ they are not receiving any other benefit from an outside source (i.e. grants, scholarships, etc.). Failure to disclose receipt of another benefit may result in disciplinary action.

D. <u>Reimbursement Amount:</u>

Grade Received	Amount Reimbursed
A	100%
B	100%
C	75%
D	0%

Should the educational institution offer a pass/fail grading system, which may be elected at the student's option, the Town will pay seventy-five percent (75%) for a pass and zero percent (0%) for a fail. Should the educational institution's grading method be only a pass/fail system, the Town will pay one-hundred percent (100%) for a pass and zero percent (0%) for a fail.

E. Separation of Employment

1. Employees ~~voluntarily~~ leaving employment ~~from~~ with the Town, including through retirement or involuntary separation (excluding disability separation), shall repay the Town for the amount of tuition reimbursements received, based on the following guidelines:

Level	Leaving 0 - 1 Yrs	Leaving 1-2 Yrs	Leaving 2-3 Yrs	Leaving 3-4 Yrs
Associates	100%	75%	--	--
Bachelors	100%	75%	50%	--
Masters	100%	75%	50%	25%

2. The time period to calculate payback in the event of a voluntary separation of employment begins on the date that the reimbursement is received from the Town.

3. ~~Repayment shall be made by the employee~~ The employee shall make repayment through payroll deduction from the final payroll or payout to the employee. If a balance remains due to the Town, the employee shall make repayment arrangements through the Finance Department.

Section 14.5: Members shall be entitled to attend two (2) regionally XII funded educational classes of their choice per calendar year. In the case of an educational class which is scheduled to be held during the officer's regularly scheduled work day or duty shift, the officer may request paid-time-off from work to attend the class. Officers may be allotted up to forty (40) hours on- duty per calendar year as long as minimum staffing requirements are met. Minimum staffing levels will be established by the Chief of Police, and any changes will be decided on a case-by-case basis by the Chief of Police. Requests for paid-time-off from work may only be approved on the condition that the officer's temporary absences from duty will not adversely affect or unduly jeopardize the respective operations and services of the Police Department.

Approval of said educational classes shall be granted on a rotation basis. Seniority shall not be the basis for approval.

ARTICLE 15

HOLIDAYS

Section 15.1: The following shall be the official holidays for the employees covered by this Agreement:

New Year's Day	Veteran's Day
Martin Luther King, Jr. Day	Thanksgiving
President's Day	Day after Thanksgiving
Memorial Day	Christmas Eve
Independence Day	Christmas Day
Juneteenth	Labor Day

Section 15.2: Each member is also entitled to one (1) personal Holiday per fiscal year. Bargaining unit members shall not have the right to roll the personal holiday into another fiscal year, nor be able to request monetary value for the day if it is not taken within the fiscal year. The Police Chief may only refuse to grant a ~~P~~personal ~~D~~day request when the absence of the Officer or Sergeant will adversely impact operations. As denial represents an exercise of managerial discretion, the denial cannot be grieved.

Section 15.3: For each of the twelve (12) holidays listed above, each bargaining unit member shall be entitled to pay or compensatory time off equal to the number of hours for their regular shift, referred to as "Holiday Pay" as defined in Article 1, in addition to the hours worked for that shift. A member working on the holiday will receive a rate of one and a half (1.5) their base hourly rate, not their regular rate of pay. If an employee chooses to receive compensatory time off in lieu of holiday pay, the employee shall submit ~~his/her~~ their request for compensatory time to their supervisor prior to the Holiday.

Section 15.5~~3~~4: If a member works on a holiday (defined in 15.1 above), hours worked on the holiday are counted toward the overtime threshold. Hours used to calculate holiday pay (as defined in Article I) will not be counted toward the overtime threshold.

Section 15.5: Bargining unit members who are assigned to work on or after 4:15 PM on the midnight shift beginning on December 31 will receive a rate of one and a half (1.5) their base hourly rate, not their regular rate of pay, as a New Year's Eve differential for the the hours they actually work during their shift. Bargaining unit members will not receive Holiday Pay for these hours.

ARTICLE 16

VACATIONS

Section 16.1: Each member shall be eligible for paid vacation as set forth in the following schedule. Members shall start to accrue vacation allowance from the day of employment, but shall not be allowed to exercise this benefit until completing six (6) months of service. Vacation accrues on a prorated basis during the course of the year.

~~*Example: at the completion of one month of employment in the first year of employment, the employee has accrued one day of vacation.*~~

Section 16.2: A vacation day is equal to the number of hours in the bargaining unit member's normal work shift. The bargaining unit membership shall accrue the following vacation schedule based upon their years of service from the date of appointment:

Years of Service	Vacation Hours
1-4 years	96
5-9 years	120
10 years	128
11 years	136
12 years	144
13 years	152
14 + years	160

The total number of vacation hours a member may accrue is as follows:

Years of Service	Vacation Hours
1-4 years	192
5-9 years	240
10 years	256
11 years	272
12 years	288
13 years	304
14+ years	320

Accruals over the cap are lost and non-compensable, except when a vacation request is made and denied within the last thirty (30) calendar days.

~~Section 16.3: In computing vacation time, holidays or regular days off that precede the commencement of, fall within, or follow the termination of a member's vacation, shall be excluded from such computation. Accumulated compensatory time may be added to provide a maximum of three (3) weeks toward a member's vacation.~~

Section 16.3: The Police Chief may only refuse to grant vacation or cancel vacation leave requests, which, if granted, would jeopardize the safety of any persons or any property.

Section 16.4: The inclusion of accumulated vacation leave in the average salary for pension purposes shall not exceed the amount accumulated to the credit of any participant as of 10/1/2012. A "snapshot" of accumulated vacation leave ~~will be~~ was taken for bargaining unit members who were employed on 10/1/2012.

Section 16.5: Members are permitted to convert and “sell back” up to a maximum of forty (40) hours of accrued vacation annually. The member shall be eligible to convert leave if they have used a minimum of eighty (80) hours of vacation leave in the annual period of July 1 through June 30 for the previous year.

Example: For a vacation sell back payout in ~~2019~~ 2025, the lookback period will be July 1, 2023 ~~2017~~ through June 30, 2024 ~~2018~~. This is done so that it provides ample time for budgeting and administrative processing.

ARTICLE 17

WEAPONS TRAINING

Section 17.1: The following provisions will apply:

1. The Town shall provide on-duty training to each officer at the designated police firearms range under qualified instructors at a minimum period of eight (8) hours annually.

2. The Town shall require that each officer shall qualify at the police firearms range at least once every twelve (12) months under qualified instructors and that the score that the officer makes shall be entered into their personnel file. If the officer fails to qualify, they must pass the qualification requirements within three (3) months' time or shall be subject to suspension upon the determination ~~therefore~~ by the Chief of Police.

3. The Town shall make every effort to acquire the use of a firearms range for the purposes hereof, but in the event it cannot have such range made available for its use, this provision shall be considered waived during the interim.

4. Each officer shall be provided up to one hundred (100) rounds of ammunition for duty related weapons practice every two (2) months. Requests shall be made on the form provided by the Department.

ARTICLE 18

LEGAL BENEFITS

Section 18.1: The legal benefits for members against whom civil damage suits are brought for matters arising or criminal while acting within the scope of their authority and within the course of their employment, shall be as provided by the policies of insurance relating thereto and the provisions of Florida Statutes.

ARTICLE 19

PROBATIONARY PERIOD AND TERMINATION

Section 19.1: The probationary period for new hires shall be one (1) year beginning when the officer has fully and successfully completed the Field Training Program and not when they begin the police academy or sworn into service. The probationary period for employees promoted to the rank of Sergeant shall be six months from the date of the employee's promotion.

For sworn employees, an end-of-probation evaluation will take place two (2) weeks prior to one (1) year from the date the officer has fully and successfully completed the Field Training Program. Employees may not be promoted while on probation nor can they file a grievance over disciplinary actions taken by the Town. Grievances addressing other alleged violations of this Agreement may only be filed and processed in accordance with Article 31.

Section 19.2: Employees desiring to resign shall submit their resignation notice at least two (2) weeks in advance of the effective date. Unless fired for cause, any employee who submits their resignation may be permitted to continue their employment for the two (2) week notice period. By mutual written agreement between the employee and the Town, there may be an earlier termination date. A resignation, once tendered in writing and presented to the Chief of Police, is deemed accepted and is not revocable by the employee.

ARTICLE 20

MEDICAL BENEFITS

Section 20.1: Members may be required to take a psychological examination to determine fitness for duty when the Town has a reasonable suspicion that the employee is unfit to perform ~~his/her~~ their duties. "Reasonable suspicion" means a belief drawn from specific objective and articulable facts and reasonable inferences drawn from those facts in light of experience. Reasonable suspicion testing shall not be required except upon the final approval of the Police Chief, in consultation with the Town Manager, after the recommendation of a supervisor who is at least one level of supervision higher than the immediate supervisor of the employee in question. Among other things, such facts and inferences may be based upon abnormal conduct or erratic behavior while at work or a significant deterioration in work performance.

~~abnormal conduct or erratic behavior while at work or a significant deterioration in work performance.~~

Section 20.2: ~~Any member of the public service who sustains an injury, or incurs an illness which arises out of and in the course of their employment by the Town of Jupiter, and which is compensable under the Worker's Compensation Law of the State of Florida, and who in consequence thereof is temporarily disabled and rendered unable to perform their normal duties of Town employment, shall, upon meeting the requirements of this section, receive duty disability leave in accordance with the conditions hereinafter set forth in this Article. All accidents shall be reported within 24 hours of the accident or as soon as practicable~~ A public service member injured or ill due to their job with the Town of Jupiter, and eligible for Florida Workers' Compensation, will receive duty disability if they meet the requirements of this section. All accidents must be reported within twenty-four (24) hours or as soon as possible.

1. Medical Report and Certification Required. All requests for duty disability leave must be accompanied by a medical report from the physician agreeable to the Town or the member's authorized medical representative which shall be on the form of the initial medical report in use by the Florida Department of Financial Services, Workers Compensaion Division ~~Industrial Commission~~, and which shall state affirmatively that the employee is temporarily unable to perform the normal duties of Town employment and that they are therefore eligible for duty disability leave.

2. Approval by Department Head. The Chief of Police may approve or deny a request for duty disability leave after an investigation to determine the validity of the request. The Chief of Police shall certify that (a) the injury or illness arose out of and in the course of employment by the Town, (b) was not fully self-inflicted or the result of the employee's gross negligence or horseplay, (c) that the employee's activity at the time and place of the injury or activity from which

the illness arose was both authorized and proper and not in violation of any rules or regulations concerning safety work methods, procedures or equipment for the job as required by the department or the Town generally. The ~~Chiefs~~ Chief's action shall be subject to review by the Town Manager who may approve or reverse the ~~Chiefs~~ Police Chief's decision.

3. Duties of Certified Employee. Any employee receiving duty disability leave shall report to a physician agreeable to the Town, or the member's authorized representative, periodically at the times the Town shall reasonably require. Failure of an employee to appear for a scheduled physical examination shall be grounds for immediate cancellation of said leave; unless the failure to appear is excused by the Town Manager.

4. Credit for Benefits Paid. The net duty disability leave benefits paid to an employee under sub-section (4), who is on duty disability leave, shall be deducted from any award of Worker's Compensation to the employee, whether for temporary or permanent disability, and shall apply as advance payments of compensation, provided by Florida Statutes.

5. Commencement of Benefits. Employees who have completed their probationary period shall receive duty disability commencing the first day of lost time. Other employees shall receive duty disability benefits after the first fourteen (14) calendar days of lost time.

6. Duration of Benefit. An employee who is granted duty disability leave shall receive their regular salary based on the pay rate applicable at the time of injury or illness, exclusive of overtime, plus longevity pay if applicable, less all workers' compensation payments. Duty disability leave shall be allowed for the duration of actual disability, up to a maximum of ninty (90) calendar days. Separate injuries shall create separate periods of coverage. If an employee is unable to return to work at the end of the said ninty (90) calendar days, their case shall be reviewed by a committee composed of a physician agreeable to the Town, the Chief of Police, the Human Resources Director, and a person designated by the Town Manager. The review committee shall make recommendations and thereafter order the benefits to continue for the duration of the actual disability, up to an additional two hundred seventy (270) calendar days, or that the benefits shall not be extended.

7. Termination of Duty Disability Leave. Duty disability leave benefits shall be terminated by any of the following events:

(a) Recovery certified by a physician agreeable to the Town.

(b) Permanent disability certified by a physician agreeable to the Town. Thereafter, the Chief of Police shall immediately submit a request for duty disability retirement to the pension board. The employee shall thereupon receive accumulated sick leave payments which shall cease upon said retirement being granted. In no case shall an employee receive more than one kind of salary continuation benefits for the same period of time whether duty disability leave, sick leave or duty retirement benefits (pension).

(c) Termination of employment whether by resignation, discharge or death of said employee.

(d) Employment of any form, including self-employment.

(e) Employee's refusing employment with the Town suitable to their law enforcement capacity which is offered to or procured for them. The Town Manager may approve such refusal of work and thereby approve the continuation of duty disability leave.

(f) The expiration of the 90-day period is in accordance with Section 7 above.

8. Annual Leave. ~~s~~Shall accrue during all periods for which an employee is granted duty disability leave.

9. Use of Paid Leave. The general principle underlying the granting of duty disability leave benefits to an employee with a service-connected disability is that the total payments from the Town, together with Worker's Compensation benefits, shall not exceed the employee's regular gross pay, exclusive of overtime. All efforts shall be made by the Town to coordinate payments from its Worker's Compensation carrier; however~~;~~, it shall be the responsibility of the employee to return any overpayment by either the Town or its Worker's Compensation carrier, which are over and above the employee's regular gross pay, exclusive of overtime. Such leave is provided so that economic security shall be available to an employee. Duty disability leave shall not be considered as a right which an employee may use at their discretion, but rather as a privilege which shall be allowed only in case of duty connected disability and subject to the applicable provisions contained therein.

10. Computation. Duty disability leave time shall be computed in the same manner prescribed for annual leave.

ARTICLE 21

INSURANCE

Section 21.1: Bargaining unit members may participate in the payment of medical, dental, and long- term disability insurance on the same basis as ~~for~~ other presently employed Town employees. The Town hereby recognizes, and incorporates by reference Town Policy HRM 6.01.

Section 21.2: ~~In addition to the current $100.00 per month supplemental retirement benefit provided in Sec 15-271.1 of the Jupiter Code of Ordinances which is available for healthcare premiums, the Town amended the pension ordinance for Police Retirees to include an additional subsidy. The amount of the subsidy is based on service credit at retirement. $5.00 for each year of service, with a minimum monthly subsidy of $30.00 and a maximum of $150.00. Retirees in DROP are not eligible to receive health insurance subsidy payments until their DROP Participation ends.~~

Effective upon the amendment of Section 15-378 of the Jupiter Code of Ordinances, which will occur as soon as practicable in FY 2025-26, the base supplemental retirement benefit for all active members not in DROP as of the date of the amendment shall be increased from $100 per month to $250 per month. The additional supplemental retirement benefit for all active members not in DROP as of the date of the amendment shall be increased from $5 for each year of service to $15 for each year of credited service. The maximum additional supplemental retirement benefit for all active members not in DROP as of the date of the amendment shall be increased from $150 per month to $350 per month.

Section 21.3: The Town shall continue to contribute and participate in the existing life insurance program in order to provide adequate assistance and coverage of funeral expense and death benefits for a member who dies in the line of duty.

ARTICLE 22

~~Funeral~~ BEREAVEMENT LEAVE

Section 22.1: If an employee has a death in the immediate family, the employee shall be entitled to three (3) consecutive paid working days to attend the funeral of the deceased. Immediate family for the purpose of this section shall include spouse or registered domestic partner ~~per HRM 6.01.01~~, children, grandchildren, parents, grandparents, spouse's grandparents, brother and sister, brother-in-law, sister-in-law, parents-in-law, grandparents-in-law, and step-parents, and step-children. "Step" relationships must be current to be applicable.

Section 22.2: In the event that one-way travel of four hundred (400) miles or more is required, an additional two (2) consecutive paid working days shall be granted to the employee.

ARTICLE 23

MILEAGE

Section 23.1: When Town vehicles are not available, the Town agrees that any member who is authorized to use their own vehicle in the performance of active police duty shall be compensated at the rate allowed annually by the Internal Revenue Service for automobile reimbursement.

ARTICLE 24

LONGEVITY PAY

Section 24.1: The Town shall endeavor to continue participation in the State Incentive Pay Program under revenue sharing as long as it is offered during the term of this Agreement.

Section 24.2: The Town shall only grant longevity pay where an employee meets the criteria specified below.

Level 1 - Upon completion of five (5) consecutive years of employment as a full-time employee, the employee shall be paid Two Hundred Fifty Dollars ($250.00) as longevity pay upon the employee's anniversary date of original employment and annually thereafter until completion of nine (9) consecutive years of full-time employment.

Level 2 - Upon completion of nine (9) consecutive years of employment as a full-time employee, the employee shall be paid Three Hundred Seventy-Five Dollars ($375.00) as longevity pay upon the employee's anniversary date of original employment and annually thereafter on the said anniversary date until retirement or separation from the Town of Jupiter.

Level 3 - Upon completion of ~~fifteen (15)~~ fourteen (14) consecutive years of employment as a full-time employee, the employee shall be paid Five Hundred Dollars ($500.00) as longevity pay upon the employee's anniversary date of original employment and annually thereafter on the said anniversary date until retirement or separation from the Town of Jupiter.

An employee's anniversary date for longevity pay purposes shall remain fixed and shall not be affected by a change in position anniversary date.

ARTICLE 25

SICK LEAVE

Section 25. 1: Sick leave shall accrue and be granted in the same manner and fashion as other Town employees.

Section 25.2: Upon resignation, retirement, or permanent disability, members who have a minimum of two (2) years of continuous full-time employment shall be paid for the total accrued unused sick time balance up to a maximum of 480 hours, on a percentage basis as follows:

2 – under 5 years = 30% conversion
~~6~~ 5 - 10 years = 40% conversion
10 + years= 50% conversion

Section 25.3: Employees hired prior to April 1, 2011, who have a minimum of two (2) years of continuous full-time employment shall be paid upon resignation, retirement, or permanent disability for the total accrued unused sick time balance, up to a maximum of the total sick time balance the employee has on April 1, 2011, on a percentage basis as specified in Section 25.2.

Examples:

Employee A has 1000 hours of sick leave accrued on April 1, 2011. ~~He~~ They continue~~s~~ to accrue sick leave and do not use any sick leave, and when ~~he~~ they decide to retire with 20 years of service, ~~he has~~ they have ~~I~~1200 hours total accrued sick leave. When they retire, they are ~~he is~~ paid out 50% of 1 000 hours of sick leave.

Employee B has 400 hours of sick leave accrued on April 1, 2011. They ~~She~~ continue~~s~~ to accrue sick leave and do not use any sick leave, and when they he ~~she~~ decide~~s~~ to retire with 20 years of service, they have ~~she has~~ 600 hours total accrued sick leave. When ~~she~~ they retire~~s~~, they are ~~she is~~ paid out 50% of 480 hours of sick leave.

Employee C has 1000 hours of sick leave accrued on April 1, 2011. They continue to accrue sick leave, but also uses sick leave in the meantime. When they decide to retire with 20 years of service, they has 800 hours total accrued sick leave. When they retire, they are paid out 50% of 800 hours of sick leave.

Employee D is hired by the Town on May 1, 2011. ~~He~~ They accrue~~s~~ and use sick leave, and when ~~he~~ they decide~~s~~ to retire with 20 years of service, ~~he~~ they have ~~has~~ 1000 hours total accrued sick leave. When ~~he~~ they retire~~s~~, ~~he is~~ they are paid out 50% of 480 hours of sick leave.

Section 25.4: Sick Leave Conversion Option - Each year on the employee's anniversary date of employment, a review shall be made of that employee's sick time usage for the immediately preceding twelve (12) months. Any unused sick time accrued since the employee's last anniversary date in excess of forty-eight (48) hours, at the employee's option, may be converted into vacation leave, subject to scheduling. ~~This conversion is not mandatory; an employee may choose to leave this time as accrued sick time. If the employee chooses to leave this time as sick time, they cannot convert this unused sick time at a later date. The decision to convert to vacation leave or to leave as sick time is irrevocable for each period. Employees who retire but not resign between anniversary dates can convert the unused sick time since their last anniversary date on a pro-rata basis. For each day you use, you lose the option of converting a day.~~Employees may choose to convert accrued sick time to vacation leave or keep it as sick time, but this decision is final for each member's anniversary period. Unused sick time cannot be converted later. Employees who retire, but do not resign, between anniversary dates may convert unused sick leave on a prorated basis. Each used sick day reduces the convertible amount. DROP participants may carry over non-cashed sick leave, which will be deducted upon termination.

ARTICLE 26

UNIFORMS AND EQUIPMENT

Section 26.1: The Town shall furnish uniforms to all members who are required to wear such uniforms in the performance of their duties as is now provided by the Town. Recommendations concerning comfort and safety standards may be brought to the Police Chief's ~~Police of Chiefs~~ attention through the Employee Advisory Group or any labor-management committee created pursuant to Article 35, Section 1.

Section 26.2: Any uniforms or related equipment initially supplied by the Town, which is damaged or destroyed while the member is acting in the performance of their duties, shall be replaced by the Town within a reasonable period of time at no cost to the member.

Section 26.3: ~~Effective December 2022,~~ All bargaining unit members shall receive an annual clothing/cleaning and boot allowance of $1,400.00 during this contract. This amount shall be paid out on the first paycheck in December.

Section 26.4: The Town shall furnish the necessary ~~leather~~ duty equipment and all other accessories necessary to perform the duties and responsibilities of a sworn law enforcement officer.

Section 26.5: The Town shall provide a handgun as a duty weapon for any sworn officer requiring a weapon. The make and model of Department issued handguns shall be determined by the Chief of Police. Officers must qualify with any weapon they intend to use on duty or off duty ~~and a card~~. In the event the weapons need repair, the Town shall provide the employee with a suitable replacement weapon while the issued weapon is being repaired.

Section 26.6: It shall be the responsibility of each member to check any vehicle which has been assigned to them to assure it is in safe operating condition prior to use or operation. All employees are to immediately report any suspected unsafe condition to their immediate supervisor. If the supervisor believes that the vehicle is in such an unsafe condition to be a hazard to the operator or the public, the Chief of Police shall be the final authority as to inspection and repairs needed to release a vehicle into service.

Section 26.7: The ammunition distributed to the members shall be of the same caliber the member carries while on duty as authorized by the Chief of Police.

~~Section 26.8: The motorcycle units shall be replaced when deemed necessary by the Town. The employee shall make reasonable efforts to have the exterior of their assigned police vehicle washed and its interior cleaned once each week.~~

~~Section 26.9: The employee shall make reasonable efforts to have the exterior of their assigned police vehicle washed and its interior cleaned once each week. The motorcycle units shall be replaced when deemed necessary by the Town.~~

~~Section 26.10: Recommendations on additional equipment and safety issues may be taken to the Chief of Police by the Employee Advisory Group described in Article 35, Section 1 of the Agreement.~~

Section 26.8: The Town has the exclusive right to determine the uniform and the uniform for special events.

Section 26.9: Recommendations on additional equipment and safety issues may be taken to the Chief of Police by the Employee Advisory Group described in Article 35, Section 1 of the Agreement.

ARTICLE 27

ASSIGNMENT PAY

Section 27.1: ~~Those~~ Officers selected and assigned to a 2-wheel motorcycle patrol duty shall receive three percent (3%) of their regular (base) pay. ~~Members designated official Traffic Homicide Investigators for the Town, shall receive two percent (2%) of their base hourly rate of pay.~~

Section 27.2: Officers designated by the Chief of Police as on-call Traffic Homicide Investigators for the Town, shall receive assignment pay of five percent (5%) of their base hourly rate of pay.

Section 27.2~~2~~3: ~~Those~~ Officers selected and assigned as Corporals (formerly referred to as Master Police Officers) shall receive assignment pay equal to eight percent (8%) of their base hourly rate of pay.

Section 27.3~~3~~4: ~~Those~~ Officers selected and assigned as Police Officer First Class (PFC) shall receive assignment pay equal to five percent (5%) of their base hourly rate of pay.

Section 27.4~~4~~5: ~~Bargaining unit members assigned to the K-9 unit shall receive one (1) hour of pay at one and a half (1.5) times their base rate, or they can choose to receive compensatory time off for each regular day off or preplanned authorized day off for the care and maintenance of each dog. This additional compensation is not for hours worked.~~ Bargaining unit members assigned to the K-9 unit shall receive one (1) hour of pay at their base hourly rate for each regular day off for the care and maintenance of each dog. On any authorized day off, the officer will only be required to use from their accrual bank their normal scheduled shift less one (1) hour for each dog. This one (1) hour will be for the care and maintenance of each dog. (For example, a K-9 Officer with one dog scheduled to work four (4) ten (10) hour shifts taking a vacation day will be required to use nine (9) vacation hours). Each hour of K-9 pay is included in hours worked.

Section 27.5~~5~~6: ~~Those~~ Officers selected and assigned as Detectives shall receive an additional five percent (5%) of their base hourly rate of pay.

~~Section 27.6: Employees who have been licensed by N.I.T.V. as Computer Voice Stress Analyzer (C.V.S.A.) operators and are actively engaged during the term of this agreement as a C.V.S.A. operator shall receive assignment pay equal to two percent (2%) of their base hourly rate of pay.~~

Section 27.7: ~~Those~~ Employees who have been designated as Firearms Coordinators shall receive assignment pay equal to three percent (3%) ~~two percent (2%)~~ of their base hourly rate of pay.

Section 27.8: ~~Those~~ Officers selected and assigned to the Marine Unit and Beach Unit shall receive assignment pay equal to three percent (3%) of their base hourly rate of pay.

~~Section 27.9: Those officers that have been designated as Crime Prevention Practitioners by the State Attorney General's Office and the Chief of Police or a member of NET shall receive assignment pay equal to three percent (3%) of their base hourly rate of pay. Officers eligible for assignment pay under Section 27.9 are only eligible for the 3% assignment pay as a Crime Prevention Practitioner or a NET member , but not both.~~

Section 27.9: Officers that are assigned to Community Outreach Unit shall receive assignment pay equal to three percent (3%) of their base hourly rate of pay.

Section 27.10: If a Detective, Officer First Class, or Corporal is promoted to the rank of Sergeant, incentive pay percentage will be calculated into ~~his/her~~ their base hourly rate of pay ~~hourly wage~~.

Section 27.11: ~~Those~~ Officers selected and assigned to any Multi-Agency Task Force, Dive Team, and ~~Hostage~~ Crisis Negotiations Teams shall receive four (4) hours per month Quality Leave, ~~with supervisor approval~~, not to exceed the total of eight (8) hours. Quality Leave shall be available to use in .25 hour increments and shall not be used within the last two (2) weeks of employment separation or retirement. Quality Leave shall have no cash value, and employees shall receive no payment for such hours upon separation from employment, whether voluntary or involuntary. ~~The use of Quality Leave requires submission of a leave form and prior approval by the Chief of Police, who shall consider departmental needs and impact before granting a request.~~

Section 27.12: ~~Those~~ Officers selected and assigned as SWAT shall receive assignment pay equal to five percent (5%) of their hourly base hourly rate of pay. The five percent (5%) assignment pay will be limited to those members who have completed their SWAT probationary period. SWAT Operation Support Personnel are not included in the five percent (5%) assignment pay.

Section 27.13: ~~Those~~ Officers selected and assigned as an Agent to the Operations Support Bureau shall receive assignment pay equal to five percent (5%) of their base hourly rate of pay.

~~Section 27.1413: Those Officers selected and assigned to Strategic Response Team (SRT) shall receive assignment pay equal to three percent (3%) of their base hourly rate of pay.~~

Section 27.14: The Sergeants selected and assigned to the Operations Support Bureau shall receive assignment pay equal to five percent (5%) of their base hourly rate of pay.

Section 27.15: For the purpose of this agreement, those officers identified above receiving additional assignment pay may only accumulate a maximum of eight percent (8%) cap above their base hourly hourly rate of pay, except for Corporals who may receive a maximum of ten

percent (10%) cap above their base hourly rate of pay.

Section 27.16: The selection of a bargaining unit member to any and all of the aforementioned assignments will be determined through a selection process specific to each assignment. The number of positions within said assignments will be determined by Chief of Police ~~management~~.

Section 27.17: ~~Officers who are being promoted to the rank of Sergeant will receive a (10%) increase to their annual base salary, or the next highest step of the Sergeant's Step plan, whichever is highest. For Officers being promoted to the rank of Sergeant who are receiving an assignment pay for Detective, PFC or MPO, their annual base salary shall include those assignment pays and they will receive the 10% increase to set their first year Sergeant pay. This may result in a salary not included in the Sergeant Step Plan. On the first anniversary of their promotion date they will then be placed on the next Step in the Sergeant Step Plan included in Article 30.~~

Officers who are promoted to the rank of Sergeant will be moved to Step 1 of the Sergeant's Step plan, except if their base pay plus assignment pay already exceeds Step 1 of the Sergeant's Step, in which case they will be moved to Step 2 of the Sergeant's Step plan.

ARTICLE 28

WORK WEEK AND OVERTIME

Section 28.1: ~~Work Period~~ The Town and the PBA agree to invoke of the FLSA 207K exemption regarding the defined work period and overtime calculations and payments.

The FLSA 207K work period of one hundred and sixty-one (161) hours for all bargaining unit members covered by this agreement assigned to a road patrol unit, including the traffic road patrol unit, shall be a period of twenty-eight (28) consecutive days which begins at 12:00 a.m. on the first Saturday of the week period and runs continuously for twenty-eight (28) days until 11:59 p.m. on the last Friday night of the twenty-eight (28) day cycle.

Road patrol officers will work an 11.50-hour shift as a four (4) on, four (4) off schedule resulting in two (2) unequal pay checks for the twenty-eight (28) day work period. At the discretion of the Chief of Police, specialized units may be placed on a seven (7) day work period with a total of forty and a quarter (40.25) hours and will begin to accumulate overtime once the member works over forty and a quarter (40.25) hours within the work period. Work week examples include three (3) ten (10) hour shifts and one (1) ten and a quarter (10.25) hour shift of four (4) eight (8) hour shifts and one (1) eight and a quarter (8.25) hour shift totaling forty and a quarter hours per week (40.25) and eighty and a half hours for the pay period (80.5).

~~Members assigned to the Detective Bureau, Neighborhood Enhancement Team, Beach Unit, Marine Unit, Traffic Unit and/or Administration (members outside of the Road Patrol Units) will be placed on a seven (7) day work period with a total of 40.25 hours and will begin to accumulate overtime once the member works over 40.25 hours within the work period. Work week examples include three (3) ten (10) hour shifts and one (1) ten and a quarter (10.25) hour shift of four (4) eight (8) hour shifts and one (1) eight and a quarter (8.25) hour shift totaling forty and a quarter hours per week (40.25) and eighty and a half hours for the pay period (80.5).~~

All members receive twenty-six (26) paychecks within a twelve (12) month calendar year, commonly known as bi-weekly.

Section 28.2: Bargaining unit members shall be given a fifteen (15) working day notice of any designated work week change affecting the aforementioned work schedules or hours, except when an emergency arises, in which the Town will provide as much notice as is feasible.

Section 28.3: Work schedules shall not be changed or altered to avoid payment of overtime.

Section 28.4: All Road Patrol bargaining unit members shall receive overtime for all hours

worked in excess of one hundred and sixty-one (161) hours in a twenty-eight (28) work cycle and non-road patrol bargaining unit members shall receive overtime for all hours worked in excess of forty and a quarter (40.25) hours as indicated above in Section 28.1. Hours worked for the purposes of calculating overtime include actual hours worked, required training, vacation, comp time, quality time, and hours for worker's compensation absences. All other compensated hours will not be included.

Authorization for overtime must be requested prior to working the overtime ~~in so much as it is reasonable to do so~~. However, authorization may be given after the time worked and will not be unreasonably withheld.

Section 28.5: When a bargaining unit member is required to work during a declared emergency the member will be paid based on the Town Policy for Declared Emergency (the current version of which is attached as exhibit "A". The Town has the right to change the policy at any time with thirty (30) days' notice to the Union, but cannot change policy terms relating to pay or benefits without first negotiating same with the Union.

Section 28.6: Bargaining unit members shall be allowed to accumulate a maximum of one hundred eighty (180) hours of accumulated compensatory time. The Town may require members to use compensatory time over one hundred (100) hours with seventy-two (72) hour notice. The Town may elect to pay members for any hours accrued over one hundred (100) hours.

Section 28.7: Any bargaining unit member who is required to attend any Court related matter for the Town, with or without a subpoena not on their regularly assigned shift, shall receive a minimum of three (3) hours pay at one and a half (1.5) times their base hourly rate, not their regular rate of pay.

Section 28.8: Call Back Pay – When a bargaining unit member is subject to a Call Back as defined herein, the member shall be paid a guaranteed four (4) hours at one and a half (1.5) times their base hourly rate, not their regular rate of pay.

A Call Back is defined as a bargaining unit member being ordered to return to work after their shift is completed and they have left work, or being ordered to appear for their regular shift prior to their regular starting time with less than forty-eight (48) hours notice.

Call Back shall not apply in those instances where the bargaining unit member is ordered to return to work to rectify their own error or omission that cannot wait until the bargaining unit member's next shift.

~~when it is necessary for a bargaining unit member to return to work when they are off duty for an event that is prearranged, the member shall be paid a minimum of four (4) hours at one and a half (1.5) their base hourly rate, not their regular rate of pay. Prearranged is defined as work that was anticipated and therefore reasonably could have been scheduled with the exception of the~~

~~below examples:~~

~~Examples of Call-back includes, but is not limited to, investigations, search warrants, critical incidents, mandatory meetings.~~

~~Members who attend pre-scheduled specialized or collateral unit training which causes them to come in early will not be considered call back. In these circumstances, members will submit for actual extra hours worked. For example: A member's normal shift begins at 1700 hours (5:00 pm), however pre-scheduled specialized training begins at 1500 hours (3:00 pm), the member will receive / submit for two (2) additional hours and will be considered hours worked.~~

Section 28.9: Unusual circumstances may require that a bargaining unit member find it necessary to request a change of their scheduled shift. Without obligating the Town to pay overtime, bargaining unit members may work for or change shifts with another bargaining unit member performing similar duties. Such determination of duty compatibility and approval shall rest with the Chief of Police. At least three (3) days written notice shall be required. No reasonable request shall be denied.

Section 28.10: Each member assigned to Nights 1, Nights 2 and K9 and Traffic Units assigned to the nights shift platoon will be paid five percent (5%) ~~(2%)~~ of their base ~~hourly~~ rate in addition to the member's regular salary. This is not considered an assignment and will not be applied to maximum assignment pay cap.

Section 28.11: The shift selection shall be made by the member and the Town according to their seniority and qualifications. Once the appropriate shift is selected the member shall remain on that shift until:

(a) a shift vacancy occurs
(b) a new shift position is opened
(c) a new shift is created
(d) evaluation falls below satisfactory or
(e) the provision of Article 11, Section 11.2(6)

In the event a specialty shift is opened, seniority and qualifications shall be considered.

Section 28.13: In 12 (a) above, when a position becomes available for any reason, an Officer can submit in writing a request to fill that position 10 days prior to the date the position is scheduled to take effect. If not a specialty shift, the member with the greatest seniority and qualifications shall be granted the shift. Members may exchange shifts, however, both members must notify the Chief of Police in writing ten (10) days in advance of the change. When notification is made, the member shall be responsible for reporting to their designated shift. If the shift change is temporary, the member shall indicate in a memo to the Chief of Police that the shift change is temporary, the date the change will take effect and the date the member will return to their

assigned shift. The members will be responsible for returning to their assigned shift. The Department will be responsible for staffing allocations and shift maintenance. The Department will assure a minimum allocation of staffing per shift. It will be the Department's responsibility to substitute officers to staff shifts lacking in staffing due to sick, vacation or compensatory time.

ARTICLE 29

ACTING SUPERVISOR

Section 29.1: Whenever an employee is required to serve ~~under the full capacity of~~ as an acting supervisor, the employee shall be compensated an additional ten percent (10%) of their regular hourly rate of pay for each hour worked beyond two consecutive shifts.

Section 29.2: All acting assignments shall be offered on the basis of qualifications for such assignment in the judgment of the Chief of Police.

ARTICLE 30

COMPENSATION

Section 30.1: During the term of this contract Officers ~~hired during the term of this contract~~ will be paid in accordance with the ~~following~~ step plan attached as Exhibit "B" and pay schedule attached as Exhibit "C," which are effective October 1, 2025, as follows:

All slotting in the new step plan and step increases will take place annually on the O~~o~~fficer's anniversary date. Any officer who is receiving an annual salary below the new step one (1) will be placed into the new ~~current~~ step one (1) effective October 1, 2025 ~~2022~~ and will move to the next step they would have moved to in the old step plan on their anniversary (*e.g.*, an Officer at step three (3) in the old step plan would move to Step 1 in the new step pan on October 1, 2025 and then to step four (4) in the new step plan on their anniversary).

For each fiscal year of this Agreement only, Officers who are already in Step 12 as of October 1 shall receive a lump sum payment of $3,000 not added to their base pay. This sum shall be paid in the first pay period after ratification of this Agreement by Town Council for Fiscal Year 2026, and in the first pay period after October 1 for Fiscal Years 2027 and 2028.

Section 30.2: During the term of this contract Sergeants will be paid in accordance with the ~~following~~ step plan attached as Exhibit "B" and pay schedule attached as Exhibit "C," which are effective October 1, 2025, as follows:

All slotting in the new step plan and step increases will take place annually on the Sergeant's anniversary date. Any Sergeant who is receiving an annual salary below step one (1) will be placed into the new step one (1) effective October 1, 2025 and will move to the next step they would have moved to in the old step plan on their anniversary (*e.g.*, a Sergeant at step three (3) in the old step plan would move to Step 1 in the new step plan on October 1, 2025 and then to step four (4) in the new step plan on their anniversary).

Section 30.3: Performance evaluations shall be given once a year, one month prior to the Officer's anniversary date or Sergeant's promotion date. However, the proposed step increase will be effective on the officer's actual anniversary or sergeant's promotion date subject to completion of a satisfactory performance evaluation. No step increase shall be paid if an officer's or sergeant's performance review shows a less than satisfactory rating.

An officer or sergeant whose evaluation does not illustrate satisfactory performance shall be placed on performance improvement plant. A step increase shall not be granted until an employee meets all standards of performance and will not be retroactive to their anniversary date. An "unsatisfactory" score is any overall evaluation score of 2.99~~5~~ or lower.

Section 30.4: The Chief of Police is authorized to pay newly hired police officers up to step four (4) of Exhibit "B" for previous law enforcement experience.

Section 30.5: The Chief of Police is authorized to award one (1) additional step within a fiscal year

for officers or sergeants deemed “Exceptionally High Performers.”

ARTICLE 31

GRIEVANCE PROCEDURE

In a mutual effort to provide harmonious relations between the parties to this Agreement, it is agreed that there shall be a procedure for the resolution of grievances. A grievance is defined as a dispute involving the interpretation or application of the collective bargaining agreement. A dispute over disciplinary action is not a grievance, but shall be referred to as an appeal of disciplinary action. The process for handling appeals of disciplinary action is set forth in Article 32, Disciplinary Appeals of this Agreement.

The following shall be the sole procedure for resolving grievances. Only the Union can advance a grievance to arbitration on behalf of one of its members.

Section 31.1: ~~(Step 1)~~ The ~~aggrieved employee~~ grievant shall discuss the grievance or dispute with their ~~District Commander~~ Direct Supervisor or Shift Commander within seven (7) calendar days of the occurrence or knowledge of the matter giving rise to the grievance. The ~~District Commander~~ Direct Supervisor or Shift Commander shall attempt to adjust the matter and respond to the ~~employee presenting the grievance~~ grievant within seven (7) calendar days.

Section 31.2: ~~(Step 2)~~If the grievance is unresolved, the ~~aggrieved employee~~ grievant shall present their written grievance to the appropriate Bureau Commander within seven (7) calendar days after the response from the ~~District Commander~~ Direct Supervisor or Shift Commander is due. The written grievance shall set forth a statement of the following:

1. The facts upon which it is based;
2. The alleged violations of the agreement;
3. The remedy or adjustment requested;
4. The signature of the Union and the aggrieved employee; and
5. The date on which the statement was filed.

The Bureau Commander shall respond, in writing, within seven (7) calendar days.

Section 31.3: ~~(Step 3)~~ If the grievance is unresolved, the ~~aggrieved employee~~ grievant shall present their said written grievance to the Chief of Police within seven (7) calendar days after the response from the Bureau Commander is due. The Chief of Police shall respond, in writing, within seven (7) ~~working~~ business days.

Section 31.4: If the grievance is unresolved, the ~~employee~~ grievant shall present their said written

grievance to the Town Manager within seven (7) calendar days after the response from the Chief of Police is due. The Town Manager shall respond in writing within seven (7) ~~working~~ business days to the ~~employee~~ grievant.

Section 31.5: ~~(Step 5):~~ If the grievance is still unresolved, the Union may request arbitration, in writing, to the Town Manager, no later than seven (7) ~~calendar~~ business days after the rendering of a decision by written response of the Town Manager. The arbitrator shall be chosen by the request by either the Town or the PBA of a list of seven (7) random arbitrators from the Federal Mediation and Conciliation Service (FMCS). By decision of a coin toss, either the PBA or the Town shall strike names alternately from the list until one name remains. The arbitrator's finding and decision shall be binding on both parties. The parties shall share equally the expenses of the arbitrator and the transcript of the hearing.

Section 31.6: Pursuant to this Agreement, an employee shall be prohibited from filing a grievance while said employee is on probation as defined in Article 19. During an employee's probationary period, only PBA may file a grievance on their behalf if a breach of this Agreement is asserted. Grievances filed by PBA on behalf of probationary employees shall be limited to the same matters as are provided for in this Article, other than disciplinary action.

ARTICLE 32

DISCIPLINARYAPPEALS

Section 32.1: Discipline is classified as either major or minor as follows:

MAJOR: Termination
Demotion
Suspension without pay - more than two (2) shifts

No employee shall be subject to major discipline without first being afforded a pre-determination conference with the Chief of Police. A subsequent pre-determination conference with the Town Manager shall also be provided. No pre-determination conference shall be conducted with less than ten (10) calendar day notice to the employee.

MINOR: Written reprimand
Suspension without pay of two (2) shifts or less

Section 32.2: Appeals of disciplinary action shall be handled as follows:

A. Major Discipline may ~~by appeal~~ be appealed to an arbitrator using the same procedure for appointment of an arbitrator as set forth in Grievance Article 31 ~~above~~. The request for appointment of an arbitrator must be made in writing within ten (10) calendar days of notice of the Town's disciplinary action. The cost of the arbitrator shall be split by the Town and the Union equally.

B. The arbitrator may sustain, reverse, or modify the discipline set by the Town Manager. The decision of the arbitrator is final and binding on the parties.

C. Written reprimands may not be appealed but the employee may submit a written response provided the response is submitted within ten (10) calendar days of the written reprimand. If a written response is submitted by the employee, it shall be attached to the written reprimand and placed in the employee's personnel file.

D. Suspensions without pay of two (2) days or less may be appealed to the Town Manager whose decision shall be final. An appeal shall be filed in writing within ten (10) calendar days of notice of the suspension without pay. The Town Manager shall conduct an investigation of the discipline and render a decision within twenty (20) calendar days of the appeal. The Town Manager's decision may be to sustain, reverse, or modify the discipline. In no event shall the Town Manager's decision increase the discipline to more than a suspension without pay of two (2) calendar days. The Town Manager may conduct

interviews with the grievant, departmental staff, or members of the bargaining unit as part of ~~his/her~~ their investigation of the discipline.

E. Suspensions without pay of two (2) calendar days or less that occur within a twelve (12) month period of a previous suspension without pay may be appealed to an arbitrator as set forth in paragraph A.

F. For the purpose of this Agreement, a day is defined as the members regular normal shift.

ARTICLE 33

MANAGEMENT RIGHTS

Section 33.1: The PBA recognizes the prerogatives of the Town to operate and manage its affairs in all respects and all the powers or authority which the Town has not officially abridged, delegated, or modified by this Agreement are retained by the Town. Management officials of the Town retain all the rights, in accordance with the Town charter and all applicable federal, state and local laws, ordinances and regulations, including but not limited to the following:

A. To manage and direct the employees of the Town.
B. To hire, promote, transfer, schedule, assign and retain employees in positions with the Town.
C. To suspend, demote, discharge or take other disciplinary action against employees for just cause.
D. To relieve employees from duties because of lack of work, funds or other legitimate reasons.
E. To maintain the efficiency of the operation of the Town.
F. To determine the methods, means and personnel by which such operations are to be conducted, including the right to contract and sub-contract existing and future work not in conflict with the provisions of this contract.
G. To organize or reorganize the Town Government.
H. To determine the number of employees to be employed by the Town.
I. To determine the number, types and grades of positions or employees assigned to an organization unit, department or project.
J. To establish internal security practices.

Section 33.2: The Town Council has sole authority to determine the legislative policy, purpose and mission of the Town and the allocation of budgeted resources to accomplish said legislative policy, purpose and mission to be adopted.

Section 33.3: The Town Council has the sole discretion to determine that civil emergency conditions exist, including, but not limited to riots, civil disorders, hurricane conditions, similar catastrophes, or exigencies. The provisions of this Agreement may be suspended by the Mayor or their designee during the time of the declared emergency, provided that rates and monetary fringe benefits shall not be suspended.

ARTICLE 34

SAVINGS CLAUSE

Section 34.1: If any article or section of this Agreement should be found invalid, unlawful, or not enforceable, by reason of any existing or subsequently enacted legislation or by judicial authority, all other articles and sections of this Agreement shall remain in full force and in effect for the duration of this Agreement.

Section 34.2: In the event of invalidation of any article or section, both the Town and the PBA agree to meet within thirty (30) calendar days of such determination for the purpose of arriving at a mutually satisfactory replacement for such article or section.

Section 34.3: Subject to actions taken as contemplated in Article 34, the Town agrees that all job benefits hereto enjoyed by the employees, who are not specifically provided for or abridged by the collective bargaining agreement, shall continue under the conditions which they have been granted. This Agreement shall not deprive any employee of any benefits or protections or relieve them of any responsibilities or duties granted by the laws of the State of Florida, Ordinances of the Town of Jupiter, or personnel rules and regulations of the Town of Jupiter.

Section 34.4: All benefits provided by the present personnel code of the Town Administration Manual shall be extended to bargaining unit members. Under no circumstances shall the personnel code override any matters or issues addressed or included within the articles of this contract. When an issue is not addressed or included in this agreement and a Town policy or General Order exists at the time the issue arises, the employee is subject to the current active Town Policy or General Order, unless there is a past practice that applies.

ARTICLE 35

EMPLOYEE ADVISORY GROUP

Section 35.1: ~~There is hereby established a joint Employee Advisory Group, which group shall consist of eight (8) to ten (10) members consisting of a cross- section of the Town of Jupiter Police Department, mutually agreed upon by PBA and the Chief of Police. PBA designates shall consist of persons from within the position classifications covered by this agreement, persons from within the Officers and Sergeants agreement, and the management designates shall consist of persons within the department, but outside the bargaining unit as herein defined~~ A joint Employee Advisory Group is established, consisting of eight (8) to ten (10) members from various roles within the Town of Jupiter Police Department. Members are mutually agreed upon by the PBA and the Chief of Police. PBA representatives will come from covered position classifications, including the Officers and Sergeants agreement, while management representatives will be from the department but outside of the bargaining unit.

Section 35.2: This committee shall meet once quarterly, although the committee may meet more frequently by mutual consent.

Section 35.3: The ~~purpose of this committee shall be to review matters of joint interest and concern for the welfare of the members of the department, and to make recommendations to the Chief of Police, provided that the decision of the Chief on any such recommendations is final and binding, and provided further that matters discussed in committee that are subject to its grievance procedure may be referred to that procedure by either party. No overtime shall be incurred as a result of attendance at this meeting~~. committee will review matters of joint interest and member welfare, making recommendations to the Chief of Police, whose decisions are final. Issues subject to the grievance procedure may be referred as needed. Attendance at meetings will not incur overtime.

ARTICLE 36

DRUG-FREE WORKPLACE

Section 36.1: Bargaining Unit Members are subject to the Town's Drug-Free Workplace Program.

Section 36.2: The Town's policy is in accordance with the Florida Drug-Free Workplace Program as provided in Florida Statutes and Florida Administrative Code.

Administrative Policies and Procedures			
SUBJECT: DECLARED EMERGENCIES		**HRM – 5.03.01**	
Effective Date: 09/01/04	Revision Date: 06/09/06	Revision #: 2	Page: 1 of 4
Authority: Town Manager		Legal Review: N/A	
Revises Policy: N/A			

I. PURPOSE:

To identify the leave, pay, operations, and reporting requirements that shall be implemented consistently, from department to department, during a declared emergency.

II. DEFINITIONS:

Designated Facility: An area or building designated by the Town Manager for specific operations during an emergency, which may or may not be located within the Town limits.

Emergency Condition: A condition where regular operations of the Town are severely limited/suspended by an emergency, as designated by the Town Manager or his designee.

First 72 hours of the Emergency Recovery Efforts: The time period when the Town Manager provides approval to begin damage assessment and restoration efforts.

III. SCOPE:

This policy applies to all employees of the Town.

IV. POLICY:

When the Town Manager or his designee declares an emergency, employees may be required to work as deemed necessary. Employees shall be compensated in a fair and equitable manner. Employees' positions will be categorized to establish expectations for duty reporting requirements for pre/during/post emergencies. Employees may be called in to work before, during, and/or immediately after an emergency. All employees will be paid in accordance with the provisions outlined in this policy.

V. PROCEDURE:

A. Only employees needed to address the Town's immediate needs associated with a declared emergency shall be called in to work during the emergency. All employee positions are categorized for appropriate reporting duty requirement expectations pre/during/post emergencies as follows:

Category A: Remain at a designated facility during the emergency.

Category B: Immediately return to work once travel conditions permit the employee to return to work. Town Identification Badges may be required to present to local, state, or federal authorities in order to travel to work during or after an emergency.

Should some circumstance possibly inhibit the employee's return to work, the employee shall immediately make contact with his/her supervisor.

Category C: Call in within 24 hours of the emergency for return to work instructions; prepare to report within 48 hours or as instructed. If communications are down, you are expected to report to your designated work site within 48 hours following the emergency.

A listing of all Town positions and their designated categories shall be kept in the Town's Hurricane Emergency Management Plan. These categories may change under declared emergency situations, as designated by the Town Manager or his designee.

Employees not on approved leave, or who have not provided their supervisors with viable explanation that they are physically unable to report for work, and who do not report for work in accordance with this policy, shall be subject to disciplinary action, up to and including termination of employment. Employees who are on approved leave may be called back into work as necessary, as designated by the Town Manager or his designee.

B. Time Keeping Records:

1. All departments shall use a special time sheet designated for emergencies, as provided by the Finance Department in the Town's Hurricane Emergency Management Plan.

2. All employees and supervisors are responsible for keeping accurate time logs/records for hours worked during a declared emergency.

3. Each department shall maintain work logs/records for submittal to payroll.

4. Time should be recorded identifying hours worked with the appropriate emergency coding, as provided by the Finance Department in the Town's Hurricane Emergency Management Plan. Military (24-hour) Time (i.e. 2300 hours instead of 11:00 p.m.) shall be used.

C. Compensation for hours worked during a declared emergency:

1. Upon the effective date and time of a declared emergency, non-exempt personnel shall be compensated for time worked (directly related to the emergency) at the rate of 1 and ½ times their regular hourly base rate, regardless of whether or not they have forty (40) work hours in that workweek.

2. Due to potentially hazardous conditions and long hours, non-exempt personnel shall be compensated for time worked (directly related to the emergency) at the rate of 2 times their regular hourly base rate for the first 72 hours of the emergency recovery efforts, regardless of whether or not they have forty (40) work hours in that workweek. The first 72 hours of the emergency recovery efforts shall be defined as the time period when the Town Manager provides approval to begin damage assessment and restoration efforts. After this 72-hour period, non-exempt personnel shall be compensated for time worked (directly related to the emergency) at the rate of 1 and ½ times their regular hourly base rate, regardless of whether or not they have forty (40) work hours in that workweek.

3. Due to potentially hazardous conditions and long hours, exempt personnel shall be compensated for time worked (directly related to the emergency) by receiving credit for one (1) hour "Emergency Leave" for each hour worked up to a maximum of eight (8) hours per day, or by a flat award of time as determined by the Town Manager or his designee.

   a) Emergency Leave may be credited in .25 increments.
   b) Employees shall not receive cash in lieu of time off for Emergency Leave, nor may employees use Emergency Leave once a notice of resignation has been submitted.

Declared Emergency Pay Matrix	
Employee Group	**Pay**
Effective Date and Time of a Declared Emergency	
Non-Exempt Employees	Pay at 1.5x regular rate
Exempt Employees	Hour-for-hour leave up to max. 8 hours/day or at TM discretion
First 72 Hours of the Emergency Recovery Efforts	
Non-Exempt Employees	Pay at 2x regular rate
Exempt Employees	Hour-for-hour leave up to max. 8 hours/day or at TM discretion
Post-First 72 Hours of Emergency Recovery Efforts	
Non-Exempt Employees	Pay at 1.5x regular rate
Exempt Employees	Hour-for-hour leave up to max. 8 hours/day or at TM discretion

D. When Town operations are closed on a scheduled workday due to an emergency declaration, employees released from work shall receive full pay for the employee's workday. These hours shall count as work hours towards overtime, as applicable for non-exempt employees.

E. Department Directors may, at the Town Manager's discretion, allow employees who are required to remain at work during a declared emergency, an adequate amount of time to return home during regular work hours to prepare their homes for the emergency.

F. Employees who are on prior approved leave will not be charged for such leave if operations are officially shut down, or if not required to work according to the return-to-work category the employee is assigned to in Section A. above.

G. Employees who are not able to return to work due to the Town's emergency conditions designated by the Town Manager or his designee, will not be charged leave time.

H. Employees who call in sick, or take unscheduled leave, on the day that the Town closed operations, will be charged leave time.

I. If the declared emergency occurs on a holiday, employees will be compensated for the holiday pay. If an employee works on the holiday, he/she will receive holiday pay in addition to provisions contained in C. 1. and C. 2. above. If operations permit, a holiday may be taken at another time during the same work week, as determined by the Department Director.

J. Employees who work split shifts during an emergency, who are unable to return to their homes during their "off" hours will be considered "on duty" and will be paid accordingly.

K. Due to the danger of travel, requirements to be at work, and general unavailability of alternative sources, the Town shall provide meals to employees who are on-duty in accordance with the Town's Hurricane Emergency Management Plan.

L. The Town Manager, or designee, may modify this policy as deemed appropriate. Exceptions may be made for unique situations as they arise throughout a declared emergency.

RESOLUTION NO. 16-26

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF JUPITER, FLORIDA, AUTHORIZING AND DIRECTING THE MAYOR TO EXECUTE A MEMORANDUM OF AGREEMENT BETWEEN THE TOWN OF JUPITER, FLORIDA AND THE PALM BEACH COUNTY POLICE BENEVOLENT ASSOCIATION REGARDING AMENDMENTS TO THE TOWN OF JUPITER POLICE OFFICERS' RETIREMENT FUND; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Town of Jupiter, Florida ("Town") is a municipal corporation of the State of Florida with such power and authority as has been conferred upon it by the Florida. Constitution and Chapter 166, Florida Statutes; and

WHEREAS, the Town is empowered to enter into contractual arrangements with public agencies, private corporations or other persons, pursuant to Florida Statutes; and

WHEREAS, the Palm Beach County Police Benevolent Association ("PBA") is the exclusive bargaining agent for those certain full time permanent Town employees who are within a bargaining unit; and

WHEREAS, the PBA Bargaining Unit consists of the classifications known as Police Officer and Police Sergeant, which consists of certain full time permanent employees of the Town; and

WHEREAS, all other classifications in the Police Department are excluded from the PBA Bargaining Unit, as well as temporary, part time, and non-sworn support personnel; and

WHEREAS, the Town and the PBA desire to enter into a Memorandum of Agreement ("MOA") generally pertaining to wages, benefits, conditions of employment for the members of the PBA Bargaining Unit; and

WHEREAS, Town Manager recommends that the Town Council approve the MOA.

NOW THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF JUPITER, FLORIDA:

Section 1. The whereas clauses are incorporated herein.

Section 2. The mayor is hereby authorized and directed to execute the MOA

between the Town of Jupiter and the Palm Beach County Police Benevolent Association.

Section 3. This resolution shall take effect immediately upon its execution.

MEMORANDUM OF AGREEMENT

This Memorandum of Agreement ("Agreement") is entered into between the TOWN OF JUPITER (the "Town") and the PALM BEACH COUNTY POLICE BENEVOLENT ASSOCIATION (the "PBA"). The parties agree as follows:

1. Effective October 1, 2030, the Town of Jupiter Police Officer's Retirement Fund ("Fund") will be amended as follows:

A. October 1, 2030, "Tier 2" benefits (i.e. benefits for Police Officers hired on or after 3/6/12 as provided in Sec. 15-413 of the Town's code of ordinances) shall be eliminated. All Police Officers, excluding DROP members as of the effective date, shall be immediately eligible for "Tier 1" benefits and benefit eligibility (i.e. those afforded by the Fund to Police Officers hired prior to 3/6/12) to the extent allowable by Chapter 185, Florida Statutes. All Fund participants, excluding DROP members as of the effective date, shall be immediately eligible for Tier 1 benefits retroactively applied to all years and fractional parts of years of Credited Service earned and accrued with the Town.

B. Effective October 1, 2030, the parties mutually consent to the Town using a maximum of $750,000 of the F.S. Chapter 185 premium tax monies received annually to offset the Town's actuarially required contributions to the Fund or applied towards the Fund's unfunded actuarial accrued liability at the Town's discretion. All accumulated excess premium tax revenues as of October 1, 2030 (including the 2029 annual premium tax distribution) and all F.S. Chapter 185 premium tax monies received annually thereafter in excess of $750,000 shall be used to fund the eligible Police Officers' defined contribution component of the Fund (i.e. "Share Plan" benefits) in a manner determined and approved by the Fund's Board of Trustees.

C. The parties agree to work cooperatively in implementing these changes.

2. This Agreement is subject to ratification and approval by both the PBA bargaining unit employees and the Town Council, which will be done at the same time as the ratification of the new collective bargaining agreement. The Town Council's approval of this Agreement shall be final and binding.

FOR THE TOWN:
